-Michael Morrison (902 S 11th St.) addressed the Commissioners on two questions. 1) The County Health Department's additional restrictions on bars and restaurants with the arrival of Purdue students, and 2) Governor Holcomb's ongoing emergency declaration and Executive orders. His major concern was how COVID-19 and the restrictions in place are affecting the small businesses in Tippecanoe County and possibly putting them out of business. He also asked the Commissioners to communicate to the Health Department on behalf of business owners and employees regarding the new restrictions and ask for them to be rescinded. He then asked the Commissioners to join the Attorney General's call for Governor Holcomb to bring the General Assembly into Special Session to deal with the ongoing COVID situation.

President Brown asked Mr. Morrison to email him all his referenced sources to review so that he can review and discuss it with Dr. Adler.

Commissioner Byers moved to adjourn. President Brown adjourned the meeting.

Staff Report
August 13, 2020

REQUEST MADE, PROPOSED USE, LOCATION:

Petitioner, with consent from property owner Paramount Development Group, LLC by its president, Patrick Cunningham, is requesting rezoning of 5.22 acres on the west side of Paramount Drive, just south of Lark apartments (formerly known as Campus Suites), for a proposed 60-unit, three building multi-family development known as Wabash Commons in Wabash 2 (NE) 23-5.

ZONING HISTORY AND AREA ZONING PATTERNS:

The zoning history on this part of the county is quite lengthy. The site is currently zoned NB, Neighborhood Business as is land adjacent to the south; the property to the north is zoned R3, Single, Two-family and Multi-family Residential. Originally all of these properties, located between the Cuppy-McClure regulated drain to the south and Hadley Lake to the north were zoned Flood Plain with a small elevated area zoned R1. In 1998, this small R1-zoned area was rezoned to NB (Z-1790). Sometime after that change, a Flood Plain certification was completed which drastically changed the FP boundary taking a majority of this land out of the FP and at the same time expanded the NB zone. In 2001, the 16 acres adjacent to the north were rezoned from NB to its current R3 designation.

Four acres to the southeast of the site in question has been rezoned three times (Z-1918, R1 & NB to R3; Z-2090, R3 to NB; and Z-2516, NB to R3) and is currently on this agenda as the site of Paramount Minor Subdivision (a two-lot split which will result in apartments on one of the two lots). A commercial building under construction to the south at the northwest corner of Sagamore Parkway and Paramount is the location of a signage variance on the August ABZA agenda.

While there is a plethora of zones within a mile radius of the site, only three are adjacent to the property: R3 to the north and east, NB to the south and FP to the west.

AREA LAND USE PATTERNS:

The site is currently unimproved. Half of an existing stormwater basin is located in the southwest corner of the rezone site. Although the property is composed of pieces of five separate small tracts, a multi-family subdivision is required in order to build the proposed development; this required plat will eliminate these old property lines. The nonbinding site plan (attached) shows a clubhouse and three buildings with a total of 60 low-income units (6 one-bedroom; 27 two-bedroom; and 27 three-bedroom units).

Surrounding the site in question are: Lark apartments; Lakeshore subdivision (duplexes); Lark townhomes (formerly Baywater Townhomes); and opposite the Cuppy-McClure county regulated drain, the US 52 mobile home estates.

TRAFFIC AND TRANSPORTATION:

The required 120 paved parking spaces have been shown on the submitted site plan. The site is located on Paramount Drive, classified by the adopted *Thoroughfare Plan* as a rural local road. An old proposed alignment for a connector between US 52 and I-65 was shown running through this property, but that plan has been replaced in favor of an alignment farther to the north of the site in question. CityBus has a route (21 A) that stops at the corner of Paramount and Pacific Drive which would be the driveway entrance to the proposed apartments.

ENVIRONMENTAL AND UTILITY CONSIDERATIONS:

American Suburban Utilities and Indiana-American Water serve the rezone site. Drainage approval from either Drainage Board or the County Surveyor will be necessary to complete the subdivision process.

STAFF COMMENTS:

The many R3 rezone staff reports written over the decades for this area included both recommendations of approval and denial. The negative recommendations at times were due to issues with sanitary sewer and drainage, other times staff argued for single-family developments to the north with higher densities extending to the south with commercial closest to Sagamore Parkway. These arguments are no longer valid since sewer and water are both available and land to the north already is developed with apartments.

Staff has more recently argued to limit the locations for new apartments, particularly apartments for Purdue students, to the downtown area of West Lafayette. Anecdotal evidence as well as the latest Rental Study would indicate a higher percentage of vacancies for student apartments farther away from campus. Currently, (or at least pre-Covid), it appears students prefer to live closer to both classes and city amenities than previous generations that relied heavily on their cars. The jury is still out on if the virus will change people's perceptions about living in a more densely populated environment.

Petitioner's website, however, indicates that it builds apartments for "low-income families and seniors," a demographic that could use additional choices in places to live. It is important to note that this site is located on a CityBus route. With existing multi-family developments adjacent to the north, northeast, east and a new apartment development likely to the southeast, it seems pointless to argue against an R3 rezone in this location.

STAFF RECOMMENDATION:

Approval

Enclosure: Staff Report and Ordinance

ORDINANCE NO. _____
AN ORDINANCE TO AMEND THE ZONING ORDINANCE OF
TIPPECANOE COUNTY, INDIANA, NO. 97-51-CM

BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF TIPPECANOE COUNTY, INDIANA, THAT THE UNIFIED ZONING ORDINANCE, BEING A SEPARATE ORDINANCE AND NOT PART OF A UNIFIED COUNTY CODE IS HEREBY AMENDED AS FOLLOWS:

Section 1. Add two new definitions to UZO Section 1-10-2 WORDS AND TERMS DEFINED as follows:

BUSINESS PARK. A commercial subdivision with internal public streets, containing more than two lots, the limits of which are created by the approved preliminary plat, with a *gateway directory sign* located near the main entrance from the perimeter arterial street, that advertises the businesses located on the lots within the subdivision. In addition to advertising on the *gateway directory sign*, businesses within a business park may have no more than one *monument sign* equal to up to 50% of the business's total allotment of signage located on its *sign-lot*. All other signage for businesses within the business park shall be fascia signage. A business park is not an *integrated center*.

GATEWAY DIRECTORY SIGN. A sign located at the main entrance of a *business park* that advertises the businesses located within a commercial subdivision. A minimum of 25% of the sign's supporting structure shall be composed of brick, masonry, or stone. The name of the *business park* shall comprise at least 20% of the total sign area of the gateway directory sign. The size and height of a gateway directory sign is as described in Section 4-8 below. A gateway directory sign may only be erected within a sign easement.

Section 2. Change UZO 4-8-5 Maximum Sign Area Per Sign-lot, By Zone to read as follows:

The maximum total *sign* area for a *sign-lot* (except for *building marker signs, gateway signs, gateway directory signs, incidental signs, flags* and *event oriented signs* which are exempt from this section), is calculated using the following table. It is determined for up to three *street frontages* along a private or public *road* by multiplying the appropriate *zonal base rate* by the *road* speed limit factor, the *building setback* factor, and the percent of permitted *freestanding sign* area used. A *sign-lot's* maximum total *sign* area is then the calculated sum of the *sign* areas for all-up to three *street frontages*, unless that sum falls below the *sign area assurance* or above the *sign area cap* noted on the following page. Except as indicated in 4-8-6 below regarding *freestanding signs*, the total *sign* area may be applied at any location on a *sign-lot*. See 4-8-7 below for maximum *sign* area for *primary uses* within *integrated centers* and for *integrated center signs*. Notes follow on the next page. A worksheet can be found in Appendix D.

Section 3. Change UZO 4-8-6 Number of Freestanding Signs per Sign-Lot as follows:

	Institutional Use: Res/Rural zone	MRU NBU NB OR MR GB HB CB	11, 12, 13
MAX. NUMBER OF FREESTANDING SIGNS	1 per each road frontage street frontage, up to a maximum of 2 signs which shall be separated by at least 500' of total street frontage.		

Section 4. Add two new charts as **UZO 4-8-8 (b) and (c)** to calculate the area and height of gateway directory signs as follows:

Gateway Directory Sign Area equals:

Zonal Base Rate	x	Property area factor	x	Road speed limit factor
40 sq.ft.		10 acres or smaller = 1.5		40mph or less = 1.5
		Over 10 acres = 2.5		45mph or more = 2.5

Gateway Directory Sign height maximum:

Sign Area	Sign Height
100 square feet or less	20'
101 to 200 square feet	25'
Over 200 square feet	30'

Minimum sign setback is no less than the sign height.

Section 5. Change the sign worksheet in **UZO Appendix D-2** as follows:

Step 1: Calculate A x B x C x D (for every frontage not to exceed three) = E

frontage not to exceed two) = E

This ordinance shall be in full force and effect from and after its passage.

UZO Amendment #97 BUSINESS PARK/GATEWAY DIRECTORY SIGNS

**Revised Staff Report
August 13, 2020**

This amendment would create a definition for a new type of development called a “business park” with limits placed on the amount and type of signage the businesses within the development could have. The amendment also creates a new type of sign called a “gateway directory sign” which is similar to an integrated center sign. Erecting a gateway directory sign near the entrance to a commercial development means the development is a business park and the signage requirements found in the definition of a business park would dictate the type and size of signs permitted for each business. The amendment also made changes to the UZO’s existing signage regulations.

At last month’s APC meeting, staff presented two different proposals regarding existing signage regulations: one recommended by staff and the Administrative Officers, that reduced the total amount of signage a business could have (as well as limiting a business’s number of freestanding signs), and a second proposal recommended by the Ordinance Committee that did not change the current sign regulations. (Both proposals created a new type of sign called a “gateway directory sign” and created sign restrictions in a development defined as a “business park.”) Instead of choosing a proposal, the Area Plan Commission voted to send the amendment back to Ordinance Committee for further discussion.

At the Ordinance Committee meeting in July a compromise amendment was discussed and approved. No changes were made to the originally proposed “gateway directory sign” or the “business park” definitions. The changes made were only to the existing signage regulations that apply to stand-alone businesses. Currently the UZO allows one freestanding sign per road frontage. A corner lot gets two freestanding signs; a business with three road frontages gets 3 freestanding signs and so on. Luckily, most business owners have not been taking advantage of this law. Instead of limiting freestanding signs to one per 2000’ of road frontage (staff’s original proposal); the proposal is now to allow up to two freestanding signs as long as the business has two street frontages and the signs are separated by a minimum of 500 linear feet of road frontage.

The other change would slightly lessen the amount of signage a business would be permitted. Currently, the UZO gives a bonus for businesses that have multiple street frontages. Every street the business touches gives the business additional signage. Staff attempted to change that so that only two street frontages could be counted when determining the allotment of signage allowed. The compromise position reached by Ordinance Committee and staff was to limit this to counting no more than 3 street frontages in the sign allotment calculations.

The unfortunate result of a compromise is...instead of one group being unhappy and another group being happy, no one is exactly happy and getting everything they desired. However, this proposal is fairer and is a small step towards limiting a too liberal UZO freestanding sign section. This compromise amendment has the approvals of both Lafayette and West Lafayette City Engineer's Offices as well as Ordinance Committee and APC staff.

ORDINANCE NO. _____

**AN ORDINANCE AMENDING
ORDINANCE NO. _____
BEING THE UNIFIED ZONING ORDINANCE
OF TIPPECANOE COUNTY.**

Be it ordained by the (County Commissioners of Tippecanoe County, Indiana; the Common Council of the City of Lafayette, Indiana; the Common Council of the City of West Lafayette, Indiana; the Town Council of the Town of Battle Ground, Indiana; the Town Council of the Town of Dayton, Indiana; and the Town Council of Clarks Hill, Indiana), that Ordinance No. _____, being the Unified Zoning Ordinance of Tippecanoe County is hereby amended as follows:

Section 1. Add two new definitions to UZO Section 1-10-2 WORDS AND TERMS DEFINED as follows:

BUSINESS PARK. A commercial subdivision with internal public streets, containing more than two lots, the limits of which are created by the approved preliminary plat, with a *gateway directory sign* located near the main entrance from the perimeter arterial street, that advertises the businesses located on the lots within the subdivision. In addition to advertising on the *gateway directory sign*, businesses within a business park may have no more than one *monument sign* equal to up to 50% of the business's total allotment of signage located on its *sign-lot*. All other signage for businesses within the business park shall be fascia signage. A business park is not an *integrated center*.

GATEWAY DIRECTORY SIGN. A sign located at the main entrance of a *business park* that advertises the businesses located within a commercial subdivision. A minimum of 25% of the sign's supporting structure shall be composed of brick, masonry, or stone. The name of the *business park* shall comprise at least 20% of the total sign area of the gateway directory sign. The size and height of a gateway directory sign is as described in Section 4-8 below. A gateway directory sign may only be erected within a sign easement.

Section 2. Change UZO 4-8-5 Maximum Sign Area Per Sign-lot, By Zone to read as follows:

The maximum total *sign* area for a *sign-lot* (except for *building marker signs, gateway signs, gateway directory signs, incidental signs, flags* and *event oriented signs* which are exempt from this section), is calculated using the following table. It is determined for up to three *street frontages* along a private or public *road* by multiplying the appropriate *zonal base rate* by the *road* speed limit factor, the *building setback* factor, and the percent of permitted *freestanding sign* area used. A *sign-lot's* maximum total *sign* area is then the calculated sum of the *sign* areas for all-up to three *street frontages*, unless that sum falls below the *sign area assurance* or above the *sign area cap* noted on the following page. Except as indicated in 4-8-6 below regarding

freestanding signs, the total **sign** area may be applied at any location on a **sign-lot**. See 4-8-7 below for maximum **sign** area for **primary uses** within **integrated centers** and for **integrated center signs**. Notes follow on the next page. A worksheet can be found in Appendix D.

Section 3. Change **UZO 4-8-6 Number of Freestanding Signs per Sign-Lot** as follows:

	Institutional Use: Res/Rural zone	MRU NBU NB OR MR GB HB CB	I1, I2, I3
MAX. NUMBER OF FREESTANDING SIGNS	1 per each road frontage street frontage, up to a maximum of 2 signs which shall be separated by at least 500' of total street frontage		

Section 4. Add two new charts as **UZO 4-8-8 (b) and (c)** to calculate the area and height of gateway directory signs as follows:

Gateway Directory Sign Area equals:

Zonal Base Rate	x	Property area factor	x	Road speed limit factor
40 sq.ft.		10 acres or smaller = 1.5		40mph or less = 1.5
		Over 10 acres = 2.5		45mph or more = 2.5

Gateway Directory Sign height maximum:

Sign Area	Sign Height
100 square feet or less	20'
101 to 200 square feet	25'
Over 200 square feet	30'

Minimum sign setback is no less than the sign height.

Section 5. Change the sign worksheet in **UZO Appendix D-2** as follows:

Step 1: Calculate A x B x C x D (for every frontage not to exceed three) = E

This ordinance shall be in full force and effect from and after its passage.

The enactment of any state or federal statute, or the promulgation of regulations thereunder, after execution of this Contract, shall be reviewed by the LPA and the CONSULTANT to determine whether formal modifications are required to the provisions of this Contract.
 - B. The CONSULTANT represents to the LPA that, to the best of the CONSULTANT'S knowledge and belief after diligent inquiry and other than as disclosed in writing to the LPA prior to or contemporaneously with the execution and delivery of this Contract by the CONSULTANT:
 - i. *State of Indiana Actions.* The CONSULTANT has no current or outstanding criminal, civil, or enforcement actions initiated by the State of Indiana pending, and agrees that it will immediately notify the LPA of any such actions. The CONSULTANT must submit, in writing, a request for review to the LPA. A determination by the LPA under this Section 7.D shall be final and binding on the parties and not subject to administrative review. Any payments the LPA may delay, withhold, deny, or apply under this section shall not be subject to penalty or interest under IC 5-17-5.
8. **Condition of Payment.** The CONSULTANT must perform all Services under this Contract to the LPA's reasonable satisfaction, as determined at the discretion of the LPA and in accordance with all applicable federal, state, local laws, ordinances, rules, and regulations. The LPA will not pay for work not performed to the LPA's reasonable satisfaction, inconsistent with this Contract or performed in violation of federal, state, or local law (collectively, "deficiencies") until all deficiencies are remedied in a timely manner.

9. **Confidentiality of LPA Information.**

- A. The CONSULTANT understands and agrees that data, materials, and information disclosed to the CONSULTANT may contain confidential and protected information. Therefore, the CONSULTANT covenants that data, material, and information gathered, based upon or disclosed to the CONSULTANT for the purpose of this Contract, will not be disclosed to others or discussed with third parties without the LPA's prior written consent.
- B. The parties acknowledge that the Services to be performed by the CONSULTANT for the LPA under this Contract may require or allow access to data, materials, and information containing Social Security numbers and maintained by the LPA in its computer system or other records. In addition to the covenant made above in this section and pursuant to 10 IAC 5-3-1(4), the CONSULTANT and the LPA agree to comply with the provisions of IC 4-1-10 and IC 4-1-11. 10. **Delays and Extensions.** The CONSULTANT agrees that no charges or claim for damages shall be made by it for any minor delays from any cause whatsoever during the progress of any portion of the Services specified in this Contract. Such delays, if any, shall be compensated for by an extension of time for such period as may be determined by the LPA subject to the CONSULTANT's approval, it being understood, however, that permitting the CONSULTANT to proceed to complete any services, or any part of them after the date to which the time of completion may have been extended, shall in no way operate as a waiver on the part of the LPA of any of its rights herein. In the event of substantial delays or extensions, or change of any kind, not caused by the CONSULTANT, which causes a material change in scope, character or complexity of work the CONSULTANT is to perform under this Contract, the LPA at its sole discretion shall determine any adjustments in compensation and in the schedule for completion of the Services. CONSULTANT must notify the LPA in writing of a material change in the work immediately after the CONSULTANT first recognizes the material change.

11. **DBE Requirements.**

- A. Notice is hereby given to the CONSULTANT and any SUB-CONSULTANT, and both agree, that failure to carry out the requirements set forth in 49 CFR Sec. 26.13(b) shall constitute a breach of this Contract and, after notification and failure to promptly cure such breach, may result in termination of this Contract or such remedy as INDOT deems appropriate. The referenced section requires the following assurance to be included in all subsequent contracts between the CONSULTANT and any SUB-CONSULTANT:

The CONSULTANT, sub recipient or SUB-CONSULTANT shall not discriminate on the basis of race, color, national origin, or sex in the performance of this Contract. The CONSULTANT shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by the CONSULTANT to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or such other remedy, as INDOT, as the recipient, deems appropriate.

- B. The CONSULTANT shall make good faith efforts to achieve the DBE percentage goal that may be included as part of this Contract with the approved DBE SUB-CONSULTANTS identified on its Affirmative Action Certification submitted with its Letter of Interest, or with approved amendments. Any changes to a DBE firm listed in the Affirmative Action Certification must be requested in writing and receive prior approval by the LPA and INDOT's Economic Opportunity Division Director. After this Contract is completed and if a DBE SUB-CONSULTANT has performed services thereon, the CONSULTANT must complete, and return, a Disadvantaged Business Enterprise Utilization Affidavit ("DBE-3 Form") to INDOT's

Economic Opportunity Division Director. The DBE-3 Form requires certification by the CONSULTANT AND DBE SUB-CONSULTANT that the committed contract amounts have been paid and received.

12. Non-Discrimination.

- A. Pursuant to I.C. 22-9-1-10, the Civil Rights Act of 1964, and the Americans with Disabilities Act, the CONSULTANT shall not discriminate against any employee or applicant for employment, to be employed in the performance of work under this Contract, with respect to hire, tenure, terms, conditions or privileges of employment or any matter directly or indirectly related to employment, because of race, color, religion, sex, disability, national origin, ancestry or status as a veteran. Breach of this covenant may be regarded as a material breach of this Contract. Acceptance of this Contract also signifies compliance with applicable federal laws, regulations, and executive orders prohibiting discrimination in the provision of services based on race, color, national origin, age, sex, disability or status as a veteran.
- B. The CONSULTANT understands that the LPA is a recipient of federal funds. Pursuant to that understanding, the CONSULTANT agrees that if the CONSULTANT employs fifty (50) or more employees and does at least \$50,000.00 worth of business with the State and is not exempt, the CONSULTANT will comply with the affirmative action reporting requirements of 41 CFR 60-1.7. The CONSULTANT shall comply with Section 202 of executive order 11246, as amended, 41 CFR 60-250, and 41 CFR 60-741, as amended, which are incorporated herein by specific reference. Breach of this covenant may be regarded as a material breach of Contract.

It is the policy of INDOT to assure full compliance with Title VI of the Civil Rights Act of 1964, the Americans with Disabilities Act and Section 504 of the Vocational Rehabilitation Act and related statutes and regulations in all programs and activities. Title VI and related statutes require that no person in the United States shall on the grounds of race, color or national origin be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. (INDOT's Title VI enforcement shall include the following additional grounds: sex, ancestry, age, income status, religion and disability.)

- C. The CONSULTANT shall not discriminate in its selection and retention of contractors, including without limitation, those services retained for, or incidental to, construction, planning, research, engineering, property management, and fee contracts and other commitments with persons for services and expenses incidental to the acquisitions of right-of-way.
- D. The CONSULTANT shall not modify the Project in such a manner as to require, on the basis of race, color or national origin, the relocation of any persons. (INDOT's Title VI enforcement will include the following additional grounds; sex, ancestry, age, income status, religion and disability).
- E. The CONSULTANT shall not modify the Project in such a manner as to deny reasonable access to and use thereof to any persons on the basis of race, color or national origin. (INDOT's Title VI enforcement will include the following additional grounds; sex, ancestry, age, income status, religion and disability.)
- F. The CONSULTANT shall neither allow discrimination by contractors in their selection and retention of subcontractors, lessors and/or material suppliers, nor allow discrimination by their subcontractors in their selection of subcontractors, lessors or material suppliers, who participate in construction, right-of-way clearance and related projects.

- G. The CONSULTANT shall take appropriate actions to correct any deficiency determined by itself and/or the Federal Highway Administration ("FHWA") within a reasonable time period, not to exceed ninety (90) days, in order to implement Title VI compliance in accordance with INDOT's assurances and guidelines.
- H. During the performance of this Contract, the CONSULTANT, for itself, its assignees and successors in interest (hereinafter referred to as the "CONSULTANT") agrees as follows:
- (1) **Compliance with Regulations:** The CONSULTANT shall comply with the Regulation relative to nondiscrimination in Federally-assisted programs of the Department of Transportation (hereinafter, "DOT") Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this Contract.
 - (2) **Nondiscrimination:** The CONSULTANT, with regard to the work performed by it during the Contract, shall not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The CONSULTANT shall not participate either directly or indirectly in the discrimination prohibited by section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.
 - (3) **Solicitations for SUBCONSULTANTS, Including Procurements of Materials and Equipment:** In all solicitations either by competitive bidding or negotiation made by the CONSULTANT for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential SUBCONSULTANT or supplier shall be notified by the CONSULTANT of the CONSULTANT'S obligations under this Contract and the Regulations relative to nondiscrimination on the grounds of race, color, or national origin.
 - (4) **Information and Reports:** The CONSULTANT shall provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the LPA or INDOT to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of a CONSULTANT is in the exclusive possession of another who fails or refuses to furnish this information the CONSULTANT shall so certify to the LPA, or INDOT as appropriate, and shall set forth what efforts it has made to obtain the information.
 - (5) **Sanctions for Noncompliance:** In the event of the CONSULTANT'S noncompliance with the nondiscrimination provisions of this contract, the LPA shall impose such contract sanctions as it or INDOT may determine to be appropriate, including, but not limited to:
 - (a) withholding of payments to the CONSULTANT under the Contract until the CONSULTANT complies, and/or
 - (b) cancellation, termination or suspension of the Contract, in whole or in part.
 - (6) **Incorporation of Provisions:** The CONSULTANT shall include the provisions of paragraphs (1) through (6) in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto.

The CONSULTANT shall take such action with respect to any SUBCONSULTANT procurement as the LPA or INDOT may direct as a means of enforcing such provisions including sanctions for noncompliance: Provided, however, that, in the event a CONSULTANT becomes involved in, or is threatened with, litigation with a SUBCONSULTANT or supplier as a result of such direction, the CONSULTANT may request the LPA to enter into such litigation to protect the interests of the LPA, and, in addition, the CONSULTANT may request the United States to enter into such litigation to protect the interests of the United States.

13. Disputes.

- A. Should any disputes arise with respect to this Contract, the CONSULTANT and the LPA agree to act promptly and in good faith to resolve such disputes in accordance with this Section 13. Time is of the essence in the resolution of disputes.
- B. The CONSULTANT agrees that the existence of a dispute notwithstanding, it will continue without delay to carry out all of its responsibilities under this Contract that are not affected by the dispute. Should the CONSULTANT fail to continue to perform its responsibilities regarding all non-disputed work, without delay, any additional costs (including reasonable attorneys' fees and expenses) incurred by the LPA or the CONSULTANT as a result of such failure to proceed shall be borne by the CONSULTANT.
- C. If a party to this Contract is not satisfied with the progress toward resolving a dispute, the party must notify the other party of this dissatisfaction in writing. Upon written notice, the parties have ten (10) business days, unless the parties mutually agree in writing to extend this period, following the written notification to resolve the dispute. If the dispute is not resolved within ten (10) business days, a dissatisfied party may submit the dispute in writing to initiate negotiations to resolve the dispute. The LPA may withhold payments on disputed items pending resolution of the dispute.

14. Drug-Free Workplace Certification.

- A. The CONSULTANT hereby covenants and agrees to make a good faith effort to provide and maintain a drug-free workplace, and that it will give written notice to the LPA within ten (10) days after receiving actual notice that an employee of the CONSULTANT in the State of Indiana has been convicted of a criminal drug violation occurring in the CONSULTANT's workplace. False certification or violation of the certification may result in sanctions including, but not limited to, suspension of Contract payments, termination of this Contract and/or debarment of contracting opportunities with the LPA.
- B. The CONSULTANT certifies and agrees that it will provide a drug-free workplace by:
 - i. Publishing and providing to all of its employees a statement notifying their employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the CONSULTANT's workplace and specifying the actions that will be taken against employees for violations of such prohibition;

- v. Within thirty (30) days after receiving notice under subdivision 14.B.iii(2) above of a conviction, imposing the following sanctions or remedial measures on any employee who is convicted of drug abuse violations occurring in the workplace: (1) take appropriate personnel action against the employee, up to and including termination; or (2) require such employee to satisfactorily participate in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State or local health, law enforcement, or other appropriate agency; and

15. **Employment Eligibility Verification.** The CONSULTANT affirms under the penalties of perjury that he/she/it does not knowingly employ an unauthorized alien.

The CONSULTANT shall enroll in and verify the work eligibility status of all his/her/its newly hired employees through the E-Verify program as defined in IC 22-5-1.7-3. The CONSULTANT is not required to participate should the E-Verify program cease to exist. Additionally, the CONSULTANT is not required to participate if the CONSULTANT is self-employed and does not employ any employees.

The CONSULTANT shall not knowingly employ or contract with an unauthorized alien. The CONSULTANT shall not retain an employee or contract with a person that the CONSULTANT subsequently learns is an unauthorized alien.

A. The CONSULTANT shall receive as payment for the work performed under this contract related to Geotechnical Services based on the specific cost per unit multiplied by the actual units of work performed.

1. Geotechnical boring and sampling, as set out herein, will be paid for in accordance with Attachment D-1.

2. The amount of \$39,673.57 is an estimate of the cost which the CONSULTANT will incur in fulfilling the requirements of Item 4 of Appendix "A". The final amount will be adjusted according to the actual units of work performed; however, the final amount shall not exceed \$43,600.00 unless and until a supplemental agreement is executed.

4. Compensate the CONSULTANT for the Services under Appendix "A", Item 5 (Right-of-Way Engineering and Services), based on the specific cost per unit multiplied by the actual units of work performed in accordance with the following schedule. The schedule shall be renegotiated should the completion of the work extend beyond 24 months from the date of the execution of the Agreement.

<u>Item</u>	<u>Cost</u>
Right-of-Way Engineering	
Abstracting	
-20 year Residential Title Search (3 Reports)	\$ 405.00 per report
-20 year Commercial Title Search (1 Report)	\$ 455.00 per report
-20 year Agricultural Title Search (0 Reports)	\$ 455.00 per report
-Title Updates (4 Reports)	\$ 180.00 per report
R/W Plans (4 Parcels)	\$ 540.00 per parcel
Legal Descriptions (9 Descriptions)	\$1,080.00 per description
Parcel Plats (4 Parcels)	\$ 820.00 per parcel
R/W Staking (4 Parcels)	\$ 895.00 per parcel
Plat One (1 each)	\$1,400.00
Upload to LRS (4 Parcels)	\$ 150.00 per parcel

Due to the nature of the Project, an exact fee cannot be determined; however, it is estimated that approximately twenty three thousand two hundred dollars (\$23,200.00) will be required to complete Right-of-Way Engineering. The CONSULTANT will contact the LPA when 80% of the fee has been expended. A determination will be made at that time if the fees are sufficient to complete the Project. The CONSULTANT is to be compensated monthly.

5. For the services required in accordance with Section A.6 of Appendix "A", funding will be encumbered in an amount not to exceed \$54,900.00, and the CONSULTANT will receive payment for the work in accordance with Section B.3 of Appendix "D".
6. If services are required in accordance with Sections A.8, A.9 and A.10 of Appendix "A", funding will be encumbered in an amount not to exceed

\$10,000.00, and the CONSULTANT will receive payment for the work in accordance with Section B.3 of Appendix "D".

B. Method of Payment

1. The CONSULTANT may submit a maximum of one invoice voucher per calendar month for work covered under this Contract. The invoice vouchers shall be submitted to:

Stewart Kline, Executive Highway Director
Tippecanoe County Highway Department
20 North 3rd Street
Lafayette, IN 47901

The invoice vouchers shall represent the value, to LPA, of the partially completed work as of the date of the invoice voucher. The CONSULTANT shall attach thereto a summary of each pay item in Section A.2 of this Appendix, including percentage completed and prior payments.

If LPA does not agree with the amount claimed by the CONSULTANT on an invoice voucher, it will send the CONSULTANT a letter by regular mail and list the differences between actual and claimed progress. The letter will be sent to the CONSULTANT's address on page 1 of this Contract or the CONSULTANT's last known address.

2. LPA, for and in consideration of the rendering of the engineering services provided for in Appendix "A", except Sections A.6, A.8, A.9 and A.10, agrees to pay to the CONSULTANT for rendering such services the fees established above in the following manner:
 - a. For each pay item, and upon receipt of invoices from the CONSULTANT and the approval thereof by LPA, payments covering the work performed shall be due and payable to the CONSULTANT, such payments to be equal to an amount arrived at by multiplying the percentage of the specified work performed by the fee heretofore set forth. From the partial payment thus computed, there shall be deducted all previous partial fee payments made to the CONSULTANT.
 - b. Upon approval by LPA, after submittal of the completed work, a sum of money equal to the fees heretofore set forth, less the total of the amounts of the partial payments previously paid to the CONSULTANT under Section B.2.a of this Appendix "D", shall be due and payable to the CONSULTANT.

3. LPA, for and in consideration of the rendering of the engineering services provided for in Sections A.6, A.8, A.9 and A.10 of Appendix "A", agrees to pay the CONSULTANT in the following manner:

a. For those services performed by the CONSULTANT, the CONSULTANT will be paid on the basis of actual hours of work performed by essential personnel exclusively on this Contract at the direct salary and wages of each employee, PLUS a provisional overhead rate acceptable to LPA's Division of Accounting and Control, PLUS profit, PLUS direct non-salary costs as approved by LPA. Profit will only be applied to direct salary and wages plus applicable overhead.

Each employee's reimbursable direct charge rate will be limited to \$71.21/hour. Direct non-salary costs shall be the actual out-of-pocket expenses of the CONSULTANT directly attributable to this contract, such as fares, subsistence, mileage, long distance calls, equipment rentals, reproductions, etc.; however, the direct non-salary costs for travel reimbursement shall not exceed the limitations on travel expenses set out in the current LPA policy on travel reimbursement. Profit shall equal 15.0 percent of the direct salary and wages PLUS overhead expenses attributable to this contract. The CONSULTANT shall adjust the provisional overhead rate on the invoice subsequent to receipt of a new overhead rate from LPA's Division of Accounting and Control, except that LPA shall adjust this rate at the time of final payment to a rate representative of actual payroll burden and general overhead costs as determined by audit and approved by LPA. The overhead rate shall be determined by LPA's Division of Accounting and Control in accordance with generally accepted government auditing standards and the cost principles contained in the Federal Acquisition Regulations, 48 CFR subpart 31.2.

b. Payment shall be made monthly to the CONSULTANT upon submission to LPA of an invoice. When submitting an invoice, the CONSULTANT shall furnish a copy of records showing the individuals who worked on the project during the month, number of hours worked on the project, and the hourly rate. No allowance shall be made for overtime premium wages unless authorized in advance by LPA.

c. If, prior to the satisfactory completion of the services under this Contract, the total of the direct and indirect costs incurred and the portion of the fixed fee completed by the CONSULTANT is within five percent (5%) of the maximum amount payable, all work shall

cease and the status will be evaluated. The work will not resume until an adjusted maximum amount payable has been determined and a supplement executed to cover the increased cost.

SECTION 5 – PAYMENTS

All payments shall be made by LPA in arrears in conformance with State fiscal policies and procedures and by electronic funds transfer to the financial institution designated by the Utility in writing unless a specific waiver has been obtained from the LPA. No payments will be made in advance of receipt of the goods or services that are the subject of this agreement except as otherwise agreed by the parties in writing.

Except as otherwise provided in this agreement, the LPA shall reimburse the Utility for the actual cost of the above work performed by it which is estimated to be Five Hundred Forty Nine Thousand Two Hundred Seventy Eight dollars and ninety cents (549,278.90). The Utility shall be responsible for the actual cost of the above work performed by it to improve and upgrade facilities which is estimated to be Three Hundred Sixty Eight Thousand Two Hundred Eighty Four Thousand dollars and sixty cents (368,284.60).

SECTION 5 (A) – STANDARD PAYMENT METHOD

LPA shall reimburse the Utility for any item of work or expense involved if performed at the written direction of the LPA. The LPA shall reimburse the Utility for actual cost of the work completed upon presentation of a valid invoice.

This Utility may submit one invoice per calendar month for work covered by this agreement. The Utility shall attach an itemization of cost incurred with each invoice. This itemization of cost shall appear in the same form and manner as the preliminary estimate as shown on Exhibit “B”.

Within forty-five (45) days after receipt of a valid invoice from the Utility and the approval thereof by the LPA, the LPA will reimburse the Utility for its actual expenses. If the LPA does not agree with the amount invoiced by the Utility, the LPA will send the Utility a letter by regular mail and list the differences. The letter will be sent to the Utility’s address as shown on page 1 of this agreement, or such subsequent address that the Utility may give to the LPA’s authorized representative.

Making a partial payment shall not abrogate the LPA’s right to dispute in good faith the Utility’s claim for compensation. Such good faith disputes shall be resolved upon presentation of the Utility’s final contract invoice and the resolution of any audit performed according to Section 8 of this agreement.

SECTION 5 (B) – LUMP SUM PAYMENT METHOD

The Utility may elect to petition LPA for payment of relocation expenses by Lump Sum. Such petition shall include Exhibits “A” and “B” along with a detailed explanation requesting payment by lump sum and showing how all individuals will be best served by such payment method.

LPA may make payment by lump sum if the total cost for relocation does not exceed \$100,000.00. Lump sum payments in excess of \$100,000.00 will be made only if in the best interest of the public in accordance with 23 CFR 645.113(f) and approved by the Federal Highway Administration.

If a lump sum payment is approved, the Utility shall submit one Contract Invoice no later than ninety (90) days after relocation work is completed. The LPA shall issue reimbursement within forty-five (45) days after receipt of a valid Contract Invoice. No amount in excess of agreed amount in Exhibit “B” shall be reimbursed.

SECTION 6 – COST INCREASES

An invoice that increases the total invoiced project cost above the amount shown in Exhibit “B” shall not be approved until LPA has issued another purchase order or an advice of change (AC) order to cover the increased cost of relocation. If the invoice causes the total invoiced project cost to exceed the amount shown in Exhibit “B” by more than 10%, the invoice shall not be approved until the Utility submits a revised estimate and justification for the additional cost of relocation. The Utility acknowledges that until the above conditions are met LPA may return any invoice submitted by the Utility which when totaled with previous invoices paid (or to be paid) by LPA exceeds the amount shown in Exhibit “B” by more than 10%.

LPA shall make every effort to expedite the payment of any approved cost increase above the amount originally agreed upon.

SECTION 7 – FINAL BILL

The utility shall present its final contract invoice accompanied by an itemized cumulative invoice within ninety (90) days of completion of its work. All documents required to substantiate any claims for payment shall be submitted with this final contract invoice. Such supporting documentation shall include, but shall not be limited to, copies of material invoices, time sheets, vendor and/or contractor invoices and other such documents as may be deemed necessary by LPA to support such invoice.

SECTION 8 – RECORDS

The accounts and records of the Utility and any contractor or subcontractor involved in carrying out the proposed work shall be kept in such manner that they may be readily audited and actual cost determined, and such accounts shall be available for audit by auditors of LPA, and the Federal Highway Administration for a period of not less than three (3) years from the date final payment has been received by the Utility in accordance with 23 CFR 645.117.

In the event of a dispute with regard to the allowable expenses or any other issue under this Agreement, the Utility shall thereafter continue to maintain the accounts and records until that dispute has been finally decided and the time for all available challenges or appeals of that decision has expired.

Upon completion of the Utility’s work, the LPA may audit the Utility’s records to determine the cost of relocation. Such audit shall be in accordance with generally accepted auditing standards and the appropriate cost principles as set forth in 48 CFR part 31.

Final payment shall be in accordance with LPA’s resolution of the final audit. If additional money is due the Utility, LPA shall make payment to the Utility within forty-five (45) days after the audit resolution is approved by LPA. If the audit resolution shows that the Utility has been overpaid, LPA shall bill the Utility for such overpayment and provide supporting documentation. The Utility shall pay LPA within forty-five (45) days after receipt of such bill. If the Utility has not paid such bill within forty-five (45) days, LPA may offset such amount against claims that the Utility has against LPA.

SECTION 9 – BINDING UPON SUCCESSORS OR ASSIGNS

This agreement shall be binding upon the parties and their successors and assigns.

SECTION 10 – GENERAL LIABILITY PROVISIONS

The Utility for itself, its employees, agents and representatives, shall indemnify, protect and save harmless the Indiana Department of Transportation, and the State of Indiana from and against any and all legal liabilities and other expenses, claims, cost, losses, suits or judgments for damages, or injuries to or death of persons or damage to or destruction of property (hereafter “Claim”), arising out of intentional tortious acts or whether due in whole or in part to the negligent acts or omissions of the Utility, its employees or agents or contractors, in relation to or in connection with any work performed or to be performed pursuant to this agreement, provided however, that where the LPA has been found liable by a court, tribunal or governing body entitled to make such a determination for intentional tortious acts and/or negligence with respect to the occurrence or occurrences giving rise to the Claim, the Utility shall have no duty to indemnify, protect, or save harmless either the Indiana Department of Transportation or the LPA.

141 **NOTE: ANY ITEM NOT MARKED IS DEEMED UNAVAILABLE OR THE RESPONSIBILITY OF THE TENANT.**

142 L. **MAINTENANCE AND REPAIR:** During the Lease term, Tenant shall, at its own cost and expense, maintain in good condition
 143 and repair the Leased Premises and every part thereof, except for obligations of Landlord provided for elsewhere in this Lease,
 144 ordinary wear and tear, and casualty. Tenant shall not be required to make any roof, foundation or structural alterations, repairs
 145 or replacements to the Leased Premises except as otherwise required by this Lease. Landlord shall allow Tenant the use and
 146 benefit of each and every warranty to which Landlord is entitled with respect to any items repaired or replaced by Tenant.
 147 Landlord shall be responsible for maintaining the roof, exterior walls (except doors, windows and glass), foundation and
 148 structural integrity of the building, except for damage caused by the negligence or willful act of Tenant or its agents, officers,
 149 employees, contractors, licensees or invitees which is not covered or required to be covered under the property insurance to be
 150 maintained hereunder. Landlord shall be responsible for major component repairs and/or replacement of the heating, ventilation
 151 and air conditioning equipment in the Leased Premises, provided that the need for such repair or replacement is not due to any
 152 abuse, misuse, damage or negligence of Tenant or its agents, officers, employees, contractors, licensees, or invitees.

153 M. **ASSIGNMENT AND SUB-LEASE:** Tenant shall not assign this Lease in whole or in part or sublet the Leased Premises in whole
 154 or in part without the prior written consent of Landlord, which consent shall not be unreasonably withheld. Without in any way
 155 limiting Landlord's right to refuse to give consent to any assignment or subletting, Landlord reserves the right to refuse to give
 156 such consent, and such refusal shall be deemed reasonable, if in Landlord's sole opinion:

- 157 1. the use of the Leased Premises is or may be in any way adversely affected,
 - 158 2. the business reputation of the proposed assignee or subtenant is deemed unacceptable, or
 - 159 3. the financial worth or condition of the proposed assignee or subtenant is less than that of Tenant or is otherwise not acceptable.
- 160 Tenant agrees to reimburse Landlord for reasonable costs, expenses, accounting and attorney fees incurred in conjunction
 161 with the processing and documentation of any such requested assignment or subletting. Regardless of any assignment or
 162 subletting, Tenant shall remain primarily liable to perform all of the covenants and conditions contained in this Lease. The

163 acceptance of rent from any other person shall not be deemed to be a waiver of any of the provisions of this Lease or to be a
164 consent to the assignment of this Lease or the subletting of any part of the Leased Premises.

165 **N. DESTRUCTION OF LEASED PREMISES:** In the event of total or partial destruction of the Leased Premises by fire or other
166 casualty insured under the property insurance required hereunder, Landlord agrees, to the extent insurance proceeds are
167 sufficient, to promptly restore and repair the Leased Premises at Landlord's expense within one hundred eighty (180) days. In
168 the event that Landlord fails to complete restoration or repair within such time period or the Leased Premises are so destroyed
169 that they cannot be repaired or rebuilt within one hundred eighty (180) days after the date of the damage or destruction, then
170 either Landlord or Tenant may, upon thirty (30) days written notice to the other party, terminate this Lease. Any insurance
171 proceeds not utilized by Landlord in restoring or repairing the Leased Premises shall be and remain the sole property of
172 Landlord. Rent shall abate during the time that the Leased Premises or any part are unusable by reason of any damage, in
173 proportion to the percentage of the Leased Premises which are rendered unusable by the casualty.

174 **O. EMINENT DOMAIN:** If all or any part of the Leased Premises shall be acquired by the exercise of eminent domain or deed in
175 lieu thereof in any manner that the Leased Premises shall become unusable for the conduct of Tenant's business, this Lease
176 may be terminated by Tenant by written notice to Landlord within fifteen (15) days after possession of the Leased Premises or
177 the applicable part is taken. Tenant shall have no claim against Landlord or any other person or governmental authority on
178 account of any such taking for the value of the unexpired Lease term. All damages awarded for taking of the Leased Premises
179 shall belong solely to Landlord, except that Tenant may recover its moving expenses and any other compensation to which it is
180 entitled under applicable law.

181 **P. DEFAULT AND REMEDY:** Each of the following shall be deemed and constitute a default by Tenant

- 182 1. Failure to pay rent within five (5) days after the same is due;
- 183 2. Failure to pay any other amount when due and such failure continues for ten (10) days after written notice thereof to Tenant;
- 184 3. Failure to perform any act to be performed by Tenant or to comply with any condition or covenant and such failure continues
185 for thirty (30) days after written notice to Tenant;
- 186 4. If Tenant shall abandon or vacate the Leased Premises prior to the end of the Lease term;
- 187 5. The appointment of a receiver to take possession of all or substantially all of the assets of Tenant, unless removed within
188 sixty (60) days;
- 189 6. An assignment by Tenant for the benefit of creditors, or
- 190 7. Any action commenced by or against Tenant under any insolvency, bankruptcy, moratorium or reorganization law, unless
191 dismissed within sixty (60) days.

192 In the event of any such default, Landlord may re-enter the Leased Premises, take possession of all or part, and remove all
193 property and persons and shall not be liable for any damages or for trespass. No re-entry shall be deemed a termination of this
194 Lease, an acceptance of the surrender of this Lease or a satisfaction of Tenant's obligations to pay rent or any other obligations
195 of Tenant. Tenant's obligation to pay rent and all other sums shall survive any such re-entry, repossession or any termination of
196 this Lease by default or otherwise. Without obligation to do so and without constituting a termination, acceptance or surrender,
197 Landlord may relet the Leased Premises, in whole or in part, for such term and for such sum as Landlord deems appropriate in
198 its sole discretion. Landlord shall be entitled to recover from Tenant all costs of enforcement of this Lease and expenses of
199 repossession and reletting of the Leased Premises, including but not limited to costs, attorney fees, expenses of removal and
200 storage of Tenant's property, care, maintenance and repair of the Leased Premises while vacant, repair or restoration of the
201 Leased Premises to the condition required upon expiration of this Lease and lease commissions payable in connection with any
202 such reletting. All amounts payable hereunder by Tenant or recoverable by Landlord hereunder shall bear interest from the date
203 thirty (30) days after due, or the date advanced or incurred by Landlord, as the case may be, at a rate equal to _____
204 per month ("Default Rate").

205 **Q. ALTERATIONS:** Tenant shall not make or permit any installations or alterations of or upon any part of the Leased Premises or
206 any additions to the Leased Premises without first obtaining the written consent of Landlord. Alterations and additions to the
207 Leased Premises shall be made in accordance with all applicable laws. Tenant shall indemnify, defend and hold harmless
208 Landlord from all claims, costs, losses, expenses, and attorney fees in connection with any construction or installation. If
209 Landlord shall incur any additional expenses on account of such alterations, including but not limited to increased taxes or
210 insurance premiums, Tenant shall reimburse Landlord for the full amount of such additional costs. Tenant shall, prior to the
211 expiration of the Lease term, remove all of Tenant's trade fixtures and equipment, and if Landlord shall so require, any of the
212 alterations made by Tenant and any damage to the Leased Premises shall be promptly repaired.

213 **R. MECHANIC'S LIENS:** No person shall be entitled to any lien upon the Leased Premises or the real estate or improvements on
214 or in which the Leased Premises are located, in whole or in part, or any interest or estate in any such property, by reason of any
215 work, labor, services, material or equipment claimed to have been performed, furnished or leased to or for Tenant, or otherwise
216 on account of any act or failure to act on the part of Tenant. Tenant shall neither cause nor permit the filing of any such lien. If
217 any such lien claim or notice shall be filed, Tenant shall cause the same to be released or provide other satisfactory security to
218 Landlord with respect to the same within sixty (60) days; and if not so released or secured, Landlord, at its option may pay up to
219 the full amount of such lien claim to cause its release, and such amount, together with interest thereon from the date of payment
220 at the Default Rate, shall be deemed additional rent due and payable by Tenant immediately. Nothing in this Lease shall be
221 deemed or construed to constitute consent to or request to any party for the performance of any labor or services or the
222 furnishing or leasing of any materials or equipment for the improvement, alteration or repairing of the Leased Premises, nor as

(office use only)

223 giving Tenant the right or authority to contract for, authorize or permit the performance of any labor services or the furnishing
224 or leasing of any material or equipment that would permit the attaching of a valid mechanic's lien.

225 **S. INSPECTION AND SHOWING OF LEASED PREMISES:** Landlord or its agent shall be permitted to enter to inspect or examine
226 the Leased Premises at any reasonable time and Landlord shall have the right in the event of an emergency to make any
227 repairs to the Leased Premises which Landlord may deem desirable and necessary for its preservation, provided, however, that
228 any repairs made by Landlord shall be at Tenant's expense, except as provided herein. Landlord may, during the Lease term, at
229 reasonable times and during usual business hours, enter to show the Leased Premises to others and, except in the case of
230 renewal, may at any time within ninety (90) days next preceding the expiration of the Lease term affix to any suitable part of the
231 Leased Premises a notice for letting the Leased Premises.

232 **T. SURRENDER AND HOLDING OVER:** Upon the expiration or other termination of this Lease, Tenant shall surrender to Landlord
233 the Leased Premises, together with all other property affixed to the Leased Premises (with the exception of Tenant's removable
234 personal property, including trade fixtures), broom clean, and in the condition at the commencement of the Lease term, except
235 for obligations of Landlord provided for elsewhere in this Lease, ordinary wear and tear, and casualty. Any damage caused to
236 the Leased Premises by removal of any property shall be promptly repaired by Tenant to the satisfaction of Landlord. Tenant
237 shall remove all of its property as directed by Landlord and, failing to do so, shall pay all costs incurred by Landlord to remove all
238 such property and all other damages, costs and expenses of Landlord on account of such failure. Tenant's obligation to observe
239 or perform these covenants shall survive the expiration or other termination of this Lease. If Tenant shall retain possession of
240 the Leased Premises with the written consent of Landlord after the expiration of this Lease, and rent is accepted from Tenant,
241 the occupancy and payment shall be construed as an extension of this Lease for a period from month to month only from the
242 date of the expiration. If Tenant retains possession of the Leased Premises after the expiration of this Lease without the written
243 consent of Landlord, Tenant shall pay to Landlord double the amount of monthly rent specified in this Lease for the time Tenant
244 retains possession of the Leased Premises or any part after termination of this Lease.

245 **U. NON-WAIVER AND REMEDIES CUMULATIVE:** No waiver of any covenant or condition or the breach or default of any
246 covenant or condition of this Lease shall be taken to constitute a waiver of any subsequent breach or default, or justify or
247 authorize a non-observance on any other occasion of such or any other covenant or condition. No failure by Landlord to
248 exercise any right or remedy at any time available to Landlord under this Lease shall constitute a waiver of such right or remedy
249 as to the same or any other breach or default by Tenant. The acceptance of rent by Landlord at any time when Tenant is in
250 breach or default of any covenant or condition shall not be construed as a waiver of any default. Landlord's rights and remedies
251 under this Lease are cumulative and neither the inclusion nor the exercise by Landlord of any such right or remedy shall
252 preclude or limit Landlord's exercise of any other right or legal or equitable remedy available under this Lease or under
253 applicable law.

254 **V. ENVIRONMENTAL DEFINITIONS AND COVENANTS:**

255 1. **Definitions:** For the purpose of this Lease, "Hazardous Material" shall mean and include any substance, chemical, waste or
256 material that is or becomes regulated by any federal, state or local governmental authority, including, without limitation, any
257 "hazardous substances," "hazardous wastes," "hazardous materials," or "toxic substances" as such terms are defined in the
258 Resource Conservation and Recovery Act and the Comprehensive Environmental Response, Compensation and
259 Liability Act, and in any other law, ordinance, rule, regulation, or order promulgated by the federal or state government, or
260 any other governmental entity having jurisdiction over the Leased Premises or the building (collectively, "Environmental Laws").

261 2. **Covenants and Indemnity:** Tenant shall not use the Leased Premises for any activities involving, directly or indirectly, the
262 use, generation, treatment, storage or disposal of any hazardous or toxic chemical, and Tenant shall not cause or permit
263 any Hazardous Material to be brought upon, kept, stored, treated, released, disposed of or used in or about the Leased
264 Premises by Tenant, its agents, officers, employees, contractors, licensees or invitees. If Tenant shall breach any
265 obligations under this Lease regarding Hazardous Materials, or if Tenant or any of its agents, officers, employees,
266 contractors, licensees or invitees shall cause any release, discharge or disposal of any Hazardous Material in, on or from
267 the Leased Premises or the building (whether or not Landlord has given its consent to the presence of such Hazardous
268 Material)

269 a. Tenant shall promptly take all actions, at its sole expense, as are necessary to cure, clean up or otherwise remediate
270 the violation, provided that Landlord's approval of such actions shall first be obtained, which approval shall not be
271 unreasonably withheld if such actions are required or approved by governmental authorities having jurisdiction.

272 b. Tenant shall indemnify, defend, and hold Landlord harmless from and against any and all claims, judgments, damages,
273 penalties, fines, costs, liabilities, or losses, including, without limitation, Landlord's costs to cure, clean up or otherwise
274 remediate the violation, release, discharge or disposal, and all court costs and reasonable attorney fees, site
275 assessment and investigation costs, consultant fees and expert fees incurred by Landlord in connection with any such
276 cure, cleanup or remediation or any actual or threatened civil suit, enforcement action or other legal proceedings
277 resulting from such violation, release, discharge or disposal.

278 The provisions of this Paragraph shall survive expiration or termination of this Lease.

Area IV Public Transportation of Tippecanoe County

Program information:

Area IV Agency on Aging and Community Action Programs officially began its Tippecanoe County Transportation Program in January of 2020. The program is designed to provide Non-Emergency Medical Transportation to all types of medical related appointments as well as transportation to non-medical outings such as grocery shopping, banking, or any other type of trip. The Transportation Program is open to the public in the non-urbanized area of Tippecanoe County and is available to non-ambulatory individuals in the urbanized areas of Tippecanoe County. A one-way fare of \$5 is required for all riders under the age of 60. Riders age 60 and over are asked to make a voluntary donation to the program to help differ costs. Area IV Public Transportation of Tippecanoe County is located and dispatched from the Area IV Agency on Aging and Community Action Programs offices at 660 North 36th Street, Lafayette, IN. The program currently has a staff of 3 including 2 fulltime drivers and 1 manager/dispatcher. The program currently has 6 vehicles in its fleet. A maintenance contract is in place with City Bus of Lafayette to service and maintain the vehicles on a regular basis.

2nd Quarter update:

Area IV Public Transportation of Tippecanoe County's transportation services were suspended on April 1st 2020 and all employees put on temporary furlough when Area IV Agency on Aging and Community Action Programs was closed to the public due to the state shut down orders related to COVID-19. Services remained suspended until they began again on June 1st 2020. COVID-19 issues limited our opportunity for trips throughout the 2nd quarter. During June, the only month of operations in the 2nd quarter, Area IV Public Transportation of Tippecanoe County provided 46 one way trips. We continue to utilize several COVID-19 safety policies and procedures to provide the safest environment possible for our drivers and passengers. In an ongoing effort to reignite the program and to inform and educate the community about our services, we have continued our outreach/marketing program targeting businesses, churches, community centers, and civic organizations throughout Tippecanoe County.

Thank you for the opportunity to serve the residents of Tippecanoe County.

Board President Gail Summers chaired the regular Board meeting and called it to order at 7:05 p.m. A quorum was declared to conduct business for the library. President Summers directed Board Treasurer Dave Lahr to lead the Board in reciting the Pledge of Allegiance. He did so.

Board member Mida Grover moved the **Board Minutes** of July 7th, 2020 be approved as presented. Board Treasurer Dave Lahr provided a second. The motion passed.

Under the heading of the **County Librarian's Report**, Mr. Holman reported on several activities associated with library operations. Mr. Holman mentioned TCPL implemented a "greeting station" approach with the July 15th reopening and abbreviated hours. When assigned, TCPL staff members share information and expectations about the reopening guidelines. Library customers without masks on are offered masks free of charge. Most customers are cooperating with the request to wear masks. Downtown Youth and Reference staff members primarily staffed the station, but other departments will participate in the assignment in the future. A bookmark was developed to share the guidelines and provide current operational hours including hours for Wea Prairie. Mr. Holman commented on the grand opening celebration of Wea Prairie. He thanked the Board members for their attendance and also thanked everyone whose efforts helped make the day a success. Mr. Holman indicated the activity was a real culmination of all the recent behind the scenes work and two years of background work to make Wea Prairie a reality. The grand opening went fairly well, especially given the uncontrollable weather. The excitement created many positive comments and immediate use. So far, staff created 79 new library cards and 113 replacement cards. There are a few challenges to work through, i.e. YA shelving, errors in some bibliographic records and public

internet access. These items should be resolved by mid-August. Custom Cuts Lawn Care has been contracted to mow the lawn for the summer. Slowly, progress is being made on the StoryWalk Trail. We are in the process of getting cost estimates for earthwork for the trail. Finally, Mr. Holman stated TCPL held its annual meeting to discuss the mid-year review of the staff health insurance program. CIGNA representative Michele Vachon met with Human Resource Coordinator Steve Berman, insurance broker Jim Gothard and the County Librarian. Though it has been a costly claim benefit year, it is anticipated TCPL's health insurance renewal will have a reasonable increase in the 2021 premium.

Mrs. Grover moved to approve the August 4th, 2020 **Personnel Actions**. Board Vice President Stephen Bultinck provided a second. The motion passed.

Under the heading of **Committee Reports**, Board Treasurer Dave Lahr reported for the Finance Committee. Mr. Lahr reported the committee met and reviewed the draft 2021 Operating budget. By showing comparative years and expenditures through June 30, Mr. Holman explained the format of the budget, percentage increases in specific budget lines, and explanatory reasons for other changes. Committee members made suggestions about what was presented and commented on incorrect calculations. Also, under the heading of **Committee Reports**, President Summers reported for the Ad Hoc Strategic Plan committee. She shared the committee met and reviewed the proposals on hand. Initially, there was consensus on a specific proposal, but the committee anticipated receiving one more proposal. Also, the committee directed the County Librarian to check references on the proposal and also to ask a couple of cost related questions. The top two proposals were included in the Board packet for full discussion. Each committee member summarized their thoughts on the proposals. The County Librarian shared the results of the reference checks. The full Board further discussed the costs, advantages, and best fit for TCPL and ranked their first and second choice. In lieu of taking action under the heading of Old Business, Mrs. Grover moved to approve the Standerfer Consulting proposal, give the County Librarian the authority to award the contract and to engage the second choice if Standerfer Consulting does not accept the offer. Mr. Bultinck provided a second to the motion and the motion passed.

Under the heading of **Other Reports**, President Jim Plantenga reported for the Friends of TCPL. Mr. Plantenga shared donations continue to be accepted with the process utilizing the back loading dock. The Friends were planning a children's book sale for Saturday, August 22nd, however limitations by the Tippecanoe County Health Department have raised several concerns. The Friends are no longer sure if the sale slated for the Alabama Street storage building parking lot will take place. The book sale committee will hold a meeting to finalize its decision on this activity.

Also under the heading of **Other Reports**, Mr. Holman presented his observations on the activities for the grand opening celebration at Wea Prairie. He also solicited feedback from the Board regarding the celebratory activity. Several Board members offered mostly positive comments about what took place. Overall, given the timing of the weather, the ribbon cutting activity was successful. Finally,

under the heading of **Other Reports**, Mr. Holman used the video projector to share the draft version of the 2021 Operating Budget. Mr. Holman made several explanatory comments and pointed out year-to-date expenditures are not at the usual levels in most categories. He indicated the draft budget does not take in the maximum levy for 2021 and also library spending this year is obviously different this year than last year. Finally, Mr. Holman highlighted the comparison of the total budget amount year to year.

The Strategic Plan discussion anticipated to be held under the heading of **Old Business** was completed with the committee report of the Ad Hoc Strategic Plan.

There was no **New Business** to consider.

Under the heading of **Other Business**, Mr. Lahr moved to approve the grand total of the claims listing presented by the County Librarian starting with claim number 29933 through 30017. The prewritten claims were \$209,782.68 and the regular claims were \$202,483.63 for a grand total of \$412,266.31. Mr. Bultinck seconded the motion. The motion passed.

Under **Comments from the Director**, Mr. Holman informed the Board of two future action items. Both action items are based on recent changes in state law. First, the Board will need to consider and adopt a policy related to criminal background checks. Second, the Board will need to consider and adopt a resolution designating its fiscal body, then forward the information to the Indiana State Library. Both topics are fairly straightforward and initially will be considered at the Board's September meeting.

Mrs. Grover moved to adjourn the regular Board meeting at 8:04 p.m. Mr. Lahr seconded the motion. The motion passed.

Steve Bultinck, Vice President

County Librarian's Report

September 2020

1. TCPL continues to make adjustments to factors connected to providing programs, services and resources to library users. Starting Tuesday, September 8th, TCPL will modify its hours by eliminating the "senior and others at risk" hour. With mask wearing, local school openings and the calculated building capacity, it seems TCPL can accommodate use by all ages during the 10:00 a.m. hour. If there are unanticipated consequences of this decision, TCPL will reconsider it.
2. The first collaboration between the Wea Prairie Branch and Wea Prairie Elementary took place on Thursday, August 13th, 2020, when two TCPL staff members participated in a school sponsored event. The Wea Ridge Elementary "*Meet the Kindergarten Teacher*". Staff spoke to an estimated 75 kindergarten students and their families. Staff members were able to create ten library card accounts, replace five lost cards, and renewed several library accounts as well. We anticipate more opportunities for collaboration will occur in the future.
3. As we move toward September, TCPL is ramping up to have a low-key Library Card Sign-Up Month. As all TCPL locations issue new library cards during the month, customers who receive new cards will be offered "Wonder Woman" themed bookmarks and stickers associated with celebrating the month. Usually during this month, TCPL also provides free replacement library cards instead of charging the \$1 replacement fee.
4. Regarding Facilities, the Klondike Branch is experiencing an unusual circumstance as part of the exterior of the building is losing siding. On the building's north side, strong winds or aging materials are impacting the esthetic look of the building and it seems to be challenging to find a good solution. TCPL is seeking analytical observations and cost quotes from local building and repair experts with the needed expertise. More information will be shared when it is known. Also on a Facilities related topic, TCPL has finally received soap dispensers for the main men and women's public restrooms at Wea Prairie. These items were overlooked in the original construction activity as owner provided and contractor installed. It is great to have this issue resolved. Finally, regarding Facilities and also connected to Wea Prairie, there is an unusual development related to the erosion of soil at the southwest corner of the retention pond. Options for corrective action may be an expense to TCPL. Details will be shared at the Board meeting.
5. With the retirement of Alison Moss at the end of October 2019, TCPL's Reference department has been without a full-time supervisor. New Head Reference Librarian, Victoria (Tori) Tracy started work on August 24th and has been training with the County Librarian during her first week. Tori's professional library experience covers public and academic libraries and includes a stint as a library director at a small public library in Illinois. Also a new Library Assistant will start in the Reference department on Monday, August 31. Carissa Yonan is a Purdue graduate who has worked with rare manuscripts and is planning to enroll in a remote learning MLS program.
6. Plans are being made for TCPL Staff Day which will take place on Monday, October 12th. One of the key aspects of the morning activity will include engaging work with strategic plan consultant, Amanda Standefer. Likely, activities this year will be shortened to spend less hours together in a large group, but we will still provide lunch for staff.
7. The County Librarian is in the process of completing an application with the Indiana Bond Bank (IBB). If successful, the application for a direct loan from the IBB will go toward the funding of a new vehicle to conduct outreach services with the community. The loan will also help maintain TCPL's tax rate in its debt fund.
8. The County Librarian completed the first step in the 2021 budget process by submitting the Notice to Taxpayers of the estimated 2021 budgets and maximum levy for the Operating and BIRF funds. By submitting the notice to Taxpayers, TCPL is allowed to hold its "public hearing" on the 2021 budgets. Next, we finalize the budget for adoption at the October 6th Board meeting.
