MAINTENANCE REPORT

Franklin C. Resor #65 Regulated Drain

Tippecanoe County Drainage Board

October 24, 2013

The Franklin C. Resor #65 Regulated Drain was originally established and built through the Tippecanoe County Circuit Court, Case No. 3518 in 1884. The Drain and its watershed are located in Sections 31 and 32 of Township 22 North and Range 3 West, Section 36 of Township 22 North and Range 4 West, Section 1 of Township 21 North and Range 4 West and Section 6 of Township 21 North and Range 3 West in the political townships of Sheffield and Wea, Tippecanoe County, Indiana.

The Franklin C. Resor Drain Maintenance Fund was established by the Tippecanoe County Drainage Board on the 1st day of March, 1972.

There are approximately 9896 lineal feet of open ditch and 4840 lineal feet of tile under maintenance. The watershed contains 1252.17 acres.

It is the judgment of the Tippecanoe County Surveyor that a sum of \$58,027.20 is needed to maintain and improve the existing tile and open ditch system.

An assessment of \$5.75 per acre and a \$10.00 minimum over an eight (8) year period are recommended. This will generate \$57,847.28 over an eight (8) year period.

It is the opinion of the Tippecanoe County Surveyor this rate increase will allow for clearing, dredging of the open ditch and also ensure that monies will be generated for tile maintenance in the future.

Respectfully Submitted by:

Zachariah E. Beasley P.L.S., M.S.

Tippecanoe County Surveyor
