Town Twenty-three (23) North, Range Four (4) West, being 80 Acres
Sold by Jesse Lutz to Isaac Wiggins, and Surveyed in the presence of the latter.

March 9th, 1865
P.C. Vincent b.s.

Jas. H. Niles Made survey of 10 Acres off the North End of the "b" b.s. of Section Town 4 Range 24 as above sold by Jesse Lutz to Dancy Pearson. P.C. Vincent b.s.

Note - In this survey I found two rapids and distinct points fixed on a line of fences which I made charts for the corner pegs leaving between the old corner of section 44 West smile.

The one made by Mr. Simmons b.s. the other by Mr. Smith b.s. All corners remaining on the line accepted the North of said Section 4. Finding the corner as located by Mr. Smith to be incorrect, I moved the same point from the other. Accordingly I re-located it as the true corner and made the survey in conformity therewith.

March 22, 1865
Made survey of East part of said 10 acres foregoing to the North part of corner 4 as one on flat running parallel with the East and South lines of the 44th W.T.

P.C. Vincent b.s.

September 25, 1845

P. C. Dawson

[Diagram of land plot with dimensions and measurements]
This is a survey of part of the first lot of the S.E. fractional quarter of Section Thirty-One from Secant Thirty-One (33) North Range Three (3) West, which is part of the S.W. 1/4 26, R.R., made at the instance of John McMillan & Co. Conveyed to Matthew H. Harder.
Oct. 31, 1886

R.L. Bantow, S.D.

Surveyed the tract of 12.42 acres lying between the railroads, the same being conveyed by the McMillan Co. to Isaac Rice. In the survey 10 feet were allowed from the center line of the S.W. 1/4 R.R., but measurement was made to the nearest edge of the S.W. 1/4 R.R.

Corner 1 is 161.0 feet east from the N.W. corner of the first lot of the first section. East to the south line of the tract at 161.0 feet from the first section.

R.L. Bantow, S.D.

In the survey of the tract between the two railroads, 36.6 feet left from the center line of the S.W. 1/4 R.R., it was subsequently determined that the center line of the S.W. 1/4 R.R. was 22 feet west of the S.W. 1/4 R.R. The distance is 197.7 feet.

Corner 2 is on the S.W. 1/4 R.R. at the above distance from the S.W. 1/4 R.R.

Corner 3 is 161.0 feet west from the N.W. corner of the first lot. East to the south line of the tract at 161.0 feet from the first section.

Corner 4 is 36.6 feet from the south line of the tract.

Corner 5 is 187.7 feet from the south line of the tract.

343

The survey has been made according to R.L. Bantow, S.D.
Plat of Surveys in the 3d Quarter of Section 37, Town 36, Range 8W. That part of plat marked "City Farm" is of a survey made by J. P. Street, which J. P. Street, has been recorded. That marked "Great Lots" was made for some one else on this day.

The corner at the center of the section I placed as latitude east, noted by a Simmons before I, for want of which see North A, page 219, both notes being found, although placed by a different party considerably further.

October 26, 1866 - J. J. Street

Nov. 17, 1873 - Subdivided the N. W. 1/4 of Quarter Section, represented in the plat and located Cones 11 & 12, given at the instance of Mrs. H. Street.

For location of Cones 6, 7 & 11 see deed on page 57.

J. J. Street
Plot of survey in the S. of Section Seventeen and the N.E. of Section Twenty six of Town Twenty-one (21) North, Range Three (3) West. Made at the instance of Philip McCaulay. The lot marked "YH" was by him sold to -- landowner Y is bounded as follows:

Beginning on the East line of the S. E. 1/4 of Sec. 17, at a point 886.19
Chains North of the S. E. Corner thereof, - 30th 17.38 Chs. - West, 6.89 Chos. 281.8 Chs. - East 728.6 Chs. - North 3.14 Chs. - East 8.29 Chs. to beginning point.

One acre is excepted for Grave yard. 2 1/2 of 1843 of Yorktown included.

Nov. 6th, 1865. P. B. March 6th.
Plat of subdivision of 400 Acres Tract, being a part of the N.W. of the S.W. of Section Thirty-two (32) North Forty-three (43) North Range Forty (40) West. For purpose of Tract 400 35-51-3 of this Record. Done at the demands of Michael Joyce.

Nov. 24th 1865

Thos. Wester

[Diagram of land subdivision with annotations]
That a survey of a tract of land sold by James Elliott to Isaac W. Coleman in section 7, T. 8, R. 13, W. 5, was made by old stakes found and supposed to be set in survey. Recorded in Book A, page 520. A stone was found hard to be set for section corner of sec. 7, T. 8, R. 13. Out from measurements made and from record referred to above it was considered 17 links to the east. Present in interest 1868.

School Lot D.R. 49. Page 572. Incorrect described as being in Sec. 20, T. 22 N., R. 3 W.
Plat of Survey made for John Nutt of the E½ of the SE¼ of Section Twenty Three (33) from Twenty three (23) North Range Twenty five (25) West. The corners previously located were found, except at the south end of the tract, where they were determined approximately for computing areas but not established.
Dec. 3, 1875
D. C. P. Lowder

March 28, 1876 Made measurement of that part of the 30.50 acres tract lying west of railway line. A. W. Cochran

34.50
47.70
77.22

77.32

Said Lot lies to the East of a 3 acre Lot owned by the L.A.H.C. Railroad Co. the line having the same bearing. For Record of deed & survey of said 3 acre lot see Records of the County Recorder (Book 37 pages 209-10) Parties in interest present.

Dec 11 1865

P. C. H. Justice C.S.
Plat of Survey made at the instance of Geo. H. Hall, in the East half of the West Half of Section Twenty-three (23) T. 3 S. R. 13 W. and Twenty-three (23) North of Range Four (4) W. - Said Plat is designed to contain 180 Acres in the S.E. NW.

The Survey is bounded on the North by the South line as above, sold by Joseph Cooper to Dan. H. Hall, 1/2 mile in the S.E. NW. Sec. Town & Range as above, sold by El. Cooper to Dan. Hall.

See page 76 of this Record. The bearing of the first line was determined by one Mr. A. found in hand on page 77 as above, though as I should judge the box is in hand.

The Record shows a plat made Nov., 1865.

P. C. Ground S. S.

Aug. 12, 1864 - I selected Corner No. 1 for blank & forever. In this manner, I found that the corner,

Survey made Nov., 1865.

Aug. 12, 1864 - I selected Corner No. 1 for blank & forever. In this manner, I found that the corner,

Survey made Nov., 1865.

P. C. Ground S. S.
Plat of Survey in the 32d & 33d S. W. of 4th N. S. of West Range 30, Mt. adjoin-  
ning the Town of Medicine. The lines run as indicated on Plat of Town 4th N.W. - S.W. -  
where the lines correspond with land lines or parallel streets. The 1st of 6.08 acres  
conveyed to J. D. Baker, the 2d of 5.30 acres to Milligan Lewis, the 3d of 3.81 acres to the  
Macklin Wall. The subdivision lines are depicted to run with the Center Line of  
Union & Division Lots Bearing 45° North. The Alley Runs 8.4. 7.40. Also Survey  
of 8.72 acres in the 62d of the 32d N.W. 3d W. Front Range as before. Surveyed as  
Description of Chimney's Plat of Bottom Lands. Adjoining the Town of Chimney, St. Vincent County Indiana.

This Plat is located in Sections 17, 19 and 20, Township 18 North, Range 3 West. The S.W. Corner of Lot 9 is 128 chains East of the N.W. Corner of Lot 20, 128 in the Town of Chimney. The E.S. Corner of Lot 13 is identical with the River Corner of Sections 17 and 19. The southwest corner of Section 17 is 1000 feet above the 1st. The line between the S.W. Corner of Section 17 and the 1st Corner of Section 18 is 1000 feet East of the N.W. Corner of Section 17. The southeast corner of Section 18 is 1000 feet East of the S.E. Corner of Section 17. The southwest corner of Section 19 is 1000 feet East of the S.W. Corner of Section 18. The northeast corner of Section 19 is 1000 feet West of the N.E. Corner of Section 18. The southwest corner of Section 20 is 1000 feet West of the S.W. Corner of Section 19. The northeast corner of Section 20 is 1000 feet East of the N.E. Corner of Section 19.

Rules of Corners:

1. South of North
2. North of North
3. South of South
4. North of South
5. East of East
6. West of West
7. East of West
8. West of East
9. South of South
10. North of North
11. East of East
12. West of West
13. South of South
14. North of North
15. East of East
16. West of West
17. South of South
18. North of North
19. East of East
20. West of West

The distance from the north corner of Section 17 to the south corner of Section 20 is 3,370.26 feet. The distance from the east corner of Section 17 to the west corner of Section 20 is 3,370.26 feet.

For Surveying of the Northeast 4

Direction of Chain Corners see page 337.
That if survey in Section Twelve (12) Town Twenty-four (24) North Range Six (6) West, Made for the Commencement of Head Kenny, I found a point located for Center of Section, I find, according to some previous surveys, the ER line through the Center falls considerably short of the North line. According to a previous survey, recorded on page 504, gains largely. This makes a very heavy land at the NE corner, with 40 acres of interior 877.5 square. It would seem that the survey of this section was made by simply projecting a Northward from the North line without the Center on the North. Dec. 1849. A. C. Brown.
Plat of a Survey in the S.E. 1/4 of Section Three (3) Town Twenty-two (22) North Range (4) by West. Being a subdivision of a tract of land owned by Eli Reed & Wm. Dayley—Including the South fractional one half of the S.E. 1/4 of the 3 containing 74.40 Acres, Original Measure, and also a part of the South fractional half of said 74.40, described as follows:

Beginning at the S.E. Corner thereof, North 48° 30' West 428.60, North 88° 28' 15" East to the Wabash River. thence North River to the S.W. Corner of the tract. thence East to thence of beginning and in land to contain 89.65 Acres. The subdivision now made on the basis of the acres as above without measurement and computing the entire area, the parties in interest, consenting to that method of subdivision before making the survey. J. W. Reed, Wm. P. Vantlinck.

Plats of Survey Made at the instance of Geo. Bowser, of the S.W. one fourth of Section Fifteen (15) Town Twenty-four (24) North, (Range) Three (3) West, March 21st 1866
P. B. Neavel 6. I.

Note - Being to an error in the numbers of lots, as furnished by Mr. Bowser, I failed to trace the tract of the Survey of the S.W. one fourth, of this Section, Made by Mr. Neavel & Platted in Page 62, by reference to which I find he locate the W. W. Line by a Distance, only as original Returns, while I found no good evidence of a survey, but as they did not agree in bearing with original Return I with the distance from each party line, this must make a slight discrepancy in the corner as located by me & the point designated by the Surveyor, as taken by Mr. Neavel.

Tack to North, Tangent Point (S 8° E), at the instance of F. F. Smith, from Johnson et al., to Samuel and Coonings W. M. Smith, for Homestead, Samuel Lutz, and John Johnson, from Samuel J. P. Kelley, Grantee of Carter's Weir, more and better described. I failed to find the original Corner where

the section lines intersect the river, & also at the S.W. of Section 33, so that the

line through said section & also the center line set by Conduit of parties, I

found the line between Sections 33 and 34 from the Corner on the South to the 

Wabash River

Neve Hawkins

Corner and as the line as I found it, had been considered the Center line for years, I felt authorized to make same change. It also appeared that the true line of Section 34, as about 5/6 of a chain, or one-tenth of the true

position of the N.W. Corner appearing, would very plainly and distinctly

from this point, the line from Said N.W. Corner, about a rood out of Corner, in running on
