Plat of Survey made at the instance of Thomas Earl of 48 Acres exclusive of Railroad grounds, 6th of the North End of the East Half of the South West Quarter of Section Four (4) Town Twenty-two (22) North Range Three (3) West. I found at Comer the line marked as Comer First, as recited by John Leesing thereon, but said Comer is about six feet South of a right line from east to west 1/4 mile Comers. I established the center by crossing lines from all四周 Comers and without regard to the position of the other said Comer Avenue. I also found a Comer made by John Leesing at its three, which marks the bend to the Railroad in the west line of said Grant.

Plat of Survey made at the instance of James Hineckly for the purpose of dividing
lotting the Comers of Sections 33, 34, 35, and 36, Town Twenty-third (23), South Range four (4)
West, and also the South West Comer and the South and West lines, of the
East half of the North East quarter of said Section Twenty-three (23).

The witnesses to said section Comers being entirely gone, I've located it by projecting
a line from the Y north Comer of Sections 35 & 36, over the Comers found located equidistant
from said Y north Comer, and said section Comers, locating said section Comer as far south for
said equidistant Comer as I found by measurement said Y north Comer to be north
therefrom. Andrew Halpin & Charles Alspaw, Chainmen.
