SUBDIVISIONS

S-5099 MURDOCK PLACE MINOR SUBDIVISION (minor-sketch): Petitioner is seeking sketch plan approval for a single, multi-family lot consisting of four existing multi-family buildings on 18 old, platted lots (Lots 1-18 in O’Ferrall Park Addition) between Cason and Ferry Streets, on the west side of 30th Street in Lafayette, Fairfield 22 (SW) 23-4.

Gary Schroeder moved to hear and vote on **S-5099 MURDOCK PLACE MINOR SUBDIVISION (minor-sketch)**. Greg Jones seconded.

APC staff Kathy Lind presented the zoning map, plat, and aerial photos. The property is located at Cason, Ferry and N. 30th Street. The property is zoned MRU, a leftover zoning when Home Hospital was nearby, and does permit multi-family dwellings, by right. The aerial shows four existing multi-family buildings and people are currently living there. The sketch plan shows the eighteen lots where these four building have been built. In Lafayette, you can build over property/lot lines. The alley that runs between the buildings has already been vacated. There is a variance request for the area along Ferry Street. The street is classified as an urban secondary arterial, requiring a thirty-five-foot half-width right-of-way. What exists now is only thirty feet. If they were to dedicate five additional feet of right-of-way, that would mess up the setback of the buildings. The Board of Works approved the variance yesterday, eliminating the requirement of the five additional feet. Staff recommends that the Board approve the variance. There are three standard conditions of approval. Staff recommends conditional primary approval.

Larry Leverenz called for the petitioner or the petitioner's representative.

Todd Starr, Starr Associates, 215 Alabama Street, Lafayette, explained that a few years ago, they designed the apartments, and they were able to build them, and then they began to get twelve to thirteen different tax bills, because of the different tax key numbers. This is to clean it up and only get one tax bill. The issue became the five additional feet, so we went through the Board of Works to get approval for that five-foot dedication. There is plenty of room for the city to do anything they may need to do in the future, so that is why they approved it yesterday. He offered to answer any questions.

Larry Leverenz asked if any member of the audience wished to comment on this petition. There was no one present.

Larry Leverenz asked for any questions from the commission. There were none.

Larry Leverenz called for two votes on two separate white ballots: one for the variance and the other for the conditional approval.

Kathy Lind collected the ballots and noted 6 -Yes to 0 -No for Variance approval of **S-5099 MURDOCK PLACE MINOR SUBDIVISION (minor-sketch)**.
