RIVERSIDE PARK AND FARM.

In this desirable property are thirty-one lots (of various sizes—the largest containing two acres each,) including those on the river front, and on Observatory and Terrace Avenues.

There are also acres in cultivation, - -	62.35	
and timber, - - - -	12.00	
Making together, acres, - -	——	74.35
Adjoining on the north and for sale with this farm, are		
the Martin timber, acres, - - -	84.89	
and the Foresman timber, - -	5.60	90.49
All the tracts making a farm of acres, - -		164.84

Hence Northward are 90.45 acres timber.

Say one hundred and sixty-four acres.

On the $74\frac{35}{100}$ acres are two farm houses and other improvements.

RIVERSIDE PARK

is a choice combination of shore and upland; the soil is unusually fertile, while the views from the heights are unsurpassed in beauty and extent, embracing the river valley, the city of LaFayette, the Old Chicago Road, (uniquely picturesque), the Battlefield of Tippecanoe, and the charming scenery surrounding these historic spots.

The Riverside Garden and Promenade

(conducted by gentlemen who have purchased the same from the undersigned) is a delightfully-shaded resort, which affords an easy escape by boat or carriage from the heat and dust of the city, and which, with its new hotel, and regatta, and romantic vicinage of river and woodland on the north, and crowning heights on the west, holds out first-class attractions to families, invalids, picnic and camping parties, and permanent residents.

For maps, terms and prices, apply in person or by letter to the proprietor.
