COUNCILMEMBERS PRESENT: President Bryan Metzger, Vice President Kevin Underwood, John Basham, Kathy Vernon, Ilana Stonebraker, Lisa Dullum and Roland Winger.

OThERS PRESENT: Attorney Doug Masson, Auditor Robert A. Plantenga, and Recording Secretary John Thomas.

I. PLEDGE OF ALLEGIANCE

President Metzger called the meeting to order and stated that the Local Income Tax portion of the meeting will be heard before the Auditor’s report and then led the Pledge of Allegiance.

II. LOCAL INCOME TAX FOR PUBLIC SAFETY

Resolution 2019-18-CL – To introduce and cast the votes of the Tippecanoe County Council in consideration of the Tippecanoe County Income Tax Council Ordinance to add a public safety allocation rate to the Local Income Tax (LIT) Rate.

- Councilmember Underwood moved to approve Resolution 2019-18-CL as presented, second by Councilmember Basham.

Lafayette Mayor Roswarski spoke in favor of the Local Income Tax for public safety. Stating that in this community we look at issues and problems and search for opportunities to work together to find solutions; be it infrastructure, economic development or quality of life. It takes all those to have a strong growing community. Lafayette Police Department’s Analysis and Response Center (ARC) has been able to evaluate policing needs, generate solutions and better address and reduce crime. It is important to pass the LIT for the safety of the community and to show support for those police, fire and emergency service men and women that risk their lives to keep us safe. He is extremely confident that it will pass the Lafayette City Council and we will again work together to address our common needs. He thanked the Council and requested their support.

Sadie B. Harper hopes the Council will support this cause because we have good leadership in this community. She is here today representing the NAACP and herself as a personal citizen and hopes the Council will support such a great cause.

Councilmember Stonebraker stated that Council’s responsibility is to look at financial opportunities and risks. Law enforcement does a great job and has made a good case for their growing and changing needs. Tippecanoe County has one of the lowest tax rates and she is concerned about the adequacy of public safety funding given that most other large communities in Indiana have adopted the public safety tax. She wants the public safety tax to be used for its intended purpose and expects to see that reflected in the 2021 budget. She is willing to vote for the tax and feels that adopting it now makes most sense. She is overwhelmed by the support for law enforcement and impressed by what all the public safety departments accomplish and looks forward to the positive effects of the change.

Councilmember Dullum is impressed with the Sheriff’s departmental professionalism and dedication to the County. Since joining the Council, she has seen how the courts, community corrections, veteran court and juvenile justice system have helped people and improved the criminal justice system. However, it is hard to do that without adequate resources, so she supports the tax.

Councilmember Vernon is not for tax increases, but this is a tax that will help all the community. It is a shame that we are at this point, but we must take care of the people who are taking care of us. She hopes the funds will not only increase staff levels but also help prevent and stop the cycle. She supports
the tax and thanks all those who have placed their lives on the line and can say with confidence that the community really needs these additional funds.

Councilmember Underwood stated that the Council's first responsibility is to public safety and ensuring tax dollars are used efficiently and effectively. He feels that they need to move forward on the new tax.

Councilmember Basham was not in favor of raising taxes when he first learned of it but feels that it is the right thing to do. It is earmarked for public safety and nothing else. Those he has talked with, primarily the elderly, were in favor of the new tax and he supports it.

Councilmember Winger appreciates those in the room that do a job far harder than most and echoes all that has been said about public safety. He has supported the county's part in working together with the Towns and Cities to be the most special county in the state. He was elected to represent the county and is troubled by the current process for considering the public safety tax. When the County's budget requests were submitted, they exceeded the funds available with much of that coming from public safety. He presented a PowerPoint presentation about the County’s fiscal status showing: the County’s reserves at historic highs, strong growth in assessed valuation, budget requests exceeded revenues by $5 million but the budget was balanced and included 7 new public safety positions (31 new public safety positions have been created in the last four years), reserves and minimum balances that are healthy, premium health care for employees, infrastructure funding of over $3 million in each of the last three years and a fund balances of $46 million compared to our desired minimum balances of $22 million. The large cushion/contingency offers a healthy buffer. The Council needs to be careful to not spend its one-time reserves on new ongoing operating costs. The County has been committed to public safety. From 2010 to 2018, General Fund spending increased about 3.2% per year and spending on public safety was 5% per year. Thus, 60% of the new spending in the last eight years has been on public safety and it has been done with a balanced budget each year. Property tax rates have been at or below the inflation rate which means that the funding formula is working for a growing county. If the new tax had been in place this year it would have generated $3.9 million compared to the $5 million funding gap, but the County's budget is balanced without any new money. The new court, expected in 2021, will cost at most $1 million. Jail and Community Corrections expansion may also be on the horizon; however, the existing jail bond will be retiring 2021 and could be rolled over without any increase to the tax payer for a new facility. Additional public safety positions could have been created for 2020 if the approved pay increases for all employees were not as high as adopted. He feels that the Council should ensure it is squeezing every penny it can from existing sources before increasing taxes. With due respect to the Cities and Towns, the County could get by without this tax increase until another adoption cycle later this year or next.

Councilmember Stonebraker supports allocating funds to all public safety entities, including township fire departments and feels that the tax council should consider annual allocations.

Councilmember Vernon stated that a few years ago a 5-year plan was created that addressed the jail, correction officers, dispatch and merit deputies. She feels the need is already well documented and that the needs cannot be met without the new tax.

Councilmember Winger stated that the jail study was based on national averages for number of deputies needed and salaries that do not really reflect Tippecanoe County's needs.

Councilmember Metzger stated that the comments he has heard have been on both sides of the issue with most in favor of the tax. There will be increasing costs for public safety as well as costs associated with the new Superior Court 7. He has worked with three sheriff's and all have worked hard given the available funds for staff and expenses, but all have expressed needs for additional staff. The County has reserves, but they can not be used for recurring costs and we work cooperatively with the Cities and Towns to address all the community needs.

Councilmember Winger clarified that the process can be initiated by any local jurisdiction and the other jurisdictions seem to have greater needs than the County.

Councilmember Metzger referred to the schedule established in the state statutes that the County is trying to comply with.
Councilmember Stonebreaker brought up the fact that the Income Tax Council is made up of just County and municipal representatives and not all taxing jurisdictions.

Councilmember Dullum appreciated the comments by Councilmember Winger and is concerned about the amount of the reserves the County has as well as acknowledges that the tax is not just for the County but addresses community wide needs.

Councilmember Basham was also concerned about the amount in reserve and feels that the County’s needs are not as great as other jurisdictions.

Councilmember Winger asked about when the Council will discuss how the Townships could disproportionally benefit from the tax.

President Metzger responded that the statute requires that the Townships apply by January 15. Auditor Plantenga clarified that for the Townships to have received funds in 2020 the Income Tax Council would have needed to adopt the tax by September 1.

President Metzger clarified that funds distributed to the Township comes off the top before distribution to other jurisdictions.

President Metzger asked if there were any additional questions or comments. Hearing none he called for a roll call vote.

Auditor Plantenga recorded the vote:

- Councilmember Metzger Aye
- Councilmember Underwood Aye
- Councilmember Basham Aye
- Councilmember Dullum Aye
- Councilmember Stonebraker Aye
- Councilmember Vernon Aye
- Councilmember Winger No

Resolution 2019-18-CL passes with a vote of 6 - 1.

President Metzger stated that the issue will now go before the Cities and called for a five-minute recess.

III. AUDITOR’S FINANCIAL REPORT – Bob Plantenga

The 2019 financial statement shows a General Fund beginning cash balance of $10,224,887.37. The projected miscellaneous revenue, property taxes and deductions for circuit breakers leaves the total funds available of $58,639,082.37. When deducting encumbrances, the 2019 Budget and minimum balances established by Council the beginning net balance is $1,876,533.37. Additional appropriations and miscellaneous expenditures since the first of the year leave the beginning balance available for appropriations at $1,702,873.69. There are additional appropriation requests of $143,377 for today’s meeting.

The Revenue Summary shows that the taxes collected are close to what is expected for this time of the year. Intergovernmental accounts are almost 54% collected which is somewhat in line with expectations. Licenses and Permits are on target. The Charges for Services fund received a fiscal years’ worth of funds from the Sheriff for inmate housing. The overall General Fund Revenues are almost 65% which is about where the County should be.

The fund balances show: 1) the General Fund (1000) is at almost $8.5 million and most months the County spends more than it takes in with the exceptions of June and December when taxes come in. The County Self Insurance (fund 4710) saw disbursements larger than typical, but receipts were still higher and has a healthy fund total of over $8 million in addition to the $3 million Rainy-Day Fund.

At Councilmember Dullum’s request, the packet contains brief descriptions of three Funds for Councilmembers information.

IV. TREASURER’S REPORT – Jennifer Weston

The Account Balances and Interest Rates report was distributed and shows an account balance of $115,617,206.21 with total interest of $244,562.02. The EDIT Landfill investment matured this month and those funds were added to the First Merchants agreement and noted as the Landfill Closure fund.
August is the highest month for interest income. The Interest Summary shows the General Fund about where expected.

V. PUBLIC COMMENT ON AGENDA ITEMS – NONE

VI. TIPPECANOE COUNTY 2020 BUDGET APPROVAL

A. Ordinance 2019-21-CL, Fixing the 2020 Compensation for All County Officers, Deputies and Other Employees of Tippecanoe County and approving the 2020 Salary Statements and grids.

VIII. ADDITIONAL APPROPRIATIONS:

A. Public Defender – Amy Hutchison

User Fee Fund 1200

Appropriation $50,000 Other Professional Services

• Councilmember Winger moved to approve the appropriation as presented, second by Councilmember Dullum.
  This is for a professional services account from fees charged to criminal defendants to pay, if they are able, for part of their legal representation. Councilmember Winger stated that the 2020 budget shows a revenue for this fund of $70,000 which may be low if the revenue continues as it has.
  President Metzger asked if there were any additional questions or comments. Hearing none he called for the vote. Motion carried.

B. Prosecutor – Pat Harrington

Pre-Trail Diversion Fund 2560

Appropriation $8,000 Transcriptionist
$10,000 Gasoline & Oil
$5,200 Other Professional Services
$23,200 Total Requested

• Councilmember Winger moved to approve the appropriation as presented, second by Councilmember Dullum.
  This pays for increased costs which are usually supplemented half way through the year.
  President Metzger asked if there were any additional questions or comments. Hearing none he called for the vote. Motion carried.

C. Clerk – Julie Roush

Clerk Perpetuation Fund 1119

Appropriation $35,000 Part Time Salaries
$2,678 Social Security
$37,678 Total Requested

• Councilmember Winger moved to approve the appropriation as presented, second by Councilmember Dullum.
  Councilmember Winger stated that there was a balance to cover the amount.
  President Metzger asked if there were any additional questions or comments. Hearing none he called for the vote. Motion carried.

D. Sheriff – Robert Goldsmith

1. General Fund 1000

Appropriation $100,000 Health & Medical Professionals

• Councilmember Stonebraker moved to approve the appropriation as presented, second by Councilmember Dullum.
  This is part of the inmate’s self-pay issue that has been discussed over the last several months and should be near the end of the claims from the past couple years.
  President Metzger asked if there were any additional questions or comments. Hearing none he called for the vote. Motion carried.

2. Misdemeanant Fund 1175

Appropriation $47,991 Other Supplies

• Councilmember Stonebraker moved to approve the appropriation as presented, second by Councilmember Basham.
  Councilmember Winger asked if this is the fund that is split with Community Corrections? Sheriff Goldsmith stated it was and will be used for supplies (uniforms, mattresses and food).
  President Metzger asked if there were any additional questions or comments. Hearing none he called for the vote. Motion carried.

E. Community Corrections – Jason Huber
1. Misdemeanant Fund 1175
   Appropriation $47,991 Other Professional Services
   • Councilmember Stonebraker moved to approve the appropriation as presented, second by Councilmember Underwood.
   Director Huber stated that most of the funds is lease payments for fleet vehicles.
   President Metzger asked if there were any additional questions or comments. Hearing none he called for the vote. Motion carried.

2. Salary Statement $37,490 Secretary, New Position Comot III
   • Councilmember Stonebraker moved to approve the salary statement as presented, second by Councilmember Underwood. Motion carried.
   Director Huber stated that two part time positions were eliminated, and this full-time position was created and paid through user fees.

F. Weights & Measures – James Wolf
   General Fund 1000
   Appropriation $7,468 Salaries & Wages / Full Time
   $572 Employee Benefits / Social Security
   $837 Employee Benefits / PERF
   $8,877 Total Requested
   • Councilmember Underwood moved to approve the appropriation as presented, second by Councilmember Basham.
   This pays for the vacation and holidays that were paid out when the last inspector retired.
   President Metzger asked if there were any additional questions or comments. Hearing none he called for the vote. Motion carried.

G. Assessor – Eric Grossman
   Sales Disclosures Fund 1131
   Appropriation $18,000 Travel & Training
   • Councilmember Basham moved to approve the appropriation as presented, second by Councilmember Vernon.
   The request was to have continuing education instructors come to the County instead of sending employees to statewide training sessions at conferences. This would allow for better training at less cost. There was much discussion of what category the funds should be transferred to and several issues with the current training opportunities for continuing education and certification by the Department of Local Government Financing. After additional discussion the request was withdrawn.

H. Health – Amanda Balser
   Donation Fund 4118
   Appropriation $1,400 Other Professional Services
   • Councilmember Underwood moved to approve the appropriation as presented, second by Councilmember Stonebraker.
   This is for the Wellness Committee and the County’s team for the Spartan Race.
   President Metzger asked if there were any additional questions or comments. Hearing none he called for the vote. Motion carried.

I. Highway – Stewart Kline
   A. Project Revolving Fund 4880
      Reduction $300,000 Street Materials
      • Councilmember Basham moved to approve the Reduction as presented, second by Councilmember Vernon.
      This is for a reduction from a materials account in the TIF fund and an increase in the Professional Services within the TIF. Current TIF projects are the design of Bridge #32 (Haggerty Lane) over a branch of the Wildcat Creek, construction of CR 450 S from US 52 to Newcastle and finishing up the final payments for Concord and CR 430. This just moves funds from un-needed materials to Professional Services where the bills currently are.
