March 29, 1877

P. O. Nelson, C.S.
Plat of survey made for Leon Hays, Husband of Christine Hays, and Jefferson Wells. Subdividing that part of Section Twenty-three (23) Town Twenty-four (24) North Range Three (3) West, which lies to the South East of the Toledo, Wabash and Pittsburg Railway, said land having been set apart as shown on 1, 2, and 3, in partition of the estate of David Nye, deceased. Said lot was set out as in partition, but by agreement of parties shown 2 and 3 was divided by a North and South line instead of an East and West line as defined in partition. April 3rd, 1867, P.C. Vanter C.S.
Description:

Plan of Survey made at the instance of John Stanfield Esq., setting off and subdividing the West Fraction of the South West fractional Quarter of Section Thirty-One (31) Survey Wastepipe (01) North, Wastepipe (00) East. This being only a return I felt bound to be governed by the former one, although I think all the lines into the West Fraction, instead of dividing proportionately to the two lots, the West one was determined by measuring the West line of the Section and dividing. Journal According to Law.

May 15, 1847

G. S. Beamer, E.S.

[Diagram with labeled sections and corners]
Be it known that on May the 7th 1867, I was appointed to be S. A. Monckton in behalf of himself and others to make a survey and subdivide the Sections 2 and 3 in Said County in the North, Range Four (4) west, and Whereas by reference to Surveyor’s Record, Book A, page 109, I found said sections had been surveyed and subdivided by A. H. Davids by acting as the Deputy of W. H. Davids, A. J. Farms, County Surveyor, I therefore decided that I had no authority to make any survey affecting the corners already located by said former Surveyor and to the written consent of John and every person not owning lands within said sections, And be it known further that thereon on or May the 7th 1867, said S. A. Monckton did deliver to and hand over to the present land owners within said sections which consent was in the words following: —

"Wheareas, on the 18th and 13th days of October 1865, Section 2 and 3 in Said County in the North Range Four west, were surveyed and subdivided by A. H. Davids, Deputy Surveyor, for Record which see Book A of Surveyor’s Record, page 109, and Whereas there is some dissatisfaction in reference to location of some of the corners, therefore to the present land owners in said Sections hereby consent to a re-survey of the same.

May 7th 1867.

Terms in the State Court, made at all corners. Signed.

A true copy of the foregoing was read at all corners. Signed.

A true copy of the foregoing.
Know corners by which I was governed. I must proceed to determine the outlines of said sections, in doing which I found corners established at the South East of Section Five (5) and the South West of Section Three (3). I also found that the South and South lines ran short of the original measures very largely, and finding no satisfactory evidence of the original half mile corners I divided the gap among the several tracts proportionally, and established accordingly. As per plat and record below. John Snyder and Albert Rain Brahmuns.

P.C. Valentine G.S.

Stones in the stake are beneath, more set at all corners except 23, and some that smaller stones common around.
Plat, on page opposite of Subdivision of that part of Section Six of Burnett's Reserve, below the mouth of the Upper Canyon River, from Twenty-five (25) South, Range Five (5) West, which lies to the Southeast of Burnett's Creek, said tract being described by Wm. Davis, Beaver, to the Catholic Church, Survey made at the instance of Buff and Langdon, Attorney's for the Church.

In consequence of high water, Burnett's Creek could not be measured, and in extending the area of lots along the creek, the according on Seventy-five feet, on page 174 was used. Corner 18 of this plat falls between Congs. V and 8 of plat on page 174, Distance 7.30, being 7.30 feet. Corner 13 falls between Congs. 7 and 8, Distance 1.72, being 1.72 feet. Survey made June 24, 1870.

P. H. Martin, S. G.

Plat of Survey made at the instance of Henry Cray for the Shores of Richard Reed in the Martin Estate.

Plotted to part of N. Y. 97 1/4 of the S. E. 1/4 of Section 21 (2) in township Twenty Three (23) North, Range Twenty (20) West.

Note: This survey was made in accordance with the partition, but it was subsequently shown that Jacob Thomas owned, instead of the eighth of the West 1/4 of the South East 1/4 of this section, 20.384 Chains of the North East 1/4 of the South East 1/4 of the survey of the Reed.

Survey was so changed. See page 457 of R. C. Dexter 46.

West to the North West corner of the Section and East the one
South establishing corner 4 by intercession with Reserve Line.

Witness: Arnold George Walker Chamberman, Mrs. Reed Flanagan.

June 32nd, 1868

P. C. Jordan, J. S.
Plat of Survey made at the instance of Jacob Felix. After legal notice being given to interested parties, except John Wojzenor, who was present and contesting - in the north half of section thirty-four (34) town twenty-four (24) range one west (1W) first addition in the SW corner of the W. E. quarter of section thirty-four (34).

Not signing the original witnesses, I located the NW corner of the section (34) by measurements from the east half mile of the SE corner - the north half mile by measurement from the NE corner to section corner - and the east half mile by measurement of the same with signs of George Stumphs Corrponding Thereto, Samuel Wojzenor & Frank Hames, commissioners, John K. Pooking, Plagman & Jacob Felix, Assessors.

June 14, 1885. - P. C. Vanter, C.S.
Diagram of Survey made at the Instan of Ephraim Prichard in Section Thirtyfive (35) Town Derrythine (96) North Range Third (3) Part
The Witnesses to the North half mile and South West Corner of the East
being entirely gone, I made Measurements from the North East Corner
of the West Half mile Corner & having thus determined the South West Corner
of the Section, made Subdivisions according thereat - Henry Batthome
& Consenting - Nathan Miller & Daniel Rich. Chauncey

Plotted 25th 1868 P. H. Van Vactor C.S.
Feb. 14th 1870 - Subdivided the West half of the North West Corner of Section Thirtyfive (35) as shown
A. H. Vicent (7)

### Corners

1. W. 4th S. 26' W. 218
2. M. Temple S. 48' E. 227'
   N. Colby 82' 34' 41" W. 76'
3. B. Oak 24' S. 17' 10" S. 40'
4. E. Oak 82' 56' W. 27'
5. N. Balley 21' 11' N. 273
Plat of Lot No. 3 taken at the instance of Ben. A. Blizzard of Portage County, 71 acres off of the South East Side of a tract of three hundred and fifteen acres off of the South West Side or End of Section One of Burnett Reserve below the mouth of Popplestone River formed by both Range 3 West. For survey of Said 71 Acres by Surveyor's Board A page 357 - Chauncey Jukes and John Smith Channon - June 1872 1861 P.C. Vaunt C.S.

May 26, 1876 Made survey in the location of the remainder of the 71 acres above referred to after setting off 91, 50 by east from thence S. E. B. Blizzard. Thos. M. Thomas three commissioners acting as commissioners. In this survey we followed the banks of the second, the Old Channel of the river as set in the present water line which accounts for the difference in measurements noted of 5.5 acres on the same line in the two surveys.

P.C. Vaunt C.S.
