Food Service Establishments

Owners, Operators, Corporate Owners

Please share with your local Tippecanoe County, Indiana facilities and management staff.

In reference to Governor Holcomb's recent directive, "Bars, nightclubs, and restaurants are required to close to in-person patrons and may provide take-out and delivery services" **WILL BE EXTENDED UNTIL THE ORDER IS LIFTED BY GOVERNOR HOLCOMB.** Customers may enter the building only to pay for pre ordered food and leave immediately. No one is allowed to sit at a table or bar to order and wait on their food. **IN ORDER TO BE COMPLIANT WITH THE STAY AT HOME ORDER, CONSUMERS MUST GET THEIR PRE-ORDERED PRODUCTS AND LEAVE.** This order includes prohibiting outdoor patio seating, waiting areas, car side ordering and parking lots where patrons can gather. Curb side pick-up and drive thru are allowable options. Many places have already acted and adapted to this directive.

The Tippecanoe County Health Department will be enforcing this to the fullest extent. If an establishment does not comply with this directive they will be in direct violation which could result in permit revocation.

With the new directive the Tippecanoe County Health Department has attached a guidance document to assist to ensure proper food safety. This is undoubtedly a drastic change to your business and a challenging time. The ultimate goal is to provide a safe food product to the customer while limiting person-to-person contact.
