

E-Scooter Operations and ADA Committee Update

- ❖ Committee Formation Timeline
 - March 2019- FHWA meeting about E-Scooters and ADA-included industry, government, and advocacy attendees
 - September 2019- MPO conference, committee proposed
 - March 2020- First quarterly meeting
- ❖ Committee includes representatives from MPOs, INDOT, FHWA, Transit Providers, and Non-Profit/Community Organizations (Example: Health by Design)
- ❖ Committee Projects
 - “Ideas Table” for resolving ADA issues
 - Micro-Mobility Ordinance Development Checklist (WIP)
 - Data Collection/Standardization (WIP)
- ❖ Excerpt from “Ideas Table”

IDEA	IMPLEMENTATION (Easy, Medium, Hard)	COST of IMPLEMENTATION (Low, Medium, High)	TIMEFRAME (Short, Medium, Long)	WHO IMPLEMENTS (Local Govt., Industry, Advocacy, Partnership)
Reward/Penalizing system: Have rider take picture of their parking job. Offer discounts or coupons for good parking, and perhaps, loss of riding privileges for a few days for any inadequate parking	EASY	MEDIUM	MEDIUM	INDUSTRY
Draft a message for mayors and government officials to deliver regularly and consistently. The message should convey/encourage awareness of people with mobility challenges and how something as simple as parking an e-scooter “properly” can overcome a potential conflict.	EASY	LOW	SHORT	GOVERNMENT
