

**TIPPECANOE COUNTY COUNCIL**  
**REGULAR MEETING**  
**JUNE 13, 2006**

The Tippecanoe County Council Meeting began at 2:00 P.M. Tuesday, June 13, 2006 in the Tippecanoe Room in the County Office Building. Council members present were: President David S. Byers, Vice President Jeffrey A. Kemper, Ronald L. Fruitt, Betty J. Michael, Thomas P. Murtaugh, Kevin L. Underwood, and Kathy Vernon. Others present were: Auditor Robert A. Plantenga, Attorney David W. Luhman, and Secretary Pauline E. Rohr.

President Byers called the meeting to order and led the Pledge of Allegiance.

**REXAM PRECISE: Compliance with Statement of Benefits (CF-1) on Real Estate Improvements and Personal Property (Refer to 5/9/06 Minutes): Tammy Metzinger, West Lafayette Operations Manager, and Clark Kelsey, West Lafayette Plant Manager**

When the Council considered the CF-1 on May 9, 2006, no one from Rexam Precise was present. After examining the numbers, the Council determined that Rexam Precise was not in substantial compliance with the Statement of Benefits and scheduled a hearing for today. The following numbers were submitted on the CF-1:

| <u>Employees and Salaries</u>  | <u>Estimated on SB-1</u> | <u>Actual</u> |
|--------------------------------|--------------------------|---------------|
| Current number of employees    | 68                       | 36            |
| Salaries                       | 1,822,080                | 1,376,187     |
| Number of employees retained   | 68                       | 36            |
| Salaries                       | 1,822,080                | 1,376,187     |
| Number of additional employees | 16                       |               |
| Salaries                       | 354,560                  |               |

After apologizing for missing last month's meeting, Ms Metzinger explained that Precise was purchased by Rexam in December 2005 and is now a part of Rexam Pharma, a pharmaceutical business. As a result of the purchase by Rexam, three (3) old molding facilities and one (1) mold making facility will be closed which will mean more business for the West Lafayette facility. In anticipation, they purchased three (3) new presses in addition to two (2) presses acquired from other facilities. Because they gained three (3) new customers and are receiving additional work from two (2) of their current main customers, Ms Metzinger speculated their sales will increase an estimated \$1 million. Although they will use temporary employees until the order routine is established with their new customers, she said they plan to hire from one (1) to four (4) new employees or as many as eight (8). The 2005 payroll was approximately \$1.5 million for 37 employees and approximately \$175,000 was paid to ADECCO for 13 temporary employees.

Councilmember Michael expressed her concern that they are down to 37 employees. Ms Metzinger responded that their plan to build another facility on their premises did not materialize, but she pointed out that they maintained their work force of 36.

Attorney Luhman summarized that, on May 9th, the Council found that Rexam Precise was not in substantial compliance and scheduled today's hearing. He said the Council must decide if Rexam Precise made a reasonable effort to substantially comply with the SB-1 or if they failed to substantially comply because there were circumstances beyond their control.

Councilmember Vernon pointed out that Precise was purchased in 2005, they evaluated their need for 13 temporary employees, and have purchased new equipment. Councilmember Kemper agreed that some things were out of their control, but said they hired temporary employees and have increased their sales and customers.

- Councilmember Kemper moved to find Rexam Precise is in substantial compliance with the SB-1, seconded by Councilmember Vernon.

President Byers said he will vote in favor today but he'd like to see higher employee numbers next year. If the employee numbers are not above 36 next year, he said he will not support it.

- The motion carried with 1 no vote by Councilmember Michael.

**RESOLUTION 2006-17-CL: Regarding Rexam Precise Deductions for Assessed Value of New Manufacturing Equipment and Rehabilitation and Improvement of Real Estate**

Resolution 2006-17-CL will appear in its entirety in the Ordinance and Resolution Book in the County Auditor's Office.

Attorney Luhman explained that this formal resolution finds Rexam Precise has made reasonable effort to substantially comply with the SB-1, that any failure to substantially comply was caused by factors beyond their control, and that the abatement shall not be terminated.

- Councilmember Fruitt moved to approve Resolution 2006-17-CL, seconded by Councilmember Kemper; motion carried with 1 no vote by Councilmember Michael.

She noted their average salary has increased from \$26.60/hr in 1988 to \$36.91 in 2006. She explained that their 1<sup>st</sup> quarter numbers are always lower due to the seasonal nature of their work which explains why they only had 137 employees for the 1<sup>st</sup> quarter of 2006.

- Councilmember Murtaugh moved to find Atlas Excavating, Inc. is in substantial compliance with the SB-1, seconded by Councilmember Underwood; motion carried.

Mr. Ball reported that voestalpine, an Austrian company with a large presence in the United States, purchased Elmsteel, their only automotive industry in the U.S., in 2002. Since Elmsteel opened in 2000, the size of the building has tripled and the number of employees has risen to 93 with some open positions. This year the benefits are included in the reported salaries which makes the total substantially higher than in previous years. Mr. Ball reported an approximate growth of 15% last year and expects a 10% to 15% growth this year. He said they continue to invest in new equipment and refurbish older equipment. Since 2000, they have invested a minimum of \$1 million in capital equipment annually.

Judge Daniel explained he needs to hire outside Pauper Attorneys to prevent overloading the Public Defender's Office since two (2) Public Defenders are required to work on the capital murder case that will be tried this Fall.

Councilmember Kemper concurred that he is uncomfortable with an amount of \$57,051 listed as "Other"..
