

## MINUTES OF THE TIPPECANOE COUNTY DRAINAGE BOARD SEPTEMBER 7, 1971.

The minutes of the regular meeting of the Tippecanoe County Drainage Board held in the Commissioners Room in the Court House at 9:00 a.m., on Tuesday, September 7, 1971.

- Present at Meeting Those present at the meeting were: Bruce Osborn, Dale Remaly, Edward Shaw, Dan Ruth, Dick Donahue, John Garrott, Larry Clerget, Byron Parvis, Gladys Ridder and Ruth Schneider.
- Minutes Approved Upon motion by Bruce Osborn seconded by Dale Remaly the minutes of the August 3, 1971 meeting were approved as read.
- Ditches Referred to Engineer Upon motion by Dale Remaly seconded by Edward Shaw the Board referred the following ditches to the Engineer to prepare for a maintenance report. Floyd Coe (Lauramie Township), Marian Dunkin (Jackson and Wayne Townships), John McCoy (Wea Township).
- Kepner Industrial Tract Mr. Ruth, Drainage Board Engineer, stated on August 5, 1971, Mr. Paul Hamman was in the office with regards to the Kepner property east of town. At that time Mr. Ruth stated, he told Mr. Hamman that a 60 inch pipe would be adequate in the area of the Kepner land if the other recommendations of Dr. Spooner's report were followed.
- Engineers Request Mr. Ruth suggested to the Board that one month we have a meeting but no public hearings. This was done so that we might catch up on uncompleted work. He preferred the month of December. The Board agreed to the suggestion and gave approval.
- John Dooley Maintenance Hearing 1:30 Those present for the maintenance hearing of the John Dooley Ditch were: H. Spencer Congram, Lawrence Treece, William P. Martin, Charles Brown, Iness L. Brown, Chester W. Dill, and Mr. and Mr. Keith McMillin. The engineer opened the hearing by reading the Engineer's report. Mrs. Keith McMillin and Larry Treece were the main objectors and spoke for the rest. They asked the Board not to establish a maintenance fund but to grant them a continuance without date.
- Replacement of Board Member Dale Remaly havein previously disqualified himself to serve in the proceedings concerning the Elmer E. Thomas Ditch and said fact having been duly certified to the judge of the Tippecanoe Circuit Court by Gladys Ridder, Board's Executive Secretary and Warren B. Thompson, Judge Tippecanoe Circuit Court having duly appointed Claude Acheson to serve as a special member of the Board in all proceedings concerning the Elmer E. Thomas Drain. The certification and order of appointment being shown in Judges Journal 138, at page 17, in the records of the Tippecanoe Circuit Court. Claude Acheson appearing is sworn and undertakes his duties and obligations as a member of the Tippecanoe County Drainage Board in the proceedings concerning the Elmer E. Thomas Ditch.
- Elmer E. Thomas Maintenance and Reconstruction Hearing 10:30 The engineer opened the hearing on the reconstruction report by explaining the plans and leaving the meeting open to a question and answer period. Those in attendance were: Dale Remaly, Roy Smith, Robert Gross, Dave E. Gross, Charles Scowden, Katherine and B. Norman DeBoy, Hazel Holmes Gephart, Lawrence Krug, C. Jeanette Dodson, Francis E. Ziegler, Marjorie A. Connolly, Nancy J. Keller, Floyd Lamb, Lucille Banes Williams, Patty W. Garrott, Chester S. Yerkes, R. J. Baker, E. E. Franklin, R. D. Franklin, E. L. Bryant, C. E. Floyd and R. D. Sterrett, of the State Department of Natural Resources, Robert Gross said if the engineer would promise him that the area would be drained and that it would take care of the spring water (that area has several springs) that he would definitely before it. Both Mr. Ruth and Mr. Martin assured them the plans were designed to take care of surface water and it would be up to the individual to see that his own spring water found its way to the drain. Floyd Lamb asked the Board to take his land out of the drainage area for he was sure none of his ground drained that way. The Engineer said he would check it and then inform him of his findings. After lengthy pro's and con's the Board decided to continue this hearing upon motion of Bruce Osborn, Seconded by Ed Shaw, they moved to continue this hearing at 9:30 a.m., on December 7, 1971. Mr. Remaly said if this area was not drained now he felt the situation would continue to get worse and eventually be a health hazard. Mr. Barnett felt if this land was properly drained it could be very valuable.
- Harrison B. Wallace 11:30 At 11:30 a.m. the engineer opened the hearing on the Harrison B. Wallace ditch by reading his report on the condition of this drain. Those in attendance were: Fred B. Pell, Lloyd Howey, representative of Home Investment Company, Inc.; Mrs. C. L. McCorkley, Mr. and Mrs. Harold Freed, and Roy A. Smith. Both the Howey's and the Pell's felt their acreage was in error and that they were double assessed, so the Engineer said we would check the records to see if this were true and notify them later. It was noted that some had taken beautiful care of their ditch while others had done nothing and that it wasn't quite fair to have to charge them all the same with the ditch in such good condition in some parts. The Board agreed to lower the assessment from \$1.00 to \$.75. Upon motion by Bruce Osborn, Seconded by Ed Shaw the maintenance fund was established.
- Mr. William K. Schroeder came to the Board with a personal problem between he and his neighbor and the Board took no action for this was not under their jurisdiction.
- The engineer opened the hearing on the Waples-McDill Drain at 1:30 p.m. by reading to the Board his recommendation. Mr. Floyd Wilcox came in prior to the hearing and ask the Engineer to check his acreage. In

Waples-McDill 1:30 doing so Mr. Ruth corrected the acreage in Section 16 from 120 acres to 40 acres due to a private ditch that drains the balance. Those attending were: Floyd Wilcox, Orville J. Parvis, Gladden Skinner, Ken Rauch, and Velma Brown. No objections had been filed so by motion of Bruce Osborn, seconded by Dale Remaly and made unanimous by Ed Shaw the sum of \$1.00 per acre was established.

Informal Meeting The engineer opened the informal hearing of the Train Coe Ditch by informing the Board that he felt the Train Coe Ditch could be reconstructed for not more than \$17.50 per acre.

Mr. *Cruik* informed the engineer that he had talked to Mr. Barton Maxwell and as he had quoted a good price for the installation of tile ask that a tile ditch be considered rather than an open ditch. He was informed that if there was any indication that a tile drain might be economical it would be given ever consideration.

The engineer told those in attendance and the Board that he would prepare plans and specifications and hold a public hearing; said hearing be perhaps early spring.

Upon motion be Bruce Osborn, seconded by Dale Remaly the Board adjourned.

*Bruce Osborn*  
Bruce Osborn, Chairman

*Dale Remaly*

*Gladys Ridder*  
Gladys Ridder, Secretary

The minutes of the regular meeting of the Tippecanoe County Drainage Board held in the Commissioners Room in the Court House at 9:00 a.m., on Wednesday, November 3, 1971.

Present at Meeting Those present at the meeting were: Bruce Osborn, Dale Remaly, Edward Shaw, A. D. RUTH, Jr., Dick Donahue, John Garrott, Larry Clerget, Ken Raines, Norbert Karty, Gladys Ridder, and Ruth Schneider.

Ditches Referred to Engineer Upon motion by Bruce Osborn seconded by Dale Remaly the Board referred the following ditches to the Drainage Engineer for preparation of a maintenance fund: Michael Binder (Shelby Twp.). Elliott Ditch (Wea and Sheffield Twps.) and Jacob May (Wea Township).

Engineer's Specifications for Bids The Engineer submitted his specifications for bids to be let on December 1, 1971 at 1:00 p.m. on labor, equipment, and supplies to be used by the Drainage Board in Maintenance of the ditches whose maintenance funds have been established and monies available.

9:30 a.m. Hearing on John McCoy Ditch The Chairman opened the hearing on the maintenance fund of the John McCoy ditch by asking the engineer for his report. A correction was needed on the acreage of the John Purdy farm and upon the recommendations of the engineer the Board so corrected the old assessment list from 160 acres to 120 acres in the McCoy watershed area. The balance is in the O'Neal watershed. Those attending were: William Schroeder, William P. Martin and Julian E. Thompson.

Mr. Martin recommended in the future maintenance on this ditch try to take care of surface water and help remove the ponding problems.

Mr. Ruth said an open waterway which was not a part of the legal drain would not be a part of the legal drain, and would not be part of the maintenance of the ditch.

Upon motion by Bruce Osborn, seconded by Edward Shaw the maintenance fund of \$1.00 per acre was established.

Order and Findings The Board signed the order and findings and certificate of assessments on the John McCoy ditch after the hearing that established this fund was completed.

10:30 a.m. Hearing on Floyd Coe Ditch The Chairman opened the hearing on the Floyd Coe ditch maintenance fund by asking the Engineer to read his report.

Those attending this hearing were: E. L. Bible, Mr and Mrs. Fred Stewart, Henry and Elizabeth Ortman, Robert W. Kirkpatrick and Betty H0wey.

Mr. Ortman was much in favor of the fund being established although he had no water problems of his own he felt others at the lower end were disadvantaged with his water. (There was much disagreement on the part of Mr. Kirkpatrick and E. L. Bible against establishing a maintenance fund.) Mr. Kirkpatrick even suggested abandoning it. The Board asked them to talk with their neighbors and come back next month. The Chairman

said we would send out notices to everyone in this watershed area informing them of the time and date of a new hearing and ask them to consider the suggestions of lowering the rate or abandoning the drain.

Hearing adjourned.

1:30 p.m.  
Hearing  
on  
Moses Baker  
Ditch

At 1:30 p.m. the Engineer opened the hearing on the Moses Baker ditch by reading his report on the condition of this ditch to the Board. Mr. Norbert Korty sat in as a member duly appointed to take Bruce Osborn's place.

Those attending this hearing were: John Skinner, James F. Leamon, F. Elmer Burton, Harry Bowerman, Paul B. Leamon, Lloyd Maguire, Edith Sheese, Lee Sheese, Henry Ortman, Hobart Swanson, Arthur D. Waddell, Robert M. Sears, Mrs. Oakley McClain, Mrs. Lawrence Smith, Alameda McCollough, Floyd Kemper and Robert Nelson.

There were many signers of an objection against establishing this maintenance fund but most valid objections were against paying \$1.00 per acre on Swanson and Platt Ditches, then \$1.00 again on Moses Baker. They felt their acreage should be based on a percentage of the amount of the Moses Baker Ditch that they used.

After the discussion concerning landowners on one Legal Drain which is a part of a larger Legal Drain being assessed the full amount of the larger drain the engineer made the following recommendation: When the land on one legal drain that empties into a larger legal drain and is a part of a larger drain area has had a maintenance fund established and the drain that serves it directly is then assessed on the larger drainage area the assessment shall be made in the following manner:

Where ditch "A" empties into ditch "B" land which has been assessed on ditch "A" shall be assessed on ditch "B" in proportion to the length of ditch "B" which is used by water coming from ditch "A". If ditch "A" enters ditch "B" in the first 10% of the length of ditch "B" the land on ditch "A" will pay 10% of the unit assessment of those on ditch "B". If ditch "A" enters ditch "B" at a point between 10% and 20% of the length of ditch "B" the land on ditch "A" will be 20% of the unit assessment of those on ditch "B". This procedure would be used to determine the assessment of any legal ditch being assessed as part of another legal drain. However, if ditch "A" enters Ditch "B" at a point where it uses 75% or more of Ditch "B" the land on ditch "A" will pay a full assessment.

EXAMPLE---

Major Ditch 6000 feet long

Ditch "A" enters major ditch 4000 feet from drain outfall.

Ditch "A": uses  $\frac{4000}{6000} = 66.7\%$  of major ditch.

Land on ditch "A" would pay 70% of assessment of those who are assessed directly on major ditch.

No assessment is to be less than the minimum (\$3.00) set by law.

The Board approved the recommendation by the engineer.

The Board asked that each landowner bring their part of the Moses Baker ditch into a clean and well maintained condition and then come back when it was finished and if the Board and Engineer felt that their job was well done they would then consider a much lower figure.

Upon motion by Ed Shaw seconded by Norbert Korty the hearing was to be continued on January 2, 1973.

Twyckenham  
Estates  
Subdivision

The statement was made by Mr. Ruth that additional effort was made this past month to protect Elliott Ditch from having to carry too much water in times of rain by meeting with officials of John E. Smith Enterprises to discuss the storm water run-off of Twyckenham Estates Subdivision. The result of this meeting is the letter set out below which was forwarded to the Area Plan Department and John E. Smith Enterprises, Inc.

Tippecanoe County Area Plan Commission  
Court House, Lafayette, Indiana

Gentlemen;

This is to report a discussion held on November 1st, 1971 in the offices of John E. Smith Enterprise, Inc. concerning the storm water and sub-surface drainage in the Twyckenham Estates subdivision.

At this meeting, which Mr. Smith and Mr. Hilligoss plus others of his organization were present, it was agreed that (1) when the area was developed, water would not leave this area at any greater rate or in any greater volume than at the present time, and (2) the legal drains would be intercepted at the subdivision boundaries and carried through the subdivision and emptied out in the location where they now leave this area.

The plan presented was adequate and satisfactory to control the water and meet the requirements set out by the Drainage Engineer. However, the problem which must be solved is to assure that the procedures and plans set out are carried out.

If I can be of any further assistance I would be more than happy to do so.

Very truly yours,

/S/ A. D. Ruth, Jr.

A. D. Ruth, Jr. Engineer PE 6343  
Tippecanoe County Drainage Board

ADR/gr

Upon motion by Edward Shaw, seconded by ~~Mr. Koontz~~, the Board adjourned.

MINUTES OF THE TIPPECANOE COUNTY DRAINAGE BOARD DECEMBER 1, 1971.

The minutes of the regular meeting of the Tippecanoe County Drainage Board held in the Commissioners Room in the Court House at 9:00 a.m., on December 1, 1971.

Upon motion by Dale Remaly, seconded by Edward Shaw the Board approved the minutes of the November 3rd meeting as read.

Present  
at  
Meeting

Those present at the meeting were: Bruce Osborn, Dale Remaly, Edward Shaw, Claude Acheson, Dan Ruth Jr., Richard Donahue, John Garrott, Larry Clerget, Gladys Ridder, and Bill Martin.

Ditches  
Referred to  
Engineer

Upon motion by Bruce Osborn, seconded by Dale Remaly the Board referred the following ditches to the Engineer to prepare for a maintenance fund: George Ilgenfritz, Wea & Sheffield Townships, William A. Ortman, Wea Township, John L. Hoffman, Perry Township, William A. Stewart, Perry and Washington Townships and Calvin Lesley, Perry and Washington Townships.

9:30 a.m.  
Hearing  
on  
Elmer Thomas  
Ditch

The hearing on the Elmer Thomas Ditch was opened by Dan Ruth the Engineer. Those attending said meeting were as follows: Floyd Lamb, Lucille B. Williams, Hazel Holmes Gephart, Francis E. Scowden, Charles R. Scowden, Kathryn DeBoy by Norman DeBoy, Marjorie A. Connelly, Lawrence Krug, Francis Zeigler, E. E. Franklin, Curtis Vanderkleed, Robert G. Gross, Janet M. Buker, Robert Franklin, Dorothea M. Franklin, Edward L. Bryant, Martha R. Yerkes, Chester S. Yerkes, Forrest Williams, Patty Garrott, Dale Remaly, Bill Martin. Mr. Buker, showed slides of the area involved and Mr. Bill Martin of the SCS office explained the involvement of his office in this project. The question was again raised as to whether Mr. E. E. Franklin's dam in the Harrison Creek, into which the Elmer Thomas ditch empties, changed the water flow enough to cause the ponding. Also the information from the Dept. of Natural Resources could find no permit having been given to build the dam in the first place and said they would check further. Also the Engineer said he still needed a few answers and told some of the members he would go out and walk the area with them.

Changes  
in  
acreage

He had checked elevations on Mr. Marjorie Connelly's, Mr. Alice Halstead's and Lawrence Krug's property and recommended the Board change their acreage. The Board so moved. The acreage changes are as follows: Connelly's 11.80 acres to 1.50 acres; Halstead's 2.69 acres to no acres; Krug's 19.79 acres to 3 acres.

The Board then moved the hearing be continued until February 2, 1972, as Mr. Shaw said he felt he could not vote intelligently on this project as yet. As this hearing continued on into the time allotted for others the motion by Edward Shaw, seconded by Claude Acheson to adjourn was made unanimous by Bruce Osborn.

Hearing  
on  
Floyd  
Coe  
Ditch

Bruce Osborn, Chairman of the Board opened the hearing by asking the people present namely: Albert Kochert, Mabel Hault, Mary C. Bocher, V. L. VanAsdall for N & W Railway Co., Betty Howey, and Robert Kirkpatrick if they had made any decisions since their first hearing. Mr. Kirkpatrick said he could speak for about fourteen of the thirty in this watershed area. When asked if they still wanted the Board to abandon their drain they said definitely not but didn't want a maintenance fund established at this time. The Board moved to give them a year and then they would have to do one or the other.

Upon motion by Bruce Osborn seconded by Dale Remaly this hearing was tabled until the December meeting of 1972.

Hearing  
on Oshier and  
McFarland  
Ditch

The meeting was opened by the Drainage Engineer explaining to those attending the maintenance hearing on the McFarland-Oshier Branch of the three alternatives they could take in determining the water shed area of these two ditches. Those attending were: John VanHoy, Lynn P. Hawkins, Merrill McCahan, I.J. Pflug by William Rowe, and Mark Briar.

Those on the Oshier Branch wanted to be a separate legal drain and said they would assume the care of the short length of ditch that they use jointly with the McFarland people. The Engineer made it clear that the Oshier Ditch to be a legal drain would only be the main channel as designed by the SCS Office and not any of the laterals.

The Engineer told the Board he would write a new legal description for both ditches if all concerned wanted to remain separate. The Engineer also recommended a change in acreage \*\*

Upon motion by the chairman, seconded by Mr. Shaw the Board moved to make the Oshier Ditch a legal drain and to establish a 50¢ per acre maintenance fund on both ditches outlining the water shed area per the Engineers new description.

Order and  
Findings

The Board signed the Order and Findings and certificate of assessments on the Oshier and McFarland Ditches.

\*\*\* in the Anna Pearl Boesch property from 60A to 45A.

Opening  
of Bids

At 1:00 p.m. the Chairman of the Board opened the bids received from the fill dirt, back hoe, cement tile, corrugated metal pipe and drag line.

DRAG LINE BIDS:

- \* Fauber - Small Lima Crane with operator & helper --- \$ 33.00 per hour
- Davis - Northwest, Model 41 with operator & helper---\$ 45.82 per hour

BACK HOE BIDS:

- \* Davis - Model 450 - 6.0 cu. ft. bucket, reach 13.8 feet ---\$29.85 per hour
- \* Cohee - 580 Case - 36" or 24" bucket, reach 14 feet -----\$22.00 per hour

FILL DIRT BIDS:

- \* Davis - 50¢ per cu. yds + 8¢ per cu. yd. per mile

METAL PIPE BIDS:

Young Metal Products Co. (Ladoga)  
Logansport Metal Culvert Co.

It is my recommendation that the bids with the \* adjacent to them be accepted. In the case of the metal Pipe Bids it is my recommendation that both bids be accepted.

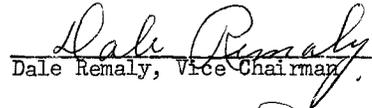

Mr. Paul Hamman

A discussion was held concerning the Paul Hamman property east of the By-Pass. No real progress could be made due to the fact that Mr. Hamman could not be present. It was the Boards feeling that Mr. Hamman needed to be present to express his views.

Upon motion by Edward Shaw, seconded by Bruce Osborn the Board adjourned.

Bruce Osborn, Chairman

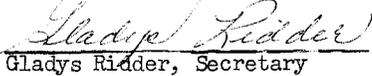

Dale Remaly, Vice Chairman

Edward Shaw, Board Member

## REGULAR MEETING OF THE TIPPECANOE COUNTY DRAINAGE BOARD DECEMBER 6, 1972

The regular meeting of the Tippecanoe County Drainage Board held its meeting in the County Commissioners Room in the Tippecanoe County Court House at 9:00 a.m., on Wednesday, December 6, 1972. Present at the meeting were: Bruce Osborn, Dale Remaly, Edward Shaw, Dan Ruth, Ronald Melichar and Gladys Ridder.

Minutes  
Approved

Upon motion from Bruce Osborn, seconded by Dale Remaly and made unanimous by Edward Shaw, The Board moved to accept the minutes of the November 1st, 1972 meeting as read.

Fred  
Koehler

Mr. Fred Koehler came before the Board to ask their feelings on his taking peat from land in Tippecanoe Township where the Anson-Delphine tile ditch is located. After removing the peat, a lake would be left for the drainage in the area is very poor. He would relocate the tile so the drainage would not be impaired. Mr. Koehler knew he would have to confer with the Area Plan also but wanted the opinion of the Drainage Board first. Mr. Osborn said as long as the drainage was not bothered, he could see no reason for the Board to object and that if in pumping the water out to get the peat no one else would suffer by dumping the water on their neighbor, the Board would give their consent. If their is broken tile to the East, it would have to be corrected whether the lake was created or not.

Ditches  
Referred  
to  
Engineer

The Board referred the following ditches to the Engineer to prepare for a maintenance fund: Baker vs Newell-Sheffield Twp., Sumner Baker, Shelby Twp. in Tippecanoe County and Bolivar Twp. in Benton County, John Boes Ditch, Wabash Twp., N.W. Bowen Ditch, Tippecanoe and Washington Twp. in Tippecanoe County and Carroll County.

Opening of  
Bids

Bids for Corrugated Metal Pipe, Back Hoe and Drag Line were opened. The following bids were taken under advisement until next month's meeting.

I. Corrugated Metal Pipe  
Ladoga Culvert Division  
Robert Griffin  
Logansport Metal Culvert

II. Back Hoe

Lynn E. Rihn Construction  
John Deere 450 Crawler with helper \$25.00 per hour  
John Deere 300 wheel tractor with helper \$24.00 per hour

Fauber Construction Co.  
C-7 \$20.50 per hour  
C-9 \$20.50 per hour  
C-15 \$27.50 per hour  
C-18 \$23.50 per hour  
Helper labor \$9.00 per hour

Cohee Construction  
580 Backhoe and Operator \$18.00 per hour  
Helper \$4.00 per hour

Keiser and Keiser Contractors, Inc.  
Backhoe with operator and one helper \$23.00 per hour

III. Drag Line

Fauber Construction Company  
C-1 Bucyrus Erie \$32.00 per hour  
C-2 Sm-Lima Crane \$34.50 per hour  
Helper labor \$9.00 per hour

9:30 a.m.  
Hearing on  
the  
Floyd Coe  
Ditch

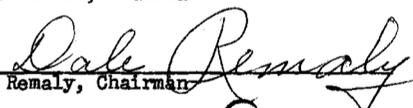

The Drainage Engineer opened the continued hearing on the Floyd Coe Ditch by reading his report and making his recommendations to the Board. He said that as far as he could see, no repairs had been made on the ditch as was promised. The Board granted them a year to do the repairs themselves in the December 1971 hearing. The only two that appeared were Mr. Robert Kirkpatrick and Eber Eugene Johnson. No objections were made to the \$1.00 per acre assessment so upon motion of Bruce Osborn, seconded by Dale Remaly and made unanimous by Edward Shaw, the maintenance was established.

Board signed  
Order & Findings  
and Certificate  
of Assessments

After the establishment of a maintenance fund on the Floyd Coe Ditch, the Board signed the Order and Findings and the Certificate of Assessments.

Upon motion made and carried the Board adjourned.

  
Bruce Osborn, Chairman

  
Dale Remaly, Chairman

  
Edward Shaw, Board Member

MINUTES OF THE APRIL 2, 1975 TIPPECANOE COUNTY DRAINAGE BOARD MEETING

The Tippecanoe County Drainage Board held it's regular meeting on April 2nd, 1975 at 9:30 a.m., with the following members present: Robert F. Fields, William Vanderveen, Bruce Osborn, Robert L. Martin and Gladys Ridder. ( no attorney present)

Minutes Signed

Upon reading the minutes of the March 5th, 1975 meeting, a motion to accept the minutes as read was made by Bruce Osborn, seconded by Robert Fields and made unanimous by William Vanderveen.

9:30 a.m. Maintenance hearing on Lena Wilder Drain

The Surveyor opened the hearing on the Lena Wilder ditch by reading his report and making his recommendations to the Board. Those in attendance were: Tom Carter, Marvin Stewart, White County Commissioners, James Milligan, Surveyor of White County plus Clarence J. Martin, Merrill Christopher, Wayne Christopher, Don E. Morehouse, Russell Morehouse and Josephine Schreyer. Clarence J. Martin spoke of the grass waterway through his land that took a lot of surface water out of this ditch but that there were many holes in it and that the ditch was built around curves so that it lost much of it's efficiency. He said there were many holes in the ditch through his land. Merrill and Wayne Christopher spoke for Mr. Wagner and said they were in favor of a maintenance however they questioned the amount of acreage assessed against Myrtle Christopher and asked the Surveyor to check the acreage in this watershed again. Mrs. Schreyer was not in favor of the \$ 1.00 per acre assessment. With prices as they are the Surveyors and the two Boards felt anything less would prove inadequate. Mr. Martin said he knew the lower end was much in need of repair and would work toward that end as soon as there were funds available. All of those present were in favor of a maintenance fund so upon motion of Bruce Osborn, seconded by William Vanderveen and made unanimous by Robert Fields, the Board established a maintenance fund of \$1.00 per acre. Mr. Wagner's tenant asked permission to fix an air well on the Wagner farm and turn in his claim for labor and materials. Permission was granted. He said he would also pull out the old bridge abutments at the outlet.

E. Eugene Johnson

Between the two maintenance hearings, Mr. E. Eugene Johnson appeared before the Board asking them to consider setting a maintenance fund for the E. Eugene Johnson ditch for it was much in need of repair. He also asked if the Surveyor would check the legal description of the Floyd Coe and the E. Eugene Johnson ditches to see if a small stretch of open waterway belonged to either of these two ditches and if not could the Board make that waterway a part of the Johnson ditch at the time a maintenance fund was established. The Board said if it was not a part of either of these two ditches that those people involved would have to petition the Board. The secretary would need thirty days, as required by law, to notify all those in the watershed. The Surveyor said he would check it out and notify Mr. Johnson of his findings.

10:30 hearing of Franklin Yoe Ditch

The Surveyor opened the hearing on the Franklin Yoe ditch by reading his report and making his recommendations to the Board. Those in attendance were: Richard Welch, representing himself and Birl Wolf. Mr. Welch said the ditch was in need of repair and he was in favor of establishing a fund to take care of it. With no remonstrances and the drain in need, William Vanderveen moved to establish a \$1.00 per acre maintenance fund. The motion was seconded by Bruce Osborn and made unanimous by Robert Fields.

Order & Findings and Certificate of Assessments

With the establishment of a maintenance fund on the Lena Wilder and the Franklin Yoe ditches, the Board signed the Order and Findings and the Certificate of Assessments/

Staley Co.

Mr. <sup>R</sup>Argie Barnett appeared before the Board to ask a few questions concerning the drainage proposed for the new Staley plant. He said almost all of the problems had been worked out such as a Railroad yard, Disposition of their run-off water, etc. He presented the Board with a plan for the drainage by John Fisher. The Board found no fault with them. Robert Fields suggested that Mr. Barnett work with the County Surveyor to attain the necessary letters showing approval of the drainage. Mr. Martin asked Mr. Barnett for a letter asking for the approval.

At 11: 30 a.m., the meeting adjourned.

ATTEST:

Gladys Ridder  
Gladys Ridder, Exec. Sec'y.

The regular meeting of the Tippecanoe County Drainage Board met in the Surveyor's Office at 9:00 a.m. with the following members present: Robert F. Fields, Bruce Osborn, William Vanderveen, Robert L. Martin, Fred Hoffman and Gladys Ridder.

Minutes  
Approved

Upon the reading of the minutes of the October 6, 1976 meeting, a motion was made by William Vanderveen-  
Seconded by Bruce Osborn and made unanimous by Robert Fields to accept the minutes as read.

Jerry Schlossberg appeared before the Board on matters pertaining to the Tippecanoe County Sanitary Landfill. Jerry said the main problem was not an immediate one but if the dumping into the old canal bed or "wide water" area was not stopped that in a few years that area that the landfill uses for it's seepage would no longer suffice. He said Concrete Ready Mix dumps into it and will in a few years seal the bottom so the area will drain nothing. He asked if the Commissioners would write a letter to each of the offenders asking them, please, not to use the area for their dumping.

Sanitary  
Landfill

Mr. Vanderveen said it was a natural waterway (the old canal bed) and the Board actually did not have jurisdiction over it. The County Attorney said he would dictate a letter to the Secretary and mail a copy to all of the landowners involved.

Mr. Schlossberg said he had accomplished many of his aims of straightening out the mess that was there when he took over, gotten the permit from the State Board of Health, converted to a model landfill and changed the lease into a simple one.

Bruce suggested the Board get the names of the landowners and write each one a letter and also send a copy to Dr. Robert Vermilya. Then if the letter does not bring the proper results, turn the matter over to the State Board of Health.

The letter reads:

November 3rd, 1976

Dear

We have been informed that there is dumping taking place in the Wide Water area which is in the rear of your premises.

This not only violates the laws of the State of Indiana but interferes with natural drainage in the area.

REGULAR MEETING OF THE TIPPECANOE COUNTY DRAINAGE BOARD HELD NOVEMBER 3, 1976

The regular meeting of the Tippecanoe County Drainage Board met in the Surveyor's Office at 9:00 a.m. with the following members present: Robert F. Fields, Bruce Osborn, William Vanderveen, Robert L. Martin, Fred Hoffman and Gladys Ridder.

Minutes  
Approved

Upon the reading of the minutes of the October 6, 1976 meeting, a motion was made by William Vanderveen-  
Seconded by Bruce Osborn and made unanimous by Robert Fields to accept the minutes as read.

Jerry Schlossberg appeared before the Board on matters pertaining to the Tippecanoe County Sanitary Landfill. Jerry said the main problem was not an immediate one but if the dumping into the old canal bed or "wide water" area was not stopped that in a few years that area that the landfill uses for it's seepage would no longer suffice. He said Concrete Ready Mix dumps into it and will in a few years seal the bottom so the area will drain nothing. He asked if the Commissioners would write a letter to each of the offenders asking them, please, not to use the area for their dumping.

Sanitary  
Landfill

Mr. Vanderveen said it was a natural waterway (the old canal bed) and the Board actually did not have jurisdiction over it.

The County Attorney said he would dictate a letter to the Secretary and mail a copy to all of the landowners involved.

Mr. Schlossberg said he had accomplished many of his aims of straightening out the mess that was there when he took over, gotten the permit from the State Board of Health, converted to a model landfill and changed the lease into a simple one.

Bruce suggested the Board get the names of the landowners and write each one a letter and also send a copy to Dr. Robert Vermilya. Then if the letter does not bring the proper results, turn the matter over to the State Board of Health.

The letter reads:

November 3rd, 1976

Dear

We have been informed that there is dumping taking place in the Wide Water area which is in the rear of your premises.

This not only violates the laws of the State of Indiana but interferes with natural drainage in the area.

REGULAR MEETING OF NOVEMBER 3, 1976 CONTINUED

letter continued

Unless such dumping ceases we will have to turn the matter over to the necessary policing authorities and Prosecuting Attorney.

Very truly yours,

/s/  
Robert F. Fields, Chairman  
Tippecanoe County Drainage Board

The Chairman opened the reconstruction hearing on the Waddell Branch of the Jesse B. Anderson ditch. He asked the Surveyor for his report and plans for this branch.

Mr. Martin said the plans and profiles were ready that the next thing was to advertise for bids. Mr. Waddell wanted a catch basin to be included in the plans and Mr. Martin said the catch basin would be on the plans when advertised for bids.

Mr. Waddell wanted to know if the old tile could be left where they were and place the new ditch a few feet from the old one. A lengthy discussion followed with the attorney saying they should vacate the old tile and put in new or take it out completely. The county surveyor said he felt it would be foolish to leave the old tile there. All felt it was an engineering decision and left it up to the county surveyor.

Those in attendance were: Arthur and William Waddell, E. Eugene Johnson and Rober Miller, Attorney for the Waddells.

William Vanderveen moved to build the new branch according to the Surveyor's plans. The motion was seconded by Bruce Osborn and made unanimous by Robert Fields. The next step was to advertise for bids.

10:00 a.m.  
Reconstruc-  
tion hearin  
for  
Waddell Br.  
of  
J.B. Ander-  
son ditch.

E. Eugene Johnson had petitioned for a reconstruction of the open part of the Floyd Coe ditch. Bob Hodgen had given a price of #3800 for the tile from the Halstead ditch to the Floyd Coe ditch and \$5600. for the Coe tile outlet to the Headwall of the Johnson ditch. Robert Fields said the preliminary work had already been done, to set it up for a reconstruction hearing.

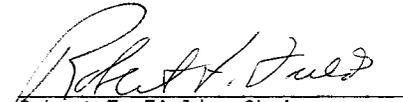

F. Coe  
ditch

Robert Fields asked the Surveyor what had been done towards the Nellie Ball ditch for the petition had been brought before the Board in October of 1975. The surveyor said nothing had been done as yet but he would get it into operation.

Nellie Ball  
ditch

With the reconstruction under way for the Waddell Branch of the Jesse B. Anderson ditch the Board signed the Order and Findings for same

Bruce Osborn moved for adjournment. William Vanderveen seconded the motion and Robert Fields made it unanimous.

REGULAR MEETING OF THE TIPPECANOE COUNTY DRAINAGE BOARD HELD NOVEMBER 2, 1977

The regular meeting of the Tippecanoe County Drainage Board met in the Commissioners Room in the County Office Building at 9:30 a.m. with the following members present: William Vanderveen, Bruce Osborn, Robert L. Martin, Kenneth Miller, Grady Jones, Mike Spencer and Ethel Kersey. Robert F. Fields and Fred Hoffman were present for the 10:30 meetings.

Upon motion of William Vanderveen seconded by Bruce Osborn the minutes of the October 5, 1977 meeting were approved as read.

The Chairman opened the new maintenance hearing on the Marion Dunkin ditch by asking Mr. Kenneth Byers the only one present for the meeting what he thought about the new assessment. Mr. Byers said that he was in favor of the increase in assessment and that all the other property owners he had talked to were in favor of the new assessment. There was no remonstrances filed.

Mr. Byers asked that the extension made on the ditch be made a part of the Legal Drain. Mr. Vanderveen said he would have Mr. Hoffman make up a petition and asked Mr. Byers if he would take it to be signed by the other property owners. He said that he would. There is to be another meeting set up at a later date after the petition is completed.

Bruce Osborn made a motion for the new assessment to be \$1.50 per acre. William Vanderveen seconded the motion.

The Chairman opened the new maintenance hearing on the Floyd Coe ditch by explaining the reason for having a new hearing. He said they were currently in the red \$856.19 plus \$1,159.00 will be charged to the ditch for repairs being done on the Johnson ditch. Mr. Vanderveen read the two remonstrances filed, and then asked if the new assessment was agreeable to those present.

Those present were: Robert W. Kirkpatrick, Lloyd Maguire, Edward Brenner Jr. and Eugene Johnson.

Mr. Kirkpatrick did most of the complaining about the new assessment. He said his fields were not draining. Kenneth Miller had been there and check the ditch and said that the legal drain was working, and that Mr. Kirkpatrick land was at the end of the ditch so his land would be the last to drain. Lloyd Maguire told what work had been done on his property but said that the ditch drained faster before the work was done than it did after the work was completed. Kenneth Miller said there were about five (5) break downs and this was probable the cause of Mr. Maguire's problem. Eugene Johnson was in favor of the new assessment and said without the ditch and the maintenance on the ditch the land would be worthless.

Robert F. Fields made a motion that the new assessments for the Floyd Coe ditch be \$1.75 per acre. The motion was seconded by Bruce Osborn and made unanimous by William Vanderveen.

Mr. Troy Moore was not on the agenda but came before the Drainage Board complaining about the water that was draining on his property and would like to know what could be done to correct this water problem.

## REGULAR MEETING OF THE TIPPECANOE COUNTY DRAINAGE BOARD HELD NOVEMBER 2, 1977 (continued)

Robert F. Fields made a motion that the Drainage Board would contact the Soil Conservation and have them check to see if there could be a Legal Drain established in that area. Bruce Osborn seconded the motion and-made unanimous by William Vanderveen.

Donald M. Gwinnup, P.E. Consulting Civil Engineer & Surveyor for Gene B. Glick Co., Inc. and John Smith for Anthrop Corp. came before the Drainage Board with their drainage plans for Fairington Apartments and other future building plans.

Gene B. Glick  
Co., Inc.

&  
Anthrop  
Corp.

Mr. Gwinnup for the Gene B. Glick Co., Inc. would like to have approval for the Fairington Apartments drainage plans but before the Drainage Board would approve the plans, the (The Glick Co., Inc.) would have to bring to the Drainage Board

1. Petition for establishing a new Legal Drain to be connected into the Treece Meadows ditch.
2. Construction Drawing submitted for approval.
3. A Bond to assure performance.

After establishing a new rate of assessment on the Marion Dunkin ditch and the Floyd Coe ditch, the Board signed the "Order and Findings" and the "Certificate of Assessments".

The days business completed, Bruce Osborn moved to adjourn. Robert F. Fields seconded the motion and made unanimous by William Vanderveen.

TIPPECANOE COUNTY DRAINAGE BOARD  
WEDNESDAY, JANUARY 6, 1988

The Tippecanoe County Drainage Board met Wednesday, January 6, 1988 in the Community Meeting Room of the Tippecanoe County Office Building, 20 North Third Street, Lafayette, Indiana 47901.

Chairman Bruce Osborn called the meeting to order at 8:30 A.M. with the following being present: Eugene R. Moore and Sue W. Scholer Boardmembers, Michael J. Spencer Surveyor, Mark Houck Drainage Consultant, J. Frederick Hoffman Drainage Attorney, and Maralyn D. Turner Executive Secretary. Others present are on file.

This being the first meeting of the year Chairman Osborn ask Mr. Hoffman to preside over the meeting to conduct the election of officers.

Mr. Hoffman asked for nominations for Chairman, Sue W. Scholer nominated Bruce V. Osborn Chairman, seconded by Eugene R. Moore, there being no other nominations Mr. Osborn was elected Chairman of the Board.

Mr. Hoffman asked for nominations for Vice-Chairman, Sue W. Scholer nominated Eugene R. Moore, seconded by Bruce V. Osborn, there being no further nominations Eugene R. Moore was elected Vice-Chairman of the Board.

Sue W. Scholer moved to appoint J. Frederick Hoffman Drainage Board Attorney, seconded by Eugene R. Moore, unanimous approval.

The Board had agreed to have Mark Houck as Drainage Board Consultant.

Sue W. Scholer moved to appoint Maralyn D. Turner as the Executive Secretary of the Drainage Board, seconded by Eugene R. Moore, unanimous approval.

Mr. Hoffman read the Active Ditches for the year of 1988.  
E.W. Andrews, Julius Berlovitz, Herman Beutler, Michael Binder, John Blickenstaff, M.W. Box, A. P. Brown, Buck Creek (Carroll County) Train Coe, County Farm, Darby Wetherhill (Benton County), Christ Fassnacht, Marion Dunkin, Christ Fassnacht, Issac Gowen (White County) Martin Gray, Thomas Haywood, E.F. Haywood, Harrison Meadows, Lewis Jakes, Jenkins, James Kellerman, Frank Kirkpatrick, John A. Kuhns, Mary McKinney, Wesley Mahin, Samuel Marsh (Montgomery County) F.E. Morin, Hester Motsinger, Audley Oshier, Emmett Raymon (White County) a letter of January 5, 1988 is on file from White County requesting ditch be active, Arthur Rickerd, Abe Smith, Gustavel Swanson, Treece Meadows, Wilson-Nixon (Fountain County) Simeon Yeager, S.W. Elliott, Dismal Creek, and Shawnee Creek.

Ditches which have been inactive and need to be made active are Jesse Anderson, Dempsey Baker, Floyd Coe, Shawnee Creek.

Inactive ditches John Amstutz, Delphine Anson, Newell Baker, Nellie Ball, A.P. Brown, Alfred Burkhalter, Orrin Byers, Grant Cole, J.A. Crips, Chas Daughtery, Fannie Devault, Jess Dickens, Thomas Ellis, Martin V. Erwin, Elijah Fugate, Rebecca Grimes, Fred Hafner, E.F. Haywood, George Ilgenfritz, George Inskeep, Eugene Johnson, F.S. Kerschner, Amanda Kirkpatrick, James Kirkpatrick, Calvin Lesley, John McCoy, John McFarland, Absalm Miller, Ann Montgomery, J. Kelly O'Neal, Lane Parker, James Parlon, Calvin Peters, Franklin Resor, Peter Rettereth, Alexander Ross, James Sheperdson, John Saltzman, Ray Skinner, Joseph C. Starrett, Wm A. Stewart, Alonzo Taylor, Jacob Taylor, John Toohay, John VanNatta, Harrison Wallace, Sussana Walters, William Walters, McDill Waples, J&J Wilson, Franklin Yoe.

Luther Lucas ditch is made inactive and to be combined into the Dismal Creek ditch.

Mr. Osborn asked if first and second alternates could be appointed to be representatives for Tri-County ditches? Mr. Hoffman advised the board to go ahead and appoint them, if this isn't proper action can be taken later. The following representative and alternates were appointed for the following ditches.

Hoffman ditch, Eugene R. Moore, Sue W. Scholer was appointed first alternate and Bruce V. Osborn second alternate.

McLaughlin ditch, Bruce Osborn, Eugene R. Moore first alternate, and second alternate Sue W. Scholer.

Michael stated he had received a letter from Benton County in regards to the Darby Wetherhill ditch and he asked the board to appoint a representative and alternates for this ditch.  
Sue W. Scholer is representative, first alternate Eugene R. Moore, second alternate Bruce V. Osborn.

Otterbein Ditch representative will be Sue W. Scholer, first alternate Eugene R. Moore, second alternate Bruce V. Osborn.

Michael asked that the Secretary send letters to each county informing them of the appointments.

Michael Spencer presented a Petition received from Purdue Research Foundation to vacate a portion of the Dempsey Baker Ditch lying south of the north right-of way line of County Road 350 North and lying in the east half of the southeast quarter, Section 1, Township 23 North, Rge 5 West, and the North 50 acres more or less of the West half of

## January 6, 1988 Drainage Board Meeting Continued

the south west quarter, Section 6, Township 23 North, Range 4 West, all in Wabash Township, Tippecanoe County, Indiana.

Michael stated a hearing date would have to be set when assessment list is received.

Bruce Osborn asked where they were going with the water? Michael stated he felt it was through holding ponds then metered out to the same place it has always gone, Hadley Lake.

Bruce Osborn stated the board has never vacated a portion where it still drains through the existing legal drain. Mr. Hoffman answered no, if they are going to use the drain they can't vacate, if they are not going to use it then it can be vacated. Mr. Hoffman stated there would be a question of taking them out of the Watershed in regards to assessments. They will still have to pay their assessment as they are remaining in the watershed, the Purdue Research should be notified of this. If this is for the upper end this will help. Mark Houck stated there is a problem of metering at the same rate, but it will increase the volume of water going to Hadley Lake. They will have to meet the ordinance.

Many questions need to be answered before action is taken.

## VALLEY FORGE

Valley Forge

Michael J. Spencer informed the board that a letter of Credit for \$62,000.00 to cover half the cost of installation of the permanent drainage system, this was through Tippecanoe Development Corporation. Roy Prock is new owner of Valley Forge he wants to substitute a new \$62,000.00 letter of credit for the other one since he is the new owner. Michael has talked with Mr. Hoffman there will be no problem to do this, accept the construction bond needs to be secured for deposit for Mr. Prock just like originally had been presented by Tippecanoe Development Corporation before the old one can be released and except new one from Mr. Prock. Mr. Hoffman stated they will have to present an agreement along with the Letter of Credit then the other can be released.

## MEETING TIME CHANGE

Eugene Moore moved to change meeting time of the Drainage Board from 8:30 A.M. to 9:00 A.M., seconded by Sue W. Scholer, motion carried.

## JOHN HOFFMAN DITCH

JOHN HOFFMAN DITCH

Bruce Osborn called the meeting to order at 9:15 A.M.

Tri-County Board representatives are Eugene R. Moore Tippecanoe County, William Lucas Clinton County, and Charles Sutton Carroll County.

Mr. Hoffman conducted election of officers.

William Lucas nominated Eugene R. Moore as Chairman, seconded by Charles Sutton, there being no other nominations Eugene Moore was elected Chairman.

Eugene R. Moore nominated William Lucas as Vice-Chairman, seconded by Charles Sutton, there being no other nominations William Lucas was elected Vice-Chairman.

Eugene R. Moore nominated Maralyn D. Turner as Secretary, seconded by Charles Sutton, there being no other nominations Maralyn D. Turner was elected Secretary.

Mr. Hoffman was chosen to serve as the Attorney for the board when the board was first formed, he will continue to serve.

Mr. Osborn thanked the property owners for coming to this informal meeting. He informed them that nothing would be decided officially, it is an opportunity for the property owner to see what has happened up to this time.

After Michael J. Spencer presents the project questions may be asked.

Michael J. Spencer, surveyor introduced those present Maralyn D. Turner, Secretary, J. Frederick Hoffman Attorney, Sue W. Scholer, Bruce V. Osborn, and Eugene R. Moore Tippecanoe County Commissioners, William Lucas Clinton County Commissioner and Neal Conner Clinton County Surveyor, Grover West Carroll County Surveyor, and Charles Sutton Carroll County Commissioners, and Mark Houck Tippecanoe County Drainage Consultant.

Mr. Spencer presented Construction Estimates in Phases I, Alternate I, Alternate II, Alternate III, and Alternate IV, and Phase II. This estimate was done by Robert Gross engineer with Stewart Kline and Associates.

Mr. Spencer asked for questions.

Bob Power asked if there was tile in there at the present time? Answer yes, Phase I the tile would come out. Alternate I would be to dig the tile out approximately 6" below the existing tile, under Alternate II lowering it 4'. This is to gain grade. The area being discussed on the ditch is at 900 E.

Lola Harner asked how are you digging 4' and stopping at 900 East wouldn't you have to continue on west? Michael answered they would have to continue west of 900 East, this wouldn't be to far west as the ravine system drops off.

Mr. Power asked if a bridge would have to be put across 900 East? Michael stated they

felt the culvert was the right size and would carry the water, it is just too high.

Mr. Power asked if a tile could be put in without tearing up the road? Michael stated he did not think this could be done without tearing up the road.

Mr. Moore asked how many acres in the watershed? Total acres 2420. There may be a difference of 80 acres, this would be checked.

Mr. Power asked how much is coming out of maintenance fund? There is no maintenance fund on the ditch at this time, if a tile hole breaks it is up to the landowner to do the repairs.

Jesse Barr asked would the soil change? Answer the dirt will not be changed, just better drainage. Mr. Barr asked if the ditch was going to be the same size at 1025 East. Answer at the road 1025 108" round pipe, two 72" round pipe, two 84" and at 900 East 14'10" X 9'1" structural plate pipe arch.

Neal Dexter asked how much water will come down into Coffee Run ditch. Michael stated the same amount of water would be coming down. Mrs. Harner and Mr. Dexter were concerned about the erosion and damage.

Mr. Hoffman asked if there was a positive outlet. Answer it goes into a ravine system that eventually gets to the Wildcat creek. Mr. Hoffman asked how far from the end of the legal drain to the Wildcat. Answer give or take one and half to two miles.

LaVonne Scheffee had concern of gravel and the culvert being closed shut. Michael stated this is the reason he has pointed out the culvert sizes at the different road crossings.

Elwood Burkle asked that the cost be discussed. Mr. Spencer pointed out that the last page of the estimate summarizes the cost.

Mr. Spencer explained the Indiana Drainage Codes to the landowners. The decision is made by the property owners.

Mr. Barr asked who is responsible for drainage on property? County is responsible for the road crossings, property owners is responsible for drainage on their own property.

Elwood Burkle asked what depth would tile be? Answer some of the cuts would be 10-11 feet deep from the existing ground. Banks would be a lot higher than they are now. Michael stated at 900 East 1/4 mile east it is 5 feet below the bottom of the existing water way.

Mr. Hoffman stated the property owners should consider extending the legal drain down to the Wildcat to maintain the valleys, as there is problems if you don't have a positive outlet especially one with this size. There is no control over the valleys as it is now. He felt this would not add that much to the cost.

Jerry Frey stated he is constantly fixing blow holes. It is getting continuously worse. They are finding that the tiles are shifting. He feels the major problem is at the outlet. It has been severely neglected. There are tree roots and tiles that have floated up out of the system. He feels the first thing to do would be fixing and opening up the outlet.

Mr. Power asked in the estimate has consideration been taken in the area west of 900 East? No. Mr. Power felt this would be essential. Michael answered until a legal drain is extended down that way they can't do anything with it, they can do some corrective measures directly downstream from the road. He has to work with the starting and stopping points of the ditch, this is what he had to work with.

At this point Mr. Hoffman explained the procedures of making legal drain west of 900 East.

Malcomb Miller stated he agrees with Jerry Frey's statement. Mr. Miller's concern is the hardship the assessments would make for the property owners.

Jerry Frey stated they can't seem to hold the blow holes, each spring they are back and bigger holes. Mr. Frey doesn't know what causes this except another ditch was added about four years ago this makes more pressure from the upland it's coming down in such a velocity causing the problem.

Debbie Lineback asked what kind of time frame are you talking about as she carried petition in 1982. Mr. Hoffman stated it probably wouldn't take the time that he did previously.

Mr. Moore asked the feeling of the property owner.

LaVonne Scheffee asked if there was any rules in regards to health and sanitation? Thirty years ago when they purchased their property you couldn't jump over the ditch, now there is refrigerators and other debris making the ditch level. She doesn't understand why the farmer doesn't have to keep it cleaned out. She complained about the road grader grading gravel making a wall at the ditch.

Mr. Osborn stated the board is powerless in regards to debris in the ditches until there is a maintenance fund set up. Maintenance fund is needed.

January 6, 1988 Drainage Board Meeting Continued

Jerry Frey asked who has authority? Mr. Hoffman explained the board is the authority.

Mr. Frey is for starting a legal drain with a maintenance fund, but he feels that the money should be brought forward to be spent on opening up the outlet and fixing the main tile. Try to get by with what they have with maintenance.

Malcomb Miller supports Mr. Frey's statement.

Mr. Moore asked Michael if a maintenance fund could be set up and just clean or does it come under reconstruction?

Michael stated they would be maintaining what there is now.

Mrs. Scheffee asked how this would help? Mr. Hoffman stated it would be taking the ditch back to it's original condition.

Mr. Lucas asked if there was an estimate for a maintenance clean out? NO. Michael felt it would just take a week to get an estimate put together. Mr. Lucas stated it would probably take two years to get a maintenance fund set up. Michael stated for a few years the fund could be set at a high figure and then lowered.

Debbie Lineback stated when she carried the petition around and 80-90% of the property owners stated it should be an open ditch, it never worked from day one.

Elwood Burkle stated that those living north and east of the Clinton and Carroll County line would receive no benefits by opening the bottom portion yet they would be paying for it. There are too many obstruction.

Dale Fossnock stated: His ancestors stated that when the ditch was put in, it never worked.

Glen Kelly stated there were six of them that worked on the ditch where the tile comes out. This was 30 years ago.

Mrs. Glen Kelly stated it cost her \$100.00 to get a petition in 1982 out of her pocket. She was informed that there is a standard petition form now and there would be no cost for the petition. Mrs. Kelly stated they have willows and to get rid of them the water has to be taken care of.

Glen Kelly stated there are two 6" raises in the ditch, one is on the Bogan property and the woods.

Question was asked was it constructed that way? Yes. When the ditch was built it was built by the people.

Michael stated the grade can be checked.

Mr. Barr would agree to keep the water going.

Mr. Scheffee stated when they first came to the area there were no problems he feels it has to be open all the way.

Mrs. Kelly stated they have two ponds on their property, water is over the road most of the time, getting out is a problem most of the time. Even when it was dry this summer it was wet.

Mrs. Harner stated this has been a problem for many years.

Mrs. Scheffee stated a lot of the problem was created when 900 East was reconstructed.

Grover West asked how many small acreages were in the watershed. His concern is the break down in lots and acreage.

Mrs. Harner stated the assessment doesn't seem fair.

Kenneth Walker stated there is peat in the area of the Ford property, reason for so much water in the area.

Neal Conner stated that it would be spring of 1989 to get a maintenance fund in to affect.

After much discussion Mr. Spencer asked for show of hands.

Phase I Alternate I, Phase II Dig Open ditch up to where the two branches come together and tile system. Approximate Cost \$200.00 acre. Vote 7.

Open Ditch all the way. Approximate Cost \$242.00 per acre. Vote 8.

Maintenance. Assessment per acre to be set possible classifications. Vote 5.

The vote going for an open ditch all the way Mr. Spencer will get estimates and hold another meeting to present findings to the property owners.

There being no further business the meeting adjourned at 10:30 A.M.

TIPPECANOE COUNTY DRAINAGE BOARD  
WEDNESDAY, JANUARY 4, 1989

The Tippecanoe County Drainage Board met in regular session Wednesday, January 4, 1989 at 9:00 A.M. in the Community Meeting room of the Tippecanoe County Office Building, 20 North Third Street, Lafayette, Indiana.

The meeting was called to order by J. Frederick Hoffman, County Attorney for the reorganization of the Drainage Board for 1989. Those present were: Bruce V. Osborn, Eugene R. Moore, Sue W. Scholer, Michael J. Spencer, J. Frederick Hoffman, and Maralyn D. Turner, others in attendance are on file.

Mr. Hoffman asked for nominations for Chairman of the Board. Bruce V. Osborn nominated Eugene R. Moore as Chairman seconded by Sue W. Scholer, there being no further nominations Eugene was elected Chairman of the Board.

Mr. Hoffman asked the newly elected Chairman Eugene R. Moore to preside over the meeting.

Eugene Moore asked for nominations for Vice-Chairman, Bruce V. Osborn nominated Sue W. Scholer for Vice-Chairman, seconded by Eugene R. Moore, there being no further nominations Sue W. Scholer was elected Vice-Chairman.

Eugene R. Moore asked for nominations for Secretary, Bruce V. Osborn nominated Maralyn D. Turner as Secretary, seconded by Eugene R. Moore, no further nominations from the floor for secretary Maralyn D. Turner was elected.

Bruce V. Osborn moved to appoint J. Frederick Hoffman as Drainage Attorney for the year 1989, seconded by Sue W. Scholer, unanimous approval.

Mr. Hoffman read the Ditch Assessments for Active and Inactive ditches. The following ditches being Inactive for 1989 are: John Amstutz, Jesse Anderson, Dempsey Baker Newell Baker, Nellie Ball, A.P. Brown, Orrin Byers, Floyd Coe, Grant Cole, J.A. Cripe, Fannie DeVault, Jess Dickens, Martin V. Erwin, Elijah Fugate, Rebecca Grimes, Geo Ilgenfritz,

George Inskeep, Lewis Jakes, E.Eugene Johnson, F.S. Kerschner, Amanda Kirkpatrick, John A. Kuhns, Calvin Lesley, Luther Lucas, John McCoy, John McFarland, Absalm Miller, Ann Montgomery, J. Kelly O'Neal, Lane Parker, James Parlon, Calvin Peters, Franklin Resor, Peter Rettereth, Alexander Ross, James Sheperdson, John Saltzman, Ray Skinner, Joseph C. Sterrett, Wm. A. Stewart, Alonzo Taylor, Jacob Taylor, John Toohey, John VanNatta, Harrison Wallace, Sussana Walters, McDill Waples, Lena Wilder, J&J Wilson, Franklin Yoe.

The following ditches read are Active Ditches: E.W. Andrews, Delphine Anson, Juluis Berlovitz, Herman Beutler, Michael Binder, John Blickenstaff, N.W. Box, Buck Creek(Carroll County), Train Coe, County Farm, Darby Wetherill(Benton County), Marion Dunkin, Crist/Fassnacht, Issac Gowen(White County), Martin Gray, E. F. Haywood, Thomas Haywood, Harrison Meadows, Jenkins, James Kellerman, Frank Kirkpatrick, Mary McKinney, Wesley Mahin, Samuel Marsh(Montgomery County), Hester Motsinger, Aduley Oshier, Emmett Raymon(White County), Arthur Richerd, Abe Smith, Mary Southworth, Gustavel Swanson, Treece meadows, Wilson-Nixon(Fountain County), Simeon Yeager, S.W. Elliott, Dismal Creek, Shawnee Creek.

The following ditches read were made Active for 1989: Alfred Burkhalter(Clinton County), Charles Daugherty, Thomas Ellis, Fred Hafner, James Kirkpatrick, F. E. Morin, William Walters, and Kirkpatrick One. Michael Spencer wanted the Martin Gray to be included in the Active, it had been read as active, but for the records read in the Make Active. Sue W. Scholer moved to activate the ditches as read, seconded by Bruce V. Osborn, unanimous approval.

Alfred Burkhalter ditch joint with our County the Board secretary should send a letter to the Tippecanoe County Auditor and the Clinton County Auditor.

Michael stated in June 1987 a hearing was held to combine the Treece Meadows branch with S. W. Elliott ditch. These maintenance funds need to be combined and treated as the S.W. Elliott ditch. Sue W. Scholer moved to combine the maintenance funds on the Treece Meadows with the S. W. Elliott ditch treat them all as one, seconded by Bruce V. Osborn, unanimous approval.

J. Frederick Hoffman asked if the Treece Meadows was considered designated branch under the S. W. Elliott ditch? Michael answered it is; Treece Meadows has a beginning point and ending point.

Michael Spencer received a letter signed by two property owners, Malcomb Miller and Jerry Frey on the John Hoffman requesting that the board set up a maintenance fund. A hearing was held in 1988 for reconstruction, this did not go too well. Some were going to try to contact the downstream property owners to make it a legal drain all the way down to Coffee Run. Hearing nothing these property owners are requesting a maintenance fund.

Mr. Hoffman stated this is the ditch that does not have a positive outlet. Correct. They hope to make a positive outlet with the maintenance funds.

Michael will have to make a maintenance report before a hearing can be held. Discussion continued.

Jim Strother property owner 3876 Kensington Drive concerned about drainage of the Orchard Park Subdivision. Michael told Mr. Strother he had received Preliminary submittal that was requested from the engineer to supply with more information, but that

HOFFMAN  
DITCH

information has not been received. Michael will notify Mr. Strother when he receives the information and when the project comes before the board.

Sue W. Scholer asked Don Sooby, of the Lafayette City Engineer office where are we on McCarty Lane, is it progressing. Mr. Sooby stated a public hearing will be held January 26, 1989, no other meeting has been set up.

There being no further business the meeting adjourned at 9:25 A.M. Next meeting will be February 1, 1989.

TIPPECANOE COUNTY DRAINAGE BOARD  
REGULAR Meeting January 3, 1990

The TIPPECANOE County Drainage Board met Wednesday, January 3, 1990 in the Community Meeting room of the TIPPECANOE County Office Building 20 North Third Street, Lafayette, Indiana.

Those present were Bruce V. Osborn and Sue W. Scholer, Board Members; Michael J. Spencer, Surveyor; Todd Frauhiger, Drainage Consultant; J. Frederick Hoffman, Drainage Attorney; and Maralyn D. Turner, Executive Secretary, others present are on file.

The meeting was called to order at 9:00 a.m. by Drainage Attorney J. Frederick Hoffman. Mr. Hoffman stated that it is time for election of officers for a new year.

Bruce V. Osborn nominated Sue W. Scholer for chairman of the board, seconded by Sue W. Scholer, motion carried, there being no other nominations from the floor Sue was elected Chairman of the Board.

Sue W. Scholer chairman continued the meeting asking for nomination for Vice Chairman, Sue W. Scholer nominated Bruce V. Osborn as Vice-Chairman, seconded by Bruce, motion carried, there being no other nominations from the floor Bruce was elected Vice-Chairman.

Bruce V. Osborn nominated Maralyn D. Turner as Secretary, seconded by Sue W. Scholer, there being no other nominations from the floor Maralyn was elected Executive Secretary.

Bruce V. Osborn moved to accept J. Frederick Hoffman's continued services as Drainage Attorney for the year 1990, seconded by Sue W. Scholer, motion carried.

Michael J. Spencer recommended to continue the services of the Chris Burke Engineering, LTD as Drainage Engineer Consultant for the year 1990. Bruce V. Osborn moved to accept Michael's recommendation, seconded by Sue W. Scholer, motion carried.  
1990 DITCH ASSESSMENTS

Fred Hoffman read the following ditches to be made Active for assessments in May 1990. Jesse Anderson, A.P. Brown, Orrin Byers, John McFarland, Ann Montgomery, and the J. Kelly O'Neal.

Ditches that are In Active are: John Amstutz, Dempsey Baker, Nellie Ball, N.W. Box, Alfred Burkhalter, Floyd Coe, Grant, Cole, J. A. Cripe, Fannie Devault, Marion Dunkin, Jess Dickes, Martin V. Erwin, Crist/Fassnacht, Elijah Fugate, Rebecca Grimes, Harrison Meadows George Ilgenfritz, George Inskeep, Lewis Jakes, Jenkins, E. Eugene Johnson, F. S. Kerschmer, Amanda Kirkpatrick, James Kirkpatrick, John A. Kuhns, Calvin Lesley, John McCoy, Mary McKinney, Absalm Miller, Lane Parker, James Parlon, Calvin Peters, Franklin Resor, Peter Rettereth, Arthur Richard, Alexander Ross, James Shepherdson, John Saltzman, Ray Skinner, Joseph C. Sterrett, Wm A. Stewart, Alonzo Taylor, Jacob Taylor, John Toohey, John VanNatta, Harrison Wallace, Sussana Walters, McDill Waples, J. & J. Wilson, Franklin Yoe, and Shawnee Creek.

Ditches that are Active are: E. W. Andrews, Delphine Anson, Herman Beutler, Michael Binder, John Blickenstaff, Buck Creek (Carroll County), Train Coe, Darby Wetherill (Benton County), Thomas Ellis, Issac Gowen (White County), Martin Gray, Fred Hafner, E.F. Haywood, Thomas Haywood, James Kellerman, Frank Kirkpatrick, Wesley Mahin, Samuel Marsh (Montgomery County), Hester Motsinger, Audley Oshier, Emmett Raymon (White County), Abe Smith, Mary Southworth, William Walters, Wilson-Nixon (Fountain County), Simeon Yeager, S. W. Elliott, Dismal Creek, and Kirkpatrick One.

Bruce V. Osborn moved that the ditches that were read to be made active become active on the May 1990 Assessment, seconded by Sue W. Scholer, motion carried.

COUNTRY CHARMS

John Fisher asked that this be continued until next meeting February 7, 1990.

TRASH TRANSFER

John Fisher presented site drawings. Outlet goes into the Flood Plan. Mr. Hoffman asked who owns the Flood Plan? Leroy Barton. Question as to if it would increase the flow and the speed onto Barton. Question do you have permission from Mr. Barton? Answer - No. Mr. Hoffman stated that permission should be received from Leroy Barton. Mr. Fisher stated they are providing rip-rap, it will not increase the velocity. Mr. Fisher pointed out that they had met with the Soil Conservation and have worked out the one condition of erosion control. Mr. Hoffman asked if Mr. Barton knew about this meeting? NO. Presentation and discussion continued.

Bruce V. Osborn asked John Fisher to explain the plans to the Barton's.

Michael stated that the water is tributary to that area now, it will go through a pond now instead of sheet drainage.

Mr. Hoffman stated they should have their chance to object, so that they can't say we are damaging their property.

Sue W. Scholer stated there are two recommendations made.

1. The erosion control. 2. The calculations.

Bruce V. Osborn moved to give approval to the drainage control for the Trash Transfer with exception of #9 and the other recommendations as stated in the Christopher Burke

DIMENSION CABLE

CABLE

George Schulte engineer from Ticen and Associates presented site plans. Property is located in the Treece Drainage Watershed area. The water shed area was analyzed to determine the high water elevation that would be in the channel. Their detention storage volume that they calculated was above the high water elevation of the ditch along north property line. They did decrease the allowable release rate from 2.11 cfs down to .4 cfs, there is about 3.3 acres in the site. They are increasing the volume required for storage on site.

Sue W. Scholer asked about the plans for maintenance on that ditch? Basically they are assuming that the owner would maintain the entire site, this is reason for putting 3-1 slopes on the ditch.

Mr. Hoffman asked if it was a new ditch, George again stated it is an existing ditch. The ditch at this time is full of brush, weeds, etc, it is not a legal drain.

George stated they are asking for final drainage approval.

Mr. Hoffman asked if George's client would be willing to participate in the cost of a more substantial drainage improvement in the area. Mr. Shulte stated he could not answer that question, but he feels he would be willing. Bruce asked if conditions had been met? Michael Spencer answered, no, there is one other conditions and that is that the City of Lafayette review this project, as of January 2, 1990 this area is in side the City Limits as is Wal-Mart. Mr. Sooby has not seen the plans presented. Discussion continued.

Mr. Hoffman stated this is not a subdivision, but should have the same kind of restriction as subdivisions. Mr. Hoffman asked that a letter be received from the developer stating they will participate in their fair share of the improvement when the major improvement is made. Michael asked if he was talking about facility on site. Answer-yes. Maintenance on site and that they would assist in making that area a part of the legal drain, and that they will participate in the cost of improving the Wilson Branch. Michael asked if they should provide a letter stating that they will maintain their on site system. Mr. Hoffman stated he would like for it to be in form that can be recorded, so it will run with the land should the land be sold.

George asked what things are needed for approval? 1. Participate in the improvements of the Wilson Branch. 2. Cost of improvements. 3. Maintain the one on the premises, and if they don't the County would have the right to maintain it and assess the cost. Incorporate the existing drain on the north side of the site into the Treece drain or Wilson Branch.

A letter is needed from the owner for the above mentioned items to Michael. Michael asked that the city review and give their approval be added as they are involved.

Sue asked if the board understands correctly that the City still wants that maintenance to run to the County on the regulated drain. Mr. Sooby answered, he thinks that is correct.

Bruce V. Osborn moved to give approval with the four recommendations being met, seconded by Sue W. Scholer.

WAL-MART

WAL- MART

Clifford Norton representing Wal-Mart and George Davidson of Horne Properties presented drainage plans. Michael stated the plans meet the county restriction on the limited release rate. Michael pointed out at the last meeting Mr. Long was present and brought up the fact of emergency routing for drainage which is a problem in this area, and at that time Michael stated he had Christopher Burke Engineering LTD looking at the Wilson Branch from Ross Road where the Simon improvement would end with the 100 year design flow in the channel. He had him look all the way up through Treece Meadows on what design would be required or Channel section would be required to get from Ross Road up to Treece Meadows. Michael has received the report this morning. Basically what he says in his report is to properly move the 100 year storm event from the north end of Treece Meadows or where open channel turns and goes back west through the Subdivision, looking at approximately 40 foot bottom width on the channel and 2-1 side slopes from there down to the Wilson Branch in some fashion. They have had some preliminary locations for the channel so he would have some idea for lengths to work with as far as grades to get the water down there, basically at this time to pass the 100 year storm event is to provide a 40 foot bottom width channel with 2-1 side slopes down to the Wilson Branch, then continue down the Wilson Branch taking out the trees and re-grading the bottom and side slopes down to Ross Road in order to get the water to the regional detention facility that will be constructed. Michael stated this is a starting point as there are allot of alternatives that can be put in there. This is basically what Channel section they are looking at. The crossings of Creasey Lane and McCarty Lane will need bridge openings of approximately 600 square foot openings to pass the 100 year storm event. Bruce asked if this was visible? Mr. Norton stated anything is visible. Bruce asked if this was to go in during the other construction? Michael answered it would take a petition for re-construction of the Wilson Branch of the Elliott ditch. Michael feels that we are at the point now where a petition is needed from the watershed area. More study is needed. While the land is open is the time to get something started. Cost estimates and plans will have to be put together. Michael can not put a time element on it, the area is hot enough for development and something needs to be done. Discussion of petition.

WAL-MART CONTINUED  
JANUARY 3, 1990 DRAINAGE BOARD MEETING

Mr. Davidson stated that Wal-Mart has no problem at all to work with the rest of the watershed and are willing to pay their fair share of the assessment.

Tom McCully representing Long Tree Limited went over what Long Tree Limited went through when they were developing Burberry Subdivision. The problem is at the South end at Treece drain and Wilson Branch, pipe put in 1978 creates constriction of everything upstream from there. Discussion of Cost in 1978, and the over all problem of the area. At that time the owners agreed to put an assessment based upon the cost, which amounted to approximately \$1,000.00 per acre. Today's presentation does try to address the problem all the way from the north end of Treece down to the Wilson Branch on down to the Elliott ditch. Tom stressed that if we don't look at an over all picture we are not going to get anything accomplished. What has to be done is as property is developed everybody agrees to participate to get the problem corrected. At this time we have an open ditch going into a 24" pipe. Discussion continued.

Tom McCully stated that probably this should be an Urban drain not a rural drain. Convert to Urban drain and reconstruct. Long Tree Limited is willing to cooperate. Again he stressed that everybody is going to have to be in agreement that the problem needs corrected and go from there. The longer this goes the more expense it is going to be. Discussion continued.

Michael stated that in the interim there is a plan that could be done temporarily to get the emergency routing out of the Subdivision. This is going to take cooperation from the people involved.

Bruce asked Mr. Norton if they are going to be asking for road cuts on Creasey, answer yes, they have two entrance, and one on Highway 26.

Mr. Hoffman stated Wal-Mart will have to have some type of document stating they will participate in and pay their fair share of the cost of the improvement, and maintain what else they will be putting in there, if they don't the county will have the right to go in and maintain, then assess them for the cost.

Sue Scholer suggested that Michael call a meeting with all property owners involved in the development.

Michael stated that Burke Engineering brought to his attention that this could be a lengthy project, but in the mean time the board should look at a temporary diversion swale, not a major structure. Mr. Hoffman asked if there was a place for it and Michael replied it can be done, however it will not be easy. Michael stated this would be everybody north of Treece Meadows who wants to develop. Michael wanted more time to think. Mr. Sooby was concerned about property owner saying let the other guy do it.

Mr. Davidson asked Michael if he was satisfied with their drainage analysis, answer - yes.

Mr. Norton stated there are two ways that Wal-Mart can go. He asked if the board could give approval subject to meeting the qualifications to avoid another meeting or bring up all the criteria that they need to submit and have another meeting.

Sue W. Scholer stated that the board would be requiring all the essential things stated and final approval passed would be subject to all things presented to Michael and approved by the attorney and the City of Lafayette. Sue stated possibly the board should make a requirement as Wal-Mart goes through the process of their development some of the other things needed will be based on getting a meeting and something temporary with all people involved who are developing in that area.

Mr. Davidson again stated they would agree in participating in what ever effort is made out in that area. They would like to leave the meeting this morning with some idea of construction cost so they can build their budget. He stated they could have a letter back to Michael tomorrow committing to the things the board is trying to accomplish.

Michael Spencer and Don Sooby will work together to come up with satisfactory proposals. Don stated that lionslyng share of the burden may fall on Wal-Mart to do something temporary, as no body wants to do anything until their development is ready to move. Wal-Mart wants to move ahead with their development and if the interim facilities are necessary for this to get board approval, but not the total cost is going to fall on Wal-Mart. Discussion continued.

Michael asked if a credit could be given back to Wal-Mart at a later date of what they would put in on the interim? Mr. Sooby stated that the interim facility is not going to contribute much toward the long term, it really isn't a down payment on the ultimate facilities.

Mr. Davidson asked how will the development fully affect the Treece Meadows. Michael answered hopefully up to a 100 year storm event by calculations it should reduce the downstream affect, its above the 100 year storm event that is of concern. Currently there is 80 cfs coming off for a 10 year storm. Discussion continued.

Sue W. Scholer asked what needs to be done to get the total process going?

Mr. Hoffman stated if Michael feels there is a need for reconstruction as an Urban drain Michael should report that to the Board and then the process can start for making it an Urban drain for reconstruction. That's on the long term. A Petition is not needed all that is necessary is a letter from Michael Spencer surveyor stating that it needs to be an Urban drain and it can be done as an Urban drain. Statement should state that if it is reconstructed as an Urban drain it will drain the area properly. Michael should present a letter to the Board.

Mr. Hoffman agreed with Mr. Sooby's statement that Wal-Mart is going to have to pay most of the cost of the temporary facility as the other property owners can say they are not ready to develop and we don't see the need for this until we develop. Discussion continued.

Items needed from Wal-Mart are: Letter of Commitment for Maintenance of the drain facilities that they build. In the letter a commitment for participation in the original program and that Wal-Mart pay their fair share of reconstruction and if they do not maintain the drainage on their property the county would have a right to come in and do the maintenance and make assessment for the cost. Mr. Hoffman wanted this to be in a recordable fashion so it will run with the land.

The Wal-Mart was asked to come back Tuesday January 9, 1990 at 9:30 A.M. for re-convened session. Due to not having a quorum of Board Members the January 9 meeting was postponed until Wednesday January 17, 1990 at 9:00 A.M..

## STATE ROAD

## STATE ROAD 38 PROJECT AGREEMENT

## 38 PROJECT AGREEMENT

Agreement with the State on Hwy 38 the detention pond and drainage. The County will receive \$50,000.00 if it is installed prior to the time the State goes to work on the 38 Project, if the County does not have it installed the County does not get the \$50,000.00 and the State puts it in. This is based on when the work starts. Discussion.

Fred stated that he and Michael had reviewed the agreement and it meets the standards. This goes along with the meeting held October 1988 on the Highway 38 Project. Agreement is on file.

Bruce V. Osborn moved to accept the agreement of State Highway 38 and the water problems, seconded by Sue W. Schuler, unanimous approval.

## ORCHARD

## ORCHARD PARK

## PARK

Michael Spencer Surveyor, presented Fee Proposal prices to provide field survey for the Orchard Park Legal Ditch Project. Earlier two different companies had presented prices for doing surveying work for the project. There was quite a bit of difference in the prices submitted so a more defined scope of work was presented to different companies and Michael has received the following submittals.

Todd Frauhiger read the Companies and their figures this is for the entire watershed area. This would include aerial mapping, contour map for the watershed, all existing pipes within the water shed, their reaches and sizes, inverts, the ravine system all the way down to the Wildcat creek.

Ticen Shulte and Associates	\$31,900.00
John E. Fisher	\$22,372.00
MTA	\$21,680.00
Vester's and Associates	\$24,990.00

The services that were included are:

Aerial Control Survey. Vertical and Horizontal survey to provide control for aerial mapping will be provided.

Establish Baselines. Baselines will be established, referenced, and tied to the horizontal mapping control. These base lines will follow, as closely as possible, the flow lines of the defined ravines.

Investigation of Existing Storm Sewer Facilities. Existing storm sewers and culverts within the watershed will be located, identified and surveyed for length and elevation. This information will be provided in the form of survey field notes. Aerial Mapping of the ravine will be provided, scribed on mylar. Contours will be at one foot intervals, scale will be 1"=100' or as other wise specified. Baselines will be superimposed on the mapping.

THE ITEMS READ ARE NEEDED FOR THE ENTIRE WATERSHED

Descriptions of Easements. Descriptions of proposed easements from each land owner involved will be provided. Easements will most likely be described as a horizontal distance beyond a specified elevation on the bank of the ravine.

Todd stated the quicker the surveyors could get started the better they could get a proper survey, each would like to get to it as soon as possible and no later than February as leaves will be starting and they can not get a true picture. One of the figures presented is only good through February. After that date it may increase the aerial photography figure. If it is delayed longer it could be late 1990 before work could be completed.

Time is needed to go through the presentations, Michael will come back at the next meeting with findings.

Meeting recessed until Tuesday January 9, 1990, January 9, 1990 meeting was re-scheduled for Wednesday January 17, 1990.

**TIPPECANOE COUNTY DRAINAGE BOARD  
REGULAR MEETING  
FEBRUARY 5, 1992**

The Tippecanoe County Drainage Board met Wednesday, February 5, 1992 in the Community Meeting Room of the Tippecanoe County Office Building, 20 North Third Street, Lafayette, Indiana with Keith E. McMillin calling the meeting to order.

Those present were: Keith E. McMillin, Chairman, Nola J. Gentry and Hubert Yount, Tippecanoe County Commissioners, Michael J. Spencer, County Surveyor, Ilene Dailey, Chris Burke Consulting Engineers, J. Frederick Hoffman, Drainage Board Attorney, and Dorothy M. Emerson, Executive Secretary Drainage Board.

The first item on the agenda was to approve to the minutes of the meeting for the last Drainage Board meeting on January 8, 1991. Nola Gentry moved to approve the minutes, seconded by Hubert Yount. Unanimously approved.

**CARROLL COUNTY JOINT DRAIN**

Mike Spencer, County Surveyor stated Keith McMillin and Hubert Yount needed to be appointed to the Carroll County Joint Drain for the Andrew and Mary Thomas Drains.

Nola Gentry motioned to appoint Keith McMillin and Hubert Yount to the Carroll County Joint Drain for the Andrew and Mary Thomas Drains.

Hubert Yount, seconded. Motion carried.

**DRAINAGE BOARD ATTORNEY CONTRACT**

Mike presented the Board with a contract for the Drainage Board Attorney J. Frederick Hoffman, that needed to be executed for 1992.

Hubert Yount moved to approve the contract between Tippecanoe County Drainage Board and J. Frederick Hoffman as Attorney for said group.

Nola J. Gentry, seconded. Motion carried.

**ACTIVE AND INACTIVE DITCHES**

Nola Gentry moved to include the active and inactive ditches into the February minutes and mail the appropriate notices to the surrounding counties. Hubert Yount, seconded. Motion carried.

The following is a list of the active and inactive ditch assessment list for 1992.

DRAINAGE BOARD ASSESSMENT LIST				
DITCH No.	DITCH	TOTAL 4 YEAR ASSESSMENT	1991	1992
1	Amstutz, John	\$5,008.00	Inactive	Inactive
2	Anderson, Jesse	\$15,675.52	Active	Active
3	Andrews, E.W.	\$2,566.80	Active	Active
4	Anson, Delphine	\$5,134.56	Active	Active

#### DISCUSSION ON TILE BIDS

Mike Spencer presented a tile bid that had been inadvertently returned to the bidder. Fred Hoffman opened the bid.

Mike stated he had received two proposals for Professional Services on the Berlovitz Watershed Study, one from Christopher Burke Engineering and one from Ticen, Schulte and Associates. Mike recommended Christopher Burke Engineering the lowest bidder.

Nola moved to approve the proposal from Christopher Burke Engineering for the Berlovitz Ditch Study. Hubert, seconded. Motion carried.

#### JOHN HOFFMAN DRAIN

Mike stated to the Board that work will be done on the Hoffman Drain at a cost less than \$25,000.00. Since it was under \$25,000.00 Mike requested quotes be done on the project rather than bids since quotes are faster.

Mike read the proposal into the minutes.

#### TO WHOM IT MAY CONCERN:

The Tippecanoe County Drainage Board is interested in taking quotes for maintenance work on the John Hoffman Ditch, beginning at the tile outlet which is located along County Road 900 East just north of State Road 26 East.

Work will consist of dredging approximately 1000 feet of channel down stream of the tile outlet, cleaning out road culvert under 900 East. Then clearing trees over and along the tile for some 4000 feet to the east.

After the clearing all tile holes will be fixed and or wide joints patched, then the waterway over the tile will be graded as directed by the Surveyor. When all work is completed all disturbed areas will be seeded.

There will be a pre-quote site visit held at the site on February 19th, 1992 at 9:00 am.

Written quotes will be on a per foot basis for dredging, clearing and grading of waterway.

Tile repair will be on time and material basis. Seeding will be lump sum.

Quotes will be due on March 4th at 11:00 am in the Tippecanoe County Auditors Office.

For further information please contact the Tippecanoe County Surveyor, Mike Spencer at 423-9228.

Discussion followed.

Hubert Yount moved to accept quotes for the John Hoffman Drain. Nola, seconded. Motion carried.

#### HADLEY LAKE DRAIN

Mike stated that West Lafayette Wetland Delineation Study will be done on February 15. We need to have that before we advertise for the proposals for engineering work.

#### PINE VIEW FARMS

Roger Kottlowski, Weitzel Engineering and Tom Stafford, Melody Homes presented their drainage plans for Pine View Farms to the Drainage Board.

Discussion followed.

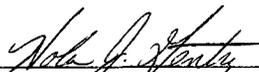

Mike Spencer recommended preliminary approval to the Board.

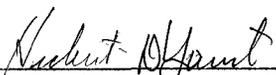

Nola moved to grant preliminary approval contingent on completion of restrictions and receipt of the recorded easements or agreements.

Hubert Yount, seconded. Motion carried.

Being no further business, Hubert Yount moved to adjourn the Drainage Board meeting. The next regular scheduled meeting will March 4 at 8:30 AM and will reconvene at 11:00 AM for quotes on the John Hoffman Drain.

  
Keith E. McMillin, Chairman

  
Nola J. Gentry, Member

  
Hubert D. Yount, Member

ATTEST:   
Dorothy M. Emerson, Executive Secretary

**Tippecanoe County Drainage Board**  
**Minutes TRANSCRIPT**  
**Regular Meeting**  
**January 6, 1993**

The Tippecanoe County Drainage Board met Wednesday, January 6, 1993 in the Community Meeting Room of the Tippecanoe County Office Building, 20 North Third Street, Lafayette, Indiana, with Nola Gentry calling the meeting to order for the re-organization of the Board. She then turned it over to J. Frederick Hoffman, Drainage Board Attorney to preside.

Those present were: Nola J. Gentry, Hubert Yount, Bill Haan, Tippecanoe County Commissioners, Michael J. Spencer, County Surveyor, Ilene Dailey, Christopher Burke Consulting Engineer, J. Frederick Hoffman, Drainage Board Attorney, Hans Peterson, Paul Elling, Project Engineers SEC Donohue, Greg Griffith, Great Lakes Chemical Corporation, Josh Andrews, West Lafayette Development Director, Opal Kuhl, West Lafayette City Engineer, and Shelli Hoffine Drainage Board Executive Secretary.

J. Frederick Hoffman, Drainage Board Attorney asked for nominations from the floor for the Board President. Commissioner Gentry nominated Commissioner Haan for President, seconded by Commissioner Yount. Unanimously approved.

Mr. Hoffman then turned the meeting over to Commissioner Haan to preside over the remainder of the meeting.

Commissioner Haan asked for nominations from the floor for the Board Vice President. Commissioner Haan nominated Commissioner Gentry for Vice President, seconded by Commissioner Yount. Unanimously approved.

Commissioner Haan asked for nominations from the floor for the Board Executive Secretary. Commissioner Gentry nominated Shelli Hoffine for Executive Secretary, seconded by Commissioner Yount. Unanimously approved.

The first item on the agenda was to approve the minutes of the meeting for the Drainage Board meeting on December 2, 1992. Hubert Yount moved to approve the minutes of December 2, 1992, seconded by Commissioner Gentry. Unanimously approved.

**Hire the Attorney**

Commissioner Gentry moved to appoint J. Frederick Hoffman as Attorney for the Drainage Board, seconded by Commissioner Yount. Motion carried.

**Active and Inactive Ditches for 1993**

Mr. Hoffman suggested putting the active and inactive ditches in the January minutes. Mr. Hoffman also read them aloud to the Board.

**Storm Water Drainage Improvement Plan**

Hans Peterson and Paul Elling from SEC Donohue presented the Stormwater Drainage Improvement Plan for the Cuppy-McClure watershed. Mr. Peterson discussed the project overview and objectives, project design criteria and constraints, hydrologic/hydraulic analysis, alternative improvements and recommendations, permits, and the schedule.

Mr Peterson discussed the alternative improvements.

Alternative #1 Low flow pipe and high flow channel.

The cost of the low flow pipe and high flow channel - \$930,000.00

The pipe in this alternative would be two to three feet deep under the ground from the Celery Bog to U.S. 52 then opens up and flows under US 52 with the existing pipe, then drops down into another pipe and flows on down to Hadley Lake.

Mr. Hoffman asked how big the pipe would be?

Mr. Peterson answered the pipe ranges in size from 36 inches to 42 inches.

Alternative #2 All pipe improvements.

The cost of all pipe improvements - \$1,570,000.00

Pipe size ranges from 54 inches to 60 inches.

This alternative would run completely under the ground from Celery Bog to Hadley Lake that is the main reason for the high cost. Mr. Peterson said this would look the nicest after it is complete.

Alternative #3 All channel improvements.

The cost of all channel improvements - \$755,000.00

This alternative does not have any pipe. It is a standard open channel all the way from Celery Bog down to Hadley Lake. There would have to be a concrete lining treatment at the bottom of the channel.

Mr. Peterson recommended alternative was #1 the low flow pipe and high flow channel.

Mr. Hoffman asked on these changes of easement are they giving and taking from the same landowners or taking from some landowners and giving others?

Mr. Peterson said based on the assessment map that we have, it is generally give and take on the same properties except for one parcel. Parcel #13 looks like we are taking.

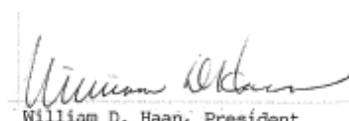

Mr. Hoffman assumed there will be a petition for reconstruction to make those changes in easement.

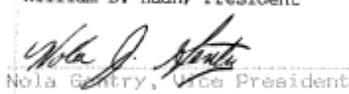

Commissioner Gentry answered there will be a reconstruction hearing.

Discussion followed.

Bening no further business Commissioner Gentry moved to adjourn until February 3, 1993 at 8:30 a.m., seconded by Hubert Yount.

Meeting adjourned.

Shelli Hoffine, Executive Secretary

TIPPECANOE COUNTY DRAINAGE BOARD  
REGULAR MEETING  
JANUARY 5, 1994

The Tippecanoe County Drainage Board met Wednesday January 5, 1994 in the Community meeting room of the Tippecanoe County Office Building, 20 North Third Street, Lafayette, Indiana with William D. Haan calling the meeting to order.

Those present were: Tippecanoe County Commissioners William D. Haan, Nola J. Gentry, Hubert D. Yount; Tippecanoe County Surveyor Michael J. Spencer; Drainage Board Attorney J. Frederick Hoffman; Drainage Board Engineering Consultant Jon Stolz and Drainage Board Secretary Shelli Hoffine.

ELECTION OF 1994 OFFICERS

Mr. Hoffman asked nominations for the President of the Tippecanoe County Drainage Board. Commissioner Haan nominated Commissioner Gentry, seconded by Commissioner Yount. Unanimously approved.

Mr. Hoffman turned the meeting over to Commissioner Gentry to preside.

Commissioner Gentry asked nominations for Vice President of the Tippecanoe County Drainage Board. Commissioner Gentry nominated Commissioner Haan, seconded by Commissioner Yount. Unanimously approved.

-APPOINTMENTS-

Commissioner Haan moved to appoint Shelli Hoffine for Executive Secretary of the Tippecanoe County Drainage Board, seconded by Commissioner Yount. Unanimously approved.

Commissioner Haan moved to appoint J. Frederick Hoffman as Attorney for the Tippecanoe County Drainage Board pending an agreement of a contract, seconded by Commissioner Yount. Unanimously approved.

Commissioner Yount moved to extend the existing contract into 1994 for Christopher Burke Engineering, LTD. to provide engineering services to the Tippecanoe County Drainage Board pending review of the contract, seconded by Commissioner Haan. Unanimously approved.

-MEETING DATES FOR 1994-

January 5, 1994	July 6, 1994
February 2, 1994	August 3, 1994
March 9, 1994	September 7, 1994
April 6, 1994	October 5, 1994
May 4, 1994	November 2, 1994
June 1, 1994	December 7, 1994

Commissioner Haan moved to accept the meeting dates for the Tippecanoe County Drainage Board, seconded by Commissioner Yount. Unanimously approved.

Commissioner Yount moved approve the minutes from the last Drainage Board meeting held December 1, 1993. Seconded by Commissioner Haan. Unanimously approved.

Joe Bumbleburg asked the Board to approve a resolution for vacation of a drainage easement located on a part of lot 5 in Capilano By the Lake Subdivision, Phase I. The drainage easement ended up in the middle of lot 5 when it was replatted.

Mr. Spencer stated he has been out to the site, Mr. Cunningham of Vester and Associates checked the easement and it definitely will not cause a problem with the lot or any of the adjoining lots. Mr. Spencer recommended the vacation of the drainage easement in lot 5, Capilano By the Lake Subdivision, Phase I.

The petition and the resolution to vacate a portion of a drainage easement on lot 5, Capilano by the lake subdivision, Phase I is on file in the Tippecanoe County Surveyor's Office.

Commissioner Yount moved to approve the resolution to vacate a portion of an easement on lot number 5, Capilano by the Lake Subdivision, Phase I, seconded by Commissioner Haan. Unanimously approved

#### HAWKS NEST SUBDIVISION, PHASE I

Greg Hall, Intercon Engineering, asked the Board for final approval of Hawks Nest Subdivision, Phase I and the detention ponds for the entire project. Mr. Hall also, requested a variance for exceeding the four foot of depth in Basin A.

Mr. Spencer stated he recommended approval of Phase I and the detention ponds.

Mr. Hall stated there will be eighteen lots in Phase I, one detention basin will be located in this phase.

Commissioner Haan asked if the permits from the IDNR have been processed?

Mr. Stolz stated that the portion that was requiring a permit has been moved from the floodplain and no longer requires a permit.

Commissioner Yount moved to grant the variance to exceed the maximum four foot depth in Basin A, seconded by Commissioner Haan. Unanimously approved.

Commissioner Yount moved to grant final approval of Hawks Nest Subdivision, Phase I and the detention basin for the entire project, seconded by Commissioner Haan. Unanimously approved.

#### TRIPLE J POINTE SUBDIVISION

Bob Grove, representing Smith Enterprises, asked for preliminary approval of Triple J Pointe Subdivision, which involves fifteen acres with 75 lots, located off Old Romney Road and County Road 250 South. The proposal is to detain the water offsite which will hold seventy two acres of offsite runoff, then take the ten year flow through the subdivision to a basin that will hold the 15 acres of developed subdivision, a pipe will carry the runoff from the basin to an existing structure of Ashton Woods Subdivision detention system. The ditch will be used as overflow for runoff that exceeds the 10 year flow.

Commissioner Yount asked if pipe along Old Romney Road would be in the road right-of-way if so, has the County Highway Department approved a permit for the pipe?

Mr. Grove stated yes, we are proposing to put the pipe in the right-of-way and no, we have not obtained a permit from the Highway Department.

Mr. Spencer stated the Highway Department has a set of plans, but he has not heard a report from them.

Commissioner Yount asked about the use of the pond offsite easement?

Mr. Grove stated that G. Mark Smith will be preparing an agreement for the easement.

Mr. Spencer stated John Fisher did a drainage study of the Wea-Ton drainage area, in the report it shows the watershed area delineated certain runoff values for sub-areas within the watershed area. Ashton Woods kept in compliance with the idea for sub-areas to be within the watershed area, at that time, the Board accepted the idea. Ashton Woods created an outlet for the Wea-Ton watershed area and during construction they have created the outlet channel and incorporated their storage area with Old Romney Heights storage area. In the study, there are recommendation about how water moves to the east as development progresses. A pipe was sized under Old Romney Road at the end of the channel to pick up water to the east. Triple J Pointe Subdivision does not comply with this idea as far as construction of proper pipe size under Old Romney Road to convey the water from the east.

Mr. Grove stated Smith Enterprises asked John Fisher for the drainage study, but were not able to obtain a copy. It was decided to make an alternate route from the project's outlet to go along the east side of Old Romney Road in an easement just outside the right-of-way, provide a manhole and a crossing based on a 10 year predeveloped flow from the Wea-Ton area.

Commissioner Gentry suggested getting a meeting set up between the Commissioners, the Surveyor, Smith Enterprises, Mr. Gloyeske, and Mr. Fisher.

Commissioner Yount moved to continue Triple J Pointe Subdivision with Mr. Grove's consent until after the above meeting has been held, seconded by Commissioner Haan. Unanimously approved.

#### HARRISON & MCCUTCHEON HIGH SCHOOLS IMPROVEMENTS

Kyle Miller, Triad and Associates, presented the Board with the plans to improve Harrison High School and McCutcheon High School. Harrison and McCutcheon will be adding approximately one acre of roof to the existing structures over what is now parking lot signifying no increase in the volume of runoff for either plan. Harrison's storm sewer pipes run around the perimeter of the school, some of the pipe are undersized and will be replaced along with all new pipe to go around the perimeter of the constructed area. All roof drainage will run into the storm sewer then to an existing pipe and discharge into the **Cole Ditch/"Burnett Creek"**. Mr. Miller indicated a portion of one existing outfall pipe will be replaced and a permit from the IDNR is required for construction in the floodway area.

Commissioner Gentry asked what the design is of the outfall pipe into the creek?

Mr. Miller stated there will an end section on the pipe and that rip-rap will be placed on both sides of the banks.

Mr. Miller explained that McCutcheon High School storm sewer pipes run the perimeter of the existing structure and outlets into the **Wea Creek**. The

improvements will replace what is now asphalt and the storm sewer pipe around the perimeter of the constructed area.

Commissioner Yount moved to approve Harrison High School's final improvement plan subject to the approval of the permit from the IDNR, seconded by Commissioner Haan. Unanimously approved.

Commissioner Yount moved to approve McCutcheon High School's final drainage improvement plan, seconded by Commissioner Haan. Unanimously approved.

OTHER BUSINESS

Mr. Spencer asked if section six, letter F of the Drainage Ordinance, Submittal and Consideration of Plans, could be clarified to clear up questions pertain to the twenty days submittal deadline being twenty working days or twenty calendar days.

Commissioner Yount suggested changing the twenty days to thirty calendar days and requiring a review memo from the County Engineering Consultant to the petitioner, ten days prior to the hearing date.

Mr. Hoffman stated he will write an amendment to the Drainage Ordinance, letter F in section six, Submittal and Consideration of Plans, to change the twenty days submittal to thirty calendars days and the Surveyor will make a report to the petitioners not less than ten days prior to the hearing date.

**GREAT LAKES CHEMICAL**

Mr. Spencer stated all the landowners along the proposed channel have been informed of the Great Lakes project, the County has a complete set of construction plans, a drainage report, and Army Corp of Engineers permit. The County does not have IDNR or the IDEM, but those have been filed and should be approved soon. Ken Baldwin had some question for insurance reasons on fencing around the sediment basin before the water goes into **Hadley Lake**. The County will contribute \$700,000.00 dollars out of that the County has spent approx \$150,000.00 on Engineering, the Engineer's construction estimate is 1,040,000.00.

Commissioner Gentry asked what the time table is on advertising for reconstruction, and does the project have to be advertised before the bidding or concurrent with the bid process?

Mr. Hoffman stated the advertising has to be done before the bid processing. The County would have to give thirty to forty day notice and then have the hearing, if approved the bidding can go out, all that together would take about three months.

Judy Rhodes asked if there was any legal document showing West Lafayette committing to an agreement of participation in this project?

Commissioner Gentry stated that the County has a signed worksheet by Nola J. Gentry and Mayor Sonya Margerum showing the break down of contribution between the State of Indiana, Tippecanoe County and the City of West Lafayette for Great Lakes Chemical Corporation/**Cuppy McClure** watershed project

Ms. Rhodes asked and received a copy of the worksheet.

Being no further business Commissioner Yount moved to adjourn until February 2, 1994, seconded by Commissioner Haan. Unanimously approved.

TIPPECANOE COUNTY DRAINAGE BOARD  
 REGULAR MEETING  
 FEBRUARY 1, 1995

The Tippecanoe County Drainage Board met Wednesday February 1, 1995 in the Community meeting room of the Tippecanoe County Office Building, 20 North Third Street, Lafayette, Indiana with William D. Haan calling the meeting to order.

Those present were: Tippecanoe County Commissioners William D. Haan, Nola J. Gentry, Gene Jones; Tippecanoe County Surveyor Michael J. Spencer; Drainage Board Attorney pro-tem David Luhman; and Drainage Board Secretary Shelli Muller.

The first item on the agenda was to approve the minutes from the last Drainage Board Meeting held January 4, 1995. Commissioner Gentry moved to approve the minutes, Seconded by Commissioner Jones. Motion carried.

ACTIVE AND INACTIVE DITCH LIST 1995

Mr. Luhman read the active ditch list into the minutes.

Mr. Spencer stated the John Hoffman Ditch is on a three year assessment which started in 1991 with a ten dollar an acre assessment. It is now necessary for the Board to schedule a meeting between Clinton, Carroll and Tippecanoe Counties to reduce the assessment.

Commissioner Haan appointed himself and Commissioner Gentry to serve on the Tri County Board.

#### CHRISTOPHER B. BURKE ENGINEERING CONTRACT

Mr. Luhman stated after reviewing the original contract from Christopher B. Burke Engineering a few items were discussed and changes were made. The contract was revised with one exception on page 6 paragraph 24. The suggested revision was if a contractor was doing work based upon the Engineers plans the contractor would indemnify Burke for any damages to Burke because of the contractors negligence. Also suggested was to include Burke as a named insured on the insurance policy. Mr. Luhman explained the main reason for the suggestion was so the County and Christopher B. Burke Engineering would not be held liable.

Commissioner Gentry moved to approve the contract with Christopher B. Burke Engineering, LTD., and authorize the President of the Board to sign the contract, seconded by Commissioner Jones. Motion carried.

#### OTHER BUSINESS

Mr. Spencer presented the Board with the reforestation proposal for the Cuppy-McClure Drain, which will comply with the DNR requirements for a 2 to 1 mitigation on tree removal. The Parks Department for the City of West Lafayette suggested sites for the trees replacement. Mr. Spencer explained he wanted the Board to be aware of the progress and that Mr. Ditzler of J.F. New will submit the plan to Dan Ernst of the Indiana Department of Natural Resources.

Being no further business, Commissioner Gentry moved to adjourn until March 1, 1995, seconded by Commissioner Jones. Meeting adjourned.

TIPPECANOE COUNTY DRAINAGE BOARD  
REGULAR MEETING  
JANUARY 3, 1996

The Tippecanoe County Drainage Board met Wednesday January 3, 1996 in the Commissioners Meeting Room of the Tippecanoe County Courthouse, Lafayette, Indiana with William D. Haan calling the meeting to order.

Those present were: Tippecanoe County Commissioners William D. Haan, Nola J. Gentry, and Gene Jones; Tippecanoe County Surveyor Michael J. Spencer; Drainage Board Attorney J. Frederick Hoffman; Drainage Board Engineering Consultant Dave Eichelberger, and Drainage Board Secretary Shelli Muller.

ELECTION OF OFFICERS

The first item on the agenda was to elect new officers for 1996.

Mr. Hoffman opened the floor to nominations for President.

Commissioner Haan nominated Commissioner Gentry.

Commissioner Haan moved to close nominations for president, seconded by Commissioner Jones. Motion carried, Commissioner Gentry was elected.

Mr. Hoffman turned the meeting over to the President.

Commissioner Gentry asked for nominations for Vice President.

Commissioner Haan nominated Commissioner Jones for Vice President.

Commissioner Haan moved to close nominations for Vice President, Commissioner Gentry seconded. Motion carried, Commissioner Jones was elected.

APPOINTMENTS TO THE BOARD

The next item on the agenda is to renew the contracts with Hoffman, Luhman & Busch as the law firm.

Commissioner Haan moved to renew the 1995 contract with Hoffman, Luhman and Busch, seconded by Commissioner Jones. Motion carried.

Mr. Spencer presented the Board with two proposals for the contract with Christopher B. Burke Engineering Limited.

- 1) A proposal for professional engineering services on a varied rate depending on specified standard charges.
- 2) a proposal for professional engineering services on a fixed rate of \$50.00 per hour.

Commissioner Gentry asked for a report on the number of engineering review hours in 1995 for all the projects submitted in 1995. The discussion of which contract to be used will be continued at the February meeting.

Commissioner Haan moved to extend the 1995 contract with Christopher B. Burke Engineering Limited for one month into 1996, seconded by Commissioner Jones. Motion carried.

Commissioner Haan moved to reappoint Shelli Muller as Drainage Board Secretary for 1996, seconded by Commissioner Jones. Motion carried.

1996 ACTIVE/INACTIVE DITCH LIST

Mr. Hoffman asked for the active and inactive ditches to be placed in the minutes.

Commissioner Haan moved to place the 1996 active/inactive ditch list the minutes, seconded by Commissioner Jones. Motion carried.

1996 - ACTIVE/INACTIVE DITCH LIST

ACTIVE

E.W. ANDREW, ANSON-DEPHINE, JULIUS BERLOWITZ, BEUTLER-GOSMA, ANDREW BROWN, TRAIN COE, COUNTY FARM, THOMAS ELLIS, FASSNACHT-CRIST, REBECCA GRIMES, HARRISON MEADOWS, EUGENE JOHNSON, JAMES KELLERMAN, AMANDA KIRKPATRICK, FRANK KIRKPATRICK, JAMES KIRKPATRICK, CALVIN LESLEY, MARY MCKINNEY, F.E. MORIN, KESTER MOTSINGER, J. KELLY O'NEAL, AUDLEY OSHIER, FRANKLIN RESER, SKINNER RAY, JOSEPH STERRETT, GUSTAV SWANSON, JACOB TAYLOR, JESSE DICKENS, DISMAL CREEK, SHAWNEE CREEK, SAMUEL ELLIOTT, JOHN HOFFMAN, BUCK CREEK, DARBY-WETHERHILL, ISSAC GOWEN, SAMUEL MARSH, EMMETT RAYMAN, WILSON-NIXON, SOPHIA BRUMM, H.W. MOORE, MARY THOMAS, ARBEGUST-YOUNG

INACTIVE

JOHN AMSTUZ, JESSE ANDERSON, DEMPSEY BAKER, BAKER VS NEWELL, NELLIE BALL, MICHAEL BINDER, JOHN BLICKENSTAFF, NATHANIEL BOX, ALFRED BURKHALTER, ORIN BYERS, FLOYD COE, GRANT COLE, JESSE CRIPE, CHARLES DAUGHERTY, FANNIE DEVAULT, MARION DUNKIN, MARTIN ERVIN, ELIJAH FUGATE, MARTIN GRAY, FRED HAFNER, E.F. HAYWOOD, THOMAS HAYWOOD, GEORGE INSKEEP, LEWIS JAKES, FLOYD KERSCHNER, JOHN KUHN, JOHN MCCOY, JOHN MCFARLAND, WESLEY MAHIN, ABSOLEM MILLER, ANN MONTGOMERY, PARKER LANE, CALVIN PETER, PETER RETTERETH, ARTHUR RICHERD, ALEXANDER ROSS, JAMES SHEPHERDSON, JOHN SALZMAN, ABE SMITH, MARY SOUTHWORTH, WILLIAM STEWART, ALONZO TAYLOR, JOHN TOOHEY, JOHN VANNATTA, HARRISON WALLACE, SUSSANA WALTERS, WILLIAM WALTERS, WAPLES-MCDILL, LENA WILDER, J&J WILSON, SIMEON YEAGER, FRANKLIN YOE, JENKINS, KIRKPATRICK ONE, MCLAUGHLIN, JOHN HOFFMAN

Commissioner Gentry mentioned the ditches that are in red:

COUNTY FARM, REBECCA GRIMES, FRANKLIN RESER, GUSTAV SWANSON

Mr. Spencer read a letter he received from Betty J. Michael.

"December 29, 1995

Nola J. Gentry, President  
Board of Commissioners

Michael J. Spencer  
County Surveyor

Re: Interest on Drainage Funds

At the Fall County Auditor's Conference held by the State Board of Accounts, a session was held concerning drainage ditches, charges, billings, investments, interest, etc.

The County Board of Accounts supervisors instructed the Auditors and personnel concerning the above issues. We were informed that most Counties put interest earned on Drainage funds into the County General Fund since County general pays for expenses such as tax bills, Surveyor and Drainage Board Budgets.

An alternative in some cases is to credit this interest to the County Drain Fund (unapportioned). When we inquired about the feasibility of apportioning the monthly interest into more than 100 separate drainage funds, the answer was a dead silence of incredibility that this was being done.

We have double-checked this information with District Board of Accounts personnel and have been told that there is nothing in the statutes that mandates interest should go into each Drain fund or even into the County General Drain Fund.

Therefore, as of January 1, 1996, we will be willing to allocate the monthly interest to either the General Drain Fund or to the County General Fund but NOT to each individual Drain account. Please let me know your preference.

Sincerely,

Betty J. Michael"

Mr. Hoffman stated the ditches are trust funds and the landowners in the watershed areas know the ditches are earning interest, it would not be appropriate to discontinue the investment.

Commissioner Haan moved to direct Mr. Hoffman to write a letter stating per the agreement that was made when the ditches were established the interest was to be allocated, but the Board is willing to distribute the interest on a semimonthly bases to coincide with the spring & fall settlements, seconded by Commissioner Jones. Motion carried.

Commissioner Haan moved to approve the 1996 Drainage Board schedule, seconded by Commissioner Jones. Motion carried.

#### APPROVAL OF MINUTES

Commissioner Haan moved to approve the minutes from the December 6, 1995 Drainage Board meeting, seconded by Commissioner Jones. Motion carried.

#### BRENTWOOD COMMUNITY

Mr. Spencer stated Brentwood Manufacture Home Community is located off US52 West, South of the Elk's Country Club. They asked for preliminary drainage approval, which he recommended as long as the IDNR approved the construction within a floodway. There are approximately 280 lots on 60 acres with a dry bottom retention pond.

Mr. Spencer explained the retention pond does not comply with the Ordinance therefore the developer is asking for a variance. The Ordinance requires a 48 hour discharge time, the plans actual peak discharge is closer to 75 hours.

Commissioner Haan moved to grant preliminary approval to Brentwood Community contingent on the approval of construction in a floodway from IDNR, revised calculations and the request for the variance to the Ordinance, seconded by Commissioner Jones. Motion carried.

#### SOUTHERN MEADOWS

Mr. Spencer recommended granting Southern Meadows Subdivision final approval. The development is located at the corner of South 18th Street and 350 South within the City of Lafayette. Mr. Spencer explained the development needs approval from the County Drainage Board because it drains to the Elliott Ditch. At the Urban review meetings it was determined any development below the railroad tracks draining into Elliott Ditch would be allowed to direct release into the Ditch without onsite detention. The development includes a water amenity onsite, which water will flow into and out, but is not being planned as a detention pond and does not comply with the requirements of the Ordinance. Mr. Spencer had a question as to whether or not the pond would have to comply with the requirements of the Ordinance.

Mr. Hoffman stated the pond would not have to meet the Ordinance requirements as long as it does not affect the drainage.

Mr. Spencer explained the site drains to the pond.

Commissioner Haan stated if the majority of the site drains to the pond it is a retention pond and should meet the requirements of the Ordinance.

Ron Miller, Schneider Engineering, stated the current discharge in a one hour storm duration to Elliott is 2.7 hours. With the installation of a 42 inch pipe draining from the water amenity discharge into the Elliott in a one hour storm will be a little over an hour.

Commissioner Haan moved to grant final approval of Southern Meadows Subdivision with the condition the pond meets the Drainage Board Ordinance requirement for a non-fenced pond, seconded Commissioner Jones. Motion carried.

#### VILLAGE PANTRY #564R

Mr. Spencer introduced Village Pantry #564R, which is located at the corner of Brady and Concord, East of the existing Village Pantry. Weihe Engineering submitted final drainage plans and after the review it was recommended to grant final approval with the variance of a 12 inch pipe to a 10 inch concrete pipe for the outfall of the proposed detention area in order to limit the discharge.

Commissioner Haan moved to grant the variance of the Ordinance from a 12 inch required pipe to a 10 inch proposed pipe, seconded by Commissioner Jones. Motion carried.

Commissioner Haan moved to grant final approval of Village Pantry #564R, seconded by Commissioner Jones. Motion carried.

#### PETITION TO ESTABLISH O'FERRALL LEGAL DRAIN

Mr. Hoffman excused himself from the meeting 9:45 a.m.

Mr. Spencer asked the Board to acknowledge the petition to establish the O'Ferrall Legal Drain, branch of the Alexander Ross Ditch as a valid petition.

Commissioner Haan moved to acknowledge the petition as a valid petition to establish the O'Ferrall Legal Drain, branch of the Alexander Ross Ditch and the petition represents over 10 percent of the effect landowners, seconded by Commissioner Jones. Motion carried.

Mr. Hoffman returned to the meeting at 9:57 a.m.

#### ALEXANDER ROSS DITCH EASEMENT REDUCTION

Mr. Spencer explained on the Meijer site two branches of the Alexander Ross Ditch were described, one on the Southeast corner of the site and the other along the West side of the site. After the construction of the site it was discovered the pipe described along the West side of the site is not actually on the Meijer site. Meijer is asking the description of the pipe on the West side be corrected and the easement on the Southeast corner be reduced from 75 feet to 25 feet center of the pipe either side.

Mr. Hoffman stated Mr. Spencer will have to define the easement as only being on the Southeast corner of the site and redefine the easement on the West side of the property.

Commissioner Haan moved to reduce the easement of the Alexander Ross Ditch located at the Southeast corner of the Meijer site from 75 feet to 25 feet either side of the center of the pipe, seconded by Commissioner Jones. Motion carried.

Commissioner Haan moved to direct Mr. Spencer to correct the Survey maps to show the actual location of the Alexander Ross Ditch and document that the ditch does not run through the West side of the Meijer property, seconded by Commissioner Jones. Motion carried.

Commissioner Gentry asked Mr. Spencer to do a field check on the erosion of the Alexander Ross Ditch bank behind Meadowbrook Subdivision.

#### SANWIN APARTMENTS

Bob Grove presented the Board with Sanwin Apartments drainage plan and asked for preliminary approval. Located North of US52 West and East of County Road 250 West, the site consist of 3.11 acres and is planned to include a multi-family development with 63 units and a commercial area along the highway. After review from Christopher B. Burke Engineering consultant a revised preliminary plan was submitted addressing the concerns of the memo. The majority of the site, in the

revised plan, drains to the Northeast and Ken Baldwin will provide a 20 foot easement for a 12 inch outlet pipe that runs from the Northeast corner of the site to the existing McClure Ditch.

Commissioner Haan moved to grant preliminary approval of Sanwin Apartments, seconded by Commissioner Jones. Motion carried.

Cuppy-McClure - update

Mr. Spencer stated the notices for the hearing to be held February 7, 1996 on the reconstruction of the Cuppy-McClure Drain were sent January 2, 1996.

Mr. Spencer stated RUST Environmental & Infrastructure has submitted several proposals for construction inspection.

Commissioner Gentry suggested Mr. Spencer get other bids for the construction inspection or consider in-house inspections.

Being no further business Commissioner Haan moved to adjourn until February 7, 1996, seconded by Commissioner Jones. Meeting adjourned.

DRAINAGE BOARD MINUTES      JANUARY 3, 1996 REGULAR MEETING

TIPPECANOE COUNTY DRAINAGE BOARD  
 REGULAR MEETING  
 FEBRUARY 5, 1997

The Tippecanoe County Drainage Board met Wednesday February 5, 1997 in the Tippecanoe Room of the Tippecanoe County Office Building, Lafayette, Indiana with Commissioner Hudson calling the meeting to order.

Those present: Tippecanoe County Commissioners Kathleen Hudson and Gene Jones, Tippecanoe County Surveyor Michael J. Spencer, Tippecanoe County Drainage Board Attorney Cy Gerde, Engineering Consultant David Eichelberger, and Drainage Board Secretary Shelli Muller.

Commissioner Hudson stated Commissioner Chase resigned Monday February 3, 1997 which created a vacancy in the position of Vice President to the Drainage Board. She nominated Commissioner Jones to fill the vacancy, seconded by Commissioner Jones. Motion carried to elect Commissioner Jones as Drainage Board Vice President.

The first item on the agenda was to approve the minutes from the meeting held December 11, 1996. Commissioner Jones moved to approve the minutes, seconded by Commissioner Hudson. Motion carried.

Commissioner Jones moved to approve the minutes of the last meeting held January 8, 1997, seconded by Commissioner Hudson. Motion carried.

Mr. Gerde asked for the active and inactive ditch list to be placed in the minutes and a motion be made to approve the list.

Commissioner Jones moved to approve the active and inactive ditches for 1997, seconded by Commissioner Hudson. Motion carried.

#### 1997 CONTRACTS

##### ENGINEERING CONTRACT

Mr. Gerde stated he commends the contract written for Christopher B. Burke Engineering, Limited, but some verbiage was changed to better protect the County's interest.

Mr. Eichelberger stated the changes will be made and the contract ready for signature at the March meeting.

##### ATTORNEY CONTRACT

Mr. Gerde stated the contract for Drainage Board Attorney is ready for approval and the signature of the Drainage Board. The contract is the same format as Mr. Hoffman's contract with a few changes; date, name and hourly rate changed to \$140.00 per hour also, the last paragraph was added to the contract.

Commissioner Hudson read the paragraph that was added:

"All parties hereto agree not to discriminate against any employee or applicant for employment with respect to his hire tenure, terms, conditions or privileges of employment or any matter directly or indirectly related to employment, because of his race, religion, color, sex, disability, handicap, national origin or ancestry. Breach of this convenient may be regarded as a material breach of the contract."

Commissioner Jones moved to approve the contract for Drainage Board Attorney, seconded by Commissioner Hudson. Motion carried. The entire contract is on file in the County Surveyor's Office.

#### **JAMES N. KIRKPATRICK DITCH**

Mr. Spencer asked that the **James N. Kirkpatrick Ditch** proposal discussion be continued until the March meeting allowing time to fill the vacancy of the third Drainage Board member.

Commissioner Hudson moved to continue the discussion of the James N. Kirkpatrick Ditch proposals until the March Drainage Board Meeting, seconded by Commissioner Jones. Motion carried

#### **OBSTRUCTION OF DRAINS**

Mr. Spencer referred to the following "PETITION TO TIPPECANOE COUNTY DRAINAGE BOARD TO REMOVE OBSTRUCTION IN MUTUAL DRAIN OF MUTUAL SURFACE WATERCOURSE" the "DRAINAGE BOARDS POWER EXTENDED TO PRIVATE DRAINS" article in "Indiana Prairie Farmer" and Indiana Code amendment act No. 1277. All of these documents are on file in the County Surveyor's Office. Mr. Spencer wanted the Commissioners to be aware of and have a discussion on this issue. Mr. Spencer felt this law was to protect against man-made obstructions and asked Mr. Gerde to examine the possibility of the law including natural obstructions.

Mr. Gerde gave an example of where this law could be taken into effect. The first being on North 9th Street Road, north of Burnetts Road, the current condition causes water to travel across the road producing a hazardous condition. The reason for the water across the road is due to drainage problems outside the County Road Right-of-Way.

Mr. Steve Murray, Executive Director, Tippecanoe County Highway Department, stated another persistent problem is 200 South, east of the South fork of the Wildcat Creek. Mr. Murray explained no actual source of funding is available to work on obstruction of drains which do not have a maintenance fund. Mr. Murray asked the Drainage Board to consider creating a fund which would help the Surveyor's Office and the Highway Department to determine what action could be taken. Mr. Murray stated when a problem becomes severe enough the County Highway Department will clean out an obstruction that is off county road right-of-way to protect the road way, but the funds used for the clean-up are funds that could be used elsewhere.

Commissioner Jones stated Steve Wettschurack told him that FEMA was going to help out with the situation on North 9th Street.

Mr. Murray pointed out with the older residential subdivision the storm water system were allowed to outlet into privately owned ravines, there is no funding available to help with maintenance on these situations. If the storm water system becomes plugged or breaks down causing the streets to flood the County Highway Department has repaired the problem, using funds that were not intended for that type of repair.

Mr. Gerde's understanding is that in the majority of those situation the County does not have an easement, which cause a legal problem for the County.

Mr. Spencer stated in all cases where the County has worked out side the easement a complaint was filed therefore the landowners are willing to grant entry onto their land.

#### MARCH DRAINAGE BOARD MEETING DATE

Mr. Spencer explained the March 1997 Drainage Board meeting date needs to be changed, if possible. Mr. Gerde is going to be out of town on the scheduled meeting date of March 5, 1997.

Discussion of the next Drainage Board Meeting, after an agreed date and time, Commissioner Hudson stated the next Drainage Board meeting will be Tuesday, March 11, 1997 at 9:00 a.m.

Being no further business Commissioner Hudson moved to adjourn until Tuesday, March 11, 1997 at 9:00 a.m., seconded by Commissioner Jones. Meeting adjourned.

# TIPPECANOE COUNTY DRAINAGE BOARD

February 4, 1998

regular meeting

## **Those present were:**

Tippecanoe County Commissioners Ruth Shedd, and John Knochel, County Surveyor Mike Spencer, Drainage Board Attorney Dave Luhman, Drainage Board Engineering Consultant Dave Eichelberger and Drainage Board Secretary Shelli Muller.

The Tippecanoe County Drainage Board met Wednesday, February 4, 1998, in the Tippecanoe Room of the Tippecanoe County Office Building, 20 North 3<sup>rd</sup> Street, Lafayette, Indiana with Commissioner Shedd calling the meeting to order.

The first item on the agenda was to approve the minutes from the October 15, 1997 and December 19, 1997 regular Drainage Board meetings. Commissioner Knochel moved to approve the minutes, seconded by Commissioner Shedd. Minutes Approved.

## **MIKE MADRID COMPANY**

Bob Gross, and Craig Rodarmel of R.W. Gross and Associates, presented the Board with final drainage plans of Mike Madrid Company, located west of I-65, in the northeast portion of the intersection of Swisher Road and the Rail Road. Mr. Gross explained at the south end of the site an existing 15 inch culvert under Swisher Road is the outlet. In the post-developed condition the same 15 inch pipe will be used for the outlet of the site with two sub basin. The sub basin at the north and east sides of the site will outlet into a 12 inch pipe under the driveway and then flow into the 15 inch outlet pipe under Swisher Road. The second sub basin will be at the south end of the site and outlet through a 12 inch pipe with a 4.25 inch diameter orifice on the end to restrict the flow before outletting into the 15 inch pipe under Swisher Road. Mr. Gross explained neither of the two basins will be very deep, but they will be spread over a large area.

Mr. Spencer stated he recommends final approval with the condition the applicant receives approval from the County Highway Department for use of the road right-of-way as site detention.

Commissioner Shedd asked where the emergency overflow will go and who owns the property the overflow will go on?

Mr. Gross stated Mike Madrid Company owns the property for the proposed emergency overflow.

Commissioner Knochel moved to grant final approval of the Mike Madrid Company drainage plan with the condition the applicant receives approval from the County Highway Department, seconded by Commissioner Shedd. Motion carried.

## **DRAINAGE BOARD 1998 CONTRACTS**

### **Attorney**

Mr. Spencer presented the Board with a 1998 contract from Hoffman, Luhman and Busch Law Firm for their services to the Tippecanoe County Drainage Board.

Commissioner Knochel moved to approve the 1998 contract with Hoffman, Luhman and Busch Law Firm, seconded by Commissioner Shedd. Motion carried.

**Engineering Consultant**

Mr. Luhman presented the Board with a 1998 contract from Christopher B. Burke Engineering, LTD. for engineering consultant services for the Tippecanoe County Drainage Board.

Mr. Luhman suggested continuing the 1998 contract with Christopher B. Burke Engineering, Ltd. until some language is included, which is in the agreement from January 3, 1995 contract. Christopher B. Burke Engineering, Ltd. could copy the 1995 contract and update it to include the current rates.

Commissioner Knochel moved to continue the 1998 engineering consultant contract with Christopher B. Burke until the March 4, 1998 Drainage Board Meeting, seconded by Commissioner Shedd. Motion carried.

**1998 ACTIVE AND INACTIVE DITCH LIST**

Mr. Luhman read the 1998 active and inactive ditch list.

**ACTIVE DITCH LIST**

- 4. Delphine Anson    8. Julius Berlovitz    10. Michael Binder    14. Buck Creek
- 16. Orrin Byers    18. Train Coe    20. County Farm    26. Darby Wetherill
- 31. Issac Gowen    33. Rebecca Grimes    34. Fred Hafner    35. E.F. Haywood
- 37. Harrison Meadows    41. Eugene Johnson    42. James Kellerman    43. Floyd Kerschner
- 44. Amanda Kirkpatrick    45. Frank Kirkpatrick    47. John Kuhns    48. Calvin Lesley
- 52. Mary Mckinney    54. Samuel Marsh    55. Absalm Miller    57. F.E. Morin
- 58. Hester Motsinger    59. J. Kelly O’Neal    60. Audley Oshier    64. Rayman Emmett
- 65. Franklin Reser    67. Aurthur Rickerd    71. Skinner Ray    74. Joseph Sterrett
- 76. Gustav Swanson    78. Jacob Taylor    87. Wilson Nixon    89. Simeon Yeager
- 91. Jesse Dickens    93. Dismal Creek    **94. Shawnee Creek**    101. John Hoffman
- 102. Sophia Brumm    103. H.W. Moore    105. Mary Thomas    106. Arbegust Young
- 108. High Gap Road    109. Romney Stock Farm

**INACTIVE DITCH LIST**

- 1. John Amstutz    2. Jesse Anderson    3. E.W. Andrew    5. Dempsey Baker
- 6. Newell Baker    7. Nellie Ball    11. John Blickenstaff    12. N.W. Box
- 13. A.P. Brown    15. Alfred Burkhalter    17. Floyd Coe    19. Grant Cole
- 21. Jesse Cripe    22. Charles Daughtery    23. Fannie Devault    25. Marion Dunkin
- 27. Thomas Ellis    28. Martin Erwin    29. Crist-Fassnacht    30. Elijah Fugate
- 32. Martin Gray    36. Thomas Haywood    39. George Inskeep    40. Lewis Jakes
- 46. J.N. Kirkpatrick    50. John McCoy    51. John McFarland    53. Wesley Mahin
- 56. Ann Montgomery    61. Parker Lane    63. Calvin Peters    66. Peter Rettereth
- 68. Alexander Ross    69. James Sheperdson    70. John Saltzman    72. Abe Smith
- 73. Mary Southworth    75. William Stewart    77. Alonzo Taylor    79. John Toohey
- 81. John VanNatta    82. Harrison Wallace    83. Sussana Walters    84. William Walters
- 85. Waples McDill    86. Lena Wilder    88. J & J Wilson    90. Franklin Yoe
- 92. Jenkins    95. Beutler-Gosma    96. Kirkpatrick One    100. S.W. Elliott

Commissioner Knochel moved to approve the 1998 ditch assessment list, seconded by Commissioner Shedd. Motion carried.

**OTHER BUSINESS**

Mr. Spencer brought to the Board's attention a public notice from the Corp. of Engineers regarding the proposed wetland constructed above a county regulated tile drainage system the **John McCoy Ditch** located south of Wea School along County Road 200 East. Mr. Spencer explained there have been some concern from the property owners in the watershed area with what the Corp. has proposed. Mr. Spencer asked the Board if the County should have an informational meeting regarding the wetland?

Commissioner Knochel moved to have an information meeting with all the effected landowner in the area of the proposed wetland, seconded by Commissioner Shedd. Motion carried.

Mr. Spencer asked if the 30 day requirement for a public notice would be in affect with this meeting only being an informational meeting?

Mr. Luhman stated no, not for an informational meeting because it is not being reconstruted, the assessment is not going to change and there is not going to be any legal affect on the landowners.

**MINUTE BOOK**

Mr. Luhman explained that there was a question as to whether or not a ledger size minute book was required to be used, if not, than could the minute book be changed to a letter or legal size. Mr. Luhman stated he could not find any statue where a ledger size book had to be used.

Commissioner Shedd granted approval to change the size of the minute book from ledger to letter, beginning with the 1998 Drainage Board minutes.

Being no further business, Commissioner Knochel moved to adjourn until March 4, 1998, seconded by Commissioner Shedd. Meeting adjourned.

# TIPPECANOE COUNTY DRAINAGE BOARD

February 3, 1999

Regular Meeting

**Those present were:**

Tippecanoe County Commissioners Ruth Shedd and John Knochel, County Surveyor Mike Spencer, Drainage Board Attorney Dave Luhman, Drainage Board Engineering Consultant Dave Eichelberger and Drainage Board Secretary Shelli Muller.

The Tippecanoe County Drainage Board met Wednesday, February 3, 1999, in the Tippecanoe Room of the Tippecanoe County Office Building, 20 North 3<sup>rd</sup> Street, Lafayette, Indiana with Commissioner Shedd calling the meeting to order.

The first item on the agenda is to approve the 1999 Active and Inactive Ditch Assessment List. Mr. Luhman read the list.

Commissioner Knochel moved to approve the list of Active and Inactive Ditch Assessment for the year 1999, seconded by Commissioner Shedd. Motion carried.

**WATKINS GLEN SUBDIVISION, PHASE 4, PART 3**

Tim Beyer of Vester and Associates, asked the Board for preliminary approval of Watkins Glen Subdivision, Phase 4, Part 3 located off County Road 400 East. The proposed subdivision consists of 9 lot on a 5 acre site. Mr. Beyer asked for a variance from the Drainage Ordinance that requires on-site detention. The majority of the proposed plan drains to an existing pipe and then to an existing detention facility for Watkins Glen South, Part V. The facility has the capacity to handle the additional runoff of Phase 4, Part 2.

Mr. Spencer recommended granting the variance for no on-site detention and preliminary approval of the drainage plan for Watkins Glen, Phase 4, Part 3.

Commissioner Knochel moved to grant preliminary approval of Watkins Glen, Phase 4, Part 3 and to grant the variance allowing no on-site detention, seconded by Commissioner Shedd. Motion carried.

**SEASONS FOUR SUBDIVISION, PHASE III**

Roger Fine, of John E. Fisher and Associates, asked the Board for approval of the outlet pipe for Seasons Four Subdivision, Phase III. The City of Lafayette requires the project to receive approval from the Tippecanoe County Drainage Board because of the outlet pipe into the **Elliott Ditch**. Mr. Fine informed the Board a DNR permit is pending for work in the floodway.

Mr. Spencer recommended approval of the outlet pipe, subject to the project receiving the DNR permit.

Commissioner Knochel moved to approve the outlet pipe into **the Elliott Ditch** for Seasons Four Subdivision, Phase III, subject to the approval of the DNR permit, seconded by Commissioner Shedd. Motion carried.

Being no further business, Commissioner Knochel moved to adjourn until March 3, 1999 at 10:00 a.m., seconded by Commissioner Shedd. Motion carried.

# TIPPECANOE COUNTY DRAINAGE BOARD

February 9, 2000

Regular Meeting

**Those present were:**

Tippecanoe County Commissioners Kathleen Hudson, John Knochel and Ruth Shedd, County Surveyor Stephen Murray, Drainage Board Attorney Dave Luhman, Drainage Board Engineering Consultant Dave Eichelberger and Drainage Board Secretary Doris Myers.

The Tippecanoe County Drainage Board met Wednesday, February 9, 2000, in the Tippecanoe Room of the Tippecanoe County Office Building, 20 North 3<sup>rd</sup> Street, Lafayette, Indiana with Commissioner Kathleen Hudson calling the meeting to order.

The first item on the agenda is to approve the minutes from the January 12, 2000, Regular Drainage Board Meeting and minutes from the January 21, 2000, Special Drainage Board Meeting. Commissioner Knochel moved to approve the minutes of January 12, 2000, Regular Drainage Board Meeting and January 21, 2000, Special Drainage Board Meeting, seconded by Commissioner Shedd. Motion carried.

Commissioner Hudson welcomed Stephen Murray, as new County Surveyor, to his first meeting with the Drainage Board.

**CROSSPOINTE APARTMENTS SUBDIVISION**

Wm. R. Davis with Hawkins Environmental gave presentation for Crosspointe Apartments Subdivision. This site is located east of Creasy Lane, south of Weston Woods Subdivision and east of the **Treعه Meadows Relief Drain**. The applicant proposes to construct apartments and associated parking. The stormwater management plan for this area was the subject of previous studies conducted as part of the Amelia Avenue extension over the **Treعه Meadows Relief Drain**. Two issues from C.B. Burke Engineering report to be discussed. First issue is ponding of waters on project. The parking lot plans were intended to pond 7" of water. Second issue concerning previously discharge channel that has been schematic approved for the drainage of this site. Their intention is to use this channel for draining this site. If not approved as is a modification can be brought before the board.

Commissioner Hudson asked Dave Eichelberger to explain about the wet bottom ponds.

Dave Eichelberger, Drainage Board Engineering Consultant, stated the previous stormwater management plan indicated that portions of this development would drain to proposed wet-bottom ponds prior to discharging to the **Treعه Meadows Relief Drain**. However, it does not appear these ponds are proposed as part of this subject development on their plans. Are these ponds already in place, are they going to be constructed as part of this project or are they going to have some interim outlet to the **Treعه Meadow Relief Drain** between now and then? If are wanting final approval may need to have condition that proposed ponds are constructed or proposed outlet is approved.

Steve Murray asked Wm. R. Davis what was their intent.

Wm R. Davis commented there is another project that has risen to this area. The project is not moving very rapidly. They want to get these projects temporarily constructed as did in schematic approval of wet-bottom channel as part of this project.

Commissioner Hudson asked if these outlets would be the ones carrying water over parking lot. Answer was no.

Commissioner Hudson asked what was going to be done about the water ponding over the parking lot area.

Steve Murray stated 7" water ponding over parking lot is allowable by ordinance. This is backwater from 100-year flood as composed to conventional ponding for storage in the lot.

Steve Murray asked if there was a duration limit.

Dave Eichelberger stated none that he is aware of.

Commissioner Knochel moved to grant final approval to Crossepoint Apartments Subdivision subject to the outlets being constructed as part of this project, seconded by Commissioner Shedd. Motion carried.

#### **WABASH NATIONAL SITE DETENTION**

Wm. R. Davis with Hawkins Environmental gave presentation for Wabash National Site Detention. This is a 340-acre site located north of C.R. 350 South, between Concord Road and U.S. 52. This is a schematic design for Wabash National and is the second time for reviewing this site. We are trying to come up with an overall plan for final development of Wabash National property. They are not placing structures, etc, but are determining the amount of improved surface they can have, what areas need to be stoned, types of drainage, etc. Currently there is a tile branch of **Elliott Ditch** traversing this property. At present a lot of water stands on this property. We are proposing how to move this water in a developed condition. Will be stoning parts of the property after constructing diversion ditches. Will be removing tile in the **Elliott Ditch** Branch and make open drain. The present detention pond is adequate for future use. Wm. R. Davis is asking for approval of schematic design for Wabash National Site Detention.

Dave Eichelberger suggests preliminary approval of the ditch network and final approval of the continued use of the existing detention pond.

Commissioner Knochel moved to grant preliminary approval of the ditch design for the Wabash National Site Detention and final approval for the drainage pond, seconded Commissioner Shedd. Motion carried.

#### **WILLIAMS COMMUNICATIONS – FIBER OPTIC CABLE**

Harold Elliott with Williams Communications gave presentation to install fiber optic cable communication system. This cable will stretch from Atlanta, Cincinnati, Indianapolis and through Chicago. Part of this system will go through a portion of Tippecanoe County. Have received permits for the road crossings. Had been working with Mike Spencer for permits on drainage ditches. They had sent a letter earlier, recommended by Mike Spencer, explaining what they were going to do. Mr. Elliott stated he thinks they should have a permit due to all the bonding, etc. Mr. Elliott's purpose for being here today is to go over project, find out for sure what they do want, and get bond, etc. ready for the next meeting.

Commissioner Hudson asked Mr. Elliott if he received Dave Luhman's letter.

Mr. Elliott's comment was yes. Mr. Elliott stated they have included what Mr. Luhman asked for. Mr. Elliott had a question on drawing for each ditch. Can they use what we use as a typical ditch crossing with it put to the ditch we are crossing? Instead of a complete profile of each ditch.

Dave Luhman asked if it would be similar to what is used on highways. If so, that would be adequate. Mr. Elliott commented yes. Williams Communications will furnish drainage board with a complete list of where line is as built.

Steve Murray stated he would like Mr. Elliott to give as much information possible to the contractor, so they can narrow down their area to start being aware that there may be a legal drain there.

Mr. Elliott commented there would be a crew out to survey each of the legal drains so contractor knows exactly where they start and will be. They are running a minimum of 42" below ground. Some of the survey work is being done now.

Steve Murray asked if they would trench or plow the lines.

Mr. Elliott stated the plan was to plow. When you go across ditches we know you can't plow. So we will be trenching these lines.

Steve Murray stated they would want the cable trenched not plowed. When you trench you can see turned up broken tiles. When you plow there is no visible evidence of broken tiles. May be 3 to 5 years before drain collapses and backs up. A lot of counties have gone too only allowing trenching now days as opposed to plowing.

Commissioner Knochel stated his concern was when turning up some private tiles who will repair. They want someone who is knowledgeable to do the field tile repair.

Mr. Elliott commented he had talked with Mike and would like for the drainage board to hire someone in our county to act as an inspector to find the legal drains and bill Williams Communications for that service.

Steve Murray commented his concern is finding an inspector. It doesn't matter if the drainage board hires or if Williams Communications hires. Stephen thinks it would be better if drainage board hired the inspector.

Mr. Elliott asked about a pay scale agreement. This can all be worked out when I come back for the next meeting.

Steve Murray asked what is your construction schedule.

Mr. Elliott stated this year, this spring. It depends on all the permits coming in and all the easements that are being required one way or the other.

Steve Murray felt comfortable with this if they are willing to work under the drainage board conditions.

Mr. Elliott suggested the \$5,000 bond might not be large enough. There is more potential damage than \$5,000.

Dave Luhman recommends \$25,000.00 bond. Wait on final draft at the March 1, 2000 meeting for details.

Mr. Elliott will return for the March 1, 2000, meeting with final draft and details.

## **2000 ACTIVE AND INACTIVE DITCH ASSESSMENTS**

Commissioner Knochel moved to approve the list of Active and Inactive Assessment for the year 2000, seconded by Commissioner Shedd. Motion carried.

**OTHER BUSINESS**

**PETITION FOR ENCROACHMENT ON UTILITY & DRAINAGE EASEMENT LOT 63, RED OAKS SUBDIVISION**

Steve Murray gave presentation of this petition for encroachment on utility & drainage easement Lot 63, Red Oaks Subdivision. The petition for encroachment reads as follows: The undersigned, John L. Maloney, who owns 609 Bur Oak Court, does hereby request permission of the Tippecanoe County Commissioners and the Tippecanoe County Drainage Board to encroach 25 feet into the utility and drainage easement at the rear side of their home on Lot 63, Red Oaks Subdivision, Wea Township, Tippecanoe County, Indiana, as shown on the diagram hereto attached and made a part of this petition. Diagram will be on file in surveyor's office. Stephen commented the real concern is the 25 feet encroachment will be too far down the bank and into the water level. This could be an obstruction if maintenance needs to be done to the bank for erosion purposes or pipe out fall. A 10-foot encroachment will bring to the top of bank. Stephen stated he would not recommend any more encroachment then to the top of the bank.

Commissioner Hudson asked if 10 foot would encroach into the utility and drainage easement.

Steve Murray commented without an actual survey tying the house to the lot lines we wouldn't know for sure. It would appear the 10-foot at the top of bank is roughly the easement line that they want to encroach into. If we do not grant requirement for encroachment they can not go any further than the top of bank.

Commissioner Hudson asked if Bill Augustin of Gunstra Builders was aware of this being on the agenda.

Steve Murray commented he had talked to Bill Augustin this week and thought he was aware of the agenda.

Commissioner Knochel asked if they wanted to build a deck and if it was already built.

Steve Murray answer was didn't believe so. Chris from surveyor's office had been out in the last month and took pictures. No deck was in the pictures.

Dave Luhman asked if they wanted to resubmit this petition for an amendment asking for a lower amount of encroachment. If the Drainage Board denies this petition they can resubmit another petition.

Commissioner Knochel moved to deny request for 25 foot encroachment on utility and drainage easement for Lot 63, Red Oaks Subdivision, Wea Township, Tippecanoe County, seconded by Commissioner Shedd. Motion carried.

**CHICAGO TITLE INSURANCE COMPANY**

Dave Luhman gave presentation regarding request of letter from Drainage Board to Chicago Title Insurance Company. The property is located at 3815 SR 38 E known as the **Kyger Bakery**. There has already been a dry closing on the sale. There are 2 buildings that come within the 75-foot easement. The Chicago Title Insurance Company in order to issue their title insurance need letter from Drainage Board acknowledging that buildings on this property were constructed prior to the requirement of the 1965 Drainage Act and are thus legally located structures and do not constitute illegal encroachments. Have tax records from Fairfield Township Assessors Office that show these structures were built in 1948. Dave Luhman presented Commissioner Hudson with letter on Drainage Board stationery for signature stating these structures were built prior to the requirements of the 1965 Drainage Act and are thus legally located structures and do not constitute illegal encroachments. Dave Luhman has reviewed this with Mr. Bumbleburg, who represents Kyger, and has his approval.

Commissioner Knochel moved president of Drainage Board to sign this letter stating the building were built before 1965 and do not constitute illegal encroachments, seconded by Commissioner Shedd. Motion carried.

Being no further business Commissioner Knochel moved to adjourn meeting, seconded by Commissioner Shedd. Meeting adjourned.

**Tippecanoe County Drainage Board**  
**Minutes**  
**May 2, 2007\_**  
**Regular Meeting**

**Those present were:**

Tippecanoe County Drainage Board President John Knochel, member KD Benson, County Surveyor Steve Murray, Drainage Board Attorney Dave Luhman, Drainage Board Engineering Consultant Dave Eichelberger from Christopher B. Burke Engineering Limited, and Drainage Board Secretary Brenda Garrison. Project Manager Zachariah Beasley was also in attendance. Vice President Ruth Shedd was absent.

**Approval of Minutes**

KD Benson made a motion to approve the April 4, 2007 Regular Drainage Board minutes as written. John Knochel seconded the motion. The April 4, 2007 Drainage Board meeting minutes were approved as written.

**Purdue Research Park Phase 3 Part 1 Infrastructure**

Brandon Fulk of Schneider Corp. appeared before the Board to request final approval for the Purdue Research Park Phase 3 Part 1 Infrastructure project. The site located within the City of West Lafayette consisted of approximately 2.3 acres. An existing dry detention facility constructed with Phase II Part II would be used on an interim basis. Brandon stated the dry facility had the capacity for future growth and currently there was approximately 17 acres of undeveloped growth at the site. It was identified there would be a land swap as far as the volume in the dry facility of Phase II was considered to allow for this development. Approximately 3 acres would be developed which would take away from the 17 acres of undeveloped area in Phase II in the interim. The site drained to the Baker Dempsey Regulated Drain and extensive research of the drain was conducted by Schneider Corp. The said regulated drain routed along the back side of the proposed lots encompassed the dry facility and discharged to the northwest. Brandon stated he concurred with the conditions listed on the April 26, 2007 Burke memo and requested final approval. Responding to the Surveyor's inquiry, Brandon stated he would be submitting an encroachment petition regarding the Baker Dempsey Regulated Drain in the near future as the sanitary sewer would encroach into the regulated drain easement. The Surveyor asked if anyone else was tributary to the drain and Brandon stated there was no one upstream. The Surveyor recommended final approval with the conditions listed on the April 26, 2007 Burke memo. KD Benson made a motion to grant final approval to Purdue Research Park Phase 3 Part 1 infrastructure with the conditions as stated on the April 26, 2007 Burke memo. John Knochel seconded the motion. Purdue Research Park Phase 3 Part 1 Infrastructure was granted final approval with conditions.

**Purdue Research Park Phase 3 Part 1 Lot 1**

Brandon Fulk of Schneider Corp. appeared before the Board to request final approval for the Purdue Research Park Phase 3 Part 1 Lot 1 project. The site located on the north side of Kalberer Road was within the City of West Lafayette. It currently drained north to the Baker Dempsey Regulated Drain and would continue after the development. The Surveyor stated as this was located within the City of West Lafayette, the Board was concerned with the effect or discharge to the Baker Dempsey-Hadley Lake system only. The water quantity and quality issues had been reviewed by West Lafayette. Brandon stated Lot 1 would be developed for a Childcare Facility which was designed by C&S Engineering. Since the development north of Kalberer in Phase 3 had not been planned and allocated for in the volume of the dry facility and there was 17 acres in Phase II undeveloped there would be a land swap. Further growth would call for additional improvements to be made. The construction plans had been reviewed and approved by the City of West Lafayette's Engineer Office. He concurred with the conditions on the April 26, 2007 Burke memo and requested final approval. Responding to the Surveyor's inquiry, Brandon stated the lot at hand was in compliance with Schneider's original drainage study. The Surveyor recommended final approval with the conditions listed on the April 26, 2007 Burke memo. KD Benson made a motion to grant final approval to Purdue Research Park Phase 3 Part 1 Lot 1 with the conditions as stated on the April 26, 2007 Burke memo. John Knochel seconded the motion. Purdue Research Park Phase 3 Part 1 Lot 1 was granted final approval with conditions.

**Orchard Phase 3 Section 1**

Paul Coutts of C&S Engr. appeared before the Board to request final approval for the Orchard Phase 3 Section 1 Subdivision. He provided the Board with an exhibit of the project site. The site was located east of County Road 300 West (Klondike Road) and north of State Road 26 West consisting of approximately 14.3 acres. Paul stated the topography would be

undisturbed as much as possible. He stated approximately 1/3 of the site drained to the detention storage facility located on outlot H and the remaining 2/3 to the detention storage facility located on outlot G and lot 121. Both of the facilities discharged to an unnamed tributary of Jordan Creek. The rear yards of Lots 142 through Lot 148 would drain westerly uncontrolled from the site. Paul stated there was approximately a 24 foot differential in elevations at different locations within the site. He concurred with the conditions as stated on the April 30, 2007 Burke memo and requested final approval. The Surveyor recommended a Variance for Stormwater Quality be granted subject to the condition listed on the April 30, 2007 Burke memo. Dave Eichelberger stated they would not meet the 80% TSS removal requirement however the overall weighted average would be approximately 75-78%. Lots 142 through 148 would not receive any water quality treatment however the runoff would be routed through a grassed lawn area. This is the area between the lots and the ditch that would not be developed per David Kovich (developer of the site). Dave Eichelberger stated since the pond was not designed as a stormwater quality pond, the amount of treatment could not be quantified. KD Benson made a motion to grant the Variance to the Stormwater Quality with the condition listed on the April 30, 2007 Burke memo. John Knochel seconded the motion. The Stormwater Quality Variance was granted with the condition listed on said memo. KD Benson made a motion to grant final approval with the conditions as listed on the April 30, 2007 Burke memo. John Knochel seconded the motion. The Orchard Phase 3 Section 1 Subdivision was granted final approval with the conditions as stated.

#### **Other Business**

##### **Contract/ Elliott Ditch Revision Scoping /Christopher B. Burke Engr. LTD**

The Surveyor presented the Elliott Ditch Revision Scoping Contract with Christopher B. Burke Engineering LTD to the Board. The Surveyor confirmed this would include the area of the County Extension Office and the County Highway Department. Dave Eichelberger stated Burke would specifically look at the reach from Brady Lane to US 52 and would also have to look up and downstream to see what areas impacted that reach. He stated this contract would scope out what items would require additional work. He noted it may actually be a study from the mouth to US 52. KD Benson made a motion to enter into the contract with Christopher B. Burke for the revision scoping on the Elliott Ditch. John Knochel seconded the motion. The Elliott Ditch Revision Scoping Contract with Christopher B. Burke Engineering LTD was approved as presented by the Surveyor.

##### **Contract/Berlowitz Regional Detention /INDOT**

The Surveyor presented a Regional Detention Plan contract with the County and Indiana Dept. of Transportation (INDOT) for payment of 3.13 acre feet of storage resulting from the State Road 26 East improvement for a total of \$49,650.00. He recommended the Board sign and enter into the agreement. He stated there were two more agreements with INDOT. One contract was to pay for the upsizing of the storm sewer on County Road 550 East and one for the relocation of County Road 500 East to line up with the main entrance of the Brookfield Heights Subdivision north of SR 26. KD Benson made a motion to enter into the agreement with INDOT as presented by the Surveyor. John Knochel seconded the motion. The said contract with INDOT was approved by the Drainage Board and would be forwarded to the Commissioners for their signature at their May 7, 2007 meeting.

##### **Petition to Partially Vacation of the Floyd Coe Regulated Drain / Bible Minor Subdivision**

The Surveyor presented a Petition to Partially Vacate the Floyd Coe Regulated Drain located within the Bible Minor Subdivision site south of SR 28 and west of County Road 700 East. This was the very upper end of a branch of the F. Coe Drain. After discussion with the previous Surveyor and based on the original maintenance report, it did not appear the branch continued any further north or served any other properties or that this branch was intended to be maintained as part of the system. He recommended the Board grant the Petition to Partially Vacate the F. Coe Regulated Drain within the Bible Minor Subdivision. KD Benson made a motion to grant the Partial Vacation of the F. Coe Regulated Drain as presented by the Surveyor. John Knochel seconded the motion. The Petition to Partially Vacate the Floyd Coe Regulated Drain was granted as presented. The Petition would be recorded with the Records office by the petitioner.

##### **Petition to Partially Vacate the Wilson Branch (Treece Meadows Relief Drain) of the SW Elliott Regulated Drain**

Dan Teder of Reiling Teder & Schrier and Pat Jarboe of TBird Designs representing Cascada Professional Park/Ron Whistler appeared before the Board to present a Petition to Partially Vacate the S.W. Elliott Regulated Drain-Wilson Branch (Treece Meadows Relief Drain). Dan presented exhibits to the Board for their review. The exhibits indicated the site of the vacation requested. A portion of Phase III of Cascada Business Park consisting of 25 acres was being rezoned and the City of Lafayette was supportive of the request. On the North side of the overall tract was the Vineyard Residential Subdivision and to the West Treece Meadows Residential Subdivision. APC had required a stub street to connect the Vineyards Subdivision

to Cascada Subdivision. The vacation request was needed in order to add the 14 lots along the western portion of the Subdivision. Granting the vacation would give enough land for the various setbacks, pads etc required. After the vacation is granted there would still be a minimum of 26.5 feet from top of bank. He had spoke with Tim Balensiefer who designed the subdivision and was informed money was given out of TIF funds for the site purchase. The design had not been completed at time of payment and two easements were combined during the design phase. After the vacation there would be 25 feet easement on the Treece Meadows side and 50 feet on the Cascada side. Dan stated Ron Whistler was agreeable to a drainage easement on the western portion of Cascada Subdivision in the future. Additionally Dan asked TBird to investigate the 100 feet flood elevation; it was approximately 3 feet below the top of the bank along the ditch. Since TIF funds were used to purchase this property, they were in agreement to a perpetual maintenance of the east side of the ditch going from lots 43 to 56 along the ditch. This would include mowing and cleanout of ditch. Dan stated it was of his opinion this would offset any TIF money previously used. Additionally Dan stated Ron Whistler agreed to a one time mowing of the entire ditch within the tract from McCarty Lane to the Northwest corner of Phase III of Cascada or Lot 43. He did not feel it was reasonable to request the Subdivision Homeowners Association to continue mowing what is not on their tracts. In summary he stated they would do a one time maintenance mowing of the entire ditch within the tract from McCarty Lane to the Northwest corner or lot 43 Cascada Business Park Phase III, and continually maintain the east side of the ditch from lots 43-56. In response to the Surveyor's inquiry on adding a covenant to those lots which had not been sold to date, Dan stated the Subdivision's Covenants had been recorded already. They would have to have 100% of the landowners agree and it would be difficult at this point. He respectfully requested approval of the Petition to Partially Vacate S.W. Elliott Regulated Drain - Wilson Branch - Treece Meadows Relief Drain. The Surveyor stated he made a site visit and reviewed the easement in question. The Surveyor then reviewed the tract for the Board utilizing GIS and the exhibits provided. He stated if the developer would be willing to plot a five foot drainage easement at the rear of the lots it would give enough room to do any required maintenance on the ditch. The Surveyor recommended granting the petition subject to the platting of a five foot drainage easement only at the rear of the proposed new lots and submittal of a maintenance agreement satisfactory to the Surveyor by the next Drainage Board meeting. The Board Attorney will provide Mr. Teder with an agreement for review. In response to K D's inquiry, Dan stated the reduction of easement was requested for Phase III-the residential area only. KD Benson made a motion to grant the Petition to Partially Vacate the SW Elliott Regulated Drain – Wilson Branch- Treece Meadows Relief Drain subject to the 5 feet easement addition on the back of the lots along the east edge of the ditch lots 43-56 and a maintenance agreement satisfactory to the Surveyor. John Knochel seconded the motion. The Petition to Partially Vacate the S.W. Elliott Regulated Drain-Wilson Branch (Treece Meadows Relief Drain) was granted with conditions.

### **Maintenance Bonds**

The Surveyor presented Maintenance Bond #104814555 in the amount of \$18,700.00 from Milestone Contractors for Ravenswood at Hickory Ridge P.D. Ph. 2 for acceptance by the Board. KD Benson made a motion to approve Maintenance Bond #104814555 in the amount of \$18,700.00 from Milestone Contractors for Ravenswood at Hickory Ridge P.D. Ph. 2. John Knochel seconded the motion. Maintenance Bond #104814555 in the amount of \$18,700.00 from Milestone Contractors for Ravenswood at Hickory Ridge P.D. Ph. 2 was accepted by the Board.

### **Public Comment**

#### **Rob Noles**

Rob Noles 8503 State Road 26 West, West Lafayette Indiana approached the Board. Rob stated he was in front of the Board two years ago with a major drainage problem at his location. A watershed pond of 3 acres had grown to an estimated 30 acres. Some tile work had been done but with the rain this year it was at an all time high. The property around his house and 26 other lots were affected as well the north side of SR 26. One landowner had to move out of his house and eventually was foreclosed on. He requested the problem addressed as soon as possible. KD stated this had been a problem for a couple years. She noted Norm Bennett was at the last meeting and expressed his concerns as well. The Surveyor at the last meeting stated he would speak to the owner to the north. He had spoken with the landowner since that meeting. Due to the fact there are no records on the drain (private/ mutual drain) and the amount of water present the investigation had been difficult. He stated with inflation the landowners were looking at approximately \$35.00 per acre for a reconstruction. He was trying to get it drained down to see if some of the system was salvageable in order to keep the cost at a minimum. He stated this issue was at the top of the list for his office. Rob stated the work that was done a couple of years ago cleared it up somewhat but did not completely drain the area. He has lived at that location for 22 years and the area use to completely dry out in the summer time. The water was up to the road now and would soon be on top of it. The Surveyor stated he felt the problem worsened after INDOT replaced a culvert under the road. However if the water does not recede they will not be able to tell what the problem is. He felt a dye test would not work as it would dilute. Since the Whaley's have agreed to the construction of an open ditch on their property to the north to allow relief of drainage- an investigation can continue. However in order to pay for the construction of a temporary outlet (open ditch) money used from the General Drain Improvement Fund would have to

be authorized by the Board. He stated he received an estimate from Lauramie Creek Excavating for approximately \$2800.00 to do the construction. John Knochel stated he was willing to authorize use of monies from the fund in this case. KD Benson made a motion to authorize the use of monies from the General Drain Improvement Fund for construction of a temporary outlet. John Knochel seconded the motion. John Knochel then requested the Surveyor make this issue one of the top priorities of his office.

**Duke Westwood Substation Trees**

KD Benson informed the Surveyor that she had visited the Duke Westwood Substation site and there were no trees planted at the site. As part of their final approval with conditions, they agreed to plant trees along the County Road as a buffer. The Surveyor stated they were to submit a plan for the file. She asked the Surveyor to check on this and report back to her.

As there was no other public comment, KD Benson motioned for adjournment. The meeting was adjourned.
