Murtaugh, Vice President John L. Knochel, and Commissioner David S. Byers. Also present were: Attorney Dave Luhman, Auditor Jennifer Weston, Commissioner's Assistant Frank Cederquist, and Secretary Tillie Hennigar.

**PRESENTATION OF ACCOUNTS PAYABLE VOUCHERS**

**AUDITOR – Jennifer Weston**  
**2013 Salary Options**

Auditor Weston presented salary options for 2013. It is preliminary, but a recommendation will be needed in order to have Salary Statements to the Auditor's office by July 1. Looking at an incremental 1% increase in Wages, Social Security, and PERF for an individual person, the cost is \$277,000. Based on the current year split of 83%/17% between General Fund and all other Funds, the General Fund cost would be \$230,000. Community Corrections and WIC are not included as they are on different budget years.

Regarding the Compensation Study completed in 2008, a portion was implemented in 2009 and another portion was implemented for the current year. By classification, Auditor Weston listed what it would cost to get up-to-market. Total, including Probation's state schedule, (a 2.2% increase) across all the charts, is just over \$1 million. Last year at budget hearings, Council discussed a 2-3 year implementation. As an 83%/17% split, the cost to the General Fund would be \$841,000. A 1.5% increase in PERF is expected. A recommendation at the next meeting or no later than the June 4<sup>th</sup> meeting is necessary for timing of Salary Statements.

**HIGHWAY – Opal Kuhl**  
**Petition for the vacation of unimproved Streets and Alleys in the Town of Monroe**

Director Kuhl said a hearing date is needed for the vacation of streets and alleys in the town of Monroe. She has the Ordinance, the Petition, the hearing notice, and the letters from the utility company. Once the hearing date is set, the letters can be sent to all parties involved.

- Commissioner Knochel moved to approve June 4, 2012 as the hearing date, second by Commissioner Byers; motion carried.

**Application for a Permit to close Washington and Jefferson Streets in the Town of West Point on May 19, 2012 for the Lions Club Car Show**

- Commissioner Knochel moved to approve the closing of streets as presented, second by Commissioner Byers; motion carried.

***BUILDING COMMISSION* – Ken Brown**  
**Unsafe Structure Update**

Building Commissioner Brown presented pictures and an update of two structures which are considered unsafe. Both properties are located in Colburn, Indiana. The first structure at 10022 Carney Street has previously been cited as a junk yard and is a foreclosure. There is significant damage to the roof, fascia, and front porch. Children have been entering through an open window, getting into the crawl space and further damaging walls. Inside, the house is full of trash and garbage. The chimney is split in half and has lost some brick. Notification by certified and regular mail was recently sent to the previous owners, Mr. and Mrs. William Schnepf and the two lending institutions involved with the property. Without cooperation, the board will need to decide about demolition by the County. Attorney Luhman said the first step is to contact the owners, notify them that the Building Commissioner has determined a violation of the Unsafe Building Ordinance, and ask them to correct the situation by a certain time. If not corrected, the next step is to come to the Commissioners for a public hearing to request an order for demolition. Commissioner Knochel said action can be taken 30 days after notification.

The second structure at 10111 Strong Avenue is not in danger of collapse. The roof is still good, but windows have been knocked out and the door kicked in. Complaints have been received by phone and in writing about children partying in the house. There is a very strong odor in the house of unknown origin. Ken indicated he has recently contacted the owner by telephone. She is an attorney in Indianapolis and is willing to cooperate with the requests of the County. A neighbor is interested in purchasing the property and tearing it down. No letters have been sent on the Strong Avenue property.

Building Commissioner Brown said the Ash Grove elevator is a third structure to discuss. Nola Gentry, the owner, contracted with a gentleman to tear it down. In speaking with the gentleman this morning, he indicated it should be done by the end of the summer. Ken advised him that was not acceptable and a time frame would be presented. By providing a deadline, the unsafe portion, which is the cupola, could be torn down. Once the cupola is removed, it will *probably* not be considered unsafe. Commissioner Byers suggested June 1 as the deadline for removal of the cupola. President Murtaugh, Building Commissioner Brown, and Commissioner Knochel agreed that June 15 was a better time frame.

- Commissioner Knochel moved to set June 15 as the deadline for removal of the cupola(s) from the Ash Grove elevator, second by President Murtaugh; motion carried.

The claims include Controller services; Safety Queen for oil filter pick up from Lafayette in February; Heritage Environmental for hazardous waste pick up from Tippecanoe County; and the Underwood Insurance Agency for the liability insurance policy. ***PUBLIC COMMENT***

Pam Frazee - 9040 US 52 S, Lafayette - questioned which Indiana code the Monroe vacation petition would follow since there are two listed. Attorney Luhman said the Commissioners have authority under IC 36-9-2-5 allowing them to vacate any public right-of-ways of the county on their own motion. There is also a procedure, IC 36-7-3-12 to allow vacation by petition. While it is not required, a petition to make the public aware will be utilized for the Monroe vacation petition. Ms. Frazee inquired about presenting her information at the June 4<sup>th</sup> hearing. Attorney Luhman said the Commissioners may limit comments to three minutes if there are a number of presentations. He suggested she consider providing her presentation in written form and summarize with public comments. Ms. Frazee said she has a Power Point presentation and a 40 page written presentation. President Murtaugh said she should send the information to the Commissioners prior to the meeting.

President Murtaugh asked for additional public comments.
