RE: Pavement Condition Target Performance Measures

Dear Gentlemen,

The Area Plan Commission of Tippecanoe County (APCTC) has elected to support the state toward the accomplishment of the Indiana Department of Transportation's 2024 and 2026 statewide pavement condition targets for the performance measures listed below.

- 1) Percent of Interstate pavements in Good condition
- 2) Percent of Interstate pavements in Poor condition
- 3) Percent of non-Interstate NHS pavements in Good condition
- 4) Percent of non-Interstate NHS pavements in Poor condition

All NHS routes – interstate and non-interstate – in the Lafayette MPA are under the jurisdiction of INDOT, thus there are no local projects that can contribute to NHS pavement condition.

The APCTC agrees to support the 2024 and 2026 statewide pavement targets established by the Indiana Department of Transportation that will be reported to the Federal Highway Administration. The 2024 and 2026 statewide pavement condition targets based on a certified Transportation Asset Management Plan are:

2024 Percent of Interstate pavements in Good condition – 60.00%
2024 Percent of Interstate pavements in Poor condition – 1.00%
2024 Percent of non-Interstate NHS pavements in Good condition – 50.00%
2024 Percent of non-Interstate NHS pavements in Poor condition – 1.50%

2026 Percent of Interstate pavements in Good condition – 62.00%
2026 Percent of Interstate pavements in Poor condition – 1.00%
2026 Percent of non-Interstate NHS pavements in Good condition – 48.00%
2026 Percent of non-Interstate NHS pavements in Poor condition – 1.50%

APCTC will support the pavement condition targets by asking INDOT to include the MPO in early coordination and scoping of NHS pavement planning activities, programs and projects within the MPA. The MPO Policy Board approved this action at its regularly scheduled meeting on December 8, 2022. The approved minutes of that meeting will be available upon request and on our website.

Sincerely,
