Plat of Survey made at the instance of J.H. Hall as Guardian of the Children as heirs of Frances Heath deceased, of the North West Quarter of Section Thirty-four (34) in Township Twenty-three (23) North Range Four (4) East. I found a stone located midway on the North line claimed to be the dividing corner, the same having been recognized as the corner by the owner of lands on the North for fifteen or twenty years, as I recognized it; but by inspection of Course indicated on the Plat, it will be seen that this is quite a bend in the line at said corner.

May 17/66
I surveyed lot 106, 107, 108 at instance of Mary Good, owner of same. I measured 10 days, noted and staked same. I have visited the premises, placed monuments, and staked the same.

I found a house on this lot, also a foundation on the same, with a large, good-sized barn, also found in the rear. The barn is on the south side of the lot, and the house is near the west line, east of the barn. All corners of lot 106, 107, 108 are marked.
