

The Tippecanoe County Drainage Board held it's regular monthly meeting on Wednesday, January 5th, 1972 at 9:00 a.m., in the Commissioners Room in the Court House.

Present at Meeting Present at the meeting were: Dale Remaly, Edward Shaw, Dan Ruth, Jr., John Garrott, Richard Donahue, Larry Clerget and Gladys Ridder.

Minutes Approved It was moved by Dale Remaly seconded by Ed Shaw to accept the minutes of the December 1, 1971 meeting as read.

Election of Officers The Board held their election of officers for the year 1972 with Bruce Osborn elected Chiarmen, Dale Remaly Vice Chairman, and Gladys Ridder was elected Secretary to the Board. By unanimous decision, the first Wednesday in the month was chosen for the Drainage Board's regular meeting date.

Bids Accepted The Board made their decisions on the maintenance bids for 1972 and were tabled as follows:
 DRAG LINE BIDS
 * Fauber - Small Lina Crane with operator & helper \$33.00 per hour
 Davis - Northwest, Model 41 with operator & helper \$ 45.82 perhour
 BACK HOE BIDS
 * Davis - Model 450 - 6.0 cu. ft. bucket, reach 13.8 feet \$29.85 per hour
 * Cohee - 580 Case - 36" or 24" bucket, reach 14 feet \$22.00 per hour
 Cohee to be called first and if not available to call Davis.

FILL DIRT BIDS
 * Davis - 50¢ per cu. yds + 8¢ per cu. yd. per mile

METAL PIPE BIDS
 For the type of pipe we would be using the bids are identical. The bids of both suppliers were accepted.
 Logansport Metal Culvert Co.
 Young Metal Products Co. (Ladoga)

Ditches Referred Upon motion by Dale Remaly, seconded by Ed Shaw the Board referred the following ditches to the Engineer to classify and prepare a maintenance report.
 Susana Walters, (Perry Twp.), E. F. Haywood, (Jackson Twp.), James Shepherdson, (Perry and Sheffield Twps.), and Jesse Dickens, (Shelby Twp.).

9:30 a.m. Hearing on George Ilgenfritz Ditch Dale Remaly, Vice Chairman opened the hearing of the George Ilgenfritz Ditch by asking the engineer for his report.
 The engineer read letters from Mrs. H. H. Reed, requesting a maintenance fund be established and one from Mr. Louis Vaughan, saying it would be of no advantage to him because he had kept his part of the ditch clean. He felt R. R. cause most of his trouble. Those attending were: Louis Vaughan, Porter Kirkpatrick, Homer Kerlin, Homer Boesch, Charles Leaman, Lloyd Bailey, James Phillips, Hugh Henry for Wallace Farms, Robert Peabody, Robert Elliott, Anna Jane Rice, Wallace Rice, Robert McCabe, Rep. for Constance Reed.

Changes in acreage suggested by the engineer were:
 One or two persons attending felt the clean out should include the extension to Wyandotte Road which is almost a mile long into the Beeler property but after discussion of additional cost all decided if it were necessary later they would petition the Board to make the extension a part of the legal drain.

No objections were filed against the \$1.00 per acre assessment so upon motion by Edward Shaw, seconded by Dale Remaly the Board so moved to establish a \$1.00 per acre maintenance fund.

10:30 a.m. Hearing on Ortman-May Ditch The engineer opened the hearing on the Ortman May ditch by reading his report with recommendations to the Board to abandon the Jacob May ditch and postpone final decision on the William Ortman ditch until John E. Smith Co. had presented their engineer's plans for reconstruction on the part of this ditch that goes through a tract of their ground now being developed into Twyckenham Estates Sub-Division.

Those attending were: J. C. Hilligoss and Robert Tumley for John E. Smith and Louis Thomas for Norfolk and Western Railroad.

Upon motion by Dale Remaly, seconded by Ed Shaw the Board moved to make no decisions until the April meeting. The Board so instructed the Secretary to re-notify those persons on these two ditches of the re-scheduled hearing in April.

11:30 a.m. Hearing on William Stewart Ditch The engineer opened the hearing of the William Stewart ditch by reading his report on the condition of the ditch and his recommendation.
 Those attending were: Maurice Cripe and James C. Buck. Upon request and by recommendation of the engineer the Board changed the acreages of the following: Donald Mullins, one acre was removed and James Bucks, twenty-five acres was reduced to seventeen acres due to the overlap with the Calvin Lesley ditch.

There were no objections to the \$1.00 per acre assessment so upon motion by Ed Shaw, seconded by Dale Remaly the maintenance fund of \$1.00 per acre was established.

Order & Findings & Certificate of Assessments After the establishment of maintenance funds on William Stewart and George Ilgenfritz ditches, the Board signed the order and findings and certificates of assessments for both ditches.

Upon motion by Dale Remaly, seconded by Edward Shaw, the Board ajourned.

Bruce Osborn
 Bruce Osborn, Chairman

Dale Remaly
 Dale Remaly, Vice Chairman

Edward J. Shaw
 Edward Shaw, Board Member

be combined into one. Upon motion by Bruce Osborn, seconded by Dale Remaly and made unanimous by Edward Shaw, the Combination was done.

10:30 a.m.
Hearing on

The hearing on the James A. Shepherdson ditch located in Perry and Sheffield townships was opened by the Engineer reading his report and recommendations to the Board.

James A.
Shepherdson
Ditch

Those in attendance were: Floyd H. Bolyard, John E. Haan and Bernard Spitznagle. Everyone in attendance was convinced the ditch was in need of reconstruction but they would like a maintenance fund established at this time to take care of emergency repairs that can't wait. They also asked the Board to lower the assessment from \$1.00 per acre to 50¢ then change their minds and felt that was not adequate and asked for a \$0.75 per acre assessment.

Upon motion by Bruce Osborn, seconded by Dale Remaly and made unanimous by Edward Shaw a \$0.75 maintenance fund was established.

11:30 a.m.
Hearing on

The hearing on the Sussana Walters ditch was opened with the Engineer reading his report and recommendations to the Board. This ditch is located in Perry Township.

Sussana Walters Ditch

Those in attendance were: Paul Finkenbinder for Maude Biery, John Haan, Floyd Bolyard, Jr. and Karl Kull. All in attendance were in favor of a maintenance fund but asked the Board to set it at \$0.75 instead of the proposed \$1.00.

Upon motion by Bruce Osborn, seconded by Edward Shaw and made unanimous by Dale Remaly the Board moved to establish a \$0.75 per acre assessment.

1:30 p.m.
Continuation of
Elmer Thomas
Ditch
Reconstruction
Hearing

Bruce Osborn, Chairman of the Board opened the continued hearing on the proposed reconstruction of the Elmer Thomas ditch. He first asked the Engineer for any comments he might have and Mr. Ruth said he'd had two people ask him to voice their opinions for them at the meeting. (1) Larry Krug who wanted it stated he was not in favor of the reconstruction and (2) Lyle Loomis who'd called long distance to state he wanted to be counted among those in favor of the reconstruction.

Those in attendance were: Hazel Homes Gephart, Robert Baker, Forrest Williams, Lucille Williams, E. E. Franklin, Fred Glossic, R. D. Franklin, Francis Ziegler, Katheryn DeBoy, W. C. Vanderkleed, Dale Remaly, Charles Floyd, William Martin for SCS, W. H. Braun, Otis Anderson, Jack Gerhart and Robert Gross.

The Chairman asked each one who had any comments to stand, state his name and state his position. Norman DeBoy asked the engineer to come out and check his acreage for he felt the amount on the assessment list was incorrect. Almost all present spoke with the usual pros and cons. No one felt this ditch would be the perfect answer for everyone but certainly from a health standpoint would tend to help the majority and with a functioning drain surely others could find a way of tiling to it. After about two hours of discussion, the Chairman said he felt the Board was charged with the responsibility of trying to serve the people of Tippecanoe County to the best of their ability and that they were responsible to do that which benefited the majority rather than the minority whether it be from a health standpoint or from a better drainage standpoint. Mr. Osborn then moved to reconstruct the Elmer Thomas ditch, it was seconded by Claude Acheson and made unanimous by Edward Shaw.

Order and Findings
and Certificate
of Assessments

After the hearings were completed the Board then signed the Order and Findings and the Certificate of Assessments on the ditches where maintenance funds were established.

Upon motion by Bruce Osborn, seconded by Edward Shaw, and made unanimous by Claude Acheson, the Board moved to adjourn.

MINUTES OF THE TIPPECANOE COUNTY DRAINAGE BOARD HELD MARCH 1, 1972.

The Tippecanoe County Drainage Board held it's regular monthly meeting on Wednesday, March 1, 1972 at 10:00 o'clock a.m.

Present at
Meeting

Those present at the Drainage Board meeting were: Bruce Osborn, Dale Remaly, Edward Shaw Dan Ruth, Frederick Hoffman, John Garrott, Larry Clerget and Gladys Ridder.

Minutes
Approved

Upon motion by Bruce Osborn, seconded by Dale Remaly and made unanimous by Edward Shaw, the minutes of the February 5th, 1972 meeting were approved as read.

Ditches
Referred

Upon motion by Bruce Osborn, seconded by Dale Remaly the Board referred the following ditches to the Engineer to prepare for a maintenance hearing: Amanda A. Kirkpatrick (Jackson Twp.), John C. Amstutz (Perry Twp.), Abe Smith (Perry Twp.), Fannie M. Devault (Jackson Twp.), Thomas Haywood (Jackson Twp.), Alonzo Taylor (Jackson and Wayne Twps.), and James Carter (Washington Twp.).

Present at Meeting The Tippecanoe County Drainage Board held it's regular monthly meeting on Wednesday, May 3, 1972 at 9:00 o'clock a.m., in the County Commissioner's Room in the Court House. Those attending the meeting were: Bruce Osborn, Dale Remaly, Edward Shaw, A. D. Ruth, J. Frederick Hoffman, John Garrott and Gladys Ridder.

Many problems needed to be discussed at the regular meeting: (1) Alberta Taylor Bennett's problem on the Jacob Taylor ditch. The Board told Mrs. Bennett that her problem, broken tile on a private tile drain that empties into the Jacob Taylor ditch, was a personal problem and that she should contact her neighbors whose water empties onto her farm and ask them for help in repairing those tile. Also the Board's Attorney told Mrs. Bennett that he would prepare a petition for her to carry to make it possible for her to come before the Board and ask them to accept the private tile ditch as a part of the Jacob Taylor ditch.

(2) SCS has built an open ditch of considerable length onto the N. W. Box Ditch. Should we treat it the same as we did the Oshier branch of the McFarland ditch and what procedures can we follow to get the SCS office to not tie into a legal drain without the knowledge of the Drainage Board.

(3) A maintenance fund was established on the Berlovitz Ditch to be put on the tax duplicate only after the reconstruction was completed. The attorney said he felt we could consider the reconstruction completed only after the SCS office had accepted the work and paid their cost sharing part.

(4) Mr. Lester Bloyd had brought his tax statement in saying he did not drain into the Shepherdson ditch. He had not attended the hearing or come into the office to object before the hearing. The attorney cited the law that says if a landowner has failed to comply with the law in coming in before the hearings with his objections or does not attend the hearings, he has forfeited his right to any consideration.

9:30 a.m. Hearing on the Jeremiah Edwards Ditch The Engineer opened the hearing on the Jeremiah Edwards Ditch by reading his report and making his recommendations to the Board. He said that this ditch could never work effectively until Little Pine Creek had been dredged. Those attending the hearing were Mr. & Mrs. George Purcell and Mr. & Mrs. Paul Kerker. Those in attendance felt they would rather put a maintenance fund assessment on the ditch and try to keep it in the best repair that could be done under the circumstances than to just drop it, so Mr. Ruth said he would come out and take some elevations to determine how much good a maintenance fund would do them and suggested that the Board table this hearing until next month giving him enough time to get a few answers for them.

Upon motion by Bruce Osborn, seconded by Dale Remaly and made unanimous by Edward Shaw the Board tabled this hearing until the June 7, 1972 regular meeting.

10:30 a.m. Hearing on the Mary McKinney Ditch The Engineer opened the hearing on the Mary McKinney ditch by reading his report and recommendations to the Board. Those in attendance were: Dale Brooks, Cletus A. Rush, Leroy Ade, Mr. and Mrs. Paul Kerker, Mr & Mrs. George Purcell and Oscar Gephart. Again the Engineer informed the Board that none of the ditches in this area namely the Edwards, McKinney, Morris or Box) would ever work efficiently until the Little Pine Creek could be dredged. Those on the McKinney felt their ditch did still serve some purpose and that they would rather see the Board establish a maintenance fund than to drop it. The Engineer assured them that as the money built up, it would not be spent foolishly but only on repairing those things that were most necessary. The correction in acreage were:

Upon motion by Bruce Osborn, seconded by Dale Remaly and made unanimous by Edward Shaw, a maintenance fund of \$1.00 per acre was established.

11:30 am Hearing on the Mark B. Morris Ditch At 11:30 a.m., the Engineer opened the hearing on the Mark B. Morris Ditch by reading his report and making his recommendations to the Board. Those in attendance were: Mr. & Mrs. H. T. Siefers, Mr & Mrs. Clarence Van Schepen, Jerry L. Rooze for Matilda Pfeifer, Mr. & Mrs. George Purcell, Mr & Mrs. Clayburn Dixon and Mr. & Mrs. Robert H. Hayworth. With Little Pine Creek's being dredged as the only way this ditch can work, all in attendance were much in favor of not establishing a maintenance fund on this ditch but asked the Board to consider an indefinite postponement of establishing a maintenance fund. The Engineer said that in the future, if it were at all possible, he would make every effort to clean and dredge Little Pine Creek.

1:30 p.m. Hearing on the Fannie Devault Ditch At 1:30 p.m., the Engineer opened the hearing on the Fannie Devalut Ditch by reading his report and making his recommendations to the Board. Only two people attended this hearing, Mrs. Mabel McDill Andrews and an Attorney for Harlan Tyner. The Attorney said he or his client had no objection but was here to get some answers. Mrs. Andrews said shw was in favor of the assessment so Burce Osborn moved to so establish a maintenance fund of \$1.00 per acre on the Fannie Devault Ditch. The move was seconded by Edward Shaw and made unanimous by Dale Remaly.

Upon motion by Dale Remaly, seconded by Edward Shaw, the Board adjourned.

REGULAR MEETING OF THE TIPPECANOE COUNTY DRAINAGE BOARD HELD JULY 3, 1974.

The regular meeting of the Tippecanoe County Drainage Board met in the County Council Room in the Tippecanoe County Court House at 9:00 a.m. o'clock with the following members present:

Bruce Osborn, Robert F. Fields, Edward Shaw, Fred Hoffman, A. D. Ruth, Jr. and Gladys Ridder.

Minutes Approved

Upon motion of Bruce Osborn, seconded by Edward Shaw and made unanimous by Robert Fields the Board accepted the minutes of the June 5, 1974 meeting as read.

McFarland Ditch

Mr. Ruth explained to the Board that Charles Vaughan had been in to discuss the possibility of having a branch of the John McFarland ditch reconstructed. Mr. Vaughan has need of an open ditch and the Board told the Engineer to hold an informal meeting to get the feelings of the other people involved and if there were no objections from others to prepare the profile.

9:30 a.m.
Vacation of the
N. W. Bowen Ditch

The Engineer opened the hearing on the Nathaniel W. Bowen ditch by explaining to the Board the condition of the ditch and the feeling of the people involved. No one attended the hearing but at the last hearing on this ditch the people present made it known that they wanted the ditch vacated. The attorney said with out all the land owners being present the Board would have to go through the formalities and re-inform everybody in the watershed of the intent. With no one attending they took the attitude that all were in favor and so moved. Motion by Edward Shaw, seconded by Bruce Osborn and made unanimous by Robert Fields the Nathaniel W. Bowen ditch was vacated. This should not be confused with the N. W. Bowen ditch that was vacated in November of 1973. This one involves Carroll County and Tippecanoe County and the one vacated in November was a Tippecanoe County Ditch only.

John Fisher
for
Montgomery Ward

Mr. Gene Stano and Mr. John Fisher came before the Board with many problems they have had and several suggestions for re-routing the Branch No. 14 of the Elliott Ditch which has a Montgomery Ward warehouse built directly over it. The Board had granted August 1, 1974 as the deadline for re-routing the ditch. They would take the \$6,000.00 check and build the new ditch themselves if the deadline was not met. Mr. Stano asked for an extension of time for that deadline and the Board granted them thirty days. Those involved in the re-routing would be Fairfield Mfg. Co., Montgomery Ward and perhaps Robert Calloway.

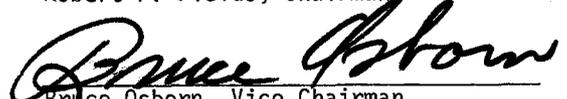

Informal
reconstruction
hearing
Shepherdson Ditch

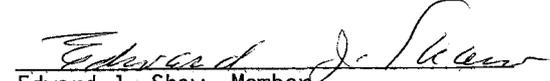

At 10:30 a.m. the Board held an informal reconstruction hearing on the James A. Shepherdson ditch. Those present were Floyd Bolyard, Jr., Fern Landes, Bernard and Mary Spitznagle, Mr. & Mrs. Howard Ayers, John E. Haan and Margaret Cornell.

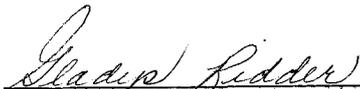

All present were much in favor of reconstruction but there were some reservations as to the open ditch but would need a grassed waterway over the new tile ditch and the Board said that would be his expense. Mr. Ruth said he would figure the new construction two ways, with and without open ditch, and at the Regular hearing in September he would give them prices and the decision could be theirs.

On motion made and carried the meeting adjourned.

Robert F. Fields, Chairman

Bruce Osborn, Vice Chairman

Edward J. Shaw, Member

Gladys Ridder, Exe. Secretary

REGULAR MEETING OF THE TIPPECANOE COUNTY DRAINAGE BOARD HELD JANUARY 4, 1978

The regular meeting of the Tippecanoe County Drainage Board met in the Community Meeting Room in the County Office Building at 9:15 a.m. with the following members present: William Vanderveen, Bruce Osborn, David W. Luhman, Robert L. Martin, Mike Spencer, Kenneth Miller and Ethel Kersey.

Upon the motion of William Vanderveen seconded by Bruce Osborn the minutes of the November 2, 1977 meeting were approved as read. The December 7, 1977 meeting was continued until January 4, 1978 because of the weather conditions in the vicinity of the Tippecanoe County Office Building.

Because Section 105 of the Indiana Drainage Code states that the members of each drainage board shall organize Election of at the board's first meeting, and each January there-after shall elect one chairman, one secretary and appoint Officers the attorney for the year. The officers for 1978 are: William Vanderveen, Chairman, Bruce Osborn, Vice Chairman, Ethel Kersey, Secretary and J. Frederick Hoffman as attorney.

The Chairman opened the new maintenance hearing on the J. Kelly O'Neall ditch by explaining to those present the reason for bringing them in for a new hearing. He said they were currently in the red \$1,472.60 and asked if the new assessment was agreeable to those present. There was no remonstrances filed.

Those present were: Floyd Wilcox for Pearl Posey, Walter Holtman, Paul J. Vaughan and Edward F. Snouwaert.

J. Kelly
O'Neall
Ditch

Floyd Wilcox said he had no objection to the raise in assessment but was objecting to the drainage on part of the Pearl Posey property. He would like for someone to come and check the drainage on this property, it is his opinion that part of the property drain to the J. Kelly O'Neall ditch and the other part of the property drain the other way. Robert Martin was asked if he would check on the Posey's drainage, he stated that he would.

After the pros and cons, William Vanderveen suggested that the Drainage Board pick out a committee of three(3) people on this ditch to act as an advisory board for the ditch. They would help to approve or disapprove of the work, also if the advisory committee would prefer one contractor over another they could so state. This would help to release some of the pressures on the Drainage Board and the Surveyor. Walter Holtman, said he would go along with something like this, was a good idea. William Vanderveen suggested that it would be nice if several of the people from that ditch could suggest people for the committee and send in some names to serve on the committee.

Bruce Osborn made a motion for the new assessment to be \$1.50 per acre. William Vanderveen seconded the motion.

The meeting was opened on the New Battle Ground Junior High School. Mr. Lindy Moriarty was the spokesman, asking permission to take the drainage to Harrison Creek. Mr. Moriarty represented the firm of Fanning and Howey, Architects.

Those in attendance were: L. C. Moriarty, R. H. Anderson, Robert G. Gross, Crustis Vanderkleed, Francis Zeigler, Dale Remaly, Doyle L. Newton, Richard W. Harlow, Lloyd Mikesell, Anne H. DeCamp, Donald D. McKee, John M. Howkins, P. E., Ted Kowalski, TSC Supt., Janet M. Buker, Gerald Risk, Richard A. Boehning, Robert Franklin and Dr. Robert Buker.

Battle
Ground
Junior
High
School

Mr. Moriarty had sketches of the suggested drainage, and explaining the reason for asking permission to go to Harrison Creek rather than going to Burnett Creek. The price to go to Harrison Creek was between \$30,000.00 to \$35,000.00 in comparison to \$130,000.00 to \$135,000.00 to go to Burnett Creek. A saving of \$100,000.00 to \$105,000.00 to the Tippecanoe School Corporation.

Harrison
Creek

Mr. Moriarty also reminding the Drainage Board that they already had the Certificate of Approval of Construction in a Floodway from the Department of Natural Resources.

After one hour of discussing the pros and cons of the drainage in the vicinity of the new Battle Ground Junior High School, and all those present knowing the concern and responsibility of the Drainage Board the meeting was adjourned leaving the solution of the drainage problem in that the Tippecanoe School Corporation is to arrive at an agreement with the affected property owners on the Harrison Creek and Elmer Thomas ditch in co-operation with the County Surveyor and present this agreement for approval of the Drainage Board.

The Chairman opened the informal reconstruction hearing on the James a. Shepherdson ditch by asked those present if there were any comments.

Those present were: Mary A. Spitznagle, Bernard Spitznagle, Phyllis Bolyard, Floyd Bolyard Jr., Sarah B. Ayers, Howard Ayers Sr., Morris Gochenour, Margaret Cornell and John E. Haan.

Informal
Reconstruct
ion
Hearing
James A.
Shepherdson
Ditch

Howard Ayers Sr. said, at the last meeting there was some question on his property if there would be an open ditch or a tile ditch, they have decided that it makes no difference to them if it an open or a tile ditch across their property. He did request that if it was an open ditch that the soil from the ditch be disposed of so that it would not interfere with the surface drainage.

Bernard Spitznagle asked what are the procedure on reconstructing a ditch, and would there be another meeting? The answers to these questions are: the surveyor shall determine and set forth in his report the best and cheapest method of reconstructing the drain so that it will adequately drain all lands affected. The surveyor shall make such surveys, maps profiles, and plans and specifications as are necessary and he shall estimate the costs and expenses of the proposed improvement and he shall include therein all construction costs, notices and advertising, and he shall also estimate the annual cost of periodically maintaining the proposed improvement. The surveyor shall include in his report the name and address of each owner, if known, and the legal description of the land of each owner as shown by the tax duplicate in his opinion to be affected by the proposed improvement. He shall set forth the dollars and cents amount of each owner's assessment based on the total estimated cost of the improvement. When this is completed there will be another hearing on the reconstruction of the James A. Shepherdson ditch. At which time all property owners will be notified of the date, time and place for the hearing.

Robert Martin said that there could be an estimate giving on both an open ditch and a tile ditch. John E. Haan stated as far as he was concern that there was no estimate needed for an open ditch. That there was no open ditch going across his property. It was reported that the only part of the ditch to be an open drain was on Howard Ayers Sr. property.

The informal reconstruction hearing on the Jesse B. Anderson ditch was opened by the Chairman by reading the following request giving to the Board by Arthur Waddell.

Date: December 1, 1977

To: Tippecanoe County Drainage Board
Re: Waddell Branch of the J. B. Anderson Ditch Reconstruction

Gentlemen:

The undersigned property owners involved with the cost and drainage area of the proposed reconstruction of said tile hereby request the Tippecanoe County Drainage Board the following:

1. That the existing 12" tile to be allowed to remain but be abandoned as legal drain.
2. That the new 14" tile be installed a sufficient distance from and parallel with the existing 12" tile and be made a part of the legal drainage system.
3. That any lateral tile cut by the installation of the new 14" tile shall be connected to the new 14" tile and the downstream side be blocked to stop any erosion.

Signed: /S/ Thompson Investments, Inc. By James C. Thompson

/S/ Eugene Johnson

/S/ Arthur Waddell

This request is hereby approved / denied by the Tippecanoe County Drainage Board Members.

Dated this _____ day of _____ 1977

William Vanderveen asked if there were any objection to this request. This is changing the specification. Mr. Hodgen did not sign this request and is objecting to the request but was not present for the hearing. The contractor didn't have any objection. David W. Luhman, the Board attorney for this day, will review the legal procedure on this request.

The Drainage Board said they would try and have an answer for this request by Friday, January 6, 1978.

Those in attendance were: James C. Thompson, Douglas Ridenour, Perry N. Davis and Arthur Waddell.

The Chairman opened the informal reconstruction hearing on the Calvin Peters ditch by reading the following two letters.

November 17, 1977

Mr. Robert Maring
Tippecanoe County Surveyor
Lafayette, In. 47902

Dear Mr. Martin:

On May 18, 1977 Miss Fay Hoffman and I met with the Tippecanoe County Board of Commissioners and asked that the Calvin Peters Ditch be referred to the reconstruction phase. They at that time asked that the County Surveyor work toward reconstruction of the public tile.

In April of this last year Mr. Miller supervised the inspection of several feet of the 12 inch tile main and found the tile non-repairable. Miss. Hoffman would like the drainage problem solved. Mr. Roscoe Mills and Mr. James Remaly have also shown concern over the drainage of the Peters Ditch. We would like to see this problem solved as soon as possible. We would be happy to provide assistance to speed reconstruction of this ditch.

Sincerely yours,

/S/ Ralph E. Jackson

Ralph E. Jackson
Vice President
Agent for Miss. Fay Hoffman

December 1, 1977

Mr. Robert Martin
Tippecanoe County Surveyor
Lafayette, Indiana 47902

Dear Mr. Martin:

I would like to express my interest and concern over the Peters Ditch through which much of the drainage on my farm is dependent. Through investigation we found the tile should be reconstructed. I very much support the project of installing a new tile. I am willing to help with the project if needed. Hopefully this reconstruction can be completed this spring before crops are planted.

Your truly,
/S/ Roscoe Mills
Roscoe Mills

REGULAR MEETING OF THE TIPPECANOE COUNTY DRAINAGE BOARD HELD JANUARY 4, 1978 (continued)

There were no objections to these letters, and the Board was asked to have the Calvin Peters ditch reconstructed as soon as possible.

Those present were: Roscoe E. Mills, Lois M. Ulrich, Steven M. Ulrich, Jerry L. Moss, Fay Hoffman and Dan B. Swezey.

Robert Martin was instructed by the Drainage Board to go ahead and prepare an estimate and any other necessary procedure, and there will be another public hearing on this ditch in March or April.

John Fisher, surveyor, appeared before the Board to review five (5) subdivisions drainage plans. These subdivisions were: Potter Hollow South, Nine Hills, Harrison Meadows, Westland and Fink Meadows Pt 2. Fisher said, the reason for this meeting was if there were any questions or corrections that the Board might have that they could be taken care of before the next meeting. There was a short discussion on each subdivision. The attorney is to check on all the legal procedure.

John Fisher

Fisher also asked for a letter that he could give to the Tippecanoe County Area Plan Commission stating that the Drainage Board approved the proposed drainage system for all these subdivisions. The Board asked, Fisher if he could print this letter like he would like it to read and the Board would approve or disapprove.

After establishing a new rate of assessment on the J. Kelly O'Neill ditch the Board signed the "Order and Findings" and the "Certificate of Assessments".

With the days business completed, Bruce Osborn moved to adjourn. That motion was seconded by William Vanderveen.

REGULAR MEETING OF THE TIPPECANOE COUNTY DRAINAGE BOARD HELD MARCH 1, 1978

The regular meeting of the Tippecanoe County Drainage Board met in the Community Meeting Room in the County Office Building at 9:30 a.m. with the following members present: William G. Vanderveen, Bruce Osborn, Richard L. Smith setting in for Robert F. Fields, David W. Luhman setting for Fred Hoffman, Grady Jones, Mike Spencer, Kenneth Miller and Ethel Kersey.

Upon motion of William G. Vanderveen, seconded by Bruce Osborn and made unanimous by Richard L. Smith the minutes of the February 1, 1978, meeting were approved as read.

Minutes
Approved

The Chairman opened the reconstruction hearing on the James A. Shepherdson Ditch by reading the following Letter:

Tippecanoe County Drainage Board
Re: James A. Shepherdson Ditch

Dear Sirs:

I am writing this letter to voice my objection to the number of acres that I have been assessed for the purpose of rebuilding the Shepherdson Ditch which crosses my farm. I have been assessed on 128 acres which the Board claims drains in this ditch, a figure I feel is entirely too high. Of this 128 acres, no more than 60 acres would actually drain in the Shepherdson Ditch as most of the rain fall runs off as surface water. I am in favor of rebuilding the Ditch but not under the present assessment.

Sincerely yours,

/S/ Bernard Spitznagle
Bernard Spitznagle

Reconstruct
ion of the
James A.
Shepherdson
Ditch

ams

The Chairman, William Vanderveen, Then asked if there were any remonstrances from those present, there were none.

Those present were: Mr. & Mrs. Morris Gochenour, Mr. & Mrs. Bernard Spitznagle, Mrs. Margaret Cornell, Mr. & Mrs. Floyd Bolyard and Mr. & Mrs. John E. Haan.

Mike Spencer explained the way the total cost of the improvement was assessed against each tract of land, which for this reconstruction was based upon the benefit to the land resulting from the improvement. The assessment is \$10.00 per acre for the open ditch, and the assessment for the tile portion of the ditch ranging from \$45.00 to \$70.00 per acre. The open portion of this ditch is on Mr. Ayers' property.

Kenneth Miller and Mike Spencer were asked if they would please check on Mr. Bernard Spitznagle's remonstrance, objecting to the number of acres he is assessed for, that is in the watershed. He was not objecting to the reconstruction of the ditch, only the assessed acres.

William Vanderveen made a motion that the surveyor proceed with the legal procedures of letting the contract for Bids. Bruce Osborn seconded the motion.

Mr. Bill Andrews came before the Tippecanoe County Drainage Board asking permission to relocate a portion of Branch #1 of Branch #13 of the Elliott Ditch, the Board approved the proposed relocation with the following conditions:

1. That the owner petition to vacate a portion of Branch #1 of Branch #13 of the Elliott Ditch.
2. That the owner petition to reconstructed a porton of Branch #1 of Branch #13 of the Elliott Ditch.
3. That the expense of creating this legal entity as well as the installation of the improvements be borne by the petitioner.
4. That the construction plans for said legal drainage be approved by the Tippecnaoe County Drainage Board.

Elliott
Ditch

Jim Shook came before the Drainage Board asking permission to relocate a portion of Branch #14 of the Elliott Ditch, the Board approved the proposed relocation with the following conditions:

1. That the owner petition to vacate a portion of Branch #14 of the Elliott Ditch.
2. That the owner petition to reconstructed a portion of Branch #14 of the Elliott Ditch.
3. That the expense of creating this legal entity as well as the installation of the improvements be borne by the petitioner.
4. That the construction plans for said legal drainage be approved by the Tippecanoe County Drainage Board.

Jim Shook
Br14 of
Elliott
Ditch

Mr. Shook asked about the easement that would be required for this portion of the legal ditch. The Board opinion was to have the same amount of easement as was required of Ward's Warehouse, when John Fisher & Co., relocated a portion of this Branch #14.

The following order was received to appoint a special member of the Board in Robert F. Fields place due to the fact he was unable to be present.

ORDER

Comes now the Tippecanoe County Drainage Board by its Secretary, and certifies that it will be necessary to have a special member to act in the proceedings concerning all the Ditches scheduled to begin on March 1, 1978, for that day only, and being further advised finds in the premises that Richard L. Smith is a resident freeholder of the County and is qualified to act as a special member of the Board.

Order

REGULAR MEETING OF THE TIPPECANOE COUNTY DRAINAGE BOARD HELD MARCH 1, 1978 (continued)

IT IS TEREFORE, ORDERED, ADJUDGED AND DECREED that Richard L. Smith be and is hereby appointed a special member of the Tippecanoe County Drainage Board to serve as a special member in all proceedings occurring on March 1, 1978.

Letter to the Indiana Gas Company, Inc., which they requested, of approval on the corrections they did on the Elmer Thomas Ditch.

March 9, 1978

Indiana Gas Company, Inc.
639 Columbia Street
Lafayette, Indiana

Attention: Mr. Edward Weast

Dear Mr. Weast:

This letter is to acknowledge the fact that you have now complied with our Notice and Order of October 6, 1977, and the Resolution of February 1, 1978, by making the necessary corrections in the Elmer Thomas Ditch where said ditch crosses Indiana State Road #225 near Battle Ground, Tippecanoe Township, Tippecanoe County, Indiana. Such corrections in our opinion are satisfactory.

We thank you for your cooperation in correcting this defect in the legal drain.

Very truly yours,

/S/ William G. Vanderveen

Letter to
Indiana
Gas
Co., Inc.

The Tippecanoe County Drainage Board met in the Community Meeting Room in the County Office Building at 10:45 a.m. on Monday, January 29, 1979, with the following members present: William G. Vanderveen, Bruce V. Osborn, Robert F. Fields, Michael J. Spencer, Kenneth Miller, Frederick Hoffman, Dan Ruth Jr., and Ethel Kersey.

Upon Motion of Robert Fields seconded by Bruce V. Osborn and made unanimous by William G. Vanderveen the minutes of the January 22, 1979 meeting were approved as read.

Ralph and Rosemary Crowder and Rowland Hoskins came before the Drainage Board objecting to the denial of payment to Mr. Crowder for repairs to the Ann Montgomery Ditch.

The Drainage Board read the following letter:

Ralph H. Crowder
41 Poland Hill Place
Lafayette, Indiana

January 27, 1979

Tippecanoe County Drainage Board
County Office Building
Lafayette, Indiana

Subject: Claim for repairs to the Ann Montgomery Ditch.

Dear Sirs,

On December 28, 1978 I (Ralph H. Crowder) submitted a bill to your board for repairs made to the Ann Montgomery Ditch, Jackson Township, Tippecanoe County, on property of Ralph H. Crowder. I was told-- there had been no trouble reported, and the County had personnel to do the work. In regard to these statements I have listed in the order of their occurrence the events leading up to my present situation.

1974:

A special ditch assessment set up in 1974 for needed repairs and maintenance of the Ann Montgomery Ditch would certainly indicate a need for these things. As a taxpayer I have contributed more than enough in this assessment to cover the expenses incurred the spring of 1978.

1976:

Joe Raub, my tenant in 1976 talked to the Surveyors Office regarding needed repairs to the Ann Montgomery Ditch, he was told there was limited funds, but to go ahead. I went into the office to confirm this and arrangements were made to do the work; however the repairman never came.

1977:

Rowland Hoskins, resident of the farm since 1976, and operator beginning with the 1977 crop year, knowing Phil Halsema had done repairs to the Ann Montgomery Ditch on adjoining property (Neil Simison) phoned the Surveyors Office and inquired if they had personnel to repair ditches and was told they did not. He was told to make needed repairs and the owner would be reimbursed by the County.

After I submitted my bill on December 28, 1978, a Mr. Miller, from the Surveyors Office did check out the work and after deleting two bags of cement mix (\$8.54) and an estimated \$80.00 for completion of the work * was to submit a corrected bill in the amount of \$783.63.

*Incomplete work to be finished by County.

On January 19, 1979 I recieved a letter from the Tippecanoe County Drainage Board denied because the Surveyors Office said it was not authorized. In the before mentioned communications with the board nothing was ever said about written orders or authorization.

to Ann
Montgome
Ditch

I am again submitting my corrected bill for your consideration and hope that verbal agreements between conscientious taxpayers and public servants can be honored.

Sincerely,

/s/ Ralph H. Crowder

Ralph H. Crowder

Considering that the present staff in the Surveyor's Office had changed in the past year, the Drainage Board, upon motion made and carried approved payment to Mr. Crowder for repairs to the Ann Montgomery ditch.

Informal
Hearing
Reconstruction
Shepherdson
Ditch

The Chairman opened the informal hearing on the reconstruction of the James A. Shepherdson ditch. The purpose of this meeting was to explain to those present that an error was found in the original estimated cost for reconstructing the Shepherdson ditch.

From the tile bids and other bid jobs the County Surveyor and Engineer now has a more accurate way of estimating the cost of reconstructing a ditch.

It was decided that the Drainage Board would advertise for Bids, for construction cost only, and then add the tile prices to the construction price and this would give a definite total cost.

If the property owners agreed to this, then the County would go ahead with the reconstruction of this ditch.

There will be another meeting sometime in March.

Those attending the meeting were: George DeLong, Howard Ayers Sr., John E. Haan, Mary Haan, Morris Gochenour, Hazel Gochenour, Phyllis Bolyard, Floyd Bolyard, Margaret Cornell and Ed Brud.

Wetherill
Darby
Ditch
Meeting
Continued

Upon motion of William G. Vanderveen the hearing on the Wetherill Darby Ditch was continued to February 12, 1979 at 1:00 p.m., because of the weather conditions in the vicinity of the Otterbein School a quorum of members of the Joint Drainage Board was unable to be present and, also, because of the weather conditions the most of the public interested in this drain were unable to be present.

Motion made and carried meeting adjourned.

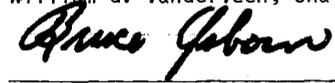

On Monday, April 23, 1979 at 10:30 a.m. during the County Commissioners Meeting, they opened a bid for the Drainage Board from Fairfield Contractors, Inc. in the amount of \$26,630.19.

Bid

The Bid was for Reconstruction of the James A. Shepherdson ditch, located in Perry and Sheffield Townships.

The bid will be taken under advisement and the bidder will be notified as the results.

William G. Vanderveen, Chairman

Bruce Osborn, Vice Chairman

Robert F. Fields

ATTEST:

Ethel Kersey, Exec Secretary

The regular meeting of the Tippecanoe County Drainage Board met in the Community Meeting Room in the County Office Building at 9:30 a.m. on Wednesday, May 2, 1979, with the following Members present: William G. Vanderveen, Bruce V. Osborn, Robert F. Fields, J. Frederick Hoffman, Michael J. Spencer and Ethel Kersey.

Upon motion of Robert F. Fields, seconded by Bruce V. Osborn and made unanimous by William G. Vanderveen the minutes of the March meeting were approved as read.

Minutes
Approved

Engineer for Cloverleaf Properties, Dale Koons, John Fisher, and William K. Bennett came before the Drainage Board with the Preliminary Plat for Creasy Lane Industrial Park.

Creasy Lane
Industrial
Park

The purpose of this meeting was to receive the approval of the Drainage Board of the preliminary plan for disposition of the run off of the storm water. Dale Koons explained that a portion of the Layden Branch of the Elliott ditch crosses this property and he felt that the Developer would like to relocate this portion of the Layden Branch and locate it along side of the new pipe that was installed along Creasy Lane by the County Highway. The relocation would be the Developer expense and they would not use this legal drain but would construct a new drain approximately in the center of the property to take care of the surface water. They were informed that if a ditch is relocated, the petitioner is to follow all legal procedures for reconstruction of a legal drain.

The drainage plan to be taken under advisement and William Bennett was asked to write a letter for Area Plan Commission to be approved and signed by the Drainage Board.

William Vanderveen opened the informal meeting on the Reconstruction of the James A. Shepherdson Ditch and immediately turned the meeting over to the County Surveyor, Michael J. Spencer. The Surveyor explained that we had on February 7, 1979, received six (6) bids for the reconstruction of the Shepherdson ditch. All bids were rejected. We readvertised for bids, and on , April 23, 1979, the Drainage Board received only one bid, from Fairfield Contractors, Inc. in the amount of \$26,630.19. This bid was, also, over the estimated cost.

INformal
Hearing
Reconstruct
ion
Shepherdson
Ditch

Mike then asked those present what they would like to do. With no comment, Mike than suggested that by adding the bid price plus material that we could figure the price per acre and send out notices of assessment which would be higher than the original assessment. If you, the property owner, would agree with this and if the Fairfield Contractor, Inc. would extend the time of their bid. After a short discussion, the Drainage Board was asked to take a roll call as to how many was for the above plan. The roll call of those present and acres assessed as follows:

Howard Ayers---would go along with majority---Yes	50.00 A.
John and Mary Haan-----Yes	40.00 A.
Bernard and Mary Spitznagle----- No	128.20 A.
Margaret Carnell-----Yes	96.66 A.
Morris and Hazel Gochenour-----Yes	78.77 A.
Floyd H. and Phyllis L. Bolyard Jr.-----Yes	50.00 A.
John David Wolf(represented by F. Bolyard Jr.-Yes	4.00 A.
Ora & Claris Melvin (Represented by)---Yes	1.23 A.
Tippecanoe County Board of Commissioner-----Yes	14.53 A.

The total number of acres of property owned by persons in favor of the plan was 335.19, being more than fifty per cent (50%) in acreage of the lands affected that is required to go ahead with a project. There will be a new hearing on the schedule of assessments for reconstruction.

The Chairman, thank all for coming.

Next on the agenda was Sen Yon Restaurant. Those present for this hearing were: Harry Liu, John E. Fisher and Kent Moore. The purpose of this meeting was to receive approval from the Drainage Board for the proposed storm water management plan. The drainage plan to be taken under advisement. If the County Engineer give his approval of the Drainage Plan sowill the Drainage Board.

Sen Yon
Restaurant

Those attending the meeting for Wakerobin Subdivision were: Herb Schwetman, Jim Jones, John H. Karl Jr., Kent Schuette, R. Donald Jacobson, Martha Jacobson, Arthur Kunz, Don Twiddy, John K. McBride and John E. Fisher.

Wakerobin
SD.

John Fisher explained the drainage plan for the new subdivision which were plans that would take care of the 10 year storm and the rate of flow of water would be no greater than at present. After many questions and objections form those present, it was suggested that the plan be based on a 100 Year storm in place of the 10 year storm.

Mr. Fisher stated that they would go back to the drawing board. He asked if there could be a special meeting of the Drainage Board before, Wednesday, May 16, 1979. The Board agreed to a special meeting. Mr. Fisher is to let us know when he would like to have the meeting and we inturn would notify herb Schwetman and he in turn will notify the property owners in the Sherwood Forest Subdivision.

Bruce Parker, John Fouts and John E. Fisher came before the Drainage Board with revised drainage plan for Deardorf Estates. The plan will be taken under advisement and a letter to Area Plan Commission.

Deardorf
Estates

Robert F. Fileds asked Fred Hoffman to write a letter, for the Drainage Board, to the State requesting a pipe being opened on State Road 26.

The Drainage Board increased the Watershed boundaries for Treece Meadows Legal Drain.

There being no further business the meeting adjourned.

ATTEST: *Ethel Kersey*
Ethel Kersey, Exec. Secretary

Shepherdson
Ditch

Those members present: William G. Vanderveen, Bruce V. Osborn, and Robert Fields, Mike Spencer, County Surveyor, and Marsha Tull, Secretary.

Mr. Vanderveen read the letter from Bernard Spitznagle as follows:

RE: Shepherdson Ditch

Dear Mr. Spencer,

After consulting with Mr. Ayres, Mr. Bolyard, Mr. Haan, Mr. Gochenour and Mrs. Cornell we have unanimously agreed to ask for a postponement of the Shepherdson ditch meeting scheduled for May 20th. We will contact you, hopefully within a month or six weeks, as soon as we can get some information and bids from some private contractors.

Sincerely,

Bernard F. Spitznagle

After much discussion, it was decided that copies of the ditch plans would be made and available for the private contractors at the same price it cost the County to have them printed.

Bruce Osborn made the motion to continue.

Robert Fields 2nd the motion.

William Vanderveen made the motion unanimous.

TIPPECANOE COUNTY DRAINAGE BOARD
WEDNESDAY, JANUARY 6, 1988

The Tippecanoe County Drainage Board met Wednesday, January 6, 1988 in the Community Meeting Room of the Tippecanoe County Office Building, 20 North Third Street, Lafayette, Indiana 47901.

Chairman Bruce Osborn called the meeting to order at 8:30 A.M. with the following being present: Eugene R. Moore and Sue W. Scholer Boardmembers, Michael J. Spencer Surveyor, Mark Houck Drainage Consultant, J. Frederick Hoffman Drainage Attorney, and Maralyn D. Turner Executive Secretary. Others present are on file.

This being the first meeting of the year Chairman Osborn ask Mr. Hoffman to preside over the meeting to conduct the election of officers.

Mr. Hoffman asked for nominations for Chairman, Sue W. Scholer nominated Bruce V. Osborn Chairman, seconded by Eugene R. Moore, there being no other nominations Mr. Osborn was elected Chairman of the Board.

Mr. Hoffman asked for nominations for Vice-Chairman, Sue W. Scholer nominated Eugene R. Moore, seconded by Bruce V. Osborn, there being no further nominations Eugene R. Moore was elected Vice-Chairman of the Board.

Sue W. Scholer moved to appoint J. Frederick Hoffman Drainage Board Attorney, seconded by Eugene R. Moore, unanimous approval.

The Board had agreed to have Mark Houck as Drainage Board Consultant.

Sue W. Scholer moved to appoint Maralyn D. Turner as the Executive Secretary of the Drainage Board, seconded by Eugene R. Moore, unanimous approval.

Mr. Hoffman read the Active Ditches for the year of 1988.
E.W. Andrews, Julius Berlovitz, Herman Beutler, Michael Binder, John Blickenstaff, M.W. Box, A. P. Brown, Buck Creek (Carroll County) Train Coe, County Farm, Darby Wetherhill (Benton County), Christ Fassnacht, Marion Dunkin, Christ Fassnacht, Issac Gowen (White County) Martin Gray, Thomas Haywood, E.F. Haywood, Harrison Meadows, Lewis Jakes, Jenkins, James Kellerman, Frank Kirkpatrick, John A. Kuhns, Mary McKinney, Wesley Mahin, Samuel Marsh (Montgomery County) F.E. Morin, Hester Motsinger, Audley Oshier, Emmett Raymon (White County) a letter of January 5, 1988 is on file from White County requesting ditch be active, Arthur Rickerd, Abe Smith, Gustavel Swanson, Treece Meadows, Wilson-Nixon (Fountain County) Simeon Yeager, S.W. Elliott, Dismal Creek, and Shawnee Creek.

Ditches which have been inactive and need to be made active are Jesse Anderson, Dempsey Baker, Floyd Coe, Shawnee Creek.

Inactive ditches John Amstutz, Delphine Anson, Newell Baker, Nellie Ball, A.P. Brown, Alfred Burkhalter, Orrin Byers, Grant Cole, J.A. Crips, Chas Daughtery, Fannie Devault, Jess Dickens, Thomas Ellis, Martin V. Erwin, Elijah Fugate, Rebecca Grimes, Fred Hafner, E.F. Haywood, George Ilgenfritz, George Inskeep, Eugene Johnson, F.S. Kerschner, Amanda Kirkpatrick, James Kirkpatrick, Calvin Lesley, John McCoy, John McFarland, Absalm Miller, Ann Montgomery, J. Kelly O'Neal, Lane Parker, James Parlon, Calvin Peters, Franklin Resor, Peter Rettereth, Alexander Ross, James Sheperdson, John Saltzman, Ray Skinner, Joseph C. Starrett, Wm A. Stewart, Alonzo Taylor, Jacob Taylor, John Toohay, John VanNatta, Harrison Wallace, Sussana Walters, William Walters, McDill Waples, J&J Wilson, Franklin Yoe.

Luther Lucas ditch is made inactive and to be combined into the Dismal Creek ditch.

Mr. Osborn asked if first and second alternates could be appointed to be representatives for Tri-County ditches? Mr. Hoffman advised the board to go ahead and appoint them, if this isn't proper action can be taken later. The following representative and alternates were appointed for the following ditches.

Hoffman ditch, Eugene R. Moore, Sue W. Scholer was appointed first alternate and Bruce V. Osborn second alternate.

McLaughlin ditch, Bruce Osborn, Eugene R. Moore first alternate, and second alternate Sue W. Scholer.

Michael stated he had received a letter from Benton County in regards to the Darby Wetherhill ditch and he asked the board to appoint a representative and alternates for this ditch.
Sue W. Scholer is representative, first alternate Eugene R. Moore, second alternate Bruce V. Osborn.

Otterbein Ditch representative will be Sue W. Scholer, first alternate Eugene R. Moore, second alternate Bruce V. Osborn.

Michael asked that the Secretary send letters to each county informing them of the appointments.

Michael Spencer presented a Petition received from Purdue Research Foundation to vacate a portion of the Dempsey Baker Ditch lying south of the north right-of way line of County Road 350 North and lying in the east half of the southeast quarter, Section 1, Township 23 North, Rge 5 West, and the North 50 acres more or less of the West half of

January 6, 1988 Drainage Board Meeting Continued

the south west quarter, Section 6, Township 23 North, Range 4 West, all in Wabash Township, Tippecanoe County, Indiana.

Michael stated a hearing date would have to be set when assessment list is received.

Bruce Osborn asked where they were going with the water? Michael stated he felt it was through holding ponds then metered out to the same place it has always gone, Hadley Lake.

Bruce Osborn stated the board has never vacated a portion where it still drains through the existing legal drain. Mr. Hoffman answered no, if they are going to use the drain they can't vacate, if they are not going to use it then it can be vacated. Mr. Hoffman stated there would be a question of taking them out of the Watershed in regards to assessments. They will still have to pay their assessment as they are remaining in the watershed, the Purdue Research should be notified of this. If this is for the upper end this will help. Mark Houck stated there is a problem of metering at the same rate, but it will increase the volume of water going to Hadley Lake. They will have to meet the ordinance.

Many questions need to be answered before action is taken.

VALLEY FORGE

Valley Forge

Michael J. Spencer informed the board that a letter of Credit for \$62,000.00 to cover half the cost of installation of the permanent drainage system, this was through Tippecanoe Development Corporation. Roy Prock is new owner of Valley Forge he wants to substitute a new \$62,000.00 letter of credit for the other one since he is the new owner. Michael has talked with Mr. Hoffman there will be no problem to do this, accept the construction bond needs to be secured for deposit for Mr. Prock just like originally had been presented by Tippecanoe Development Corporation before the old one can be released and except new one from Mr. Prock. Mr. Hoffman stated they will have to present an agreement along with the Letter of Credit then the other can be released.

MEETING TIME CHANGE

Eugene Moore moved to change meeting time of the Drainage Board from 8:30 A.M. to 9:00 A.M., seconded by Sue W. Scholer, motion carried.

JOHN HOFFMAN DITCH

JOHN HOFFMAN DITCH

Bruce Osborn called the meeting to order at 9:15 A.M.

Tri-County Board representatives are Eugene R. Moore Tippecanoe County, William Lucas Clinton County, and Charles Sutton Carroll County.

Mr. Hoffman conducted election of officers.

William Lucas nominated Eugene R. Moore as Chairman, seconded by Charles Sutton, there being no other nominations Eugene Moore was elected Chairman.

Eugene R. Moore nominated William Lucas as Vice-Chairman, seconded by Charles Sutton, there being no other nominations William Lucas was elected Vice-Chairman.

Eugene R. Moore nominated Maralyn D. Turner as Secretary, seconded by Charles Sutton, there being no other nominations Maralyn D. Turner was elected Secretary.

Mr. Hoffman was chosen to serve as the Attorney for the board when the board was first formed, he will continue to serve.

Mr. Osborn thanked the property owners for coming to this informal meeting. He informed them that nothing would be decided officially, it is an opportunity for the property owner to see what has happened up to this time.

After Michael J. Spencer presents the project questions may be asked.

Michael J. Spencer, surveyor introduced those present Maralyn D. Turner, Secretary, J. Frederick Hoffman Attorney, Sue W. Scholer, Bruce V. Osborn, and Eugene R. Moore Tippecanoe County Commissioners, William Lucas Clinton County Commissioner and Neal Conner Clinton County Surveyor, Grover West Carroll County Surveyor, and Charles Sutton Carroll County Commissioners, and Mark Houck Tippecanoe County Drainage Consultant.

Mr. Spencer presented Construction Estimates in Phases I, Alternate I, Alternate II, Alternate III, and Alternate IV, and Phase II. This estimate was done by Robert Gross engineer with Stewart Kline and Associates.

Mr. Spencer asked for questions.

Bob Power asked if there was tile in there at the present time? Answer yes, Phase I the tile would come out. Alternate I would be to dig the tile out approximately 6" below the existing tile, under Alternate II lowering it 4'. This is to gain grade. The area being discussed on the ditch is at 900 E.

Lola Harner asked how are you digging 4' and stopping at 900 East wouldn't you have to continue on west? Michael answered they would have to continue west of 900 East, this wouldn't be to far west as the ravine system drops off.

Mr. Power asked if a bridge would have to be put across 900 East? Michael stated they

felt the culvert was the right size and would carry the water, it is just too high.

Mr. Power asked if a tile could be put in without tearing up the road? Michael stated he did not think this could be done without tearing up the road.

Mr. Moore asked how many acres in the watershed? Total acres 2420. There may be a difference of 80 acres, this would be checked.

Mr. Power asked how much is coming out of maintenance fund? There is no maintenance fund on the ditch at this time, if a tile hole breaks it is up to the landowner to do the repairs.

Jesse Barr asked would the soil change? Answer the dirt will not be changed, just better drainage. Mr. Barr asked if the ditch was going to be the same size at 1025 East. Answer at the road 1025 108" round pipe, two 72" round pipe, two 84" and at 900 East 14'10" X 9'1" structural plate pipe arch.

Neal Dexter asked how much water will come down into Coffee Run ditch. Michael stated the same amount of water would be coming down. Mrs. Harner and Mr. Dexter were concerned about the erosion and damage.

Mr. Hoffman asked if there was a positive outlet. Answer it goes into a ravine system that eventually gets to the Wildcat creek. Mr. Hoffman asked how far from the end of the legal drain to the Wildcat. Answer give or take one and half to two miles.

LaVonne Scheffee had concern of gravel and the culvert being closed shut. Michael stated this is the reason he has pointed out the culvert sizes at the different road crossings.

Elwood Burkle asked that the cost be discussed. Mr. Spencer pointed out that the last page of the estimate summarizes the cost.

Mr. Spencer explained the Indiana Drainage Codes to the landowners. The decision is made by the property owners.

Mr. Barr asked who is responsible for drainage on property? County is responsible for the road crossings, property owners is responsible for drainage on their own property.

Elwood Burkle asked what depth would tile be? Answer some of the cuts would be 10-11 feet deep from the existing ground. Banks would be a lot higher than they are now. Michael stated at 900 East 1/4 mile east it is 5 feet below the bottom of the existing water way.

Mr. Hoffman stated the property owners should consider extending the legal drain down to the Wildcat to maintain the valleys, as there is problems if you don't have a positive outlet especially one with this size. There is no control over the valleys as it is now. He felt this would not add that much to the cost.

Jerry Frey stated he is constantly fixing blow holes. It is getting continuously worse. They are finding that the tiles are shifting. He feels the major problem is at the outlet. It has been severely neglected. There are tree roots and tiles that have floated up out of the system. He feels the first thing to do would be fixing and opening up the outlet.

Mr. Power asked in the estimate has consideration been taken in the area west of 900 East? No. Mr. Power felt this would be essential. Michael answered until a legal drain is extended down that way they can't do anything with it, they can do some corrective measures directly downstream from the road. He has to work with the starting and stopping points of the ditch, this is what he had to work with.

At this point Mr. Hoffman explained the procedures of making legal drain west of 900 East.

Malcomb Miller stated he agrees with Jerry Frey's statement. Mr. Miller's concern is the hardship the assessments would make for the property owners.

Jerry Frey stated they can't seem to hold the blow holes, each spring they are back and bigger holes. Mr. Frey doesn't know what causes this except another ditch was added about four years ago this makes more pressure from the upland it's coming down in such a velocity causing the problem.

Debbie Lineback asked what kind of time frame are you talking about as she carried petition in 1982. Mr. Hoffman stated it probably wouldn't take the time that he did previously.

Mr. Moore asked the feeling of the property owner.

LaVonne Scheffee asked if there was any rules in regards to health and sanitation? Thirty years ago when they purchased their property you couldn't jump over the ditch, now there is refrigerators and other debris making the ditch level. She doesn't understand why the farmer doesn't have to keep it cleaned out. She complained about the road grader grading gravel making a wall at the ditch.

Mr. Osborn stated the board is powerless in regards to debris in the ditches until there is a maintenance fund set up. Maintenance fund is needed.

January 6, 1988 Drainage Board Meeting Continued

Jerry Frey asked who has authority? Mr. Hoffman explained the board is the authority.

Mr. Frey is for starting a legal drain with a maintenance fund, but he feels that the money should be brought forward to be spent on opening up the outlet and fixing the main tile. Try to get by with what they have with maintenance.

Malcomb Miller supports Mr. Frey's statement.

Mr. Moore asked Michael if a maintenance fund could be set up and just clean or does it come under reconstruction?

Michael stated they would be maintaining what there is now.

Mrs. Scheffee asked how this would help? Mr. Hoffman stated it would be taking the ditch back to it's original condition.

Mr. Lucas asked if there was an estimate for a maintenance clean out? NO. Michael felt it would just take a week to get an estimate put together. Mr. Lucas stated it would probably take two years to get a maintenance fund set up. Michael stated for a few years the fund could be set at a high figure and then lowered.

Debbie Lineback stated when she carried the petition around and 80-90% of the property owners stated it should be an open ditch, it never worked from day one.

Elwood Burkle stated that those living north and east of the Clinton and Carroll County line would receive no benefits by opening the bottom portion yet they would be paying for it. There are too many obstruction.

Dale Fossnock stated: His ancestors stated that when the ditch was put in, it never worked.

Glen Kelly stated there were six of them that worked on the ditch where the tile comes out. This was 30 years ago.

Mrs. Glen Kelly stated it cost her \$100.00 to get a petition in 1982 out of her pocket. She was informed that there is a standard petition form now and there would be no cost for the petition. Mrs. Kelly stated they have willows and to get rid of them the water has to be taken care of.

Glen Kelly stated there are two 6" raises in the ditch, one is on the Bogan property and the woods.

Question was asked was it constructed that way? Yes. When the ditch was built it was built by the people.

Michael stated the grade can be checked.

Mr. Barr would agree to keep the water going.

Mr. Scheffee stated when they first came to the area there were no problems he feels it has to be open all the way.

Mrs. Kelly stated they have two ponds on their property, water is over the road most of the time, getting out is a problem most of the time. Even when it was dry this summer it was wet.

Mrs. Harner stated this has been a problem for many years.

Mrs. Scheffee stated a lot of the problem was created when 900 East was reconstructed.

Grover West asked how many small acreages were in the watershed. His concern is the break down in lots and acreage.

Mrs. Harner stated the assessment doesn't seem fair.

Kenneth Walker stated there is peat in the area of the Ford property, reason for so much water in the area.

Neal Conner stated that it would be spring of 1989 to get a maintenance fund in to affect.

After much discussion Mr. Spencer asked for show of hands.

Phase I Alternate I, Phase II Dig Open ditch up to where the two branches come together and tile system. Approximate Cost \$200.00 acre. Vote 7.

Open Ditch all the way. Approximate Cost \$242.00 per acre. Vote 8.

Maintenance. Assessment per acre to be set possible classifications. Vote 5.

The vote going for an open ditch all the way Mr. Spencer will get estimates and hold another meeting to present findings to the property owners.

There being no further business the meeting adjourned at 10:30 A.M.

TIPPECANOE COUNTY DRAINAGE BOARD
WEDNESDAY, JANUARY 4, 1989

The Tippecanoe County Drainage Board met in regular session Wednesday, January 4, 1989 at 9:00 A.M. in the Community Meeting room of the Tippecanoe County Office Building, 20 North Third Street, Lafayette, Indiana.

The meeting was called to order by J. Frederick Hoffman, County Attorney for the reorganization of the Drainage Board for 1989. Those present were: Bruce V. Osborn, Eugene R. Moore, Sue W. Scholer, Michael J. Spencer, J. Frederick Hoffman, and Maralyn D. Turner, others in attendance are on file.

Mr. Hoffman asked for nominations for Chairman of the Board. Bruce V. Osborn nominated Eugene R. Moore as Chairman seconded by Sue W. Scholer, there being no further nominations Eugene was elected Chairman of the Board.

Mr. Hoffman asked the newly elected Chairman Eugene R. Moore to preside over the meeting.

Eugene Moore asked for nominations for Vice-Chairman, Bruce V. Osborn nominated Sue W. Scholer for Vice-Chairman, seconded by Eugene R. Moore, there being no further nominations Sue W. Scholer was elected Vice-Chairman.

Eugene R. Moore asked for nominations for Secretary, Bruce V. Osborn nominated Maralyn D. Turner as Secretary, seconded by Eugene R. Moore, no further nominations from the floor for secretary Maralyn D. Turner was elected.

Bruce V. Osborn moved to appoint J. Frederick Hoffman as Drainage Attorney for the year 1989, seconded by Sue W. Scholer, unanimous approval.

Mr. Hoffman read the Ditch Assessments for Active and Inactive ditches. The following ditches being Inactive for 1989 are: John Amstutz, Jesse Anderson, Dempsey Baker Newell Baker, Nellie Ball, A.P. Brown, Orrin Byers, Floyd Coe, Grant Cole, J.A. Cripe, Fannie DeVault, Jess Dickens, Martin V. Erwin, Elijah Fugate, Rebecca Grimes, Geo Ilgenfritz,

George Inskeep, Lewis Jakes, E.Eugene Johnson, F.S. Kerschner, Amanda Kirkpatrick, John A. Kuhns, Calvin Lesley, Luther Lucas, John McCoy, John McFarland, Absalm Miller, Ann Montgomery, J. Kelly O'Neal, Lane Parker, James Parlon, Calvin Peters, Franklin Resor, Peter Rettereth, Alexander Ross, James Sheperdson, John Saltzman, Ray Skinner, Joseph C. Sterrett, Wm. A. Stewart, Alonzo Taylor, Jacob Taylor, John Toohey, John VanNatta, Harrison Wallace, Sussana Walters, McDill Waples, Lena Wilder, J&J Wilson, Franklin Yoe.

The following ditches read are Active Ditches: E.W. Andrews, Delphine Anson, Juluis Berlovitz, Herman Beutler, Michael Binder, John Blickenstaff, N.W. Box, Buck Creek(Carroll County), Train Coe, County Farm, Darby Wetherill(Benton County), Marion Dunkin, Crist/Fassnacht, Issac Gowen(White County), Martin Gray, E. F. Haywood, Thomas Haywood, Harrison Meadows, Jenkins, James Kellerman, Frank Kirkpatrick, Mary McKinney, Wesley Mahin, Samuel Marsh(Montgomery County), Hester Motsinger, Aduley Oshier, Emmett Raymon(White County), Arthur Richerd, Abe Smith, Mary Southworth, Gustavel Swanson, Treece meadows, Wilson-Nixon(Fountain County), Simeon Yeager, S.W. Elliott, Dismal Creek, Shawnee Creek.

The following ditches read were made Active for 1989: Alfred Burkhalter(Clinton County), Charles Daugherty, Thomas Ellis, Fred Hafner, James Kirkpatrick, F. E. Morin, William Walters, and Kirkpatrick One. Michael Spencer wanted the Martin Gray to be included in the Active, it had been read as active, but for the records read in the Make Active. Sue W. Scholer moved to activate the ditches as read, seconded by Bruce V. Osborn, unanimous approval.

Alfred Burkhalter ditch joint with our County the Board secretary should send a letter to the Tippecanoe County Auditor and the Clinton County Auditor.

Michael stated in June 1987 a hearing was held to combine the Treece Meadows branch with S. W. Elliott ditch. These maintenance funds need to be combined and treated as the S.W. Elliott ditch. Sue W. Scholer moved to combine the maintenance funds on the Treece Meadows with the S. W. Elliott ditch treat them all as one, seconded by Bruce V. Osborn, unanimous approval.

J. Frederick Hoffman asked if the Treece Meadows was considered designated branch under the S. W. Elliott ditch? Michael answered it is; Treece Meadows has a beginning point and ending point.

Michael Spencer received a letter signed by two property owners, Malcomb Miller and Jerry Frey on the John Hoffman requesting that the board set up a maintenance fund. A hearing was held in 1988 for reconstruction, this did not go too well. Some were going to try to contact the downstream property owners to make it a legal drain all the way down to Coffee Run. Hearing nothing these property owners are requesting a maintenance fund.

Mr. Hoffman stated this is the ditch that does not have a positive outlet. Correct. They hope to make a positive outlet with the maintenance funds.

Michael will have to make a maintenance report before a hearing can be held. Discussion continued.

Jim Strother property owner 3876 Kensington Drive concerned about drainage of the Orchard Park Subdivision. Michael told Mr. Strother he had received Preliminary submittal that was requested from the engineer to supply with more information, but that

HOFFMAN
DITCH

information has not been received. Michael will notify Mr. Strother when he receives the information and when the project comes before the board.

Sue W. Scholer asked Don Sooby, of the Lafayette City Engineer office where are we on McCarty Lane, is it progressing. Mr. Sooby stated a public hearing will be held January 26, 1989, no other meeting has been set up.

There being no further business the meeting adjourned at 9:25 A.M. Next meeting will be February 1, 1989.

TIPPECANOE COUNTY DRAINAGE BOARD
REGULAR Meeting January 3, 1990

The TIPPECANOE County Drainage Board met Wednesday, January 3, 1990 in the Community Meeting room of the TIPPECANOE County Office Building 20 North Third Street, Lafayette, Indiana.

Those present were Bruce V. Osborn and Sue W. Scholer, Board Members; Michael J. Spencer, Surveyor; Todd Frauhiger, Drainage Consultant; J. Frederick Hoffman, Drainage Attorney; and Maralyn D. Turner, Executive Secretary, others present are on file.

The meeting was called to order at 9:00 a.m. by Drainage Attorney J. Frederick Hoffman. Mr. Hoffman stated that it is time for election of officers for a new year.

Bruce V. Osborn nominated Sue W. Scholer for chairman of the board, seconded by Sue W. Scholer, motion carried, there being no other nominations from the floor Sue was elected Chairman of the Board.

Sue W. Scholer chairman continued the meeting asking for nomination for Vice Chairman, Sue W. Scholer nominated Bruce V. Osborn as Vice-Chairman, seconded by Bruce, motion carried, there being no other nominations from the floor Bruce was elected Vice-Chairman.

Bruce V. Osborn nominated Maralyn D. Turner as Secretary, seconded by Sue W. Scholer, there being no other nominations from the floor Maralyn was elected Executive Secretary.

Bruce V. Osborn moved to accept J. Frederick Hoffman's continued services as Drainage Attorney for the year 1990, seconded by Sue W. Scholer, motion carried.

Michael J. Spencer recommended to continue the services of the Chris Burke Engineering, LTD as Drainage Engineer Consultant for the year 1990. Bruce V. Osborn moved to accept Michael's recommendation, seconded by Sue W. Scholer, motion carried.
1990 DITCH ASSESSMENTS

Fred Hoffman read the following ditches to be made Active for assessments in May 1990. Jesse Anderson, A.P. Brown, Orrin Byers, John McFarland, Ann Montgomery, and the J. Kelly O'Neal.

Ditches that are In Active are: John Amstutz, Dempsey Baker, Nellie Ball, N.W. Box, Alfred Burkhalter, Floyd Coe, Grant, Cole, J. A. Cripe, Fannie Devault, Marion Dunkin, Jess Dickes, Martin V. Erwin, Crist/Fassnacht, Elijah Fugate, Rebecca Grimes, Harrison Meadows George Ilgenfritz, George Inskeep, Lewis Jakes, Jenkins, E. Eugene Johnson, F. S. Kerschmer, Amanda Kirkpatrick, James Kirkpatrick, John A. Kuhns, Calvin Lesley, John McCoy, Mary McKinney, Absalm Miller, Lane Parker, James Parlon, Calvin Peters, Franklin Resor, Peter Rettereth, Arthur Richard, Alexander Ross, James Shepherdson, John Saltzman, Ray Skinner, Joseph C. Sterrett, Wm A. Stewart, Alonzo Taylor, Jacob Taylor, John Toohey, John VanNatta, Harrison Wallace, Sussana Walters, McDill Waples, J. & J. Wilson, Franklin Yoe, and Shawnee Creek.

Ditches that are Active are: E. W. Andrews, Delphine Anson, Herman Beutler, Michael Binder, John Blickenstaff, Buck Creek (Carroll County), Train Coe, Darby Wetherill (Benton County), Thomas Ellis, Issac Gowen (White County), Martin Gray, Fred Hafner, E.F. Haywood, Thomas Haywood, James Kellerman, Frank Kirkpatrick, Wesley Mahin, Samuel Marsh (Montgomery County), Hester Motsinger, Audley Oshier, Emmett Raymon (White County), Abe Smith, Mary Southworth, William Walters, Wilson-Nixon (Fountain County), Simeon Yeager, S. W. Elliott, Dismal Creek, and Kirkpatrick One.

Bruce V. Osborn moved that the ditches that were read to be made active become active on the May 1990 Assessment, seconded by Sue W. Scholer, motion carried.

COUNTRY CHARMS

John Fisher asked that this be continued until next meeting February 7, 1990.

TRASH TRANSFER

John Fisher presented site drawings. Outlet goes into the Flood Plan. Mr. Hoffman asked who owns the Flood Plan? Leroy Barton. Question as to if it would increase the flow and the speed onto Barton. Question do you have permission from Mr. Barton? Answer - No. Mr. Hoffman stated that permission should be received from Leroy Barton. Mr. Fisher stated they are providing rip-rap, it will not increase the velocity. Mr. Fisher pointed out that they had met with the Soil Conservation and have worked out the one condition of erosion control. Mr. Hoffman asked if Mr. Barton knew about this meeting? NO. Presentation and discussion continued.

Bruce V. Osborn asked John Fisher to explain the plans to the Barton's.

Michael stated that the water is tributary to that area now, it will go through a pond now instead of sheet drainage.

Mr. Hoffman stated they should have their chance to object, so that they can't say we are damaging their property.

Sue W. Scholer stated there are two recommendations made.

1. The erosion control. 2. The calculations.

Bruce V. Osborn moved to give approval to the drainage control for the Trash Transfer with exception of #9 and the other recommendations as stated in the Christopher Burke

CABLE

George Schulte engineer from Ticen and Associates presented site plans. Property is located in the Treece Drainage Watershed area. The water shed area was analyzed to determine the high water elevation that would be in the channel. Their detention storage volume that they calculated was above the high water elevation of the ditch along north property line. They did decrease the allowable release rate from 2.11 cfs down to .4 cfs, there is about 3.3 acres in the site. They are increasing the volume required for storage on site.

Sue W. Scholer asked about the plans for maintenance on that ditch? Basically they are assuming that the owner would maintain the entire site, this is reason for putting 3-1 slopes on the ditch.

Mr. Hoffman asked if it was a new ditch, George again stated it is an existing ditch. The ditch at this time is full of brush, weeds, etc, it is not a legal drain.

George stated they are asking for final drainage approval.

Mr. Hoffman asked if George's client would be willing to participate in the cost of a more substantial drainage improvement in the area. Mr. Shulte stated he could not answer that question, but he feels he would be willing.

Bruce asked if conditions had been met? Michael Spencer answered, no, there is one other conditions and that is that the City of Lafayette review this project, as of January 2, 1990 this area is in side the City Limits as is Wal-Mart.

Mr. Sooby has not seen the plans presented. Discussion continued.

Mr. Hoffman stated this is not a subdivision, but should have the same kind of restriction as subdivisions. Mr. Hoffman asked that a letter be received from the developer stating they will participate in their fair share of the improvement when the major improvement is made. Michael asked if he was talking about facility on site. Answer-yes. Maintenance on site and that they would assist in making that area a part of the legal drain, and that they will participate in the cost of improving the Wilson Branch. Michael asked if they should provide a letter stating that they will maintain their on site system. Mr. Hoffman stated he would like for it to be in form that can be recorded, so it will run with the land should the land be sold.

George asked what things are needed for approval? 1. Participate in the improvements of the Wilson Branch. 2. Cost of improvements. 3. Maintain the one on the premises, and if they don't the County would have the right to maintain it and assess the cost. Incorporate the existing drain on the north side of the site into the Treece drain or Wilson Branch.

A letter is needed from the owner for the above mentioned items to Michael. Michael asked that the city review and give their approval be added as they are involved.

Sue asked if the board understands correctly that the City still wants that maintenance to run to the County on the regulated drain. Mr. Sooby answered, he thinks that is correct.

Bruce V. Osborn moved to give approval with the four recommendations being met, seconded by Sue W. Scholer.

WAL-MART

WAL- MART

Clifford Norton representing Wal-Mart and George Davidson of Horne Properties presented drainage plans. Michael stated the plans meet the county restriction on the limited release rate. Michael pointed out at the last meeting Mr. Long was present and brought up the fact of emergency routing for drainage which is a problem in this area, and at that time Michael stated he had Christopher Burke Engineering LTD looking at the Wilson Branch from Ross Road where the Simon improvement would end with the 100 year design flow in the channel. He had him look all the way up through Treece Meadows on what design would be required or Channel section would be required to get from Ross Road up to Treece Meadows. Michael has received the report this morning. Basically what he says in his report is to properly move the 100 year storm event from the north end of Treece Meadows or where open channel turns and goes back west through the Subdivision, looking at approximately 40 foot bottom width on the channel and 2-1 side slopes from there down to the Wilson Branch in some fashion. They have had some preliminary locations for the channel so he would have some idea for lengths to work with as far as grades to get the water down there, basically at this time to pass the 100 year storm event is to provide a 40 foot bottom width channel with 2-1 side slopes down to the Wilson Branch, then continue down the Wilson Branch taking out the trees and re-grading the bottom and side slopes down to Ross Road in order to get the water to the regional detention facility that will be constructed. Michael stated this is a starting point as there are allot of alternatives that can be put in there. This is basically what Channel section they are looking at. The crossings of Creasey Lane and McCarty Lane will need bridge openings of approximately 600 square foot openings to pass the 100 year storm event. Bruce asked if this was visible? Mr. Norton stated anything is visible. Bruce asked if this was to go in during the other construction? Michael answered it would take a petition for re-construction of the Wilson Branch of the Elliott ditch. Michael feels that we are at the point now where a petition is needed from the watershed area. More study is needed. While the land is open is the time to get something started. Cost estimates and plans will have to be put together. Michael can not put a time element on it, the area is hot enough for development and something needs to be done. Discussion of petition.

WAL-MART CONTINUED
JANUARY 3, 1990 DRAINAGE BOARD MEETING

Mr. Davidson stated that Wal-Mart has no problem at all to work with the rest of the watershed and are willing to pay their fair share of the assessment.

Tom McCully representing Long Tree Limited went over what Long Tree Limited went through when they were developing Burberry Subdivision. The problem is at the South end at Treece drain and Wilson Branch, pipe put in 1978 creates constriction of everything upstream from there. Discussion of Cost in 1978, and the over all problem of the area. At that time the owners agreed to put an assessment based upon the cost, which amounted to approximately \$1,000.00 per acre. Today's presentation does try to address the problem all the way from the north end of Treece down to the Wilson Branch on down to the Elliott ditch. Tom stressed that if we don't look at an over all picture we are not going to get anything accomplished. What has to be done is as property is developed everybody agrees to participate to get the problem corrected. At this time we have an open ditch going into a 24" pipe. Discussion continued.

Tom McCully stated that probably this should be an Urban drain not a rural drain. Convert to Urban drain and reconstruct. Long Tree Limited is willing to cooperate. Again he stressed that everybody is going to have to be in agreement that the problem needs corrected and go from there. The longer this goes the more expense it is going to be. Discussion continued.

Michael stated that in the interim there is a plan that could be done temporarily to get the emergency routing out of the Subdivision. This is going to take cooperation from the people involved.

Bruce asked Mr. Norton if they are going to be asking for road cuts on Creasey, answer yes, they have two entrance, and one on Highway 26.

Mr. Hoffman stated Wal-Mart will have to have some type of document stating they will participate in and pay their fair share of the cost of the improvement, and maintain what else they will be putting in there, if they don't the county will have the right to go in and maintain, then assess them for the cost.

Sue Scholer suggested that Michael call a meeting with all property owners involved in the development.

Michael stated that Burke Engineering brought to his attention that this could be a lengthy project, but in the mean time the board should look at a temporary diversion swale, not a major structure. Mr. Hoffman asked if there was a place for it and Michael replied it can be done, however it will not be easy. Michael stated this would be everybody north of Treece Meadows who wants to develop. Michael wanted more time to think. Mr. Sooby was concerned about property owner saying let the other guy do it.

Mr. Davidson asked Michael if he was satisfied with their drainage analysis, answer - yes.

Mr. Norton stated there are two ways that Wal-Mart can go. He asked if the board could give approval subject to meeting the qualifications to avoid another meeting or bring up all the criteria that they need to submit and have another meeting.

Sue W. Scholer stated that the board would be requiring all the essential things stated and final approval passed would be subject to all things presented to Michael and approved by the attorney and the City of Lafayette. Sue stated possibly the board should make a requirement as Wal-Mart goes through the process of their development some of the other things needed will be based on getting a meeting and something temporary with all people involved who are developing in that area.

Mr. Davidson again stated they would agree in participating in what ever effort is made out in that area. They would like to leave the meeting this morning with some idea of construction cost so they can build their budget. He stated they could have a letter back to Michael tomorrow committing to the things the board is trying to accomplish.

Michael Spencer and Don Sooby will work together to come up with satisfactory proposals. Don stated that lionslyng share of the burden may fall on Wal-Mart to do something temporary, as no body wants to do anything until their development is ready to move. Wal-Mart wants to move ahead with their development and if the interim facilities are necessary for this to get board approval, but not the total cost is going to fall on Wal-Mart. Discussion continued.

Michael asked if a credit could be given back to Wal-Mart at a later date of what they would put in on the interim? Mr. Sooby stated that the interim facility is not going to contribute much toward the long term, it really isn't a down payment on the ultimate facilities.

Mr. Davidson asked how will the development fully affect the Treece Meadows. Michael answered hopefully up to a 100 year storm event by calculations it should reduce the downstream affect, its above the 100 year storm event that is of concern. Currently there is 80 cfs coming off for a 10 year storm. Discussion continued.

Sue W. Scholer asked what needs to be done to get the total process going?

Mr. Hoffman stated if Michael feels there is a need for reconstruction as an Urban drain Michael should report that to the Board and then the process can start for making it an Urban drain for reconstruction. That's on the long term. A Petition is not needed all that is necessary is a letter from Michael Spencer surveyor stating that it needs to be an Urban drain and it can be done as an Urban drain. Statement should state that if it is reconstructed as an Urban drain it will drain the area properly. Michael should present a letter to the Board.

Mr. Hoffman agreed with Mr. Sooby's statement that Wal-Mart is going to have to pay most of the cost of the temporary facility as the other property owners can say they are not ready to develop and we don't see the need for this until we develop. Discussion continued.

Items needed from Wal-Mart are: Letter of Commitment for Maintenance of the drain facilities that they build. In the letter a commitment for participation in the original program and that Wal-Mart pay their fair share of reconstruction and if they do not maintain the drainage on their property the county would have a right to come in and do the maintenance and make assessment for the cost. Mr. Hoffman wanted this to be in a recordable fashion so it will run with the land.

The Wal-Mart was asked to come back Tuesday January 9, 1990 at 9:30 A.M. for re-convened session. Due to not having a quorum of Board Members the January 9 meeting was postponed until Wednesday January 17, 1990 at 9:00 A.M..

STATE ROAD

STATE ROAD 38 PROJECT AGREEMENT

38 PROJECT AGREEMENT

Agreement with the State on Hwy 38 the detention pond and drainage. The County will receive \$50,000.00 if it is installed prior to the time the State goes to work on the 38 Project, if the County does not have it installed the County does not get the \$50,000.00 and the State puts it in. This is based on when the work starts. Discussion.

Fred stated that he and Michael had reviewed the agreement and it meets the standards. This goes along with the meeting held October 1988 on the Highway 38 Project. Agreement is on file.

Bruce V. Osborn moved to accept the agreement of State Highway 38 and the water problems, seconded by Sue W. Schuler, unanimous approval.

ORCHARD PARK

ORCHARD PARK

Michael Spencer Surveyor, presented Fee Proposal prices to provide field survey for the Orchard Park Legal Ditch Project. Earlier two different companies had presented prices for doing surveying work for the project. There was quite a bit of difference in the prices submitted so a more defined scope of work was presented to different companies and Michael has received the following submittals.

Todd Frauhiger read the Companies and their figures this is for the entire watershed area. This would include aerial mapping, contour map for the watershed, all existing pipes within the water shed, their reaches and sizes, inverts, the ravine system all the way down to the Wildcat creek.

Ticen Shulte and Associates	\$31,900.00
John E. Fisher	\$22,372.00
MTA	\$21,680.00
Vester's and Associates	\$24,990.00

The services that were included are:

Aerial Control Survey. Vertical and Horizontal survey to provide control for aerial mapping will be provided.

Establish Baselines. Baselines will be established, referenced, and tied to the horizontal mapping control. These base lines will follow, as closely as possible, the flow lines of the defined ravines.

Investigation of Existing Storm Sewer Facilities. Existing storm sewers and culverts within the watershed will be located, identified and surveyed for length and elevation. This information will be provided in the form of survey field notes. Aerial Mapping of the ravine will be provided, scribed on mylar. Contours will be at one foot intervals, scale will be 1"=100' or as other wise specified. Baselines will be superimposed on the mapping.

THE ITEMS READ ARE NEEDED FOR THE ENTIRE WATERSHED

Descriptions of Easements. Descriptions of proposed easements from each land owner involved will be provided. Easements will most likely be described as a horizontal distance beyond a specified elevation on the bank of the ravine.

Todd stated the quicker the surveyors could get started the better they could get a proper survey, each would like to get to it as soon as possible and no later than February as leaves will be starting and they can not get a true picture. One of the figures presented is only good through February. After that date it may increase the aerial photography figure. If it is delayed longer it could be late 1990 before work could be completed.

Time is needed to go through the presentations, Michael will come back at the next meeting with findings.

Meeting recessed until Tuesday January 9, 1990, January 9, 1990 meeting was re-scheduled for Wednesday January 17, 1990.

**TIPPECANOE COUNTY DRAINAGE BOARD
REGULAR MEETING
FEBRUARY 5, 1992**

The Tippecanoe County Drainage Board met Wednesday, February 5, 1992 in the Community Meeting Room of the Tippecanoe County Office Building, 20 North Third Street, Lafayette, Indiana with Keith E. McMillin calling the meeting to order.

Those present were: Keith E. McMillin, Chairman, Nola J. Gentry and Hubert Yount, Tippecanoe County Commissioners, Michael J. Spencer, County Surveyor, Ilene Dailey, Chris Burke Consulting Engineers, J. Frederick Hoffman, Drainage Board Attorney, and Dorothy M. Emerson, Executive Secretary Drainage Board.

The first item on the agenda was to approve to the minutes of the meeting for the last Drainage Board meeting on January 8, 1991. Nola Gentry moved to approve the minutes, seconded by Hubert Yount. Unanimously approved.

CARROLL COUNTY JOINT DRAIN

Mike Spencer, County Surveyor stated Keith McMillin and Hubert Yount needed to be appointed to the Carroll County Joint Drain for the Andrew and Mary Thomas Drains.

Nola Gentry motioned to appoint Keith McMillin and Hubert Yount to the Carroll County Joint Drain for the Andrew and Mary Thomas Drains.

Hubert Yount, seconded. Motion carried.

DRAINAGE BOARD ATTORNEY CONTRACT

Mike presented the Board with a contract for the Drainage Board Attorney J. Frederick Hoffman, that needed to be executed for 1992.

Hubert Yount moved to approve the contract between Tippecanoe County Drainage Board and J. Frederick Hoffman as Attorney for said group.

Nola J. Gentry, seconded. Motion carried.

ACTIVE AND INACTIVE DITCHES

Nola Gentry moved to include the active and inactive ditches into the February minutes and mail the appropriate notices to the surrounding counties. Hubert Yount, seconded. Motion carried.

The following is a list of the active and inactive ditch assessment list for 1992.

DRAINAGE BOARD ASSESSMENT LIST				
DITCH No.	DITCH	TOTAL 4 YEAR ASSESSMENT	1991	1992
1	Amstutz, John	\$5,008.00	Inactive	Inactive
2	Anderson, Jesse	\$15,675.52	Active	Active
3	Andrews, E.W.	\$2,566.80	Active	Active

DISCUSSION ON TILE BIDS

Mike Spencer presented a tile bid that had been inadvertently returned to the bidder. Fred Hoffman opened the bid.

Mike stated he had received two proposals for Professional Services on the Berlovitz Watershed Study, one from Christopher Burke Engineering and one from Ticen, Schulte and Associates. Mike recommended Christopher Burke Engineering the lowest bidder.

Nola moved to approve the proposal from Christopher Burke Engineering for the Berlovitz Ditch Study. Hubert, seconded. Motion carried.

JOHN HOFFMAN DRAIN

Mike stated to the Board that work will be done on the Hoffman Drain at a cost less than \$25,000.00. Since it was under \$25,000.00 Mike requested quotes be done on the project rather than bids since quotes are faster.

Mike read the proposal into the minutes.

TO WHOM IT MAY CONCERN:

The Tippecanoe County Drainage Board is interested in taking quotes for maintenance work on the John Hoffman Ditch, beginning at the tile outlet which is located along County Road 900 East just north of State Road 26 East.

Work will consist of dredging approximately 1000 feet of channel down stream of the tile outlet, cleaning out road culvert under 900 East. Then clearing trees over and along the tile for some 4000 feet to the east.

After the clearing all tile holes will be fixed and or wide joints patched, then the waterway over the tile will be graded as directed by the Surveyor. When all work is completed all disturbed areas will be seeded.

There will be a pre-quote site visit held at the site on February 19th, 1992 at 9:00 am.

Written quotes will be on a per foot basis for dredging, clearing and grading of waterway.

Tile repair will be on time and material basis. Seeding will be lump sum.

Quotes will be due on March 4th at 11:00 am in the Tippecanoe County Auditors Office.

For further information please contact the Tippecanoe County Surveyor, Mike Spencer at 423-9228.

Discussion followed.

Hubert Yount moved to accept quotes for the John Hoffman Drain. Nola, seconded. Motion carried.

HADLEY LAKE DRAIN

Mike stated that West Lafayette Wetland Delineation Study will be done on February 15. We need to have that before we advertise for the proposals for engineering work.

PINE VIEW FARMS

Roger Kottlowski, Weitzel Engineering and Tom Stafford, Melody Homes presented their drainage plans for Pine View Farms to the Drainage Board.

Discussion followed.

Mike Spencer recommended preliminary approval to the Board.

Nola moved to grant preliminary approval contingent on completion of restrictions and receipt of the recorded easements or agreements.

Hubert Yount, seconded. Motion carried.

Being no further business, Hubert Yount moved to adjourn the Drainage Board meeting. The next regular scheduled meeting will March 4 at 8:30 AM and will reconvene at 11:00 AM for quotes on the John Hoffman Drain.

Tippecanoe County Drainage Board
Minutes TRANSCRIPT
Regular Meeting
January 6, 1993

The Tippecanoe County Drainage Board met Wednesday, January 6, 1993 in the Community Meeting Room of the Tippecanoe County Office Building, 20 North Third Street, Lafayette, Indiana, with Nola Gentry calling the meeting to order for the re-organization of the Board. She then turned it over to J. Frederick Hoffman, Drainage Board Attorney to preside.

Those present were: Nola J. Gentry, Hubert Yount, Bill Haan, Tippecanoe County Commissioners, Michael J. Spencer, County Surveyor, Ilene Dailey, Christopher Burke Consulting Engineer, J. Frederick Hoffman, Drainage Board Attorney, Hans Peterson, Paul Elling, Project Engineers SEC Donohue, Greg Griffith, Great Lakes Chemical Corporation, Josh Andrews, West Lafayette Development Director, Opal Kuhl, West Lafayette City Engineer, and Shelli Hoffine Drainage Board Executive Secretary.

J. Frederick Hoffman, Drainage Board Attorney asked for nominations from the floor for the Board President. Commissioner Gentry nominated Commissioner Haan for President, seconded by Commissioner Yount. Unanimously approved.

Mr. Hoffman then turned the meeting over to Commissioner Haan to preside over the remainder of the meeting.

Commissioner Haan asked for nominations from the floor for the Board Vice President. Commissioner Haan nominated Commissioner Gentry for Vice President, seconded by Commissioner Yount. Unanimously approved.

Commissioner Haan asked for nominations from the floor for the Board Executive Secretary. Commissioner Gentry nominated Shelli Hoffine for Executive Secretary, seconded by Commissioner Yount. Unanimously approved.

The first item on the agenda was to approve the minutes of the meeting for the Drainage Board meeting on December 2, 1992. Hubert Yount moved to approve the minutes of December 2, 1992, seconded by Commissioner Gentry. Unanimously approved.

Hire the Attorney

Commissioner Gentry moved to appoint J. Frederick Hoffman as Attorney for the Drainage Board, seconded by Commissioner Yount. Motion carried.

Active and Inactive Ditches for 1993

Mr. Hoffman suggested putting the active and inactive ditches in the January minutes. Mr. Hoffman also read them aloud to the Board.

Storm Water Drainage Improvement Plan

Hans Peterson and Paul Elling from SEC Donohue presented the Stormwater Drainage Improvement Plan for the Cuppy-McClure watershed. Mr. Peterson discussed the project overview and objectives, project design criteria and constraints, hydrologic/hydraulic analysis, alternative improvements and recommendations, permits, and the schedule.

Mr Peterson discussed the alternative improvements.

Alternative #1 Low flow pipe and high flow channel.

The cost of the low flow pipe and high flow channel - \$930,000.00

The pipe in this alternative would be two to three feet deep under the ground from the Celery Bog to U.S. 52 then opens up and flows under US 52 with the existing pipe, then drops down into another pipe and flows on down to Hadley Lake.

Mr. Hoffman asked how big the pipe would be?

Mr. Peterson answered the pipe ranges in size from 36 inches to 42 inches.

Alternative #2 All pipe improvements.

The cost of all pipe improvements - \$1,570,000.00

Pipe size ranges from 54 inches to 60 inches.

This alternative would run completely under the ground from Celery Bog to Hadley Lake that is the main reason for the high cost. Mr. Peterson said this would look the nicest after it is complete.

Alternative #3 All channel improvements.

The cost of all channel improvements - \$755,000.00

This alternative does not have any pipe. It is a standard open channel all the way from Celery Bog down to Hadley Lake. There would have to be a concrete lining treatment at the bottom of the channel.

Mr. Peterson recommended alternative was #1 the low flow pipe and high flow channel.

Mr. Hoffman asked on these changes of easement are they giving and taking from the same landowners or taking from some landowners and giving others?

Mr. Peterson said based on the assessment map that we have, it is generally give and take on the same properties except for one parcel. Parcel #13 looks like we are taking.

Mr. Hoffman assumed there will be a petition for reconstruction to make those changes in easement.

Commissioner Gentry answered there will be a reconstruction hearing.

Discussion followed.

Bening no further business Commissioner Gentry moved to adjourn until February 3, 1993 at 8:30 a.m., seconded by Hubert Yount.

Meeting adjourned.

William D. Haan, President

TIPPECANOE COUNTY DRAINAGE BOARD
REGULAR MEETING
JANUARY 5, 1994

The Tippecanoe County Drainage Board met Wednesday January 5, 1994 in the Community meeting room of the Tippecanoe County Office Building, 20 North Third Street, Lafayette, Indiana with William D. Haan calling the meeting to order.

Those present were: Tippecanoe County Commissioners William D. Haan, Nola J. Gentry, Hubert D. Yount; Tippecanoe County Surveyor Michael J. Spencer; Drainage Board Attorney J. Frederick Hoffman; Drainage Board Engineering Consultant Jon Stolz and Drainage Board Secretary Shelli Hoffine.

ELECTION OF 1994 OFFICERS

Mr. Hoffman asked nominations for the President of the Tippecanoe County Drainage Board. Commissioner Haan nominated Commissioner Gentry, seconded by Commissioner Yount. Unanimously approved.

Mr. Hoffman turned the meeting over to Commissioner Gentry to preside.

Commissioner Gentry asked nominations for Vice President of the Tippecanoe County Drainage Board. Commissioner Gentry nominated Commissioner Haan, seconded by Commissioner Yount. Unanimously approved.

-APPOINTMENTS-

Commissioner Haan moved to appoint Shelli Hoffine for Executive Secretary of the Tippecanoe County Drainage Board, seconded by Commissioner Yount. Unanimously approved.

Commissioner Haan moved to appoint J. Frederick Hoffman as Attorney for the Tippecanoe County Drainage Board pending an agreement of a contract, seconded by Commissioner Yount. Unanimously approved.

Commissioner Yount moved to extend the existing contract into 1994 for Christopher Burke Engineering, LTD. to provide engineering services to the Tippecanoe County Drainage Board pending review of the contract, seconded by Commissioner Haan. Unanimously approved.

-MEETING DATES FOR 1994-

January 5, 1994	July 6, 1994
February 2, 1994	August 3, 1994
March 9, 1994	September 7, 1994
April 6, 1994	October 5, 1994
May 4, 1994	November 2, 1994
June 1, 1994	December 7, 1994

Commissioner Haan moved to accept the meeting dates for the Tippecanoe County Drainage Board, seconded by Commissioner Yount. Unanimously approved.

Commissioner Yount moved approve the minutes from the last Drainage Board meeting held December 1, 1993. Seconded by Commissioner Haan. Unanimously approved.

Joe Bumbleburg asked the Board to approve a resolution for vacation of a drainage easement located on a part of lot 5 in Capilano By the Lake Subdivision, Phase I. The drainage easement ended up in the middle of lot 5 when it was replatted.

Mr. Spencer stated he has been out to the site, Mr. Cunningham of Vester and Associates checked the easement and it definitely will not cause a problem with the lot or any of the adjoining lots. Mr. Spencer recommended the vacation of the drainage easement in lot 5, Capilano By the Lake Subdivision, Phase I.

The petition and the resolution to vacate a portion of a drainage easement on lot 5, Capilano by the lake subdivision, Phase I is on file in the Tippecanoe County Surveyor's Office.

Commissioner Yount moved to approve the resolution to vacate a portion of an easement on lot number 5, Capilano by the Lake Subdivision, Phase I, seconded by Commissioner Haan. Unanimously approved

HAWKS NEST SUBDIVISION, PHASE I

Greg Hall, Intercon Engineering, asked the Board for final approval of Hawks Nest Subdivision, Phase I and the detention ponds for the entire project. Mr. Hall also, requested a variance for exceeding the four foot of depth in Basin A.

Mr. Spencer stated he recommended approval of Phase I and the detention ponds.

Mr. Hall stated there will be eighteen lots in Phase I, one detention basin will be located in this phase.

Commissioner Haan asked if the permits from the IDNR have been processed?

Mr. Stolz stated that the portion that was requiring a permit has been moved from the floodplain and no longer requires a permit.

Commissioner Yount moved to grant the variance to exceed the maximum four foot depth in Basin A, seconded by Commissioner Haan. Unanimously approved.

Commissioner Yount moved to grant final approval of Hawks Nest Subdivision, Phase I and the detention basin for the entire project, seconded by Commissioner Haan. Unanimously approved.

TRIPLE J POINTE SUBDIVISION

Bob Grove, representing Smith Enterprises, asked for preliminary approval of Triple J Pointe Subdivision, which involves fifteen acres with 75 lots, located off Old Romney Road and County Road 250 South. The proposal is to detain the water offsite which will hold seventy two acres of offsite runoff, then take the ten year flow through the subdivision to a basin that will hold the 15 acres of developed subdivision, a pipe will carry the runoff from the basin to an existing structure of Ashton Woods Subdivision detention system. The ditch will be used as overflow for runoff that exceeds the 10 year flow.

Commissioner Yount asked if pipe along Old Romney Road would be in the road right-of-way if so, has the County Highway Department approved a permit for the pipe?

Mr. Grove stated yes, we are proposing to put the pipe in the right-of-way and no, we have not obtained a permit from the Highway Department.

Mr. Spencer stated the Highway Department has a set of plans, but he has not heard a report from them.

Commissioner Yount asked about the use of the pond offsite easement?

Mr. Grove stated that G. Mark Smith will be preparing an agreement for the easement.

Mr. Spencer stated John Fisher did a drainage study of the Wea-Ton drainage area, in the report it shows the watershed area delineated certain runoff values for sub-areas within the watershed area. Ashton Woods kept in compliance with the idea for sub-areas to be within the watershed area, at that time, the Board accepted the idea. Ashton Woods created an outlet for the Wea-Ton watershed area and during construction they have created the outlet channel and incorporated their storage area with Old Romney Heights storage area. In the study, there are recommendation about how water moves to the east as development progresses. A pipe was sized under Old Romney Road at the end of the channel to pick up water to the east. Triple J Pointe Subdivision does not comply with this idea as far as construction of proper pipe size under Old Romney Road to convey the water from the east.

Mr. Grove stated Smith Enterprises asked John Fisher for the drainage study, but were not able to obtain a copy. It was decided to make an alternate route from the project's outlet to go along the east side of Old Romney Road in an easement just outside the right-of-way, provide a manhole and a crossing based on a 10 year predeveloped flow from the Wea-Ton area.

Commissioner Gentry suggested getting a meeting set up between the Commissioners, the Surveyor, Smith Enterprises, Mr. Gloyeske, and Mr. Fisher.

Commissioner Yount moved to continue Triple J Pointe Subdivision with Mr. Grove's consent until after the above meeting has been held, seconded by Commissioner Haan. Unanimously approved.

HARRISON & MCCUTCHEON HIGH SCHOOLS IMPROVEMENTS

Kyle Miller, Triad and Associates, presented the Board with the plans to improve Harrison High School and McCutcheon High School. Harrison and McCutcheon will be adding approximately one acre of roof to the existing structures over what is now parking lot signifying no increase in the volume of runoff for either plan. Harrison's storm sewer pipes run around the perimeter of the school, some of the pipe are undersized and will be replaced along with all new pipe to go around the perimeter of the constructed area. All roof drainage will run into the storm sewer then to an existing pipe and discharge into the **Cole Ditch/"Burnett Creek"**. Mr. Miller indicated a portion of one existing outfall pipe will be replaced and a permit from the IDNR is required for construction in the floodway area.

Commissioner Gentry asked what the design is of the outfall pipe into the creek?

Mr. Miller stated there will an end section on the pipe and that rip-rap will be placed on both sides of the banks.

Mr. Miller explained that McCutcheon High School storm sewer pipes run the perimeter of the existing structure and outlets into the **Wea Creek**. The

improvements will replace what is now asphalt and the storm sewer pipe around the perimeter of the constructed area.

Commissioner Yount moved to approve Harrison High School's final improvement plan subject to the approval of the permit from the IDNR, seconded by Commissioner Haan. Unanimously approved.

Commissioner Yount moved to approve McCutcheon High School's final drainage improvement plan, seconded by Commissioner Haan. Unanimously approved.

OTHER BUSINESS

Mr. Spencer asked if section six, letter F of the Drainage Ordinance, Submittal and Consideration of Plans, could be clarified to clear up questions pertain to the twenty days submittal deadline being twenty working days or twenty calendar days.

Commissioner Yount suggested changing the twenty days to thirty calendar days and requiring a review memo from the County Engineering Consultant to the petitioner, ten days prior to the hearing date.

Mr. Hoffman stated he will write an amendment to the Drainage Ordinance, letter F in section six, Submittal and Consideration of Plans, to change the twenty days submittal to thirty calendars days and the Surveyor will make a report to the petitioners not less than ten days prior to the hearing date.

GREAT LAKES CHEMICAL

Mr. Spencer stated all the landowners along the proposed channel have been informed of the Great Lakes project, the County has a complete set of construction plans, a drainage report, and Army Corp of Engineers permit. The County does not have IDNR or the IDEM, but those have been filed and should be approved soon. Ken Baldwin had some question for insurance reasons on fencing around the sediment basin before the water goes into **Hadley Lake**. The County will contribute \$700,000.00 dollars out of that the County has spent approx \$150,000.00 on Engineering, the Engineer's construction estimate is 1,040,000.00.

Commissioner Gentry asked what the time table is on advertising for reconstruction, and does the project have to be advertised before the bidding or concurrent with the bid process?

Mr. Hoffman stated the advertising has to be done before the bid processing. The County would have to give thirty to forty day notice and then have the hearing, if approved the bidding can go out, all that together would take about three months.

Judy Rhodes asked if there was any legal document showing West Lafayette committing to an agreement of participation in this project?

Commissioner Gentry stated that the County has a signed worksheet by Nola J. Gentry and Mayor Sonya Margerum showing the break down of contribution between the State of Indiana, Tippecanoe County and the City of West Lafayette for Great Lakes Chemical Corporation/**Cuppy McClure** watershed project

Ms. Rhodes asked and received a copy of the worksheet.

Being no further business Commissioner Yount moved to adjourn until February 2, 1994, seconded by Commissioner Haan. Unanimously approved.

TIPPECANOE COUNTY DRAINAGE BOARD
 REGULAR MEETING
 FEBRUARY 1, 1995

The Tippecanoe County Drainage Board met Wednesday February 1, 1995 in the Community meeting room of the Tippecanoe County Office Building, 20 North Third Street, Lafayette, Indiana with William D. Haan calling the meeting to order.

Those present were: Tippecanoe County Commissioners William D. Haan, Nola J. Gentry, Gene Jones; Tippecanoe County Surveyor Michael J. Spencer; Drainage Board Attorney pro-tem David Luhman; and Drainage Board Secretary Shelli Muller.

The first item on the agenda was to approve the minutes from the last Drainage Board Meeting held January 4, 1995. Commissioner Gentry moved to approve the minutes, Seconded by Commissioner Jones. Motion carried.

ACTIVE AND INACTIVE DITCH LIST 1995

Mr. Luhman read the active ditch list into the minutes.

97	McLaughlin, John		
101	Hoffman, John	72105.03	55880.51

Mr. Spencer stated the John Hoffman Ditch is on a three year assessment which started in 1991 with a ten dollar an acre assessment. It is now necessary for the Board to schedule a meeting between Clinton, Carroll and Tippecanoe Counties to reduce the assessment.

Commissioner Haan appointed himself and Commissioner Gentry to serve on the Tri County Board.

CHRISTOPHER B. BURKE ENGINEERING CONTRACT

Mr. Luhman stated after reviewing the original contract from Christopher B. Burke Engineering a few items were discussed and changes were made. The contract was revised with one exception on page 6 paragraph 24. The suggested revision was if a contractor was doing work based upon the Engineers plans the contractor would indemnify Burke for any damages to Burke because of the contractors negligence. Also suggested was to include Burke as a named insured on the insurance policy. Mr. Luhman explained the main reason for the suggestion was so the County and Christopher B. Burke Engineering would not be held liable.

Commissioner Gentry moved to approve the contract with Christopher B. Burke Engineering, LTD., and authorize the President of the Board to sign the contract, seconded by Commissioner Jones. Motion carried.

OTHER BUSINESS

Mr. Spencer presented the Board with the reforestation proposal for the Cuppy-McClure Drain, which will comply with the DNR requirements for a 2 to 1 mitigation on tree removal. The Parks Department for the City of West Lafayette suggested sites for the trees replacement. Mr. Spencer explained he wanted the Board to be aware of the progress and that Mr. Ditzler of J.F. New will submit the plan to Dan Ernst of the Indiana Department of Natural Resources.

Being no further business, Commissioner Gentry moved to adjourn until March 1, 1995, seconded by Commissioner Jones. Meeting adjourned.

TIPPECANOE COUNTY DRAINAGE BOARD
REGULAR MEETING
JANUARY 3, 1996

The Tippecanoe County Drainage Board met Wednesday January 3, 1996 in the Commissioners Meeting Room of the Tippecanoe County Courthouse, Lafayette, Indiana with William D. Haan calling the meeting to order.

Those present were: Tippecanoe County Commissioners William D. Haan, Nola J. Gentry, and Gene Jones; Tippecanoe County Surveyor Michael J. Spencer; Drainage Board Attorney J. Frederick Hoffman; Drainage Board Engineering Consultant Dave Eichelberger, and Drainage Board Secretary Shelli Muller.

ELECTION OF OFFICERS

The first item on the agenda was to elect new officers for 1996.

Mr. Hoffman opened the floor to nominations for President.

Commissioner Haan nominated Commissioner Gentry.

Commissioner Haan moved to close nominations for president, seconded by Commissioner Jones. Motion carried, Commissioner Gentry was elected.

Mr. Hoffman turned the meeting over to the President.

Commissioner Gentry asked for nominations for Vice President.

Commissioner Haan nominated Commissioner Jones for Vice President.

Commissioner Haan moved to close nominations for Vice President, Commissioner Gentry seconded. Motion carried, Commissioner Jones was elected.

APPOINTMENTS TO THE BOARD

The next item on the agenda is to renew the contracts with Hoffman, Luhman & Busch as the law firm.

Commissioner Haan moved to renew the 1995 contract with Hoffman, Luhman and Busch, seconded by Commissioner Jones. Motion carried.

Mr. Spencer presented the Board with two proposals for the contract with Christopher B. Burke Engineering Limited.

- 1) A proposal for professional engineering services on a varied rate depending on specified standard charges.
- 2) a proposal for professional engineering services on a fixed rate of \$50.00 per hour.

Commissioner Gentry asked for a report on the number of engineering review hours in 1995 for all the projects submitted in 1995. The discussion of which contract to be used will be continued at the February meeting.

Commissioner Haan moved to extend the 1995 contract with Christopher B. Burke Engineering Limited for one month into 1996, seconded by Commissioner Jones. Motion carried.

Commissioner Haan moved to reappoint Shelli Muller as Drainage Board Secretary for 1996, seconded by Commissioner Jones. Motion carried.

1996 ACTIVE/INACTIVE DITCH LIST

Mr. Hoffman asked for the active and inactive ditches to be placed in the minutes.

Commissioner Haan moved to place the 1996 active/inactive ditch list the minutes, seconded by Commissioner Jones. Motion carried.

1996 - ACTIVE/INACTIVE DITCH LIST

ACTIVE

E.W. ANDREW, ANSON-DEPHINE, JULIUS BERLOWITZ, BEUTLER-GOSMA, ANDREW BROWN, TRAIN COE, COUNTY FARM, THOMAS ELLIS, FASSNACHT-CRIST, REBECCA GRIMES, HARRISON MEADOWS, EUGENE JOHNSON, JAMES KELLERMAN, AMANDA KIRKPATRICK, FRANK KIRKPATRICK, JAMES KIRKPATRICK, CALVIN LESLEY, MARY MCKINNEY, F.E. MORIN, KESTER MOTSINGER, J. KELLY O'NEAL, AUDLEY OSHIER, FRANKLIN RESER, SKINNER RAY, JOSEPH STERRETT, GUSTAV SWANSON, JACOB TAYLOR, JESSE DICKENS, DISMAL CREEK, SHAWNEE CREEK, SAMUEL ELLIOTT, JOHN HOFFMAN, BUCK CREEK, DARBY-WETHERHILL, ISSAC GOWEN, SAMUEL MARSH, EMMETT RAYMAN, WILSON-NIXON, SOPHIA BRUMM, H.W. MOORE, MARY THOMAS, ARBEGUST-YOUNG

INACTIVE

JOHN AMSTUZ, JESSE ANDERSON, DEMPSEY BAKER, BAKER VS NEWELL, NELLIE BALL, MICHAEL BINDER, JOHN BLICKENSTAFF, NATHANIEL BOX, ALFRED BURKHALTER, ORIN BYERS, FLOYD COE, GRANT COLE, JESSE CRIPE, CHARLES DAUGHERTY, FANNIE DEVAULT, MARION DUNKIN, MARTIN ERVIN, ELIJAH FUGATE, MARTIN GRAY, FRED HAFNER, E.F. HAYWOOD, THOMAS HAYWOOD, GEORGE INSKEEP, LEWIS JAKES, FLOYD KERSCHNER, JOHN KUHN, JOHN MCCOY, JOHN MCFARLAND, WESLEY MAHIN, ABSOLEM MILLER, ANN MONTGOMERY, PARKER LANE, CALVIN PETER, PETER RETTERETH, ARTHUR RICHERD, ALEXANDER ROSS, JAMES SHEPHERDSON, JOHN SALZMAN, ABE SMITH, MARY SOUTHWORTH, WILLIAM STEWART, ALONZO TAYLOR, JOHN TOOHEY, JOHN VANNATTA, HARRISON WALLACE, SUSSANA WALTERS, WILLIAM WALTERS, WAPLES-MCDILL, LENA WILDER, J&J WILSON, SIMEON YEAGER, FRANKLIN YOE, JENKINS, KIRKPATRICK ONE, MCLAUGHLIN, JOHN HOFFMAN

Commissioner Gentry mentioned the ditches that are in red:

COUNTY FARM, REBECCA GRIMES, FRANKLIN RESER, GUSTAV SWANSON

Mr. Spencer read a letter he received from Betty J. Michael.

"December 29, 1995

Nola J. Gentry, President
Board of Commissioners

Michael J. Spencer
County Surveyor

Re: Interest on Drainage Funds

At the Fall County Auditor's Conference held by the State Board of Accounts, a session was held concerning drainage ditches, charges, billings, investments, interest, etc.

The County Board of Accounts supervisors instructed the Auditors and personnel concerning the above issues. We were informed that most Counties put interest earned on Drainage funds into the County General Fund since County general pays for expenses such as tax bills, Surveyor and Drainage Board Budgets.

An alternative in some cases is to credit this interest to the County Drain Fund (unapportioned). When we inquired about the feasibility of apportioning the monthly interest into more than 100 separate drainage funds, the answer was a dead silence of incredibility that this was being done.

We have double-checked this information with District Board of Accounts personnel and have been told that there is nothing in the statutes that mandates interest should go into each Drain fund or even into the County General Drain Fund.

Therefore, as of January 1, 1996, we will be willing to allocate the monthly interest to either the General Drain Fund or to the County General Fund but NOT to each individual Drain account. Please let me know your preference.

Sincerely,

Betty J. Michael"

Mr. Hoffman stated the ditches are trust funds and the landowners in the watershed areas know the ditches are earning interest, it would not be appropriate to discontinue the investment.

Commissioner Haan moved to direct Mr. Hoffman to write a letter stating per the agreement that was made when the ditches were established the interest was to be allocated, but the Board is willing to distribute the interest on a semimonthly bases to coincide with the spring & fall settlements, seconded by Commissioner Jones. Motion carried.

Commissioner Haan moved to approve the 1996 Drainage Board schedule, seconded by Commissioner Jones. Motion carried.

APPROVAL OF MINUTES

Commissioner Haan moved to approve the minutes from the December 6, 1995 Drainage Board meeting, seconded by Commissioner Jones. Motion carried.

BRENTWOOD COMMUNITY

Mr. Spencer stated Brentwood Manufacture Home Community is located off US52 West, South of the Elk's Country Club. They asked for preliminary drainage approval, which he recommended as long as the IDNR approved the construction within a floodway. There are approximately 280 lots on 60 acres with a dry bottom retention pond.

Mr. Spencer explained the retention pond does not comply with the Ordinance therefore the developer is asking for a variance. The Ordinance requires a 48 hour discharge time, the plans actual peak discharge is closer to 75 hours.

Commissioner Haan moved to grant preliminary approval to Brentwood Community contingent on the approval of construction in a floodway from IDNR, revised calculations and the request for the variance to the Ordinance, seconded by Commissioner Jones. Motion carried.

SOUTHERN MEADOWS

Mr. Spencer recommended granting Southern Meadows Subdivision final approval. The development is located at the corner of South 18th Street and 350 South within the City of Lafayette. Mr. Spencer explained the development needs approval from the County Drainage Board because it drains to the Elliott Ditch. At the Urban review meetings it was determined any development below the railroad tracks draining into Elliott Ditch would be allowed to direct release into the Ditch without onsite detention. The development includes a water amenity onsite, which water will flow into and out, but is not being planned as a detention pond and does not comply with the requirements of the Ordinance. Mr. Spencer had a question as to whether or not the pond would have to comply with the requirements of the Ordinance.

Mr. Hoffman stated the pond would not have to meet the Ordinance requirements as long as it does not affect the drainage.

Mr. Spencer explained the site drains to the pond.

Commissioner Haan stated if the majority of the site drains to the pond it is a retention pond and should meet the requirements of the Ordinance.

Ron Miller, Schneider Engineering, stated the current discharge in a one hour storm duration to Elliott is 2.7 hours. With the installation of a 42 inch pipe draining from the water amenity discharge into the Elliott in a one hour storm will be a little over an hour.

Commissioner Haan moved to grant final approval of Southern Meadows Subdivision with the condition the pond meets the Drainage Board Ordinance requirement for a non-fenced pond, seconded Commissioner Jones. Motion carried.

VILLAGE PANTRY #564R

Mr. Spencer introduced Village Pantry #564R, which is located at the corner of Brady and Concord, East of the existing Village Pantry. Weihe Engineering submitted final drainage plans and after the review it was recommended to grant final approval with the variance of a 12 inch pipe to a 10 inch concrete pipe for the outfall of the proposed detention area in order to limit the discharge.

Commissioner Haan moved to grant the variance of the Ordinance from a 12 inch required pipe to a 10 inch proposed pipe, seconded by Commissioner Jones. Motion carried.

Commissioner Haan moved to grant final approval of Village Pantry #564R, seconded by Commissioner Jones. Motion carried.

PETITION TO ESTABLISH O'FERRALL LEGAL DRAIN

Mr. Hoffman excused himself from the meeting 9:45 a.m.

Mr. Spencer asked the Board to acknowledge the petition to establish the O'Ferrall Legal Drain, branch of the Alexander Ross Ditch as a valid petition.

Commissioner Haan moved to acknowledge the petition as a valid petition to establish the O'Ferrall Legal Drain, branch of the Alexander Ross Ditch and the petition represents over 10 percent of the effect landowners, seconded by Commissioner Jones. Motion carried.

Mr. Hoffman returned to the meeting at 9:57 a.m.

ALEXANDER ROSS DITCH EASEMENT REDUCTION

Mr. Spencer explained on the Meijer site two branches of the Alexander Ross Ditch were described, one on the Southeast corner of the site and the other along the West side of the site. After the construction of the site it was discovered the pipe described along the West side of the site is not actually on the Meijer site. Meijer is asking the description of the pipe on the West side be corrected and the easement on the Southeast corner be reduced from 75 feet to 25 feet center of the pipe either side.

Mr. Hoffman stated Mr. Spencer will have to define the easement as only being on the Southeast corner of the site and redefine the easement on the West side of the property.

Commissioner Haan moved to reduce the easement of the Alexander Ross Ditch located at the Southeast corner of the Meijer site from 75 feet to 25 feet either side of the center of the pipe, seconded by Commissioner Jones. Motion carried.

Commissioner Haan moved to direct Mr. Spencer to correct the Survey maps to show the actual location of the Alexander Ross Ditch and document that the ditch does not run through the West side of the Meijer property, seconded by Commissioner Jones. Motion carried.

Commissioner Gentry asked Mr. Spencer to do a field check on the erosion of the Alexander Ross Ditch bank behind Meadowbrook Subdivision.

SANWIN APARTMENTS

Bob Grove presented the Board with Sanwin Apartments drainage plan and asked for preliminary approval. Located North of US52 West and East of County Road 250 West, the site consist of 3.11 acres and is planned to include a multi-family development with 63 units and a commercial area along the highway. After review from Christopher B. Burke Engineering consultant a revised preliminary plan was submitted addressing the concerns of the memo. The majority of the site, in the

revised plan, drains to the Northeast and Ken Baldwin will provide a 20 foot easement for a 12 inch outlet pipe that runs from the Northeast corner of the site to the existing McClure Ditch.

Commissioner Haan moved to grant preliminary approval of Sanwin Apartments, seconded by Commissioner Jones. Motion carried.

Cuppy-McClure - update

Mr. Spencer stated the notices for the hearing to be held February 7, 1996 on the reconstruction of the Cuppy-McClure Drain were sent January 2, 1996.

Mr. Spencer stated RUST Environmental & Infrastructure has submitted several proposals for construction inspection.

Commissioner Gentry suggested Mr. Spencer get other bids for the construction inspection or consider in-house inspections.

Being no further business Commissioner Haan moved to adjourn until February 7, 1996, seconded by Commissioner Jones. Meeting adjourned.

DRAINAGE BOARD MINUTES JANUARY 3, 1996 REGULAR MEETING

TIPPECANOE COUNTY DRAINAGE BOARD
 REGULAR MEETING
 FEBRUARY 5, 1997

The Tippecanoe County Drainage Board met Wednesday February 5, 1997 in the Tippecanoe Room of the Tippecanoe County Office Building, Lafayette, Indiana with Commissioner Hudson calling the meeting to order.

Those present: Tippecanoe County Commissioners Kathleen Hudson and Gene Jones, Tippecanoe County Surveyor Michael J. Spencer, Tippecanoe County Drainage Board Attorney Cy Gerde, Engineering Consultant David Eichelberger, and Drainage Board Secretary Shelli Muller.

Commissioner Hudson stated Commissioner Chase resigned Monday February 3, 1997 which created a vacancy in the position of Vice President to the Drainage Board. She nominated Commissioner Jones to fill the vacancy, seconded by Commissioner Jones. Motion carried to elect Commissioner Jones as Drainage Board Vice President.

The first item on the agenda was to approve the minutes from the meeting held December 11, 1996. Commissioner Jones moved to approve the minutes, seconded by Commissioner Hudson. Motion carried.

Commissioner Jones moved to approve the minutes of the last meeting held January 8, 1997, seconded by Commissioner Hudson. Motion carried.

Mr. Gerde asked for the active and inactive ditch list to be placed in the minutes and a motion be made to approve the list.

ACTIVE DITCH LIST 1997

DITCH NO	DITCH	PRICE PER ACRE	TOTAL 4 YEAR ASSESSMENT	1996 YEAR END BALANCE
4	Anson, Delphine	\$1.00	\$5,122.56	\$2,677.72

Commissioner Jones moved to approve the active and inactive ditches for 1997, seconded by Commissioner Hudson. Motion carried.

1997 CONTRACTS

ENGINEERING CONTRACT

Mr. Gerde stated he commends the contract written for Christopher B. Burke Engineering, Limited, but some verbiage was changed to better protect the County's interest.

Mr. Eichelberger stated the changes will be made and the contract ready for signature at the March meeting.

ATTORNEY CONTRACT

Mr. Gerde stated the contract for Drainage Board Attorney is ready for approval and the signature of the Drainage Board. The contract is the same format as Mr. Hoffman's contract with a few changes; date, name and hourly rate changed to \$140.00 per hour also, the last paragraph was added to the contract.

Commissioner Hudson read the paragraph that was added:

"All parties hereto agree not to discriminate against any employee or applicant for employment with respect to his hire tenure, terms, conditions or privileges of employment or any matter directly or indirectly related to employment, because of his race, religion, color, sex, disability, handicap, national origin or ancestry. Breach of this convenient may be regarded as a material breach of the contract."

Commissioner Jones moved to approve the contract for Drainage Board Attorney, seconded by Commissioner Hudson. Motion carried. The entire contract is on file in the County Surveyor's Office.

JAMES N. KIRKPATRICK DITCH

Mr. Spencer asked that the **James N. Kirkpatrick Ditch** proposal discussion be continued until the March meeting allowing time to fill the vacancy of the third Drainage Board member.

Commissioner Hudson moved to continue the discussion of the James N. Kirkpatrick Ditch proposals until the March Drainage Board Meeting, seconded by Commissioner Jones. Motion carried

OBSTRUCTION OF DRAINS

Mr. Spencer referred to the following "PETITION TO TIPPECANOE COUNTY DRAINAGE BOARD TO REMOVE OBSTRUCTION IN MUTUAL DRAIN OF MUTUAL SURFACE WATERCOURSE" the "DRAINAGE BOARDS POWER EXTENDED TO PRIVATE DRAINS" article in "Indiana Prairie Farmer" and Indiana Code amendment act No. 1277. All of these documents are on file in the County Surveyor's Office. Mr. Spencer wanted the Commissioners to be aware of and have a discussion on this issue. Mr. Spencer felt this law was to protect against man-made obstructions and asked Mr. Gerde to examine the possibility of the law including natural obstructions.

Mr. Gerde gave an example of where this law could be taken into effect. The first being on North 9th Street Road, north of Burnetts Road, the current condition causes water to travel across the road producing a hazardous condition. The reason for the water across the road is due to drainage problems outside the County Road Right-of-Way.

Mr. Steve Murray, Executive Director, Tippecanoe County Highway Department, stated another persistent problem is 200 South, east of the South fork of the Wildcat Creek. Mr. Murray explained no actual source of funding is available to work on obstruction of drains which do not have a maintenance fund. Mr. Murray asked the Drainage Board to consider creating a fund which would help the Surveyor's Office and the Highway Department to determine what action could be taken. Mr. Murray stated when a problem becomes severe enough the County Highway Department will clean out an obstruction that is off county road right-of-way to protect the road way, but the funds used for the clean-up are funds that could be used elsewhere.

Commissioner Jones stated Steve Wettschurack told him that FEMA was going to help out with the situation on North 9th Street.

Mr. Murray pointed out with the older residential subdivision the storm water system were allowed to outlet into privately owned ravines, there is no funding available to help with maintenance on these situations. If the storm water system becomes plugged or breaks down causing the streets to flood the County Highway Department has repaired the problem, using funds that were not intended for that type of repair.

Mr. Gerde's understanding is that in the majority of those situation the County does not have an easement, which cause a legal problem for the County.

Mr. Spencer stated in all cases where the County has worked out side the easement a complaint was filed therefore the landowners are willing to grant entry onto their land.

MARCH DRAINAGE BOARD MEETING DATE

Mr. Spencer explained the March 1997 Drainage Board meeting date needs to be changed, if possible. Mr. Gerde is going to be out of town on the scheduled meeting date of March 5, 1997.

Discussion of the next Drainage Board Meeting, after an agreed date and time, Commissioner Hudson stated the next Drainage Board meeting will be Tuesday, March 11, 1997 at 9:00 a.m.

Being no further business Commissioner Hudson moved to adjourn until Tuesday, March 11, 1997 at 9:00 a.m., seconded by Commissioner Jones. Meeting adjourned.

TIPPECANOE COUNTY DRAINAGE BOARD

February 4, 1998

regular meeting

Those present were:

Tippecanoe County Commissioners Ruth Shedd, and John Knochel, County Surveyor Mike Spencer, Drainage Board Attorney Dave Luhman, Drainage Board Engineering Consultant Dave Eichelberger and Drainage Board Secretary Shelli Muller.

The Tippecanoe County Drainage Board met Wednesday, February 4, 1998, in the Tippecanoe Room of the Tippecanoe County Office Building, 20 North 3rd Street, Lafayette, Indiana with Commissioner Shedd calling the meeting to order.

The first item on the agenda was to approve the minutes from the October 15, 1997 and December 19, 1997 regular Drainage Board meetings. Commissioner Knochel moved to approve the minutes, seconded by Commissioner Shedd. Minutes Approved.

MIKE MADRID COMPANY

Bob Gross, and Craig Rodarmel of R.W. Gross and Associates, presented the Board with final drainage plans of Mike Madrid Company, located west of I-65, in the northeast portion of the intersection of Swisher Road and the Rail Road. Mr. Gross explained at the south end of the site an existing 15 inch culvert under Swisher Road is the outlet. In the post-developed condition the same 15 inch pipe will be used for the outlet of the site with two sub basin. The sub basin at the north and east sides of the site will outlet into a 12 inch pipe under the driveway and then flow into the 15 inch outlet pipe under Swisher Road. The second sub basin will be at the south end of the site and outlet through a 12 inch pipe with a 4.25 inch diameter orifice on the end to restrict the flow before outletting into the 15 inch pipe under Swisher Road. Mr. Gross explained neither of the two basins will be very deep, but they will be spread over a large area.

Mr. Spencer stated he recommends final approval with the condition the applicant receives approval from the County Highway Department for use of the road right-of-way as site detention.

Commissioner Shedd asked where the emergency overflow will go and who owns the property the overflow will go on?

Mr. Gross stated Mike Madrid Company owns the property for the proposed emergency overflow.

Commissioner Knochel moved to grant final approval of the Mike Madrid Company drainage plan with the condition the applicant receives approval from the County Highway Department, seconded by Commissioner Shedd. Motion carried.

DRAINAGE BOARD 1998 CONTRACTS

Attorney

Mr. Spencer presented the Board with a 1998 contract from Hoffman, Luhman and Busch Law Firm for their services to the Tippecanoe County Drainage Board.

Commissioner Knochel moved to approve the 1998 contract with Hoffman, Luhman and Busch Law Firm, seconded by Commissioner Shedd. Motion carried.

Engineering Consultant

Mr. Luhman presented the Board with a 1998 contract from Christopher B. Burke Engineering, LTD. for engineering consultant services for the Tippecanoe County Drainage Board.

Mr. Luhman suggested continuing the 1998 contract with Christopher B. Burke Engineering, Ltd. until some language is included, which is in the agreement from January 3, 1995 contract. Christopher B. Burke Engineering, Ltd. could copy the 1995 contract and update it to include the current rates.

Commissioner Knochel moved to continue the 1998 engineering consultant contract with Christopher B. Burke until the March 4, 1998 Drainage Board Meeting, seconded by Commissioner Shedd. Motion carried.

1998 ACTIVE AND INACTIVE DITCH LIST

Mr. Luhman read the 1998 active and inactive ditch list.

Commissioner Knochel moved to approve the 1998 ditch assessment list, seconded by Commissioner Shedd. Motion carried.

OTHER BUSINESS

Mr. Spencer brought to the Board's attention a public notice from the Corp. of Engineers regarding the proposed wetland constructed above a county regulated tile drainage system the **John McCoy Ditch** located south of Wea School along County Road 200 East. Mr. Spencer explained there have been some concern from the property owners in the watershed area with what the Corp. has proposed. Mr. Spencer asked the Board if the County should have an informational meeting regarding the wetland?

Commissioner Knochel moved to have an information meeting with all the effected landowner in the area of the proposed wetland, seconded by Commissioner Shedd. Motion carried.

Mr. Spencer asked if the 30 day requirement for a public notice would be in affect with this meeting only being an informational meeting?

Mr. Luhman stated no, not for an informational meeting because it is not being reconstruted, the assessment is not going to change and there is not going to be any legal affect on the landowners.

MINUTE BOOK

Mr. Luhman explained that there was a question as to whether or not a ledger size minute book was required to be used, if not, than could the minute book be changed to a letter or legal size. Mr. Luhman stated he could not find any statue where a ledger size book had to be used.

Commissioner Shedd granted approval to change the size of the minute book from ledger to letter, beginning with the 1998 Drainage Board minutes.

Being no further business, Commissioner Knochel moved to adjourn until March 4, 1998, seconded by Commissioner Shedd. Meeting adjourned.

Ruth Shedd, President

Shelli Muller, Secretary

Kathleen Hudson, Vice President

John Knochel, Member

TIPPECANOE COUNTY DRAINAGE BOARD

February 3, 1999

Regular Meeting

Those present were:

Tippecanoe County Commissioners Ruth Shedd and John Knochel, County Surveyor Mike Spencer, Drainage Board Attorney Dave Luhman, Drainage Board Engineering Consultant Dave Eichelberger and Drainage Board Secretary Shelli Muller.

The Tippecanoe County Drainage Board met Wednesday, February 3, 1999, in the Tippecanoe Room of the Tippecanoe County Office Building, 20 North 3rd Street, Lafayette, Indiana with Commissioner Shedd calling the meeting to order.

The first item on the agenda is to approve the 1999 Active and Inactive Ditch Assessment List. Mr. Luhman read the list.

Commissioner Knochel moved to approve the list of Active and Inactive Ditch Assessment for the year 1999, seconded by Commissioner Shedd. Motion carried.

WATKINS GLEN SUBDIVISION, PHASE 4, PART 3

Tim Beyer of Vester and Associates, asked the Board for preliminary approval of Watkins Glen Subdivision, Phase 4, Part 3 located off County Road 400 East. The proposed subdivision consists of 9 lot on a 5 acre site. Mr. Beyer asked for a variance from the Drainage Ordinance that requires on-site detention. The majority of the proposed plan drains to an existing pipe and then to an existing detention facility for Watkins Glen South, Part V. The facility has the capacity to handle the additional runoff of Phase 4, Part 2.

Mr. Spencer recommended granting the variance for no on-site detention and preliminary approval of the drainage plan for Watkins Glen, Phase 4, Part 3.

Commissioner Knochel moved to grant preliminary approval of Watkins Glen, Phase 4, Part 3 and to grant the variance allowing no on-site detention, seconded by Commissioner Shedd. Motion carried.

SEASONS FOUR SUBDIVISION, PHASE III

Roger Fine, of John E. Fisher and Associates, asked the Board for approval of the outlet pipe for Seasons Four Subdivision, Phase III. The City of Lafayette requires the project to receive approval from the Tippecanoe County Drainage Board because of the outlet pipe into the **Elliott Ditch**. Mr. Fine informed the Board a DNR permit is pending for work in the floodway.

Mr. Spencer recommended approval of the outlet pipe, subject to the project receiving the DNR permit.

Commissioner Knochel moved to approve the outlet pipe into **the Elliott Ditch** for Seasons Four Subdivision, Phase III, subject to the approval of the DNR permit, seconded by Commissioner Shedd. Motion carried.

Being no further business, Commissioner Knochel moved to adjourn until March 3, 1999 at 10:00 a.m., seconded by Commissioner Shedd. Motion carried.

Ruth Shedd, President

Shelli Muller, Secretary

Kathleen Hudson, Vice President

John Knochel, Member

TIPPECANOE COUNTY DRAINAGE BOARD

February 9, 2000

Regular Meeting

Those present were:

Tippecanoe County Commissioners Kathleen Hudson, John Knochel and Ruth Shedd, County Surveyor Stephen Murray, Drainage Board Attorney Dave Luhman, Drainage Board Engineering Consultant Dave Eichelberger and Drainage Board Secretary Doris Myers.

The Tippecanoe County Drainage Board met Wednesday, February 9, 2000, in the Tippecanoe Room of the Tippecanoe County Office Building, 20 North 3rd Street, Lafayette, Indiana with Commissioner Kathleen Hudson calling the meeting to order.

The first item on the agenda is to approve the minutes from the January 12, 2000, Regular Drainage Board Meeting and minutes from the January 21, 2000, Special Drainage Board Meeting. Commissioner Knochel moved to approve the minutes of January 12, 2000, Regular Drainage Board Meeting and January 21, 2000, Special Drainage Board Meeting, seconded by Commissioner Shedd. Motion carried.

Commissioner Hudson welcomed Stephen Murray, as new County Surveyor, to his first meeting with the Drainage Board.

CROSSPOINTE APARTMENTS SUBDIVISION

Wm. R. Davis with Hawkins Environmental gave presentation for Crosspointe Apartments Subdivision. This site is located east of Creasy Lane, south of Weston Woods Subdivision and east of the **Treعه Meadows Relief Drain**. The applicant proposes to construct apartments and associated parking. The stormwater management plan for this area was the subject of previous studies conducted as part of the Amelia Avenue extension over the **Treعه Meadows Relief Drain**. Two issues from C.B. Burke Engineering report to be discussed. First issue is ponding of waters on project. The parking lot plans were intended to pond 7" of water. Second issue concerning previously discharge channel that has been schematic approved for the drainage of this site. Their intention is to use this channel for draining this site. If not approved as is a modification can be brought before the board.

Commissioner Hudson asked Dave Eichelberger to explain about the wet bottom ponds.

Dave Eichelberger, Drainage Board Engineering Consultant, stated the previous stormwater management plan indicated that portions of this development would drain to proposed wet-bottom ponds prior to discharging to the **Treعه Meadows Relief Drain**. However, it does not appear these ponds are proposed as part of this subject development on their plans. Are these ponds already in place, are they going to be constructed as part of this project or are they going to have some interim outlet to the **Treعه Meadow Relief Drain** between now and then? If are wanting final approval may need to have condition that proposed ponds are constructed or proposed outlet is approved.

Steve Murray asked Wm. R. Davis what was their intent.

Wm R. Davis commented there is another project that has risen to this area. The project is not moving very rapidly. They want to get these projects temporarily constructed as did in schematic approval of wet-bottom channel as part of this project.

Commissioner Hudson asked if these outlets would be the ones carrying water over parking lot. Answer was no.

Commissioner Hudson asked what was going to be done about the water ponding over the parking lot area.

Steve Murray stated 7" water ponding over parking lot is allowable by ordinance. This is backwater from 100-year flood as composed to conventional ponding for storage in the lot.

Steve Murray asked if there was a duration limit.

Dave Eichelberger stated none that he is aware of.

Commissioner Knochel moved to grant final approval to Crossepoint Apartments Subdivision subject to the outlets being constructed as part of this project, seconded by Commissioner Shedd. Motion carried.

WABASH NATIONAL SITE DETENTION

Wm. R. Davis with Hawkins Environmental gave presentation for Wabash National Site Detention. This is a 340-acre site located north of C.R. 350 South, between Concord Road and U.S. 52. This is a schematic design for Wabash National and is the second time for reviewing this site. We are trying to come up with an overall plan for final development of Wabash National property. They are not placing structures, etc, but are determining the amount of improved surface they can have, what areas need to be stoned, types of drainage, etc. Currently there is a tile branch of **Elliott Ditch** traversing this property. At present a lot of water stands on this property. We are proposing how to move this water in a developed condition. Will be stoning parts of the property after constructing diversion ditches. Will be removing tile in the **Elliott Ditch** Branch and make open drain. The present detention pond is adequate for future use. Wm. R. Davis is asking for approval of schematic design for Wabash National Site Detention.

Dave Eichelberger suggests preliminary approval of the ditch network and final approval of the continued use of the existing detention pond.

Commissioner Knochel moved to grant preliminary approval of the ditch design for the Wabash National Site Detention and final approval for the drainage pond, seconded Commissioner Shedd. Motion carried.

WILLIAMS COMMUNICATIONS – FIBER OPTIC CABLE

Harold Elliott with Williams Communications gave presentation to install fiber optic cable communication system. This cable will stretch from Atlanta, Cincinnati, Indianapolis and through Chicago. Part of this system will go through a portion of Tippecanoe County. Have received permits for the road crossings. Had been working with Mike Spencer for permits on drainage ditches. They had sent a letter earlier, recommended by Mike Spencer, explaining what they were going to do. Mr. Elliott stated he thinks they should have a permit due to all the bonding, etc. Mr. Elliott's purpose for being here today is to go over project, find out for sure what they do want, and get bond, etc. ready for the next meeting.

Commissioner Hudson asked Mr. Elliott if he received Dave Luhman's letter.

Mr. Elliott's comment was yes. Mr. Elliott stated they have included what Mr. Luhman asked for. Mr. Elliott had a question on drawing for each ditch. Can they use what we use as a typical ditch crossing with it put to the ditch we are crossing? Instead of a complete profile of each ditch.

Dave Luhman asked if it would be similar to what is used on highways. If so, that would be adequate. Mr. Elliott commented yes. Williams Communications will furnish drainage board with a complete list of where line is as built.

Steve Murray stated he would like Mr. Elliott to give as much information possible to the contractor, so they can narrow down their area to start being aware that there may be a legal drain there.

Mr. Elliott commented there would be a crew out to survey each of the legal drains so contractor knows exactly where they start and will be. They are running a minimum of 42" below ground. Some of the survey work is being done now.

Steve Murray asked if they would trench or plow the lines.

Mr. Elliott stated the plan was to plow. When you go across ditches we know you can't plow. So we will be trenching these lines.

Steve Murray stated they would want the cable trenched not plowed. When you trench you can see turned up broken tiles. When you plow there is no visible evidence of broken tiles. May be 3 to 5 years before drain collapses and backs up. A lot of counties have gone too only allowing trenching now days as opposed to plowing.

Commissioner Knochel stated his concern was when turning up some private tiles who will repair. They want someone who is knowledgeable to do the field tile repair.

Mr. Elliott commented he had talked with Mike and would like for the drainage board to hire someone in our county to act as an inspector to find the legal drains and bill Williams Communications for that service.

Steve Murray commented his concern is finding an inspector. It doesn't matter if the drainage board hires or if Williams Communications hires. Stephen thinks it would be better if drainage board hired the inspector.

Mr. Elliott asked about a pay scale agreement. This can all be worked out when I come back for the next meeting.

Steve Murray asked what is your construction schedule.

Mr. Elliott stated this year, this spring. It depends on all the permits coming in and all the easements that are being required one way or the other.

Steve Murray felt comfortable with this if they are willing to work under the drainage board conditions.

Mr. Elliott suggested the \$5,000 bond might not be large enough. There is more potential damage than \$5,000.

Dave Luhman recommends \$25,000.00 bond. Wait on final draft at the March 1, 2000 meeting for details.

Mr. Elliott will return for the March 1, 2000, meeting with final draft and details.

2000 ACTIVE AND INACTIVE DITCH ASSESSMENTS

Mr. Luhman read the 2000 active and inactive ditch list

ACTIVE

Jesse Anderson	Delphine Anson	Julius Berlovitz	Michael Binder
A.P.Brown	Buck Creek	Orrin Byers	Train Coe
County Farm	Thomas Ellis	Christ Fassnacht	Issac Gowen

McDill Waples	Lena Wilder	J & J Wilson	Franklin Yoe
Jenkins	Buetler/Gosma	S.W. Elliott	Hadley Lake Drain

Commissioner Knochel moved to approve the list of Active and Inactive Assessment for the year 2000, seconded by Commissioner Shedd. Motion carried.

OTHER BUSINESS

PETITION FOR ENCROACHMENT ON UTILITY & DRAINAGE EASEMENT LOT 63, RED OAKS SUBDIVISION

Steve Murray gave presentation of this petition for encroachment on utility & drainage easement Lot 63, Red Oaks Subdivision. The petition for encroachment reads as follows: The undersigned, John L. Maloney, who owns 609 Bur Oak Court, does hereby request permission of the Tippecanoe County Commissioners and the Tippecanoe County Drainage Board to encroach 25 feet into the utility and drainage easement at the rear side of their home on Lot 63, Red Oaks Subdivision, Wea Township, Tippecanoe County, Indiana, as shown on the diagram hereto attached and made a part of this petition. Diagram will be on file in surveyor's office. Stephen commented the real concern is the 25 feet encroachment will be too far down the bank and into the water level. This could be an obstruction if maintenance needs to be done to the bank for erosion purposes or pipe out fall. A 10-foot encroachment will bring to the top of bank. Stephen stated he would not recommend any more encroachment then to the top of the bank.

Commissioner Hudson asked if 10 foot would encroach into the utility and drainage easement.

Steve Murray commented without an actual survey tying the house to the lot lines we wouldn't know for sure. It would appear the 10-foot at the top of bank is roughly the easement line that they want to encroach into. If we do not grant requirement for encroachment they can not go any further than the top of bank.

Commissioner Hudson asked if Bill Augustin of Gunstra Builders was aware of this being on the agenda.

Steve Murray commented he had talked to Bill Augustin this week and thought he was aware of the agenda.

Commissioner Knochel asked if they wanted to build a deck and if it was already built.

Steve Murray answer was didn't believe so. Chris from surveyor's office had been out in the last month and took pictures. No deck was in the pictures.

Dave Luhman asked if they wanted to resubmit this petition for an amendment asking for a lower amount of encroachment. If the Drainage Board denies this petition they can resubmit another petition.

Commissioner Knochel moved to deny request for 25 foot encroachment on utility and drainage easement for Lot 63, Red Oaks Subdivision, Wea Township, Tippecanoe County, seconded by Commissioner Shedd. Motion carried.

CHICAGO TITLE INSURANCE COMPANY

Dave Luhman gave presentation regarding request of letter from Drainage Board to Chicago Title Insurance Company. The property is located at 3815 SR 38 E known as the **Kyger Bakery**. There has already been a dry closing on the sale. There are 2 buildings that come within the 75-foot easement. The Chicago Title Insurance Company in order to issue their title insurance need letter from Drainage Board acknowledging that buildings on this property were constructed prior to the requirement of the 1965 Drainage Act and are thus legally located structures and do not constitute illegal encroachments. Have tax records from Fairfield Township Assessors Office that show these structures were built in 1948. Dave Luhman presented Commissioner Hudson with letter on Drainage Board stationery for signature stating these structures were built prior to the requirements of the 1965 Drainage Act and are thus legally located structures and do not constitute illegal encroachments. Dave Luhman has reviewed this with Mr. Bumbleburg, who represents Kyger, and has his approval.

Commissioner Knochel moved president of Drainage Board to sign this letter stating the building were built before 1965 and do not constitute illegal encroachments, seconded by Commissioner Shedd. Motion carried.

Being no further business Commissioner Knochel moved to adjourn meeting, seconded by Commissioner Shedd. Meeting adjourned.

Kathleen Hudson, President

Doris Myers, Secretary

John Knochel, Vice President
