a Levy Excess Fund; however, in the most recent special legislative session, counties were given authority to transfer those balances from the Levy Excess Fund to the Rainy Day Fund through the adoption of a resolution, such as the one presented. PUBLIC COMMENT

Paul Wright – stated he has reviewed the 2009 budget and has also reviewed the proposed 2010 budget. He said there are many legal options for the council to increase the property tax rate, county employee salaries, and the budget by 5.3%. He recommended the council consider the economy when reviewing the budget and raises for county employees. He questioned the budget for the county parking garage; he added the large amounts in the budget for travel and training in each department suggest the county has the best trained employees.

Councilmember Kemper stated the council has not yet held budget hearings and is not assuming a raise for county employees. He added the budget needs to be cut significantly in order to be approved by the state. Councilmember Kemper suggested the council may have to consider cutting positions to decrease the budget.

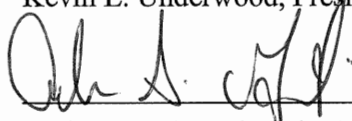

Councilmember Basham stated Mr. Wright should rest assure the council will consider all his concerns and the economy will be considered when setting the 2010 budget.

- Councilmember Kemper moved to adjourn.
