

MINUTES OF THE TIPPECANOE COUNTY DRAINAGE BOARD HELD AUGUST 2, 1972.

Present at meeting. The Tippecanoe County Drainage Board held it's regular meeting on August 2, 1972, at 9:00 o'clock am.. with the following members present: Bruce Osborn, Dale Remaly, Edward Shaw, Dan Ruth, Fred Hoffman, John Garrott and Gladys Ridder.

Minutes Approved Upon motion of Bruce Osborn, seconded by Dale Remaly and made unanimous by Edward Shaw, the minutes of the July 5, 1972 meeting were approved as read.

Other Business of the Board A petition was submitted to the Board from National HOMes Construction Corporation by their attorney, Thomas McCully, and reads as follows:

STATE OF INDIANA)
) SS:
TIPPECANOE COUNTY)

To: The Tippecanoe County Drainage Board
 Court House
 Lafayette, Indiana

PETITION

National Homes Construction Corporation, hereinafter referred to as the Petitioner, respectfully shows and petitions the Board as follows:

1. The Petitioner is the owner of a certain tract of land located in the City of Lafayette, Indiana, shown on Exhibit A filed herewith. Said real estate is bounded by South Eighteenth Street on the west, the Penn Central Railroad on the northeast, and Elliott Ditch, a legal open ditch, on the south.

2. The Petitioner proposes to develop the westerly portion of said real estate for multi-family housing and the easterly portion for single family housing as shown on Exhibit A.

3. There is presently a statutory 75' right-of-way in favor of the Board extending from the top edge of the bank of such ditch on which no permanent structures may be placed.

4. This Board may modify said right-of-way and in the opinion of the Petitioner the same may be modified from 75' to 50' without adversely affecting the public interest or the rights of the Board.

5. Such modification of the right-of-way to 50' from the top edge of the bank will permit development of the real estate as set forth on Exhibit A.

WHEREFORE, the Petitioner requests that the Board:

(a) Modify the statutory right-of-way from 75' to 50' along the north side of Elliott Ditch from South Eighteenth Street easterly to the Penn Central Railroad.

(b) Permit construction of a roadway as a permanent structure within said 50' right-of-way as shown on Exhibit A.

NATIONAL HOMES CONSTRUCTION CORPORATION

By /S/ Thomas R. McCully

Attorneys for Petitioner

It was the decision of the Board to reject this petition.

Drains Referred The Board referred the following ditches to the Engineer to prepare for maintenance funds: Charles E. Daugherty, Lauramie Township, County Farm Ditch, Tippecanoe and Wabash Townships, Simeon G. Yeager, Wabash Township, and Isaac Gowen, Tippecanoe Township, in Tippecanoe County and Prairie Township, in White County.

9:30 a.m. Hearing on Fred Haffner Ditch The Engineer opened the hearing on the Fred Haffner Drain by reading his report and making his recommendations to the Board. There had been no remonstrances and no charges against this ditch. The only one attending was Carl Hendrickson who farms the Eva Palmore ground. Mr. Hendrickson had a question on the West Branch where he said the SCS had done some extension. Because considerable tile has been added, Mr. Ruth suggested walking and measuring the 3770 Feet of the legal ditch and find exactly where the ditch ends, possible the North line of the Haan property.
Upon motion by Dale Remaly, seconded by Bruce Osborn and made unanimous by Edward Shaw, the Board voted to establish a \$1.00 per acre maintenance fund.

10:30 a.m. Hearing on the Grant D. Cole Ditch The Engineer opened the hearing on the Grant D. Cole Ditch by reading to the Board his report and making his recommendations. Landowners in attendance were Carl Hendrickson and Fred Trost. The Trost acreage was in error and the Board voted to change it from 120 Acres to 65 acres. There were no remonstrances and no charges against this ditch. Those present were in favor of a fund to maintain the ditch so upon motion by Bruce Osborn seconded by Dale Remaly and made unanimous by Edward Shaw the Board voted to establish a \$1.00 per acre assessment.

11:30 a.m. Hearing on Wesley Mahin Ditch The Engineer opened the hearing on the Wesley Mahin ditch by reading his report and making his recommendations to the Board. Those in attendance were Mrs. Rose Mae Glass, Charles Bohart and Marian Bohart. Mr. Bohart said they were assessed on both the Mahin and Walters ditch for the same acreage and after discussing the situation it was decided he belonged on the Walters ditch so the acreage was removed from the Mahin assessment list. Mr. Bohart also reported water problems that did not have any bearing on the legal drain but resulted from what seemed to be a highway ditch. Mr. Osborn asked John Garrott, the surveyor to check the situation and report back to the Board of Commissioners at their regular meeting on Monday August 7, 1972.

At 1:30 p.m., the Engineer opened the hearing on the William J. Walters Ditch by reading his report and making his recommendations. Many remonstrances were received and read aloud. As many of the people in this watershed area were also assessed on other drains in the same area, it was agreed to revise the legal description of the William J. Walters drain. Those in attendance were: Simon J. Lehe, Andy Klinkhamer, Gwin Robinson, Virgil Shultz, Donald W. Brown, Richard W. North and Northwestern Farms, Inc. by their attorney Edward Chosnek, Kenneth Calloway, William W. Peneton, John Warner, Frank Harner, K. Kensinger, Francis H. Davis, Maxine Taylor and James Milligan, White County Surveyor.

The new legal description will be

After much discussion, the Board decided to recess this hearing until the regular meeting on October 4th, 1972, at 1:30 p.m. The secretary was instructed to re-notify all land-owners of the new time and place for the continued hearing.

After the hearings were completed the Board then signed the order and findings and the certificates of assessment on the ditches where maintenance funds were established. Upon motion by Bruce Osborn, seconded by Dale Remaly and made unanimous by Edward Shaw, the Board adjourned.

REGULAR MEETING OF THE TIPPECANOE COUNTY DRAINAGE BOARD HELD JANUARY 3rd, 1973.

The Tippecanoe County Drainage Board held it's regular meeting on January 3rd, 1973 at 9:00 o'clock a.m., with the following members present: Bruce Osborn, Edward Shaw, Robert Fields, Fred Hoffman, A. D. Ruth, Jr. and Gladys Ridder.

Election of Officers
Upon motion by Bruce Osborn, seconded by Robert Fields, Edward Shaw was elected Chairman of the Board for the year 1973. Upon motion by Edward Shaw seconded by Bruce Osborn, Robert Fields was elected Vice Chairman of the Board. Upon motion by Bruce Osborn, seconded by Edward Shaw, Gladys Ridder was again elected Secretary and Fred Hoffman was re-appointed Attorney. All motions carried.

Minutes Approved
Upon motion of Edward Shaw, seconded by Robert Fields and made unanimous by Robert Fields, the Board approved the minutes of the December 6th, 1972 meeting as read.

Bids Accepted
The following bids were accepted for 1973:
Corrugated Metal Pipe ---- Ladoga Culvert Division
Logansport Metal Culvert

Back Hoe ---- Fauber Construction Co.
Cohee Construction
Keiser and Keiser Contractors, Inc.

Drag Line ----- Fauber Construction Co.

9:30 a.m.
Hearing on the Simeon Yeager ditch Maintenance Fund
The Engineer opened the hearing on the Simeon Yeager ditch by reading his report and making his recommendations to the Board. Mr. Willard Kolb was the only person appearing on the Yeager ditch hearing. The ditch only drains 153 acres and the Board felt it would be foolish to place any amount under \$1.00 per acre assessment on this ditch. Mr. Kolb agreed so it was moved by Bruce Osborn, seconded by Robert Fields and made unanimous by Edward Shaw to establish a \$1.00 per acre assessment.

10:30 a.m.
James Vanderkleed Ditch Hearing
The Engineer opened the hearing on the James Vanderkleed ditch by reading his report and making recommendations to the Board. Mr. Ruth read a letter from Joan and Dennis Jackson stating that one half of the one acre they own is under water most of the time and that this ditch does not benefit them. Most of those present said about the same and although they didn't have the vote of all to vacate indicated this was their wish. The Board respected their wish and asked them to get the signatures of all and come back to them if they wanted this ditch vacated.

11:30 a.m.
Dempsey Baker Ditch Hearing
The Engineer opened the hearing on the Dempsey Baker ditch hearing by reading his report and making recommendations to the Board. One remonstrance was read. Most of those present felt this ditch was in need of a maintenance fund being established although not all were in favor of the \$1.00 per acre assessment. After much discussion Mr. Bruce Osborn moved to establish a \$1.00 per acre assessment and Robert Fields and Edward Shaw seconded the move.

1:30 p.m.
Moses Baker Ditch Hearing
The Engineer opened the hearing on the Moses Baker continued hearing by reading his report and suggesting to the Board that a very low assessment is all that would be needed for these people had done a beautiful job of repairing their ditch at their own expenses and labors. The Board had given these people a year to do their own work as they had requested. The Board was most satisfied with the results and when they informed the Board that they had nearly \$2,000.00 left in a fund to do maintenance work the motion was to establish a fund for maintenance only when their money was depleted. Motion carried.

Order & Finding and Certificate of Assessments
Upon completion of the ditch hearings, the Board signed the Order and Findings and the Certificates of Assessments on those ditches where maintenance funds were established.

Assessments
Upon motion made and carried the meeting adjourned.

ENTS

1986 ASSESSMENTS:

Fred Hoffman attorney read the list of 1986 Ditch Assessments for approval. Those to be made active are Charles Daughtery, Thomas Haywood, F.E. Morin, William Walters, Luther Lucas ditch to be assessed two consecutive years (1986&1987). Those that will continue to be active are: Jesse Anderson, E.W. Andrews, Julius Berlovitz, Herman Beutler, Michael Binder, John Blickenstaff, N.W. Box, A.P. Brown, Buck Creek (Carroll County) Orrin Byers, County Farm, Darby Wetherill (Benton County) Marion Dunkin, Christ Fassnacht, Martin Gray, E.F. Haywood, Harrison Meadows, Lewis Jakes, Jenkins, James Kellerman, Frank Kirkpatrick, John A. Kuhns, Calvin, Lesley, Mary McKinney, Wesley Mahin, Samuel Marsh (Montgomery County) J. Kelly O'Neal Emmett Raymon (White County) Arthur Richerd, John Saltzman, Abe Smith, Mary Southworth, William A. Stewart, Gustaval Swanson, Treece Meadows, Lena Wilder, Wilson-Nixon (Fountain County), Simeon Yeager, S.W. Elliott, and Dismal Creek. Sue W. Scholer moved that the ditch assessment list for 1986 be approved as read, seconded by Eugene R. Moore, Unanimous approval given. A letter to the Auditor with attached list of 1986 Ditch Assessments will be forwarded.

ODRIDGE
UTH

WOODRIDGE SOUTH

Michael Spencer surveyor, presented the drainage plans for the Woodridge South, at the December 4, 1985 board meeting it was decided that the landowners would take care of the detention basin behind the two lots and they they would check into increasing the release rate from a 10 year storm event to 25 year storm to make the basin smaller. George Schulte has looked at the plans and finds the plans in order, Michael Spencer recommended the board give final approval to the detention area for Woodridge South. Eugene Moore made motion to give final approval to Woodridge South, seconded by Sue W. Scholer, Unanimous approval.

Sue W. Scholer ask the board to review Allen County's proposed section pretaining to Subdivisions in their Drainage Ordinance, the board members agreed to study.

TIPPECANOE COUNTY DRAINAGE BOARD
WEDNESDAY, JANUARY 6, 1988

The Tippecanoe County Drainage Board met Wednesday, January 6, 1988 in the Community Meeting Room of the Tippecanoe County Office Building, 20 North Third Street, Lafayette, Indiana 47901.

Chairman Bruce Osborn called the meeting to order at 8:30 A.M. with the following being present: Eugene R. Moore and Sue W. Scholer Boardmembers, Michael J. Spencer Surveyor, Mark Houck Drainage Consultant, J. Frederick Hoffman Drainage Attorney, and Maralyn D. Turner Executive Secretary. Others present are on file.

This being the first meeting of the year Chairman Osborn ask Mr. Hoffman to preside over the meeting to conduct the election of officers.

Mr. Hoffman asked for nominations for Chairman, Sue W. Scholer nominated Bruce V. Osborn Chairman, seconded by Eugene R. Moore, there being no other nominations Mr. Osborn was elected Chairman of the Board.

Mr. Hoffman asked for nominations for Vice-Chairman, Sue W. Scholer nominated Eugene R. Moore, seconded by Bruce V. Osborn, there being no further nominations Eugene R. Moore was elected Vice-Chairman of the Board.

Sue W. Scholer moved to appoint J. Frederick Hoffman Drainage Board Attorney, seconded by Eugene R. Moore, unanimous approval.

The Board had agreed to have Mark Houck as Drainage Board Consultant.

Sue W. Scholer moved to appoint Maralyn D. Turner as the Executive Secretary of the Drainage Board, seconded by Eugene R. Moore, unanimous approval.

Mr. Hoffman read the Active Ditches for the year of 1988. E.W. Andrews, Juluis Berlovitz, Herman Beutler, Michael Binder, John Blickenstaff, M.W. Box, A. P. Brown, Buck Creek (Carroll County) Train Coe, County Farm, Darby Wetherhill (Benton County), Christ Fassnacht, Marion Dunkin, Christ Fassnacht, Issac Gowen (White County) Martin Gray, Thomas Haywood, E.F. Haywood, Harrison Meadows, Lewis Jakes, Jenkins, James Kellerman, Frank Kirkpatrick, John A. Kuhns, Mary McKinney, Wesley Mahin, Samuel Marsh (Montgomery County) F.E. Morin, Hester Motsinger, Audley Oshier, Emmett Raymon (White County) a letter of January 5, 1988 is on file from White County requesting ditch be active, Arthur Rickerd, Abe Smith, Gustavel Swanson, Treece Meadows, Wilson-Nixon (Fountain County) Simeon Yeager, S.W. Elliott, Dismal Creek, and Shawnee Creek.

Ditches which have been inactive and need to be made active are Jesse Anderson, Dempsey Baker, Floyd Coe, Shawnee Creek.

Inactive ditches John Amstutz, Delphine Anson, Newell Baker, Nellie Ball, A.P. Brown, Alfred Burkhalter, Orrin Byers, Grant Cole, J.A. Crips, Chas Daughtery, Fannie Devault, Jess Dickens, Thomas Ellis, Martin V. Erwin, Elijah Fugate, Rebecca Grimes, Fred Hafner, E.F. Haywood, George Ilgenfritz, George Inskeep, Eugene Johnson, F.S. Kerschner, Amanda Kirkpatrick, James Kirkpatrick, Calvin Lesley, John McCoy, John McFarland, Absalm Miller, Ann Montgomery, J. Kelly O'Neal, Lane Parker, James Parlon, Calvin Peters, Franklin Resor, Peter Rettereth, Alexander Ross, James Sheperdson, John Saltzman, Ray Skinner, Joseph C. Starrett, Wm A. Stewart, Alonzo Taylor, Jacob Taylor, John Toohay, John VanNatta, Harrison Wallace, Sussana Walters, William Walters, McDill Waples, J&J Wilson, Franklin Yoe.

Luther Lucas ditch is made inactive and to be combined into the Dismal Creek ditch.

Mr. Osborn asked if first and second alternates could be appointed to be representatives for Tri-County ditches? Mr. Hoffman advised the board to go ahead and appoint them, if this isn't proper action can be taken later. The following representative and alternates were appointed for the following ditches.

Hoffman ditch, Eugene R. Moore, Sue W. Scholer was appointed first alternate and Bruce V. Osborn second alternate.

McLaughlin ditch, Bruce Osborn, Eugene R. Moore first alternate, and second alternate Sue W. Scholer.

Michael stated he had received a letter from Benton County in regards to the Darby Wetherhill ditch and he asked the board to appoint a representative and alternates for this ditch. Sue W. Scholer is representative, first alternate Eugene R. Moore, second alternate Bruce V. Osborn.

Otterbein Ditch representative will be Sue W. Scholer, first alternate Eugene R. Moore, second alternate Bruce V. Osborn.

Michael asked that the Secretary send letters to each county informing them of the appointments.

Michael Spencer presented a Petition received from Purdue Research Foundation to vacate a portion of the Dempsey Baker Ditch lying south of the north right-of way line of County Road 350 North and lying in the east half of the southeast quarter, Section 1, Township 23 North, Rge 5 West, and the North 50 acres more or less of the West half of

January 6, 1988 Drainage Board Meeting Continued

the south west quarter, Section 6, Township 23 North, Range 4 West, all in Wabash Township, Tippecanoe County, Indiana.

Michael stated a hearing date would have to be set when assessment list is received.

Bruce Osborn asked where they were going with the water? Michael stated he felt it was through holding ponds then metered out to the same place it has always gone, Hadley Lake.

Bruce Osborn stated the board has never vacated a portion where it still drains through the existing legal drain. Mr. Hoffman answered no, if they are going to use the drain they can't vacate, if they are not going to use it then it can be vacated. Mr. Hoffman stated there would be a question of taking them out of the Watershed in regards to assessments. They will still have to pay their assessment as they are remaining in the watershed, the Purdue Research should be notified of this. If this is for the upper end this will help. Mark Houck stated there is a problem of metering at the same rate, but it will increase the volume of water going to Hadley Lake. They will have to meet the ordinance.

Many questions need to be answered before action is taken.

VALLEY FORGE

Valley Forge

Michael J. Spencer informed the board that a letter of Credit for \$62,000.00 to cover half the cost of installation of the permanent drainage system, this was through Tippecanoe Development Corporation. Roy Prock is new owner of Valley Forge he wants to substitute a new \$62,000.00 letter of credit for the other one since he is the new owner. Michael has talked with Mr. Hoffman there will be no problem to do this, accept the construction bond needs to be secured for deposit for Mr. Prock just like originally had been presented by Tippecanoe Development Corporation before the old one can be released and except new one from Mr. Prock. Mr. Hoffman stated they will have to present an agreement along with the Letter of Credit then the other can be released.

MEETING TIME CHANGE

Eugene Moore moved to change meeting time of the Drainage Board from 8:30 A.M. to 9:00 A.M., seconded by Sue W. Scholer, motion carried.

JOHN HOFFMAN DITCH

JOHN HOFFMAN DITCH

Bruce Osborn called the meeting to order at 9:15 A.M.

Tri-County Board representatives are Eugene R. Moore Tippecanoe County, William Lucas Clinton County, and Charles Sutton Carroll County.

Mr. Hoffman conducted election of officers.

William Lucas nominated Eugene R. Moore as Chairman, seconded by Charles Sutton, there being no other nominations Eugene Moore was elected Chairman.

Eugene R. Moore nominated William Lucas as Vice-Chairman, seconded by Charles Sutton, there being no other nominations William Lucas was elected Vice-Chairman.

Eugene R. Moore nominated Maralyn D. Turner as Secretary, seconded by Charles Sutton, there being no other nominations Maralyn D. Turner was elected Secretary.

Mr. Hoffman was chosen to serve as the Attorney for the board when the board was first formed, he will continue to serve.

Mr. Osborn thanked the property owners for coming to this informal meeting. He informed them that nothing would be decided officially, it is an opportunity for the property owner to see what has happened up to this time.

After Michael J. Spencer presents the project questions may be asked.

Michael J. Spencer, surveyor introduced those present Maralyn D. Turner, Secretary, J. Frederick Hoffman Attorney, Sue W. Scholer, Bruce V. Osborn, and Eugene R. Moore Tippecanoe County Commissioners, William Lucas Clinton County Commissioner and Neal Conner Clinton County Surveyor, Grover West Carroll County Surveyor, and Charles Sutton Carroll County Commissioners, and Mark Houck Tippecanoe County Drainage Consultant.

Mr. Spencer presented Construction Estimates in Phases I, Alternate I, Alternate II, Alternate III, and Alternate IV, and Phase II. This estimate was done by Robert Gross engineer with Stewart Kline and Associates.

Mr. Spencer asked for questions.

Bob Power asked if there was tile in there at the present time? Answer yes, Phase I the tile would come out. Alternate I would be to dig the tile out approximately 6" below the existing tile, under Alternate II lowering it 4'. This is to gain grade. The area being discussed on the ditch is at 900 E.

Lola Harner asked how are you digging 4' and stopping at 900 East wouldn't you have to continue on west? Michael answered they would have to continue west of 900 East, this wouldn't be to far west as the ravine system drops off.

Mr. Power asked if a bridge would have to be put across 900 East? Michael stated they

felt the culvert was the right size and would carry the water, it is just too high.

Mr. Power asked if a tile could be put in without tearing up the road? Michael stated he did not think this could be done without tearing up the road.

Mr. Moore asked how many acres in the watershed? Total acres 2420. There may be a difference of 80 acres, this would be checked.

Mr. Power asked how much is coming out of maintenance fund? There is no maintenance fund on the ditch at this time, if a tile hole breaks it is up to the landowner to do the repairs.

Jesse Barr asked would the soil change? Answer the dirt will not be changed, just better drainage. Mr. Barr asked if the ditch was going to be the same size at 1025 East. Answer at the road 1025 108" round pipe, two 72" round pipe, two 84" and at 900 East 14'10" X 9'1" structural plate pipe arch.

Neal Dexter asked how much water will come down into Coffee Run ditch. Michael stated the same amount of water would be coming down. Mrs. Harner and Mr. Dexter were concerned about the erosion and damage.

Mr. Hoffman asked if there was a positive outlet. Answer it goes into a ravine system that eventually gets to the Wildcat creek. Mr. Hoffman asked how far from the end of the legal drain to the Wildcat. Answer give or take one and half to two miles.

LaVonne Scheffee had concern of gravel and the culvert being closed shut. Michael stated this is the reason he has pointed out the culvert sizes at the different road crossings.

Elwood Burkle asked that the cost be discussed. Mr. Spencer pointed out that the last page of the estimate summarizes the cost.

Mr. Spencer explained the Indiana Drainage Codes to the landowners. The decision is made by the property owners.

Mr. Barr asked who is responsible for drainage on property? County is responsible for the road crossings, property owners is responsible for drainage on their own property.

Elwood Burkle asked what depth would tile be? Answer some of the cuts would be 10-11 feet deep from the existing ground. Banks would be a lot higher than they are now. Michael stated at 900 East 1/4 mile east it is 5 feet below the bottom of the existing water way.

Mr. Hoffman stated the property owners should consider extending the legal drain down to the Wildcat to maintain the valleys, as there is problems if you don't have a positive outlet especially one with this size. There is no control over the valleys as it is now. He felt this would not add that much to the cost.

Jerry Frey stated he is constantly fixing blow holes. It is getting continuously worse. They are finding that the tiles are shifting. He feels the major problem is at the outlet. It has been severely neglected. There are tree roots and tiles that have floated up out of the system. He feels the first thing to do would be fixing and opening up the outlet.

Mr. Power asked in the estimate has consideration been taken in the area west of 900 East? No. Mr. Power felt this would be essential. Michael answered until a legal drain is extended down that way they can't do anything with it, they can do some corrective measures directly downstream from the road. He has to work with the starting and stopping points of the ditch, this is what he had to work with.

At this point Mr. Hoffman explained the procedures of making legal drain west of 900 East.

Malcomb Miller stated he agrees with Jerry Frey's statement. Mr. Miller's concern is the hardship the assessments would make for the property owners.

Jerry Frey stated they can't seem to hold the blow holes, each spring they are back and bigger holes. Mr. Frey doesn't know what causes this except another ditch was added about four years ago this makes more pressure from the upland it's coming down in such a velocity causing the problem.

Debbie Lineback asked what kind of time frame are you talking about as she carried petition in 1982. Mr. Hoffman stated it probably wouldn't take the time that he did previously.

Mr. Moore asked the feeling of the property owner.

LaVonne Scheffee asked if there was any rules in regards to health and sanitation? Thirty years ago when they purchased their property you couldn't jump over the ditch, now there is refrigerators and other debris making the ditch level. She doesn't understand why the farmer doesn't have to keep it cleaned out. She complained about the road grader grading gravel making a wall at the ditch.

Mr. Osborn stated the board is powerless in regards to debris in the ditches until there is a maintenance fund set up. Maintenance fund is needed.

January 6, 1988 Drainage Board Meeting Continued

Jerry Frey asked who has authority? Mr. Hoffman explained the board is the authority.

Mr. Frey is for starting a legal drain with a maintenance fund, but he feels that the money should be brought forward to be spent on opening up the outlet and fixing the main tile. Try to get by with what they have with maintenance.

Malcomb Miller supports Mr. Frey's statement.

Mr. Moore asked Michael if a maintenance fund could be set up and just clean or does it come under reconstruction?

Michael stated they would be maintaining what there is now.

Mrs. Scheffee asked how this would help? Mr. Hoffman stated it would be taking the ditch back to it's original condition.

Mr. Lucas asked if there was an estimate for a maintenance clean out? NO. Michael felt it would just take a week to get an estimate put together. Mr. Lucas stated it would probably take two years to get a maintenance fund set up. Michael stated for a few years the fund could be set at a high figure and then lowered.

Debbie Lineback stated when she carried the petition around and 80-90% of the property owners stated it should be an open ditch, it never worked from day one.

Elwood Burkle stated that those living north and east of the Clinton and Carroll County line would receive no benefits by opening the bottom portion yet they would be paying for it. There are too many obstruction.

Dale Fossnock stated: His ancestors stated that when the ditch was put in, it never worked.

Glen Kelly stated there were six of them that worked on the ditch where the tile comes out. This was 30 years ago.

Mrs. Glen Kelly stated it cost her \$100.00 to get a petition in 1982 out of her pocket. She was informed that there is a standard petition form now and there would be no cost for the petition. Mrs. Kelly stated they have willows and to get rid of them the water has to be taken care of.

Glen Kelly stated there are two 6" raises in the ditch, one is on the Bogan property and the woods.

Question was asked was it constructed that way? Yes. When the ditch was built it was built by the people.

Michael stated the grade can be checked.

Mr. Barr would agree to keep the water going.

Mr. Scheffee stated when they first came to the area there were no problems he feels it has to be open all the way.

Mrs. Kelly stated they have two ponds on their property, water is over the road most of the time, getting out is a problem most of the time. Even when it was dry this summer it was wet.

Mrs. Harner stated this has been a problem for many years.

Mrs. Scheffee stated a lot of the problem was created when 900 East was reconstructed.

Grover West asked how many small acreages were in the watershed. His concern is the break down in lots and acreage.

Mrs. Harner stated the assessment doesn't seem fair.

Kenneth Walker stated there is peat in the area of the Ford property, reason for so much water in the area.

Neal Conner stated that it would be spring of 1989 to get a maintenance fund in to affect.

After much discussion Mr. Spencer asked for show of hands.

Phase I Alternate I, Phase II Dig Open ditch up to where the two branches come together and tile system. Approximate Cost \$200.00 acre. Vote 7.

Open Ditch all the way. Approximate Cost \$242.00 per acre. Vote 8.

Maintenance. Assessment per acre to be set possible classifications. Vote 5.

The vote going for an open ditch all the way Mr. Spencer will get estimates and hold another meeting to present findings to the property owners.

There being no further business the meeting adjourned at 10:30 A.M.

TIPPECANOE COUNTY DRAINAGE BOARD
WEDNESDAY, JANUARY 4, 1989

The Tippecanoe County Drainage Board met in regular session Wednesday, January 4, 1989 at 9:00 A.M. in the Community Meeting room of the Tippecanoe County Office Building, 20 North Third Street, Lafayette, Indiana.

The meeting was called to order by J. Frederick Hoffman, County Attorney for the reorganization of the Drainage Board for 1989. Those present were: Bruce V. Osborn, Eugene R. Moore, Sue W. Scholer, Michael J. Spencer, J. Frederick Hoffman, and Maralyn D. Turner, others in attendance are on file.

Mr. Hoffman asked for nominations for Chairman of the Board. Bruce V. Osborn nominated Eugene R. Moore as Chairman seconded by Sue W. Scholer, there being no further nominations Eugene was elected Chairman of the Board.

Mr. Hoffman asked the newly elected Chairman Eugene R. Moore to preside over the meeting.

Eugene Moore asked for nominations for Vice-Chairman, Bruce V. Osborn nominated Sue W. Scholer for Vice-Chairman, seconded by Eugene R. Moore, there being no further nominations Sue W. Scholer was elected Vice-Chairman.

Eugene R. Moore asked for nominations for Secretary, Bruce V. Osborn nominated Maralyn D. Turner as Secretary, seconded by Eugene R. Moore, no further nominations from the floor for secretary Maralyn D. Turner was elected.

Bruce V. Osborn moved to appoint J. Frederick Hoffman as Drainage Attorney for the year 1989, seconded by Sue W. Scholer, unanimous approval.

Mr. Hoffman read the Ditch Assessments for Active and Inactive ditches. The following ditches being Inactive for 1989 are: John Amstutz, Jesse Anderson, Dempsey Baker Newell Baker, Nellie Ball, A.P. Brown, Orrin Byers, Floyd Coe, Grant Cole, J.A. Cripe, Fannie DeVault, Jess Dickens, Martin V. Erwin, Elijah Fugate, Rebecca Grimes, Geo Ilgenfritz,

George Inskeep, Lewis Jakes, E.Eugene Johnson, F.S. Kerschner, Amanda Kirkpatrick, John A. Kuhns, Calvin Lesley, Luther Lucas, John McCoy, John McFarland, Absalm Miller, Ann Montgomery, J. Kelly O'Neal, Lane Parker, James Parlon, Calvin Peters, Franklin Resor, Peter Rettereth, Alexander Ross, James Sheperdson, John Saltzman, Ray Skinner, Joseph C. Sterrett, Wm. A. Stewart, Alonzo Taylor, Jacob Taylor, John Toohey, John VanNatta, Harrison Wallace, Sussana Walters, McDill Waples, Lena Wilder, J&J Wilson, Franklin Yoe.

The following ditches read are Active Ditches: E.W. Andrews, Delphine Anson, Juluis Berlovitz, Herman Beutler, Michael Binder, John Blickenstaff, N.W. Box, Buck Creek(Carroll County), Train Coe, County Farm, Darby Wetherill(Benton County), Marion Dunkin, Crist/Fassnacht, Issac Gowen(White County), Martin Gray, E. F. Haywood, Thomas Haywood, Harrison Meadows, Jenkins, James Kellerman, Frank Kirkpatrick, Mary McKinney, Wesley Mahin, Samuel Marsh(Montgomery County), Hester Motsinger, Aduley Oshier, Emmett Raymon(White County), Arthur Richerd, Abe Smith, Mary Southworth, Gustavel Swanson, Treece meadows, Wilson-Nixon(Fountain County), Simeon Yeager, S.W. Elliott, Dismal Creek, Shawnee Creek.

The following ditches read were made Active for 1989: Alfred Burkhalter(Clinton County), Charles Daugherty, Thomas Ellis, Fred Hafner, James Kirkpatrick, F. E. Morin, William Walters, and Kirkpatrick One. Michael Spencer wanted the Martin Gray to be included in the Active, it had been read as active, but for the records read in the Make Active. Sue W. Scholer moved to activate the ditches as read, seconded by Bruce V. Osborn, unanimous approval.

Alfred Burkhalter ditch joint with our County the Board secretary should send a letter to the Tippecanoe County Auditor and the Clinton County Auditor.

Michael stated in June 1987 a hearing was held to combine the Treece Meadows branch with S. W. Elliott ditch. These maintenance funds need to be combined and treated as the S.W. Elliott ditch. Sue W. Scholer moved to combine the maintenance funds on the Treece Meadows with the S. W. Elliott ditch treat them all as one, seconded by Bruce V. Osborn, unanimous approval.

J. Frederick Hoffman asked if the Treece Meadows was considered designated branch under the S. W. Elliott ditch? Michael answered it is; Treece Meadows has a beginning point and ending point.

Michael Spencer received a letter signed by two property owners, Malcomb Miller and Jerry Frey on the John Hoffman requesting that the board set up a maintenance fund. A hearing was held in 1988 for reconstruction, this did not go too well. Some were going to try to contact the downstream property owners to make it a legal drain all the way down to Coffee Run. Hearing nothing these property owners are requesting a maintenance fund.

Mr. Hoffman stated this is the ditch that does not have a positive outlet. Correct. They hope to make a positive outlet with the maintenance funds.

Michael will have to make a maintenance report before a hearing can be held. Discussion continued.

Jim Strother property owner 3876 Kensington Drive concerned about drainage of the Orchard Park Subdivision. Michael told Mr. Strother he had received Preliminary submittal that was requested from the engineer to supply with more information, but that

HOFFMAN
DITCH

information has not been received. Michael will notify Mr. Strother when he receives the information and when the project comes before the board.

Sue W. Scholer asked Don Sooby, of the Lafayette City Engineer office where are we on McCarty Lane, is it progressing. Mr. Sooby stated a public hearing will be held January 26, 1989, no other meeting has been set up.

There being no further business the meeting adjourned at 9:25 A.M. Next meeting will be February 1, 1989.

TIPPECANOE COUNTY DRAINAGE BOARD
REGULAR Meeting January 3, 1990

The TIPPECANOE County Drainage Board met Wednesday, January 3, 1990 in the Community Meeting room of the TIPPECANOE County Office Building 20 North Third Street, Lafayette, Indiana.

Those present were Bruce V. Osborn and Sue W. Scholer, Board Members; Michael J. Spencer, Surveyor; Todd Frauhiger, Drainage Consultant; J. Frederick Hoffman, Drainage Attorney; and Maralyn D. Turner, Executive Secretary, others present are on file.

The meeting was called to order at 9:00 a.m. by Drainage Attorney J. Frederick Hoffman. Mr. Hoffman stated that it is time for election of officers for a new year.

Bruce V. Osborn nominated Sue W. Scholer for chairman of the board, seconded by Sue W. Scholer, motion carried, there being no other nominations from the floor Sue was elected Chairman of the Board.

Sue W. Scholer chairman continued the meeting asking for nomination for Vice Chairman, Sue W. Scholer nominated Bruce V. Osborn as Vice-Chairman, seconded by Bruce, motion carried, there being no other nominations from the floor Bruce was elected Vice-Chairman.

Bruce V. Osborn nominated Maralyn D. Turner as Secretary, seconded by Sue W. Scholer, there being no other nominations from the floor Maralyn was elected Executive Secretary.

Bruce V. Osborn moved to accept J. Frederick Hoffman's continued services as Drainage Attorney for the year 1990, seconded by Sue W. Scholer, motion carried.

Michael J. Spencer recommended to continue the services of the Chris Burke Engineering, LTD as Drainage Engineer Consultant for the year 1990. Bruce V. Osborn moved to accept Michael's recommendation, seconded by Sue W. Scholer, motion carried.
1990 DITCH ASSESSMENTS

Fred Hoffman read the following ditches to be made Active for assessments in May 1990. Jesse Anderson, A.P. Brown, Orrin Byers, John McFarland, Ann Montgomery, and the J. Kelly O'Neal.

Ditches that are In Active are: John Amstutz, Dempsey Baker, Nellie Ball, N.W. Box, Alfred Burkhalter, Floyd Coe, Grant, Cole, J. A. Cripe, Fannie Devault, Marion Dunkin, Jess Dickes, Martin V. Erwin, Crist/Fassnacht, Elijah Fugate, Rebecca Grimes, Harrison Meadows George Ilgenfritz, George Inskeep, Lewis Jakes, Jenkins, E. Eugene Johnson, F. S. Kerschmer, Amanda Kirkpatrick, James Kirkpatrick, John A. Kuhns, Calvin Lesley, John McCoy, Mary McKinney, Absalm Miller, Lane Parker, James Parlon, Calvin Peters, Franklin Resor, Peter Rettereth, Arthur Richard, Alexander Ross, James Shepherdson, John Saltzman, Ray Skinner, Joseph C. Sterrett, Wm A. Stewart, Alonzo Taylor, Jacob Taylor, John Toohey, John VanNatta, Harrison Wallace, Sussana Walters, McDill Waples, J. & J. Wilson, Franklin Yoe, and Shawnee Creek.

Ditches that are Active are: E. W. Andrews, Delphine Anson, Herman Beutler, Michael Binder, John Blickenstaff, Buck Creek (Carroll County), Train Coe, Darby Wetherill (Benton County), Thomas Ellis, Issac Gowen (White County), Martin Gray, Fred Hafner, E.F. Haywood, Thomas Haywood, James Kellerman, Frank Kirkpatrick, Wesley Mahin, Samuel Marsh (Montgomery County), Hester Motsinger, Audley Oshier, Emmett Raymon (White County), Abe Smith, Mary Southworth, William Walters, Wilson-Nixon (Fountain County), Simeon Yeager, S. W. Elliott, Dismal Creek, and Kirkpatrick One.

Bruce V. Osborn moved that the ditches that were read to be made active become active on the May 1990 Assessment, seconded by Sue W. Scholer, motion carried.

COUNTRY CHARMS

John Fisher asked that this be continued until next meeting February 7, 1990.

TRASH TRANSFER

John Fisher presented site drawings. Outlet goes into the Flood Plan. Mr. Hoffman asked who owns the Flood Plan? Leroy Barton. Question as to if it would increase the flow and the speed onto Barton. Question do you have permission from Mr. Barton? Answer - No. Mr. Hoffman stated that permission should be received from Leroy Barton. Mr. Fisher stated they are providing rip-rap, it will not increase the velocity. Mr. Fisher pointed out that they had met with the Soil Conservation and have worked out the one condition of erosion control. Mr. Hoffman asked if Mr. Barton knew about this meeting? NO. Presentation and discussion continued.

Bruce V. Osborn asked John Fisher to explain the plans to the Barton's.

Michael stated that the water is tributary to that area now, it will go through a pond now instead of sheet drainage.

Mr. Hoffman stated they should have their chance to object, so that they can't say we are damaging their property.

Sue W. Scholer stated there are two recommendations made.

1. The erosion control. 2. The calculations.

Bruce V. Osborn moved to give approval to the drainage control for the Trash Transfer with exception of #9 and the other recommendations as stated in the Christopher Burke

DIMENSION CABLE

CABLE

George Schulte engineer from Ticen and Associates presented site plans. Property is located in the Treece Drainage Watershed area. The water shed area was analyzed to determine the high water elevation that would be in the channel. Their detention storage volume that they calculated was above the high water elevation of the ditch along north property line. They did decrease the allowable release rate from 2.11 cfs down to .4 cfs, there is about 3.3 acres in the site. They are increasing the volume required for storage on site.

Sue W. Scholer asked about the plans for maintenance on that ditch? Basically they are assuming that the owner would maintain the entire site, this is reason for putting 3-1 slopes on the ditch.

Mr. Hoffman asked if it was a new ditch, George again stated it is an existing ditch. The ditch at this time is full of brush, weeds, etc, it is not a legal drain.

George stated they are asking for final drainage approval.

Mr. Hoffman asked if George's client would be willing to participate in the cost of a more substantial drainage improvement in the area. Mr. Shulte stated he could not answer that question, but he feels he would be willing.

Bruce asked if conditions had been met? Michael Spencer answered, no, there is one other conditions and that is that the City of Lafayette review this project, as of January 2, 1990 this area is in side the City Limits as is Wal-Mart.

Mr. Sooby has not seen the plans presented. Discussion continued.

Mr. Hoffman stated this is not a subdivision, but should have the same kind of restriction as subdivisions. Mr. Hoffman asked that a letter be received from the developer stating they will participate in their fair share of the improvement when the major improvement is made. Michael asked if he was talking about facility on site. Answer-yes. Maintenance on site and that they would assist in making that area a part of the legal drain, and that they will participate in the cost of improving the Wilson Branch. Michael asked if they should provide a letter stating that they will maintain their on site system. Mr. Hoffman stated he would like for it to be in form that can be recorded, so it will run with the land should the land be sold.

George asked what things are needed for approval? 1. Participate in the improvements of the Wilson Branch. 2. Cost of improvements. 3. Maintain the one on the premises, and if they don't the County would have the right to maintain it and assess the cost. Incorporate the existing drain on the north side of the site into the Treece drain or Wilson Branch.

A letter is needed from the owner for the above mentioned items to Michael. Michael asked that the city review and give their approval be added as they are involved.

Sue asked if the board understands correctly that the City still wants that maintenance to run to the County on the regulated drain. Mr. Sooby answered, he thinks that is correct.

Bruce V. Osborn moved to give approval with the four recommendations being met, seconded by Sue W. Scholer.

WAL-MART

WAL- MART

Clifford Norton representing Wal-Mart and George Davidson of Horne Properties presented drainage plans. Michael stated the plans meet the county restriction on the limited release rate. Michael pointed out at the last meeting Mr. Long was present and brought up the fact of emergency routing for drainage which is a problem in this area, and at that time Michael stated he had Christopher Burke Engineering LTD looking at the Wilson Branch from Ross Road where the Simon improvement would end with the 100 year design flow in the channel. He had him look all the way up through Treece Meadows on what design would be required or Channel section would be required to get from Ross Road up to Treece Meadows. Michael has received the report this morning. Basically what he says in his report is to properly move the 100 year storm event from the north end of Treece Meadows or where open channel turns and goes back west through the Subdivision, looking at approximately 40 foot bottom width on the channel and 2-1 side slopes from there down to the Wilson Branch in some fashion. They have had some preliminary locations for the channel so he would have some idea for lengths to work with as far as grades to get the water down there, basically at this time to pass the 100 year storm event is to provide a 40 foot bottom width channel with 2-1 side slopes down to the Wilson Branch, then continue down the Wilson Branch taking out the trees and re-grading the bottom and side slopes down to Ross Road in order to get the water to the regional detention facility that will be constructed. Michael stated this is a starting point as there are allot of alternatives that can be put in there. This is basically what Channel section they are looking at. The crossings of Creasey Lane and McCarty Lane will need bridge openings of approximately 600 square foot openings to pass the 100 year storm event. Bruce asked if this was visible? Mr. Norton stated anything is visible. Bruce asked if this was to go in during the other construction? Michael answered it would take a petition for re-construction of the Wilson Branch of the Elliott ditch. Michael feels that we are at the point now where a petition is needed from the watershed area. More study is needed. While the land is open is the time to get something started. Cost estimates and plans will have to be put together. Michael can not put a time element on it, the area is hot enough for development and something needs to be done. Discussion of petition.

WAL-MART CONTINUED
JANUARY 3, 1990 DRAINAGE BOARD MEETING

Mr. Davidson stated that Wal-Mart has no problem at all to work with the rest of the watershed and are willing to pay their fair share of the assessment.

Tom McCully representing Long Tree Limited went over what Long Tree Limited went through when they were developing Burberry Subdivision. The problem is at the South end at Treece drain and Wilson Branch, pipe put in 1978 creates constriction of everything upstream from there. Discussion of Cost in 1978, and the over all problem of the area. At that time the owners agreed to put an assessment based upon the cost, which amounted to approximately \$1,000.00 per acre. Today's presentation does try to address the problem all the way from the north end of Treece down to the Wilson Branch on down to the Elliott ditch. Tom stressed that if we don't look at an over all picture we are not going to get anything accomplished. What has to be done is as property is developed everybody agrees to participate to get the problem corrected. At this time we have an open ditch going into a 24" pipe. Discussion continued.

Tom McCully stated that probably this should be an Urban drain not a rural drain. Convert to Urban drain and reconstruct. Long Tree Limited is willing to cooperate. Again he stressed that everybody is going to have to be in agreement that the problem needs corrected and go from there. The longer this goes the more expense it is going to be. Discussion continued.

Michael stated that in the interim there is a plan that could be done temporarily to get the emergency routing out of the Subdivision. This is going to take cooperation from the people involved.

Bruce asked Mr. Norton if they are going to be asking for road cuts on Creasey, answer yes, they have two entrance, and one on Highway 26.

Mr. Hoffman stated Wal-Mart will have to have some type of document stating they will participate in and pay their fair share of the cost of the improvement, and maintain what else they will be putting in there, if they don't the county will have the right to go in and maintain, then assess them for the cost.

Sue Scholer suggested that Michael call a meeting with all property owners involved in the development.

Michael stated that Burke Engineering brought to his attention that this could be a lengthy project, but in the mean time the board should look at a temporary diversion swale, not a major structure. Mr. Hoffman asked if there was a place for it and Michael replied it can be done, however it will not be easy. Michael stated this would be everybody north of Treece Meadows who wants to develop. Michael wanted more time to think. Mr. Sooby was concerned about property owner saying let the other guy do it.

Mr. Davidson asked Michael if he was satisfied with their drainage analysis, answer - yes.

Mr. Norton stated there are two ways that Wal-Mart can go. He asked if the board could give approval subject to meeting the qualifications to avoid another meeting or bring up all the criteria that they need to submit and have another meeting.

Sue W. Scholer stated that the board would be requiring all the essential things stated and final approval passed would be subject to all things presented to Michael and approved by the attorney and the City of Lafayette. Sue stated possibly the board should make a requirement as Wal-Mart goes through the process of their development some of the other things needed will be based on getting a meeting and something temporary with all people involved who are developing in that area.

Mr. Davidson again stated they would agree in participating in what ever effort is made out in that area. They would like to leave the meeting this morning with some idea of construction cost so they can build their budget. He stated they could have a letter back to Michael tomorrow committing to the things the board is trying to accomplish.

Michael Spencer and Don Sooby will work together to come up with satisfactory proposals. Don stated that lionslyng share of the burden may fall on Wal-Mart to do something temporary, as no body wants to do anything until their development is ready to move. Wal-Mart wants to move ahead with their development and if the interim facilities are necessary for this to get board approval, but not the total cost is going to fall on Wal-Mart. Discussion continued.

Michael asked if a credit could be given back to Wal-Mart at a later date of what they would put in on the interim? Mr. Sooby stated that the interim facility is not going to contribute much toward the long term, it really isn't a down payment on the ultimate facilities.

Mr. Davidson asked how will the development fully affect the Treece Meadows. Michael answered hopefully up to a 100 year storm event by calculations it should reduce the downstream affect, its above the 100 year storm event that is of concern. Currently there is 80 cfs coming off for a 10 year storm. Discussion continued.

Sue W. Scholer asked what needs to be done to get the total process going?

Mr. Hoffman stated if Michael feels there is a need for reconstruction as an Urban drain Michael should report that to the Board and then the process can start for making it an Urban drain for reconstruction. That's on the long term. A Petition is not needed all that is necessary is a letter from Michael Spencer surveyor stating that it needs to be an Urban drain and it can be done as an Urban drain. Statement should state that if it is reconstructed as an Urban drain it will drain the area properly. Michael should present a letter to the Board.

Mr. Hoffman agreed with Mr. Sooby's statement that Wal-Mart is going to have to pay most of the cost of the temporary facility as the other property owners can say they are not ready to develop and we don't see the need for this until we develop. Discussion continued.

Items needed from Wal-Mart are: Letter of Commitment for Maintenance of the drain facilities that they build. In the letter a commitment for participation in the original program and that Wal-Mart pay their fair share of reconstruction and if they do not maintain the drainage on their property the county would have a right to come in and do the maintenance and make assessment for the cost. Mr. Hoffman wanted this to be in a recordable fashion so it will run with the land.

The Wal-Mart was asked to come back Tuesday January 9, 1990 at 9:30 A.M. for re-convened session. Due to not having a quorum of Board Members the January 9 meeting was postponed until Wednesday January 17, 1990 at 9:00 A.M..

STATE ROAD

STATE ROAD 38 PROJECT AGREEMENT

38 PROJECT AGREEMENT

Agreement with the State on Hwy 38 the detention pond and drainage. The County will receive \$50,000.00 if it is installed prior to the time the State goes to work on the 38 Project, if the County does not have it installed the County does not get the \$50,000.00 and the State puts it in. This is based on when the work starts. Discussion.

Fred stated that he and Michael had reviewed the agreement and it meets the standards. This goes along with the meeting held October 1988 on the Highway 38 Project. Agreement is on file.

Bruce V. Osborn moved to accept the agreement of State Highway 38 and the water problems, seconded by Sue W. Schuler, unanimous approval.

ORCHARD

ORCHARD PARK

PARK

Michael Spencer Surveyor, presented Fee Proposal prices to provide field survey for the Orchard Park Legal Ditch Project. Earlier two different companies had presented prices for doing surveying work for the project. There was quite a bit of difference in the prices submitted so a more defined scope of work was presented to different companies and Michael has received the following submittals.

Todd Frauhiger read the Companies and their figures this is for the entire watershed area. This would include aerial mapping, contour map for the watershed, all existing pipes within the water shed, their reaches and sizes, inverts, the ravine system all the way down to the Wildcat creek.

Ticen Shulte and Associates	\$31,900.00
John E. Fisher	\$22,372.00
MTA	\$21,680.00
Vester's and Associates	\$24,990.00

The services that were included are:

Aerial Control Survey. Vertical and Horizontal survey to provide control for aerial mapping will be provided.

Establish Baselines. Baselines will be established, referenced, and tied to the horizontal mapping control. These base lines will follow, as closely as possible, the flow lines of the defined ravines.

Investigation of Existing Storm Sewer Facilities. Existing storm sewers and culverts within the watershed will be located, identified and surveyed for length and elevation. This information will be provided in the form of survey field notes. Aerial Mapping of the ravine will be provided, scribed on mylar. Contours will be at one foot intervals, scale will be 1"=100' or as other wise specified. Baselines will be superimposed on the mapping.

THE ITEMS READ ARE NEEDED FOR THE ENTIRE WATERSHED

Descriptions of Easements. Descriptions of proposed easements from each land owner involved will be provided. Easements will most likely be described as a horizontal distance beyond a specified elevation on the bank of the ravine.

Todd stated the quicker the surveyors could get started the better they could get a proper survey, each would like to get to it as soon as possible and no later than February as leaves will be starting and they can not get a true picture. One of the figures presented is only good through February. After that date it may increase the aerial photography figure. If it is delayed longer it could be late 1990 before work could be completed.

Time is needed to go through the presentations, Michael will come back at the next meeting with findings.

Meeting recessed until Tuesday January 9, 1990, January 9, 1990 meeting was re-scheduled for Wednesday January 17, 1990.

**TIPPECANOE COUNTY DRAINAGE BOARD
REGULAR MEETING
FEBRUARY 5, 1992**

The Tippecanoe County Drainage Board met Wednesday, February 5, 1992 in the Community Meeting Room of the Tippecanoe County Office Building, 20 North Third Street, Lafayette, Indiana with Keith E. McMillin calling the meeting to order.

Those present were: Keith E. McMillin, Chairman, Nola J. Gentry and Hubert Yount, Tippecanoe County Commissioners, Michael J. Spencer, County Surveyor, Ilene Dailey, Chris Burke Consulting Engineers, J. Frederick Hoffman, Drainage Board Attorney, and Dorothy M. Emerson, Executive Secretary Drainage Board.

The first item on the agenda was to approve to the minutes of the meeting for the last Drainage Board meeting on January 8, 1991. Nola Gentry moved to approve the minutes, seconded by Hubert Yount. Unanimously approved.

CARROLL COUNTY JOINT DRAIN

Mike Spencer, County Surveyor stated Keith McMillin and Hubert Yount needed to be appointed to the Carroll County Joint Drain for the Andrew and Mary Thomas Drains.

Nola Gentry motioned to appoint Keith McMillin and Hubert Yount to the Carroll County Joint Drain for the Andrew and Mary Thomas Drains.

Hubert Yount, seconded. Motion carried.

DRAINAGE BOARD ATTORNEY CONTRACT

Mike presented the Board with a contract for the Drainage Board Attorney J. Frederick Hoffman, that needed to be executed for 1992.

Hubert Yount moved to approve the contract between Tippecanoe County Drainage Board and J. Frederick Hoffman as Attorney for said group.

Nola J. Gentry, seconded. Motion carried.

ACTIVE AND INACTIVE DITCHES

Nola Gentry moved to include the active and inactive ditches into the February minutes and mail the appropriate notices to the surrounding counties. Hubert Yount, seconded. Motion carried.

The following is a list of the active and inactive ditch assessment list for 1992.

DRAINAGE BOARD ASSESSMENT LIST				
DITCH No.	DITCH	TOTAL 4 YEAR ASSESSMENT	1991	1992
1	Amstutz, John	\$5,008.00	Inactive	Inactive
2	Anderson, Jesse	\$15,675.52	Active	Active

DISCUSSION ON TILE BIDS

Mike Spencer presented a tile bid that had been inadvertently returned to the bidder. Fred Hoffman opened the bid.

Mike stated he had received two proposals for Professional Services on the Berlovitz Watershed Study, one from Christopher Burke Engineering and one from Ticen, Schulte and Associates. Mike recommended Christopher Burke Engineering the lowest bidder.

Nola moved to approve the proposal from Christopher Burke Engineering for the Berlovitz Ditch Study. Hubert, seconded. Motion carried.

JOHN HOFFMAN DRAIN

Mike stated to the Board that work will be done on the Hoffman Drain at a cost less than \$25,000.00. Since it was under \$25,000.00 Mike requested quotes be done on the project rather than bids since quotes are faster.

Mike read the proposal into the minutes.

TO WHOM IT MAY CONCERN:

The Tippecanoe County Drainage Board is interested in taking quotes for maintenance work on the John Hoffman Ditch, beginning at the tile outlet which is located along County Road 900 East just north of State Road 26 East.

Work will consist of dredging approximately 1000 feet of channel down stream of the tile outlet, cleaning out road culvert under 900 East. Then clearing trees over and along the tile for some 4000 feet to the east.

After the clearing all tile holes will be fixed and or wide joints patched, then the waterway over the tile will be graded as directed by the Surveyor. When all work is completed all disturbed areas will be seeded.

There will be a pre-quote site visit held at the site on February 19th, 1992 at 9:00 am.

Written quotes will be on a per foot basis for dredging, clearing and grading of waterway.

Tile repair will be on time and material basis. Seeding will be lump sum.

Quotes will be due on March 4th at 11:00 am in the Tippecanoe County Auditors Office.

For further information please contact the Tippecanoe County Surveyor, Mike Spencer at 423-9228.

Discussion followed.

Hubert Yount moved to accept quotes for the John Hoffman Drain. Nola, seconded. Motion carried.

HADLEY LAKE DRAIN

Mike stated that West Lafayette Wetland Delineation Study will be done on February 15. We need to have that before we advertise for the proposals for engineering work.

PINE VIEW FARMS

Roger Kottlowski, Weitzel Engineering and Tom Stafford, Melody Homes presented their drainage plans for Pine View Farms to the Drainage Board.

Discussion followed.

Mike Spencer recommended preliminary approval to the Board.

Nola moved to grant preliminary approval contingent on completion of restrictions and receipt of the recorded easements or agreements.

Hubert Yount, seconded. Motion carried.

Being no further business, Hubert Yount moved to adjourn the Drainage Board meeting. The next regular scheduled meeting will March 4 at 8:30 AM and will reconvene at 11:00 AM for quotes on the John Hoffman Drain.

Tippecanoe County Drainage Board
Minutes TRANSCRIPT
Regular Meeting
January 6, 1993

The Tippecanoe County Drainage Board met Wednesday, January 6, 1993 in the Community Meeting Room of the Tippecanoe County Office Building, 20 North Third Street, Lafayette, Indiana, with Nola Gentry calling the meeting to order for the re-organization of the Board. She then turned it over to J. Frederick Hoffman, Drainage Board Attorney to preside.

Those present were: Nola J. Gentry, Hubert Yount, Bill Haan, Tippecanoe County Commissioners, Michael J. Spencer, County Surveyor, Ilene Dailey, Christopher Burke Consulting Engineer, J. Frederick Hoffman, Drainage Board Attorney, Hans Peterson, Paul Elling, Project Engineers SEC Donohue, Greg Griffith, Great Lakes Chemical Corporation, Josh Andrews, West Lafayette Development Director, Opal Kuhl, West Lafayette City Engineer, and Shelli Hoffine Drainage Board Executive Secretary.

J. Frederick Hoffman, Drainage Board Attorney asked for nominations from the floor for the Board President. Commissioner Gentry nominated Commissioner Haan for President, seconded by Commissioner Yount. Unanimously approved.

Mr. Hoffman then turned the meeting over to Commissioner Haan to preside over the remainder of the meeting.

Commissioner Haan asked for nominations from the floor for the Board Vice President. Commissioner Haan nominated Commissioner Gentry for Vice President, seconded by Commissioner Yount. Unanimously approved.

Commissioner Haan asked for nominations from the floor for the Board Executive Secretary. Commissioner Gentry nominated Shelli Hoffine for Executive Secretary, seconded by Commissioner Yount. Unanimously approved.

The first item on the agenda was to approve the minutes of the meeting for the Drainage Board meeting on December 2, 1992. Hubert Yount moved to approve the minutes of December 2, 1992, seconded by Commissioner Gentry. Unanimously approved.

Hire the Attorney

Commissioner Gentry moved to appoint J. Frederick Hoffman as Attorney for the Drainage Board, seconded by Commissioner Yount. Motion carried.

Active and Inactive Ditches for 1993

Mr. Hoffman suggested putting the active and inactive ditches in the January minutes. Mr. Hoffman also read them aloud to the Board.

Storm Water Drainage Improvement Plan

Hans Peterson and Paul Elling from SEC Donohue presented the Stormwater Drainage Improvement Plan for the Cuppy-McClure watershed. Mr. Peterson discussed the project overview and objectives, project design criteria and constraints, hydrologic/hydraulic analysis, alternative improvements and recommendations, permits, and the schedule.

Mr Peterson discussed the alternative improvements.

Alternative #1 Low flow pipe and high flow channel.

The cost of the low flow pipe and high flow channel - \$930,000.00

The pipe in this alternative would be two to three feet deep under the ground from the Celery Bog to U.S. 52 then opens up and flows under US 52 with the existing pipe, then drops down into another pipe and flows on down to Hadley Lake.

Mr. Hoffman asked how big the pipe would be?

Mr. Peterson answered the pipe ranges in size from 36 inches to 42 inches.

Alternative #2 All pipe improvements.

The cost of all pipe improvements - \$1,570,000.00

Pipe size ranges from 54 inches to 60 inches.

This alternative would run completely under the ground from Celery Bog to Hadley Lake that is the main reason for the high cost. Mr. Peterson said this would look the nicest after it is complete.

Alternative #3 All channel improvements.

The cost of all channel improvements - \$755,000.00

This alternative does not have any pipe. It is a standard open channel all the way from Celery Bog down to Hadley Lake. There would have to be a concrete lining treatment at the bottom of the channel.

Mr. Peterson recommended alternative was #1 the low flow pipe and high flow channel.

Mr. Hoffman asked on these changes of easement are they giving and taking from the same landowners or taking from some landowners and giving others?

Mr. Peterson said based on the assessment map that we have, it is generally give and take on the same properties except for one parcel. Parcel #13 looks like we are taking.

Mr. Hoffman assumed there will be a petition for reconstruction to make those changes in easement.

Commissioner Gentry answered there will be a reconstruction hearing.

Discussion followed.

Bening no further business Commissioner Gentry moved to adjourn until February 3, 1993 at 8:30 a.m., seconded by Hubert Yount.

Meeting adjourned.

William D. Haan, President

TIPPECANOE COUNTY DRAINAGE BOARD
REGULAR MEETING
JANUARY 5, 1994

The Tippecanoe County Drainage Board met Wednesday January 5, 1994 in the Community meeting room of the Tippecanoe County Office Building, 20 North Third Street, Lafayette, Indiana with William D. Haan calling the meeting to order.

Those present were: Tippecanoe County Commissioners William D. Haan, Nola J. Gentry, Hubert D. Yount; Tippecanoe County Surveyor Michael J. Spencer; Drainage Board Attorney J. Frederick Hoffman; Drainage Board Engineering Consultant Jon Stolz and Drainage Board Secretary Shelli Hoffine.

ELECTION OF 1994 OFFICERS

Mr. Hoffman asked nominations for the President of the Tippecanoe County Drainage Board. Commissioner Haan nominated Commissioner Gentry, seconded by Commissioner Yount. Unanimously approved.

Mr. Hoffman turned the meeting over to Commissioner Gentry to preside.

Commissioner Gentry asked nominations for Vice President of the Tippecanoe County Drainage Board. Commissioner Gentry nominated Commissioner Haan, seconded by Commissioner Yount. Unanimously approved.

-APPOINTMENTS-

Commissioner Haan moved to appoint Shelli Hoffine for Executive Secretary of the Tippecanoe County Drainage Board, seconded by Commissioner Yount. Unanimously approved.

Commissioner Haan moved to appoint J. Frederick Hoffman as Attorney for the Tippecanoe County Drainage Board pending an agreement of a contract, seconded by Commissioner Yount. Unanimously approved.

Commissioner Yount moved to extend the existing contract into 1994 for Christopher Burke Engineering, LTD. to provide engineering services to the Tippecanoe County Drainage Board pending review of the contract, seconded by Commissioner Haan. Unanimously approved.

-MEETING DATES FOR 1994-

January 5, 1994	July 6, 1994
February 2, 1994	August 3, 1994
March 9, 1994	September 7, 1994
April 6, 1994	October 5, 1994
May 4, 1994	November 2, 1994
June 1, 1994	December 7, 1994

Commissioner Haan moved to accept the meeting dates for the Tippecanoe County Drainage Board, seconded by Commissioner Yount. Unanimously approved.

Commissioner Yount moved approve the minutes from the last Drainage Board meeting held December 1, 1993. Seconded by Commissioner Haan. Unanimously approved.

Joe Bumbleburg asked the Board to approve a resolution for vacation of a drainage easement located on a part of lot 5 in Capilano By the Lake Subdivision, Phase I. The drainage easement ended up in the middle of lot 5 when it was replatted.

Mr. Spencer stated he has been out to the site, Mr. Cunningham of Vester and Associates checked the easement and it definitely will not cause a problem with the lot or any of the adjoining lots. Mr. Spencer recommended the vacation of the drainage easement in lot 5, Capilano By the Lake Subdivision, Phase I.

The petition and the resolution to vacate a portion of a drainage easement on lot 5, Capilano by the lake subdivision, Phase I is on file in the Tippecanoe County Surveyor's Office.

Commissioner Yount moved to approve the resolution to vacate a portion of an easement on lot number 5, Capilano by the Lake Subdivision, Phase I, seconded by Commissioner Haan. Unanimously approved

HAWKS NEST SUBDIVISION, PHASE I

Greg Hall, Intercon Engineering, asked the Board for final approval of Hawks Nest Subdivision, Phase I and the detention ponds for the entire project. Mr. Hall also, requested a variance for exceeding the four foot of depth in Basin A.

Mr. Spencer stated he recommended approval of Phase I and the detention ponds.

Mr. Hall stated there will be eighteen lots in Phase I, one detention basin will be located in this phase.

Commissioner Haan asked if the permits from the IDNR have been processed?

Mr. Stolz stated that the portion that was requiring a permit has been moved from the floodplain and no longer requires a permit.

Commissioner Yount moved to grant the variance to exceed the maximum four foot depth in Basin A, seconded by Commissioner Haan. Unanimously approved.

Commissioner Yount moved to grant final approval of Hawks Nest Subdivision, Phase I and the detention basin for the entire project, seconded by Commissioner Haan. Unanimously approved.

TRIPLE J POINTE SUBDIVISION

Bob Grove, representing Smith Enterprises, asked for preliminary approval of Triple J Pointe Subdivision, which involves fifteen acres with 75 lots, located off Old Romney Road and County Road 250 South. The proposal is to detain the water offsite which will hold seventy two acres of offsite runoff, then take the ten year flow through the subdivision to a basin that will hold the 15 acres of developed subdivision, a pipe will carry the runoff from the basin to an existing structure of Ashton Woods Subdivision detention system. The ditch will be used as overflow for runoff that exceeds the 10 year flow.

Commissioner Yount asked if pipe along Old Romney Road would be in the road right-of-way if so, has the County Highway Department approved a permit for the pipe?

Mr. Grove stated yes, we are proposing to put the pipe in the right-of-way and no, we have not obtained a permit from the Highway Department.

Mr. Spencer stated the Highway Department has a set of plans, but he has not heard a report from them.

Commissioner Yount asked about the use of the pond offsite easement?

Mr. Grove stated that G. Mark Smith will be preparing an agreement for the easement.

Mr. Spencer stated John Fisher did a drainage study of the Wea-Ton drainage area, in the report it shows the watershed area delineated certain runoff values for sub-areas within the watershed area. Ashton Woods kept in compliance with the idea for sub-areas to be within the watershed area, at that time, the Board accepted the idea. Ashton Woods created an outlet for the Wea-Ton watershed area and during construction they have created the outlet channel and incorporated their storage area with Old Romney Heights storage area. In the study, there are recommendation about how water moves to the east as development progresses. A pipe was sized under Old Romney Road at the end of the channel to pick up water to the east. Triple J Pointe Subdivision does not comply with this idea as far as construction of proper pipe size under Old Romney Road to convey the water from the east.

Mr. Grove stated Smith Enterprises asked John Fisher for the drainage study, but were not able to obtain a copy. It was decided to make an alternate route from the project's outlet to go along the east side of Old Romney Road in an easement just outside the right-of-way, provide a manhole and a crossing based on a 10 year predeveloped flow from the Wea-Ton area.

Commissioner Gentry suggested getting a meeting set up between the Commissioners, the Surveyor, Smith Enterprises, Mr. Gloyeske, and Mr. Fisher.

Commissioner Yount moved to continue Triple J Pointe Subdivision with Mr. Grove's consent until after the above meeting has been held, seconded by Commissioner Haan. Unanimously approved.

HARRISON & MCCUTCHEON HIGH SCHOOLS IMPROVEMENTS

Kyle Miller, Triad and Associates, presented the Board with the plans to improve Harrison High School and McCutcheon High School. Harrison and McCutcheon will be adding approximately one acre of roof to the existing structures over what is now parking lot signifying no increase in the volume of runoff for either plan. Harrison's storm sewer pipes run around the perimeter of the school, some of the pipe are undersized and will be replaced along with all new pipe to go around the perimeter of the constructed area. All roof drainage will run into the storm sewer then to an existing pipe and discharge into the **Cole Ditch/"Burnett Creek"**. Mr. Miller indicated a portion of one existing outfall pipe will be replaced and a permit from the IDNR is required for construction in the floodway area.

Commissioner Gentry asked what the design is of the outfall pipe into the creek?

Mr. Miller stated there will an end section on the pipe and that rip-rap will be placed on both sides of the banks.

Mr. Miller explained that McCutcheon High School storm sewer pipes run the perimeter of the existing structure and outlets into the **Wea Creek**. The

improvements will replace what is now asphalt and the storm sewer pipe around the perimeter of the constructed area.

Commissioner Yount moved to approve Harrison High School's final improvement plan subject to the approval of the permit from the IDNR, seconded by Commissioner Haan. Unanimously approved.

Commissioner Yount moved to approve McCutcheon High School's final drainage improvement plan, seconded by Commissioner Haan. Unanimously approved.

OTHER BUSINESS

Mr. Spencer asked if section six, letter F of the Drainage Ordinance, Submittal and Consideration of Plans, could be clarified to clear up questions pertain to the twenty days submittal deadline being twenty working days or twenty calendar days.

Commissioner Yount suggested changing the twenty days to thirty calendar days and requiring a review memo from the County Engineering Consultant to the petitioner, ten days prior to the hearing date.

Mr. Hoffman stated he will write an amendment to the Drainage Ordinance, letter F in section six, Submittal and Consideration of Plans, to change the twenty days submittal to thirty calendars days and the Surveyor will make a report to the petitioners not less than ten days prior to the hearing date.

GREAT LAKES CHEMICAL

Mr. Spencer stated all the landowners along the proposed channel have been informed of the Great Lakes project, the County has a complete set of construction plans, a drainage report, and Army Corp of Engineers permit. The County does not have IDNR or the IDEM, but those have been filed and should be approved soon. Ken Baldwin had some question for insurance reasons on fencing around the sediment basin before the water goes into **Hadley Lake**. The County will contribute \$700,000.00 dollars out of that the County has spent approx \$150,000.00 on Engineering, the Engineer's construction estimate is 1,040,000.00.

Commissioner Gentry asked what the time table is on advertising for reconstruction, and does the project have to be advertised before the bidding or concurrent with the bid process?

Mr. Hoffman stated the advertising has to be done before the bid processing. The County would have to give thirty to forty day notice and then have the hearing, if approved the bidding can go out, all that together would take about three months.

Judy Rhodes asked if there was any legal document showing West Lafayette committing to an agreement of participation in this project?

Commissioner Gentry stated that the County has a signed worksheet by Nola J. Gentry and Mayor Sonya Margerum showing the break down of contribution between the State of Indiana, Tippecanoe County and the City of West Lafayette for Great Lakes Chemical Corporation/**Cuppy McClure** watershed project

Ms. Rhodes asked and received a copy of the worksheet.

Being no further business Commissioner Yount moved to adjourn until February 2, 1994, seconded by Commissioner Haan. Unanimously approved.

TIPPECANOE COUNTY DRAINAGE BOARD
 REGULAR MEETING
 FEBRUARY 1, 1995

The Tippecanoe County Drainage Board met Wednesday February 1, 1995 in the Community meeting room of the Tippecanoe County Office Building, 20 North Third Street, Lafayette, Indiana with William D. Haan calling the meeting to order.

Those present were: Tippecanoe County Commissioners William D. Haan, Nola J. Gentry, Gene Jones; Tippecanoe County Surveyor Michael J. Spencer; Drainage Board Attorney pro-tem David Luhman; and Drainage Board Secretary Shelli Muller.

The first item on the agenda was to approve the minutes from the last Drainage Board Meeting held January 4, 1995. Commissioner Gentry moved to approve the minutes, Seconded by Commissioner Jones. Motion carried.

ACTIVE AND INACTIVE DITCH LIST 1995

Mr. Luhman read the active ditch list into the minutes.

97	McLaughlin, John		
101	Hoffman, John	72105.03	55880.51

Mr. Spencer stated the John Hoffman Ditch is on a three year assessment which started in 1991 with a ten dollar an acre assessment. It is now necessary for the Board to schedule a meeting between Clinton, Carroll and Tippecanoe Counties to reduce the assessment.

Commissioner Haan appointed himself and Commissioner Gentry to serve on the Tri County Board.

CHRISTOPHER B. BURKE ENGINEERING CONTRACT

Mr. Luhman stated after reviewing the original contract from Christopher B. Burke Engineering a few items were discussed and changes were made. The contract was revised with one exception on page 6 paragraph 24. The suggested revision was if a contractor was doing work based upon the Engineers plans the contractor would indemnify Burke for any damages to Burke because of the contractors negligence. Also suggested was to include Burke as a named insured on the insurance policy. Mr. Luhman explained the main reason for the suggestion was so the County and Christopher B. Burke Engineering would not be held liable.

Commissioner Gentry moved to approve the contract with Christopher B. Burke Engineering, LTD., and authorize the President of the Board to sign the contract, seconded by Commissioner Jones. Motion carried.

OTHER BUSINESS

Mr. Spencer presented the Board with the reforestation proposal for the Cuppy-McClure Drain, which will comply with the DNR requirements for a 2 to 1 mitigation on tree removal. The Parks Department for the City of West Lafayette suggested sites for the trees replacement. Mr. Spencer explained he wanted the Board to be aware of the progress and that Mr. Ditzler of J.F. New will submit the plan to Dan Ernst of the Indiana Department of Natural Resources.

Being no further business, Commissioner Gentry moved to adjourn until March 1, 1995, seconded by Commissioner Jones. Meeting adjourned.

TIPPECANOE COUNTY DRAINAGE BOARD
REGULAR MEETING
JANUARY 3, 1996

The Tippecanoe County Drainage Board met Wednesday January 3, 1996 in the Commissioners Meeting Room of the Tippecanoe County Courthouse, Lafayette, Indiana with William D. Haan calling the meeting to order.

Those present were: Tippecanoe County Commissioners William D. Haan, Nola J. Gentry, and Gene Jones; Tippecanoe County Surveyor Michael J. Spencer; Drainage Board Attorney J. Frederick Hoffman; Drainage Board Engineering Consultant Dave Eichelberger, and Drainage Board Secretary Shelli Muller.

ELECTION OF OFFICERS

The first item on the agenda was to elect new officers for 1996.

Mr. Hoffman opened the floor to nominations for President.

Commissioner Haan nominated Commissioner Gentry.

Commissioner Haan moved to close nominations for president, seconded by Commissioner Jones. Motion carried, Commissioner Gentry was elected.

Mr. Hoffman turned the meeting over to the President.

Commissioner Gentry asked for nominations for Vice President.

Commissioner Haan nominated Commissioner Jones for Vice President.

Commissioner Haan moved to close nominations for Vice President, Commissioner Gentry seconded. Motion carried, Commissioner Jones was elected.

APPOINTMENTS TO THE BOARD

The next item on the agenda is to renew the contracts with Hoffman, Luhman & Busch as the law firm.

Commissioner Haan moved to renew the 1995 contract with Hoffman, Luhman and Busch, seconded by Commissioner Jones. Motion carried.

Mr. Spencer presented the Board with two proposals for the contract with Christopher B. Burke Engineering Limited.

- 1) A proposal for professional engineering services on a varied rate depending on specified standard charges.
- 2) a proposal for professional engineering services on a fixed rate of \$50.00 per hour.

Commissioner Gentry asked for a report on the number of engineering review hours in 1995 for all the projects submitted in 1995. The discussion of which contract to be used will be continued at the February meeting.

Commissioner Haan moved to extend the 1995 contract with Christopher B. Burke Engineering Limited for one month into 1996, seconded by Commissioner Jones. Motion carried.

Commissioner Haan moved to reappoint Shelli Muller as Drainage Board Secretary for 1996, seconded by Commissioner Jones. Motion carried.

1996 ACTIVE/INACTIVE DITCH LIST

Mr. Hoffman asked for the active and inactive ditches to be placed in the minutes.

Commissioner Haan moved to place the 1996 active/inactive ditch list the minutes, seconded by Commissioner Jones. Motion carried.

1996 - ACTIVE/INACTIVE DITCH LIST

ACTIVE

E.W. ANDREW, ANSON-DEPHINE, JULIUS BERLOWITZ, BEUTLER-GOSMA, ANDREW BROWN, TRAIN COE, COUNTY FARM, THOMAS ELLIS, FASSNACHT-CRIST, REBECCA GRIMES, HARRISON MEADOWS, EUGENE JOHNSON, JAMES KELLERMAN, AMANDA KIRKPATRICK, FRANK KIRKPATRICK, JAMES KIRKPATRICK, CALVIN LESLEY, MARY MCKINNEY, F.E. MORIN, KESTER MOTSINGER, J. KELLY O'NEAL, AUDLEY OSHIER, FRANKLIN RESER, SKINNER RAY, JOSEPH STERRETT, GUSTAV SWANSON, JACOB TAYLOR, JESSE DICKENS, DISMAL CREEK, SHAWNEE CREEK, SAMUEL ELLIOTT, JOHN HOFFMAN, BUCK CREEK, DARBY-WETHERHILL, ISSAC GOWEN, SAMUEL MARSH, EMMETT RAYMAN, WILSON-NIXON, SOPHIA BRUMM, H.W. MOORE, MARY THOMAS, ARBEGUST-YOUNG

INACTIVE

JOHN AMSTUZ, JESSE ANDERSON, DEMPSEY BAKER, BAKER VS NEWELL, NELLIE BALL, MICHAEL BINDER, JOHN BLICKENSTAFF, NATHANIEL BOX, ALFRED BURKHALTER, ORIN BYERS, FLOYD COE, GRANT COLE, JESSE CRIPE, CHARLES DAUGHERTY, FANNIE DEVAULT, MARION DUNKIN, MARTIN ERVIN, ELIJAH FUGATE, MARTIN GRAY, FRED HAFNER, E.F. HAYWOOD, THOMAS HAYWOOD, GEORGE INSKEEP, LEWIS JAKES, FLOYD KERSCHNER, JOHN KUHN, JOHN MCCOY, JOHN MCFARLAND, WESLEY MAHIN, ABSOLEM MILLER, ANN MONTGOMERY, PARKER LANE, CALVIN PETER, PETER RETTERETH, ARTHUR RICHERD, ALEXANDER ROSS, JAMES SHEPHERDSON, JOHN SALZMAN, ABE SMITH, MARY SOUTHWORTH, WILLIAM STEWART, ALONZO TAYLOR, JOHN TOOHEY, JOHN VANNATTA, HARRISON WALLACE, SUSSANA WALTERS, WILLIAM WALTERS, WAPLES-MCDILL, LENA WILDER, J&J WILSON, SIMEON YEAGER, FRANKLIN YOE, JENKINS, KIRKPATRICK ONE, MCLAUGHLIN, JOHN HOFFMAN

Commissioner Gentry mentioned the ditches that are in red:

COUNTY FARM, REBECCA GRIMES, FRANKLIN RESER, GUSTAV SWANSON

Mr. Spencer read a letter he received from Betty J. Michael.

"December 29, 1995

Nola J. Gentry, President
Board of Commissioners

Michael J. Spencer
County Surveyor

Re: Interest on Drainage Funds

At the Fall County Auditor's Conference held by the State Board of Accounts, a session was held concerning drainage ditches, charges, billings, investments, interest, etc.

The County Board of Accounts supervisors instructed the Auditors and personnel concerning the above issues. We were informed that most Counties put interest earned on Drainage funds into the County General Fund since County general pays for expenses such as tax bills, Surveyor and Drainage Board Budgets.

An alternative in some cases is to credit this interest to the County Drain Fund (unapportioned). When we inquired about the feasibility of apportioning the monthly interest into more than 100 separate drainage funds, the answer was a dead silence of incredibility that this was being done.

We have double-checked this information with District Board of Accounts personnel and have been told that there is nothing in the statutes that mandates interest should go into each Drain fund or even into the County General Drain Fund.

Therefore, as of January 1, 1996, we will be willing to allocate the monthly interest to either the General Drain Fund or to the County General Fund but NOT to each individual Drain account. Please let me know your preference.

Sincerely,

Betty J. Michael"

Mr. Hoffman stated the ditches are trust funds and the landowners in the watershed areas know the ditches are earning interest, it would not be appropriate to discontinue the investment.

Commissioner Haan moved to direct Mr. Hoffman to write a letter stating per the agreement that was made when the ditches were established the interest was to be allocated, but the Board is willing to distribute the interest on a semimonthly bases to coincide with the spring & fall settlements, seconded by Commissioner Jones. Motion carried.

Commissioner Haan moved to approve the 1996 Drainage Board schedule, seconded by Commissioner Jones. Motion carried.

APPROVAL OF MINUTES

Commissioner Haan moved to approve the minutes from the December 6, 1995 Drainage Board meeting, seconded by Commissioner Jones. Motion carried.

BRENTWOOD COMMUNITY

Mr. Spencer stated Brentwood Manufacture Home Community is located off US52 West, South of the Elk's Country Club. They asked for preliminary drainage approval, which he recommended as long as the IDNR approved the construction within a floodway. There are approximately 280 lots on 60 acres with a dry bottom retention pond.

Mr. Spencer explained the retention pond does not comply with the Ordinance therefore the developer is asking for a variance. The Ordinance requires a 48 hour discharge time, the plans actual peak discharge is closer to 75 hours.

Commissioner Haan moved to grant preliminary approval to Brentwood Community contingent on the approval of construction in a floodway from IDNR, revised calculations and the request for the variance to the Ordinance, seconded by Commissioner Jones. Motion carried.

SOUTHERN MEADOWS

Mr. Spencer recommended granting Southern Meadows Subdivision final approval. The development is located at the corner of South 18th Street and 350 South within the City of Lafayette. Mr. Spencer explained the development needs approval from the County Drainage Board because it drains to the Elliott Ditch. At the Urban review meetings it was determined any development below the railroad tracks draining into Elliott Ditch would be allowed to direct release into the Ditch without onsite detention. The development includes a water amenity onsite, which water will flow into and out, but is not being planned as a detention pond and does not comply with the requirements of the Ordinance. Mr. Spencer had a question as to whether or not the pond would have to comply with the requirements of the Ordinance.

Mr. Hoffman stated the pond would not have to meet the Ordinance requirements as long as it does not affect the drainage.

Mr. Spencer explained the site drains to the pond.

Commissioner Haan stated if the majority of the site drains to the pond it is a retention pond and should meet the requirements of the Ordinance.

Ron Miller, Schneider Engineering, stated the current discharge in a one hour storm duration to Elliott is 2.7 hours. With the installation of a 42 inch pipe draining from the water amenity discharge into the Elliott in a one hour storm will be a little over an hour.

Commissioner Haan moved to grant final approval of Southern Meadows Subdivision with the condition the pond meets the Drainage Board Ordinance requirement for a non-fenced pond, seconded Commissioner Jones. Motion carried.

VILLAGE PANTRY #564R

Mr. Spencer introduced Village Pantry #564R, which is located at the corner of Brady and Concord, East of the existing Village Pantry. Weihe Engineering submitted final drainage plans and after the review it was recommended to grant final approval with the variance of a 12 inch pipe to a 10 inch concrete pipe for the outfall of the proposed detention area in order to limit the discharge.

Commissioner Haan moved to grant the variance of the Ordinance from a 12 inch required pipe to a 10 inch proposed pipe, seconded by Commissioner Jones. Motion carried.

Commissioner Haan moved to grant final approval of Village Pantry #564R, seconded by Commissioner Jones. Motion carried.

PETITION TO ESTABLISH O'FERRALL LEGAL DRAIN

Mr. Hoffman excused himself from the meeting 9:45 a.m.

Mr. Spencer asked the Board to acknowledge the petition to establish the O'Ferrall Legal Drain, branch of the Alexander Ross Ditch as a valid petition.

Commissioner Haan moved to acknowledge the petition as a valid petition to establish the O'Ferrall Legal Drain, branch of the Alexander Ross Ditch and the petition represents over 10 percent of the effect landowners, seconded by Commissioner Jones. Motion carried.

Mr. Hoffman returned to the meeting at 9:57 a.m.

ALEXANDER ROSS DITCH EASEMENT REDUCTION

Mr. Spencer explained on the Meijer site two branches of the Alexander Ross Ditch were described, one on the Southeast corner of the site and the other along the West side of the site. After the construction of the site it was discovered the pipe described along the West side of the site is not actually on the Meijer site. Meijer is asking the description of the pipe on the West side be corrected and the easement on the Southeast corner be reduced from 75 feet to 25 feet center of the pipe either side.

Mr. Hoffman stated Mr. Spencer will have to define the easement as only being on the Southeast corner of the site and redefine the easement on the West side of the property.

Commissioner Haan moved to reduce the easement of the Alexander Ross Ditch located at the Southeast corner of the Meijer site from 75 feet to 25 feet either side of the center of the pipe, seconded by Commissioner Jones. Motion carried.

Commissioner Haan moved to direct Mr. Spencer to correct the Survey maps to show the actual location of the Alexander Ross Ditch and document that the ditch does not run through the West side of the Meijer property, seconded by Commissioner Jones. Motion carried.

Commissioner Gentry asked Mr. Spencer to do a field check on the erosion of the Alexander Ross Ditch bank behind Meadowbrook Subdivision.

SANWIN APARTMENTS

Bob Grove presented the Board with Sanwin Apartments drainage plan and asked for preliminary approval. Located North of US52 West and East of County Road 250 West, the site consist of 3.11 acres and is planned to include a multi-family development with 63 units and a commercial area along the highway. After review from Christopher B. Burke Engineering consultant a revised preliminary plan was submitted addressing the concerns of the memo. The majority of the site, in the

revised plan, drains to the Northeast and Ken Baldwin will provide a 20 foot easement for a 12 inch outlet pipe that runs from the Northeast corner of the site to the existing McClure Ditch.

Commissioner Haan moved to grant preliminary approval of Sanwin Apartments, seconded by Commissioner Jones. Motion carried.

Cuppy-McClure - update

Mr. Spencer stated the notices for the hearing to be held February 7, 1996 on the reconstruction of the Cuppy-McClure Drain were sent January 2, 1996.

Mr. Spencer stated RUST Environmental & Infrastructure has submitted several proposals for construction inspection.

Commissioner Gentry suggested Mr. Spencer get other bids for the construction inspection or consider in-house inspections.

Being no further business Commissioner Haan moved to adjourn until February 7, 1996, seconded by Commissioner Jones. Meeting adjourned.

DRAINAGE BOARD MINUTES JANUARY 3, 1996 REGULAR MEETING

TIPPECANOE COUNTY DRAINAGE BOARD
 REGULAR MEETING
 FEBRUARY 5, 1997

The Tippecanoe County Drainage Board met Wednesday February 5, 1997 in the Tippecanoe Room of the Tippecanoe County Office Building, Lafayette, Indiana with Commissioner Hudson calling the meeting to order.

Those present: Tippecanoe County Commissioners Kathleen Hudson and Gene Jones, Tippecanoe County Surveyor Michael J. Spencer, Tippecanoe County Drainage Board Attorney Cy Gerde, Engineering Consultant David Eichelberger, and Drainage Board Secretary Shelli Muller.

Commissioner Hudson stated Commissioner Chase resigned Monday February 3, 1997 which created a vacancy in the position of Vice President to the Drainage Board. She nominated Commissioner Jones to fill the vacancy, seconded by Commissioner Jones. Motion carried to elect Commissioner Jones as Drainage Board Vice President.

The first item on the agenda was to approve the minutes from the meeting held December 11, 1996. Commissioner Jones moved to approve the minutes, seconded by Commissioner Hudson. Motion carried.

Commissioner Jones moved to approve the minutes of the last meeting held January 8, 1997, seconded by Commissioner Hudson. Motion carried.

Mr. Gerde asked for the active and inactive ditch list to be placed in the minutes and a motion be made to approve the list.

ACTIVE DITCH LIST 1997

DITCH NO	DITCH	PRICE PER ACRE	TOTAL 4 YEAR ASSESSMENT	1996 YEAR END BALANCE
4	Anson, Delphine	\$1.00	\$5,122.56	\$2,677.72

Commissioner Jones moved to approve the active and inactive ditches for 1997, seconded by Commissioner Hudson. Motion carried.

1997 CONTRACTS

ENGINEERING CONTRACT

Mr. Gerde stated he commends the contract written for Christopher B. Burke Engineering, Limited, but some verbiage was changed to better protect the County's interest.

Mr. Eichelberger stated the changes will be made and the contract ready for signature at the March meeting.

ATTORNEY CONTRACT

Mr. Gerde stated the contract for Drainage Board Attorney is ready for approval and the signature of the Drainage Board. The contract is the same format as Mr. Hoffman's contract with a few changes; date, name and hourly rate changed to \$140.00 per hour also, the last paragraph was added to the contract.

Commissioner Hudson read the paragraph that was added:

"All parties hereto agree not to discriminate against any employee or applicant for employment with respect to his hire tenure, terms, conditions or privileges of employment or any matter directly or indirectly related to employment, because of his race, religion, color, sex, disability, handicap, national origin or ancestry. Breach of this convenient may be regarded as a material breach of the contract."

Commissioner Jones moved to approve the contract for Drainage Board Attorney, seconded by Commissioner Hudson. Motion carried. The entire contract is on file in the County Surveyor's Office.

JAMES N. KIRKPATRICK DITCH

Mr. Spencer asked that the **James N. Kirkpatrick Ditch** proposal discussion be continued until the March meeting allowing time to fill the vacancy of the third Drainage Board member.

Commissioner Hudson moved to continue the discussion of the James N. Kirkpatrick Ditch proposals until the March Drainage Board Meeting, seconded by Commissioner Jones. Motion carried

OBSTRUCTION OF DRAINS

Mr. Spencer referred to the following "PETITION TO TIPPECANOE COUNTY DRAINAGE BOARD TO REMOVE OBSTRUCTION IN MUTUAL DRAIN OF MUTUAL SURFACE WATERCOURSE" the "DRAINAGE BOARDS POWER EXTENDED TO PRIVATE DRAINS" article in "Indiana Prairie Farmer" and Indiana Code amendment act No. 1277. All of these documents are on file in the County Surveyor's Office. Mr. Spencer wanted the Commissioners to be aware of and have a discussion on this issue. Mr. Spencer felt this law was to protect against man-made obstructions and asked Mr. Gerde to examine the possibility of the law including natural obstructions.

Mr. Gerde gave an example of where this law could be taken into effect. The first being on North 9th Street Road, north of Burnetts Road, the current condition causes water to travel across the road producing a hazardous condition. The reason for the water across the road is due to drainage problems outside the County Road Right-of-Way.

Mr. Steve Murray, Executive Director, Tippecanoe County Highway Department, stated another persistent problem is 200 South, east of the South fork of the Wildcat Creek. Mr. Murray explained no actual source of funding is available to work on obstruction of drains which do not have a maintenance fund. Mr. Murray asked the Drainage Board to consider creating a fund which would help the Surveyor's Office and the Highway Department to determine what action could be taken. Mr. Murray stated when a problem becomes severe enough the County Highway Department will clean out an obstruction that is off county road right-of-way to protect the road way, but the funds used for the clean-up are funds that could be used elsewhere.

Commissioner Jones stated Steve Wettschurack told him that FEMA was going to help out with the situation on North 9th Street.

Mr. Murray pointed out with the older residential subdivision the storm water system were allowed to outlet into privately owned ravines, there is no funding available to help with maintenance on these situations. If the storm water system becomes plugged or breaks down causing the streets to flood the County Highway Department has repaired the problem, using funds that were not intended for that type of repair.

Mr. Gerde's understanding is that in the majority of those situation the County does not have an easement, which cause a legal problem for the County.

Mr. Spencer stated in all cases where the County has worked out side the easement a complaint was filed therefore the landowners are willing to grant entry onto their land.

MARCH DRAINAGE BOARD MEETING DATE

Mr. Spencer explained the March 1997 Drainage Board meeting date needs to be changed, if possible. Mr. Gerde is going to be out of town on the scheduled meeting date of March 5, 1997.

Discussion of the next Drainage Board Meeting, after an agreed date and time, Commissioner Hudson stated the next Drainage Board meeting will be Tuesday, March 11, 1997 at 9:00 a.m.

Being no further business Commissioner Hudson moved to adjourn until Tuesday, March 11, 1997 at 9:00 a.m., seconded by Commissioner Jones. Meeting adjourned.

TIPPECANOE COUNTY DRAINAGE BOARD

February 4, 1998

regular meeting

Those present were:

Tippecanoe County Commissioners Ruth Shedd, and John Knochel, County Surveyor Mike Spencer, Drainage Board Attorney Dave Luhman, Drainage Board Engineering Consultant Dave Eichelberger and Drainage Board Secretary Shelli Muller.

The Tippecanoe County Drainage Board met Wednesday, February 4, 1998, in the Tippecanoe Room of the Tippecanoe County Office Building, 20 North 3rd Street, Lafayette, Indiana with Commissioner Shedd calling the meeting to order.

The first item on the agenda was to approve the minutes from the October 15, 1997 and December 19, 1997 regular Drainage Board meetings. Commissioner Knochel moved to approve the minutes, seconded by Commissioner Shedd. Minutes Approved.

MIKE MADRID COMPANY

Bob Gross, and Craig Rodarmel of R.W. Gross and Associates, presented the Board with final drainage plans of Mike Madrid Company, located west of I-65, in the northeast portion of the intersection of Swisher Road and the Rail Road. Mr. Gross explained at the south end of the site an existing 15 inch culvert under Swisher Road is the outlet. In the post-developed condition the same 15 inch pipe will be used for the outlet of the site with two sub basin. The sub basin at the north and east sides of the site will outlet into a 12 inch pipe under the driveway and then flow into the 15 inch outlet pipe under Swisher Road. The second sub basin will be at the south end of the site and outlet through a 12 inch pipe with a 4.25 inch diameter orifice on the end to restrict the flow before outletting into the 15 inch pipe under Swisher Road. Mr. Gross explained neither of the two basins will be very deep, but they will be spread over a large area.

Mr. Spencer stated he recommends final approval with the condition the applicant receives approval from the County Highway Department for use of the road right-of-way as site detention.

Commissioner Shedd asked where the emergency overflow will go and who owns the property the overflow will go on?

Mr. Gross stated Mike Madrid Company owns the property for the proposed emergency overflow.

Commissioner Knochel moved to grant final approval of the Mike Madrid Company drainage plan with the condition the applicant receives approval from the County Highway Department, seconded by Commissioner Shedd. Motion carried.

DRAINAGE BOARD 1998 CONTRACTS

Attorney

Mr. Spencer presented the Board with a 1998 contract from Hoffman, Luhman and Busch Law Firm for their services to the Tippecanoe County Drainage Board.

Commissioner Knochel moved to approve the 1998 contract with Hoffman, Luhman and Busch Law Firm, seconded by Commissioner Shedd. Motion carried.

Engineering Consultant

Mr. Luhman presented the Board with a 1998 contract from Christopher B. Burke Engineering, LTD. for engineering consultant services for the Tippecanoe County Drainage Board.

Mr. Luhman suggested continuing the 1998 contract with Christopher B. Burke Engineering, Ltd. until some language is included, which is in the agreement from January 3, 1995 contract. Christopher B. Burke Engineering, Ltd. could copy the 1995 contract and update it to include the current rates.

Commissioner Knochel moved to continue the 1998 engineering consultant contract with Christopher B. Burke until the March 4, 1998 Drainage Board Meeting, seconded by Commissioner Shedd. Motion carried.

1998 ACTIVE AND INACTIVE DITCH LIST

Mr. Luhman read the 1998 active and inactive ditch list.

ACTIVE DITCH LIST

Commissioner Knochel moved to approve the 1998 ditch assessment list, seconded by Commissioner Shedd. Motion carried.

OTHER BUSINESS

Mr. Spencer brought to the Board's attention a public notice from the Corp. of Engineers regarding the proposed wetland constructed above a county regulated tile drainage system the **John McCoy Ditch** located south of Wea School along County Road 200 East. Mr. Spencer explained there have been some concern from the property owners in the watershed area with what the Corp. has proposed. Mr. Spencer asked the Board if the County should have an informational meeting regarding the wetland?

Commissioner Knochel moved to have an information meeting with all the effected landowner in the area of the proposed wetland, seconded by Commissioner Shedd. Motion carried.

Mr. Spencer asked if the 30 day requirement for a public notice would be in affect with this meeting only being an informational meeting?

Mr. Luhman stated no, not for an informational meeting because it is not being reconstruted, the assessment is not going to change and there is not going to be any legal affect on the landowners.

MINUTE BOOK

Mr. Luhman explained that there was a question as to whether or not a ledger size minute book was required to be used, if not, than could the minute book be changed to a letter or legal size. Mr. Luhman stated he could not find any statue where a ledger size book had to be used.

Commissioner Shedd granted approval to change the size of the minute book from ledger to letter, beginning with the 1998 Drainage Board minutes.

Being no further business, Commissioner Knochel moved to adjourn until March 4, 1998, seconded by Commissioner Shedd. Meeting adjourned.

Ruth Shedd, President

Shelli Muller, Secretary

Kathleen Hudson, Vice President

John Knochel, Member

TIPPECANOE COUNTY DRAINAGE BOARD

February 3, 1999

Regular Meeting

Those present were:

Tippecanoe County Commissioners Ruth Shedd and John Knochel, County Surveyor Mike Spencer, Drainage Board Attorney Dave Luhman, Drainage Board Engineering Consultant Dave Eichelberger and Drainage Board Secretary Shelli Muller.

The Tippecanoe County Drainage Board met Wednesday, February 3, 1999, in the Tippecanoe Room of the Tippecanoe County Office Building, 20 North 3rd Street, Lafayette, Indiana with Commissioner Shedd calling the meeting to order.

The first item on the agenda is to approve the 1999 Active and Inactive Ditch Assessment List. Mr. Luhman read the list.

Commissioner Knochel moved to approve the list of Active and Inactive Ditch Assessment for the year 1999, seconded by Commissioner Shedd. Motion carried.

WATKINS GLEN SUBDIVISION, PHASE 4, PART 3

Tim Beyer of Vester and Associates, asked the Board for preliminary approval of Watkins Glen Subdivision, Phase 4, Part 3 located off County Road 400 East. The proposed subdivision consists of 9 lot on a 5 acre site. Mr. Beyer asked for a variance from the Drainage Ordinance that requires on-site detention. The majority of the proposed plan drains to an existing pipe and then to an existing detention facility for Watkins Glen South, Part V. The facility has the capacity to handle the additional runoff of Phase 4, Part 2.

Mr. Spencer recommended granting the variance for no on-site detention and preliminary approval of the drainage plan for Watkins Glen, Phase 4, Part 3.

Commissioner Knochel moved to grant preliminary approval of Watkins Glen, Phase 4, Part 3 and to grant the variance allowing no on-site detention, seconded by Commissioner Shedd. Motion carried.

SEASONS FOUR SUBDIVISION, PHASE III

Roger Fine, of John E. Fisher and Associates, asked the Board for approval of the outlet pipe for Seasons Four Subdivision, Phase III. The City of Lafayette requires the project to receive approval from the Tippecanoe County Drainage Board because of the outlet pipe into the **Elliott Ditch**. Mr. Fine informed the Board a DNR permit is pending for work in the floodway.

Mr. Spencer recommended approval of the outlet pipe, subject to the project receiving the DNR permit.

Commissioner Knochel moved to approve the outlet pipe into **the Elliott Ditch** for Seasons Four Subdivision, Phase III, subject to the approval of the DNR permit, seconded by Commissioner Shedd. Motion carried.

Being no further business, Commissioner Knochel moved to adjourn until March 3, 1999 at 10:00 a.m., seconded by Commissioner Shedd. Motion carried.

Ruth Shedd, President

Shelli Muller, Secretary

Kathleen Hudson, Vice President

John Knochel, Member

TIPPECANOE COUNTY DRAINAGE BOARD

February 9, 2000

Regular Meeting

Those present were:

Tippecanoe County Commissioners Kathleen Hudson, John Knochel and Ruth Shedd, County Surveyor Stephen Murray, Drainage Board Attorney Dave Luhman, Drainage Board Engineering Consultant Dave Eichelberger and Drainage Board Secretary Doris Myers.

The Tippecanoe County Drainage Board met Wednesday, February 9, 2000, in the Tippecanoe Room of the Tippecanoe County Office Building, 20 North 3rd Street, Lafayette, Indiana with Commissioner Kathleen Hudson calling the meeting to order.

The first item on the agenda is to approve the minutes from the January 12, 2000, Regular Drainage Board Meeting and minutes from the January 21, 2000, Special Drainage Board Meeting. Commissioner Knochel moved to approve the minutes of January 12, 2000, Regular Drainage Board Meeting and January 21, 2000, Special Drainage Board Meeting, seconded by Commissioner Shedd. Motion carried.

Commissioner Hudson welcomed Stephen Murray, as new County Surveyor, to his first meeting with the Drainage Board.

CROSSPOINTE APARTMENTS SUBDIVISION

Wm. R. Davis with Hawkins Environmental gave presentation for Crosspointe Apartments Subdivision. This site is located east of Creasy Lane, south of Weston Woods Subdivision and east of the **Treعه Meadows Relief Drain**. The applicant proposes to construct apartments and associated parking. The stormwater management plan for this area was the subject of previous studies conducted as part of the Amelia Avenue extension over the **Treعه Meadows Relief Drain**. Two issues from C.B. Burke Engineering report to be discussed. First issue is ponding of waters on project. The parking lot plans were intended to pond 7" of water. Second issue concerning previously discharge channel that has been schematic approved for the drainage of this site. Their intention is to use this channel for draining this site. If not approved as is a modification can be brought before the board.

Commissioner Hudson asked Dave Eichelberger to explain about the wet bottom ponds.

Dave Eichelberger, Drainage Board Engineering Consultant, stated the previous stormwater management plan indicated that portions of this development would drain to proposed wet-bottom ponds prior to discharging to the **Treعه Meadows Relief Drain**. However, it does not appear these ponds are proposed as part of this subject development on their plans. Are these ponds already in place, are they going to be constructed as part of this project or are they going to have some interim outlet to the **Treعه Meadow Relief Drain** between now and then? If are wanting final approval may need to have condition that proposed ponds are constructed or proposed outlet is approved.

Steve Murray asked Wm. R. Davis what was their intent.

Wm R. Davis commented there is another project that has risen to this area. The project is not moving very rapidly. They want to get these projects temporarily constructed as did in schematic approval of wet-bottom channel as part of this project.

Commissioner Hudson asked if these outlets would be the ones carrying water over parking lot. Answer was no.

Commissioner Hudson asked what was going to be done about the water ponding over the parking lot area.

Steve Murray stated 7" water ponding over parking lot is allowable by ordinance. This is backwater from 100-year flood as composed to conventional ponding for storage in the lot.

Steve Murray asked if there was a duration limit.

Dave Eichelberger stated none that he is aware of.

Commissioner Knochel moved to grant final approval to Crossepoint Apartments Subdivision subject to the outlets being constructed as part of this project, seconded by Commissioner Shedd. Motion carried.

WABASH NATIONAL SITE DETENTION

Wm. R. Davis with Hawkins Environmental gave presentation for Wabash National Site Detention. This is a 340-acre site located north of C.R. 350 South, between Concord Road and U.S. 52. This is a schematic design for Wabash National and is the second time for reviewing this site. We are trying to come up with an overall plan for final development of Wabash National property. They are not placing structures, etc, but are determining the amount of improved surface they can have, what areas need to be stoned, types of drainage, etc. Currently there is a tile branch of **Elliott Ditch** traversing this property. At present a lot of water stands on this property. We are proposing how to move this water in a developed condition. Will be stoning parts of the property after constructing diversion ditches. Will be removing tile in the **Elliott Ditch** Branch and make open drain. The present detention pond is adequate for future use. Wm. R. Davis is asking for approval of schematic design for Wabash National Site Detention.

Dave Eichelberger suggests preliminary approval of the ditch network and final approval of the continued use of the existing detention pond.

Commissioner Knochel moved to grant preliminary approval of the ditch design for the Wabash National Site Detention and final approval for the drainage pond, seconded Commissioner Shedd. Motion carried.

WILLIAMS COMMUNICATIONS – FIBER OPTIC CABLE

Harold Elliott with Williams Communications gave presentation to install fiber optic cable communication system. This cable will stretch from Atlanta, Cincinnati, Indianapolis and through Chicago. Part of this system will go through a portion of Tippecanoe County. Have received permits for the road crossings. Had been working with Mike Spencer for permits on drainage ditches. They had sent a letter earlier, recommended by Mike Spencer, explaining what they were going to do. Mr. Elliott stated he thinks they should have a permit due to all the bonding, etc. Mr. Elliott's purpose for being here today is to go over project, find out for sure what they do want, and get bond, etc. ready for the next meeting.

Commissioner Hudson asked Mr. Elliott if he received Dave Luhman's letter.

Mr. Elliott's comment was yes. Mr. Elliott stated they have included what Mr. Luhman asked for. Mr. Elliott had a question on drawing for each ditch. Can they use what we use as a typical ditch crossing with it put to the ditch we are crossing? Instead of a complete profile of each ditch.

Dave Luhman asked if it would be similar to what is used on highways. If so, that would be adequate. Mr. Elliott commented yes. Williams Communications will furnish drainage board with a complete list of where line is as built.

Steve Murray stated he would like Mr. Elliott to give as much information possible to the contractor, so they can narrow down their area to start being aware that there may be a legal drain there.

Mr. Elliott commented there would be a crew out to survey each of the legal drains so contractor knows exactly where they start and will be. They are running a minimum of 42" below ground. Some of the survey work is being done now.

Steve Murray asked if they would trench or plow the lines.

Mr. Elliott stated the plan was to plow. When you go across ditches we know you can't plow. So we will be trenching these lines.

Steve Murray stated they would want the cable trenched not plowed. When you trench you can see turned up broken tiles. When you plow there is no visible evidence of broken tiles. May be 3 to 5 years before drain collapses and backs up. A lot of counties have gone too only allowing trenching now days as opposed to plowing.

Commissioner Knochel stated his concern was when turning up some private tiles who will repair. They want someone who is knowledgeable to do the field tile repair.

Mr. Elliott commented he had talked with Mike and would like for the drainage board to hire someone in our county to act as an inspector to find the legal drains and bill Williams Communications for that service.

Steve Murray commented his concern is finding an inspector. It doesn't matter if the drainage board hires or if Williams Communications hires. Stephen thinks it would be better if drainage board hired the inspector.

Mr. Elliott asked about a pay scale agreement. This can all be worked out when I come back for the next meeting.

Steve Murray asked what is your construction schedule.

Mr. Elliott stated this year, this spring. It depends on all the permits coming in and all the easements that are being required one way or the other.

Steve Murray felt comfortable with this if they are willing to work under the drainage board conditions.

Mr. Elliott suggested the \$5,000 bond might not be large enough. There is more potential damage than \$5,000.

Dave Luhman recommends \$25,000.00 bond. Wait on final draft at the March 1, 2000 meeting for details.

Mr. Elliott will return for the March 1, 2000, meeting with final draft and details.

2000 ACTIVE AND INACTIVE DITCH ASSESSMENTS

Mr. Luhman read the 2000 active and inactive ditch list

ACTIVE

Jesse Anderson	Delphine Anson	Julius Berlovitz	Michael Binder
A.P. Brown	Buck Creek	Orrin Byers	Train Coe
County Farm	Thomas Ellis	Christ Fassnacht	Issac Gowen
Rebecca Grimes	Fred Hafner	E.F. Haywood	Harrison Meadows
James Kellerman	Floyd Kerschner	Amanda Kirkpatrick	Frank Kirkpatrick
Calvin Lesley	John McFarland	Mary McKinny	Samuel Marsh
Ann Montgomery	F.E. Morin	Hester Motsinger	J. Kelly O'Neal
Aduley Oshier	Emmett Rayman	Franklin Resor	Aurthur Rickerd
Joseph C. Sterrett	Gustav Swanson	Nixon Wilson	Simeon Yeager
Jesse Dickens	Dismal Creek	Shawnee Creek	Kirkpatrick One
John Hoffman	Sarah Brum	HW Moore Lateral	Mary Thomas
Arbegust-Young	High Gap Road	Romney Stock Farm	Darby Wetherill Ext 2
Darby Wetherill Reconstruction			

INACTIVE

McDill Waples	Lena Wilder	J & J Wilson	Franklin Yoe
Jenkins	Buetler/Gosma	S.W. Elliott	Hadley Lake Drain

Commissioner Knochel moved to approve the list of Active and Inactive Assessment for the year 2000, seconded by Commissioner Shedd. Motion carried.

OTHER BUSINESS

PETITION FOR ENCROACHMENT ON UTILITY & DRAINAGE EASEMENT LOT 63, RED OAKS SUBDIVISION

Steve Murray gave presentation of this petition for encroachment on utility & drainage easement Lot 63, Red Oaks Subdivision. The petition for encroachment reads as follows: The undersigned, John L. Maloney, who owns 609 Bur Oak Court, does hereby request permission of the Tippecanoe County Commissioners and the Tippecanoe County Drainage Board to encroach 25 feet into the utility and drainage easement at the rear side of their home on Lot 63, Red Oaks Subdivision, Wea Township, Tippecanoe County, Indiana, as shown on the diagram hereto attached and made a part of this petition. Diagram will be on file in surveyor's office. Stephen commented the real concern is the 25 feet encroachment will be too far down the bank and into the water level. This could be an obstruction if maintenance needs to be done to the bank for erosion purposes or pipe out fall. A 10-foot encroachment will bring to the top of bank. Stephen stated he would not recommend any more encroachment then to the top of the bank.

Commissioner Hudson asked if 10 foot would encroach into the utility and drainage easement.

Steve Murray commented without an actual survey tying the house to the lot lines we wouldn't know for sure. It would appear the 10-foot at the top of bank is roughly the easement line that they want to encroach into. If we do not grant requirement for encroachment they can not go any further than the top of bank.

Commissioner Hudson asked if Bill Augustin of Gunstra Builders was aware of this being on the agenda.

Steve Murray commented he had talked to Bill Augustin this week and thought he was aware of the agenda.

Commissioner Knochel asked if they wanted to build a deck and if it was already built.

Steve Murray answer was didn't believe so. Chris from surveyor's office had been out in the last month and took pictures. No deck was in the pictures.

Dave Luhman asked if they wanted to resubmit this petition for an amendment asking for a lower amount of encroachment. If the Drainage Board denies this petition they can resubmit another petition.

Commissioner Knochel moved to deny request for 25 foot encroachment on utility and drainage easement for Lot 63, Red Oaks Subdivision, Wea Township, Tippecanoe County, seconded by Commissioner Shedd. Motion carried.

CHICAGO TITLE INSURANCE COMPANY

Dave Luhman gave presentation regarding request of letter from Drainage Board to Chicago Title Insurance Company. The property is located at 3815 SR 38 E known as the **Kyger Bakery**. There has already been a dry closing on the sale. There are 2 buildings that come within the 75-foot easement. The Chicago Title Insurance Company in order to issue their title insurance need letter from Drainage Board acknowledging that buildings on this property were constructed prior to the requirement of the 1965 Drainage Act and are thus legally located structures and do not constitute illegal encroachments. Have tax records from Fairfield Township Assessors Office that show these structures were built in 1948. Dave Luhman presented Commissioner Hudson with letter on Drainage Board stationery for signature stating these structures were built prior to the requirements of the 1965 Drainage Act and are thus legally located structures and do not constitute illegal encroachments. Dave Luhman has reviewed this with Mr. Bumbleburg, who represents Kyger, and has his approval.

Commissioner Knochel moved president of Drainage Board to sign this letter stating the building were built before 1965 and do not constitute illegal encroachments, seconded by Commissioner Shedd. Motion carried.

Being no further business Commissioner Knochel moved to adjourn meeting, seconded by Commissioner Shedd. Meeting adjourned.

Kathleen Hudson, President

Doris Myers, Secretary

John Knochel, Vice President

Ruth Shedd, Member

Tippecanoe County Drainage Board
Minutes
November 7, 2001
Regular Meeting

Those present were:

Tippecanoe County Commissioners Ruth Shedd, John Knochel, and KD Benson, County Surveyor Steve Murray, Drainage Board Attorney Dave Luhman, Drainage Board Engineering Consultant Dave Eichelberger from Christopher B. Burke Engineering Limited, and Drainage Board Executive Secretary Robert Evans.

The Tippecanoe County Drainage Board met Wednesday November 7th, 2001 in the Tippecanoe Room of the Tippecanoe County Office Building, 20 North 3rd Street, Lafayette, Indiana with Commissioner/President of the Drainage Board, John Knochel calling the meeting to order.

Approval of October 4th Minutes

KD Benson made a motion to approve the minutes from the October 4th regular Drainage Board Meeting. Ruth Shedd seconded the motion and hearing no opposition, the motion carried.

Hadley Moors Subdivision Part V Phase I

Alan Jacobson from John Fisher and Associates appeared on behalf of LUXHART Corporation to request final approval of Hadley Moors Subdivision Part V Phase I. He showed a drawing of the overall plat for the Hadley Moors Development, with the section in question highlighted.

The drainage plan for this section was developed in accordance with the overall drainage plan for Hadley Moors. The majority of the drainage was designed to go to the west to an overall detention facility. In this phase, most of the water would flow to the south and be taken into the subdivision's storm drainage system. A portion of the water would flow to the north, flow in swales along the county road to a culvert located where the road makes a bend, and then flow to the north approximately 200 feet before entering the Yeager Ditch.

They had analyzed the runoff to the north and proposed not to control that runoff, finding that they would still be in compliance with the drainage ordinance in terms of the quantity of runoff in that direction. They had notified the adjacent landowner in regard to runoff across his property in an existing swale. They had not received any response from that landowner.

Alan referred to a Burke memo recommending final approval with three conditions. Notification of landowners and a signed acceptance of responsibility for drainage review fees had been done at this time. The final condition was submitting recorded copies of the restrictive covenants for the subdivision. He stated agreement with those conditions in terms of compliance, and asked for final Drainage Board approval on that basis.

KD noted that one condition mentioned notifying landowners, a plural term, and asked for verification that there was only one landowner, which was the case. She asked if the land was a farm. Alan replied that it was partially wooded and partially farmed, with the actual drainage swale just cutting 30 or 40 feet across the corner of the field.

Steve Murray asked if they had received Highway Department approval for their work on County Road 125 West. Alan replied that they had, and that Tim Wells had made one suggestion. Examination of a culvert showed the edge of the culvert to be very close to the edge of the gravel road. They had agreed to add 5 feet of 15-inch pipe to that culvert to reduce the hazard to traffic at that upstream end of the culvert.

Steve then asked if they had been asked to do any grading in the right-of-way. Alan confirmed that they would be doing some grading in the right-of-way to improve drainage along the county road.

Steve stated for the record that Drainage Board approval would be contingent on Highway Department approval. He went on to recommend final approval with the conditions on the October 22nd Burke memo, the first two of which had already been met.

KD made a motion for Drainage Board approval for Hadley Moors Subdivision Part V Phase I, with the conditions listed on the Burke memo. Ruth Shedd seconded, and the motion carried without further comment.

Hickory Ridge Estates Subdivision

Tim Beyer of Vester and Associates appeared representing Right Angle Homes. He showed a map of the proposed subdivision, showing the location relative to Concord Road and County Road 430 South. The site is about 116 acres in size and will be developed eventually with 250 homes with an average lot size of about a half an acre.

Phase I of the subdivision is 30 acres and contains 59 lots in addition to an outlot at the entrance and an outlot for the proposed pond. Since this is the first phase of the subdivision, they developed a stormwater management plan for the entire project involving placement of a wet bottom pond to be constructed with Phase I. It would store the majority of the water from Phase I, and a lot of the future site development to the south. They also looked at the future site development to the west, and there will be a second pond to the west which will store water for the majority of that area.

With the Phase I pond construction, they needed to place the pond outlet into a natural ravine north of the site which runs along the north property line before turning and following the west property line down, and then runs to the Wea Creek. They had been in contact with two property owners. One property had a new home being constructed, and the other property adjoined the first and was accessed by an existing dirt drive. Recently there had been two 15-inch culverts placed beneath that drive and that portion of the channel was actually filled in at that time. They were proposing that those culverts be replaced with a 42-inch culvert that will pass the runoff. The existing culverts were restricting water in that channel. They also proposed some regrading of that portion of the ditch so that the water would pass through the channel, downstream of the culvert.

The other landowner requested placement of a culvert upstream of where their pond was outletting in exchange for an easement. They propose a 36-inch culvert at this location.

Tim then requested approval of the drainage plan for Phase I, and offered to answer any questions from the Board.

KD asked where the highest spot was, and whether the water flowed north. Tim showed the high ground and confirmed the direction of water flow under current conditions, reaching the existing ravine in various locations.

Steve asked if they anticipated any difficulties obtaining easements and agreements with the landowners. Tim replied that they did not, adding that Matt Smith, the owner of the development was in attendance at the meeting, and had been handling most of the discussions with the landowners. Documentation provided showed the agreements.

KD asked if trees would have to be removed to put the pond in. Tim replied that they would.

KD asked if Steve had any further comment, and he stated that the notification portion of the Drainage Ordinance was specifically intended to start this kind of discussion between landowners about potential impacts. He added that he thought the developer had done a good job of working with the property owners, and so the Surveyor's Office and engineering consultant were prepared to recommend final approval with the conditions stated on the November 5th Burke review memo.

KD asked for verification that there would be no impact on anyone else further downstream, and Steve confirmed that no adverse conditions were anticipated downstream. Drainage Board engineering consultant Dave Eichelberger commented that they had asked Vester and Associates to look at that very issue of a potential increase of water downstream from concerns raised by the proposed installation of a 42-inch culvert. The pond and the redirection of flows actually produced a small reduction in downstream flow according to calculations, but would remain essentially about the same.

KD made a motion for Drainage Board approval for Hickory Ridge Estates Phase I, with the conditions listed on the Burke memo. Ruth Shedd seconded, and the motion carried without further comment.

Lakeshore Subdivision Phase 1

Joe Bumbleburg appeared on behalf of Dave Leffert and RBT Development. He made reference to a request provided to the Board for a reduction in the easement of a portion of the Dempsey-Baker Regulated Drain where it runs through their Lakeshore Subdivision. He stated that there were only two landowners affected; RBT, and the Galema interests to the north of their development. Joe had previously thought that the reduction accepted was for equal amounts on both sides of the

stream. It had been brought to his attention that the reduction given Drainage Board approval in December of 2000 was actually for a reduction from 75 feet to 25 feet on one side, and from 75 feet to 50 feet on the other side.

Joe stated that the request before the Board was to clean up and put into the record the reduction according to the preliminary judgment of the Board on how this was to be done. A diagram provided to the Board showed the difference between the originally proposed reduction of equal amounts on both sides, and the approved reduction. Also provided was a signed consent from the Galema interests to the larger proposed reduction. Together with the much smaller intrusion onto their property of the actual approved easement reduction, this was to indicate that the actual reduction would also be acceptable to them. Mr. Brooks, the attorney for the Galema interests, had requested notification of what was eventually done with the reduction so that some record was readily available to abstracters.

Joe summed up by saying that this was a simple request and not an unusual one, and that action at this time would be quite an accommodation for RBT, allowing them to have a final plat executed by the Area Plan Commission in time to get some work done before winter. He added that they would be happy to answer any questions.

Steve began with a question for Drainage Board Attorney Dave Luhman. He stated that the documentation and metes and bounds description would be very good to have for the record, but asked whether the actual approval of the reduction had been done already in the earlier meeting. Dave recommended that the Board approve the petition on motion at this time so that it would be in the minutes from this meeting.

Steve then asked whether there was a foot trail on the south side. That was correct, the trail being an extension of the West Lafayette Parks and Recreation trail system, and existing in a separate easement. Dave Leffert said he thought the Mayor of West Lafayette had signed the easement, which had been prepared one year earlier. Steve stated that his only concern was whether that easement was part of the Drainage Board easement, and whether granting the reduction would affect the right of the City to have the trail located there. That was not the case.

KD asked about Lot 36. Steve stated that the Board's approval of the revised petition would be giving them more usable area, but that the easement remaining would provide enough room to maneuver an excavator if work on the drain was required. In reply to a question from KD, Steve stated that the APC reviews plans to ensure that each lot is buildable, and that the reduction request was to enable Lot 36 to be built upon.

KD made a motion to approve the petition to reduce the size of the easement for the Dempsey-Baker legal drain. Ruth Shedd seconded, and there being no further comment, the motion carried.

Other Business

Steve raised another matter related to landowner notification, making reference to the Wea Ridge Middle School as an example of why it is needed. There had been an increase in runoff with leaves and erosion onto Ron Diem's property, and Steve had received another call from someone on the upper part of the ridge, and noted that there were three release points from the school site proposed, one to the north, one in the middle, and one which went straight to Wea Creek. Construction had not been started on the detention pond for that site, and there was evidence of some erosion beginning in a small ravine system.

Steve referenced the process underway to revise the Drainage Ordinance. He stated that something the Board had always had the right to do, but would have had to make a condition of approval in the review and approval process for each project, would be to dictate the sequence in the construction process that a contractor or developer would have to follow.

In the case of Wea Ridge Middle School, if they had been required to start on their detention pond before they had stripped their property, begun swales and ditches and cut down all the trees, he didn't think the negative impact on the Diem property would have occurred. He suggested an item be added to the Drainage Ordinance to include the right to prescribe the construction sequence.

Dave Eichelberger remarked that this would be utilized on an as-needed basis. If there were not going to be an issue, the Board would not dictate any sequence. Steve added that in instances of direct discharge onto adjacent landowners outside an established channel, increased runoff and siltation could be expected. The Board is here to protect the interests of downstream landowners, and he had already made six trips out to the Wea Ridge area in two months to inspect damage. He indicated the possibility of lawsuits, and if the Board can head those off and save that kind of headache and problems for the public, that's exactly what it is supposed to do.

Dave Eichelberger reiterated that prescribing the sequence would not be something he would recommend to the Board in all cases. Steve agreed, and added that if it's in the Ordinance, the Board has something to refer back to in the case of protest from a developer or contractor, a regulation that would have to be complied with to obtain Drainage Board approval.

John Knochel asked if the Surveyor would be asking the engineering consultant to draft some language on this proposal. Steve replied that Dave Eichelberger had currently been working with the Surveyor's Office on proposed revisions.

In response to a question from KD, Dave Luhman described the process of public notification, two readings by the Drainage Board and two readings by the County Commission, as had been done with the change in engineering review fees in June of 2001.

Steve summed up by saying that the Surveyor's Office was aware that the Ordinance would have to be revised again to comply with NPDES Phase II stormwater requirements, and that he wanted to make a few changes that had been discussed and get it into as good and complete order as possible before those future changes. One example of these changes would be to change the release rate.

Dave Eichelberger explained that the release rate would protect downstream landowners from adverse effects from a 100-year storm, but that the release rate for lesser storm events could still be higher than the pre-development rate for the same storm because the pipe is sized for the larger storm. What was being discussed was a staged release rate via a box structure with a small pipe heading in and a large pipe heading out. Low flows from smaller storm events would be restricted to the two-year rate by the smaller pipe, but if water began to back up during a larger storm event, it would begin pouring over the top of the box structure and utilizing the flow rate of the larger pipe. That would add another release point with more control so that people downstream would not see more water in smaller storm events.

Steve added that the Board had historically told people that they wouldn't see much of a change in flow after development, but that wasn't really true for smaller storms. This particular measure would address that. KD asked if this was the trend, and Steve confirmed that Marion and Johnson Counties had taken this step. KD asked about cost increase to developers, and Dave responded that the cost increase would be nominal, adding that Burke writes a lot of ordinances, that this was a feature in what they had been writing, including a current project for Hendricks County's new ordinance, from which the proposed language for Tippecanoe County was taken.

There being no further business, the meeting adjourned.

John Knochel, President

KD Benson, Vice President

Robert Evans, Secretary

Ruth E. Shedd, Member

Tippecanoe County Drainage Board
Minutes
February 2, 2005
Regular Meeting

Those present were:

Tippecanoe County Drainage Board President Ruth Shedd, Vice President John Knochel, member KD Benson, County Surveyor Steve Murray, Drainage Board Attorney Dave Luhman, Drainage Board Engineering Consultant Dave Eichelberger from Christopher B. Burke Engineering Limited, County Highway Engineer Tim Wells, and Drainage Board Secretary Brenda Garrison. GIS Technician Shelli Muller was absent.

Approval of January 5, 2005 Minutes

John Knochel stated the January 5, 2005 minutes reflected his attendance. As he was absent for that meeting, he made a motion to approve the minutes with a correction indicating his absence. KD seconded the motion and the January 5, 2005 Drainage Board Regular minutes were approved with the correction as stated.

Comprehensive Stormwater Management Ordinance

Steve Murray updated the Board regarding compliance with the Federal Clean Water Act through Rule 13 and Rule 5 in Indiana. Part C was to be filed November 4, 2004. However an extension was requested and IDEM (Indiana Department of Environmental Management) granted an additional ninety days. February 4, 2005 was the extended deadline. IDEM granted an additional thirty-day extension. The filing deadline of Part C was now March 4, 2005. The following entities were on track to adopt and pass the Comprehensive Stormwater Management Ordinance in accordance with the federal guidelines; Lafayette, West Lafayette, Dayton and Battleground, as well as Tippecanoe County. Cost sharing was utilized between the entities.

The ordinance was patterned off of the existing Stormwater Ordinance, which addressed stormwater quantity. Provisions were added to address stormwater quality, and the various control measures as required by the aforementioned rules. A steering committee, project team and subcommittee reviewed technical standards. The Surveyor stated a majority of the local engineering companies were included in this process. Implementation of the federal guidelines had been a two to three - year process. The Drainage Board Attorney and Surveyor reviewed the ordinance and made appropriate corrections. The Surveyor stated he felt the ordinance was a good product for the community.

Pat Jarboe approached the Board and asked when the ordinance would be implemented and what would be the length of the interim period. The Surveyor stated he was unable to answer, as it was a federal mandate and would depend on legal aspects of the federal guidelines. The Surveyor felt once the ordinance had passed both readings, it would take precedence over the existing ordinance at that time. Copies of the proposed ordinance were available for public review at this time. It was discussed whether it should be on the web page, however the Surveyor felt it should be available by CD at this time only.

At that time, the Surveyor presented Ordinance No. 2005-04-CM amending Tippecanoe County Code, repealing Section 155.01, and adding the new Section 155.01 Comprehensive Stormwater Management Ordinance. Exhibit A was the Stormwater Ordinance guidelines as well as the Technical Standards Manual. John Knochel made a motion to approve and pass Ordinance No. 2005-04-CM on first reading. KD Benson seconded the motion. The following voted as indicated: KD Benson- yes, John Knochel-yes, Ruth Shedd-yes. Ordinance No. 2005-04-CM regarding Comprehensive Stormwater Management was passed on first reading unanimously. It was agreed to place the ordinance on the next Drainage Board meeting agenda for the second reading, followed by a Special Commissioners' Meeting for a second reading also.

Water Safety Committee

Mike Wylie of Schneider Engineering approached the Board as a member of the previously established Water Safety Committee. He stated he was in attendance to today give an update to the Board on the Committee's progress. The committee was formed to look at public safety issues, both in design and education. A design subcommittee and an educational (outreach to schools etc.) subcommittee were formed out of the main committee members. Mike stated he would like to review the outcome of these committees at the next Drainage Board meeting in March. A Power point presentation would likely be made at that time. The Surveyor stated safety recommendations from the subcommittee were included in Ordinance No. 2005-04-CM. The Surveyor also stated Mike would be added to the March meeting Agenda of the Drainage Board.

Other Business

Classification of Drains

In accordance with I.C. 36-9-27-34, the Surveyor presented a Report of Drains to the Board. The report listed classification of drains, drains in need of reconstruction, urban drains, drains in need of periodic maintenance, and drains with insufficient maintenance funds. He then reviewed the report for the Board. (A copy of which would be included in the official minutes book.)

Drains in need of Reconstruction: He stated reconstruction for the Berlowitz Drain was in the initial process. He noted an informal meeting regarding the Jakes Ditch had been held this past year with the benefited landowners. The original tile had eroded out and an open ditch had been created at the lower end. The upper end of the tile was exposed. Elliott Ditch had been a part of an ongoing planning process, specifically Branch #11 and the F-Lake detention facility behind Ivy Tech. Branch #11 of S.W. Elliott Ditch had been designed and would go to construction in the near future. J.N. Kirkpatrick's lower end had been reconstructed. In anticipation of a large industrial park near the upper end, a preliminary plan was in place for reconstruction from Concord Road to 450 East for the J.N. Kirkpatrick. Investigation of the Anson drain had been done. It was anticipated the drain would be presented for reconstruction or an assessment rate increase sometime this year. The J.B. Anderson, which served Clarks Hill, had another round of flooding the past couple of weeks. The Frank Kirkpatrick drain was also in need of reconstruction.

Urban Drains: In accordance with Indiana Code, the Surveyor designated drains that are in need of reconstruction and served an urban or urbanized area as Urban Drains. The drains listed were: S.W. Elliott, Berlowitz, J.N. Kirkpatrick, and the Alexander Ross which ran roughly behind the Super Wal-Mart located on S.R. 26.

Drains in need of Periodic Maintenance: The D. Anson, J. Blickenstaff, A. Brown, Burkhalter, T.Coe, County Farm, C. Daugherty, M. Dunkin, T. Ellis, M. Erwin, R. Grimes, F. Haffner, E.F. Haywood, L. Jakes, F. Kerschner, A. Kirkpatrick, F. Kirkpatrick, C. Lesley, F.E. Morin, H. Mottsinger, F. Resor, M. Southworth, J. Vvannata, and the H.B. Wallace were all drains listed in need of periodic maintenance. The Surveyor stated for the most part, these drains had their assessment rates set in the late 1960's. The present and future costs of construction projects required an increase of assessment rates from roughly \$1.00 an acre closer to \$2.00 - \$3.00 an acre, for adequate maintenance. KD Benson requested a GIS presentation of the drains listed on the report in the near future as time permits. John Knochel made a motion to accept the 2005 Report of Drains submitted by the Surveyor. KD Benson seconded the motion and the Board accepted the 2005 Report of Drains as submitted by the Surveyor.

The Surveyor presented Tippecanoe County Drainage Board Resolution No. 2005 – 01-DB to the Board for their approval. In accordance with I.C. 36-9-27-42, the Resolution increased assessments by twenty-five percent (25%) for the following drains: J. Blickenstaff, A. Brown, T. Coe, C. Daugherty, M. Dunkin, T. Ellis, M. Erwin, F. Haffner, F. Kerschner, A. Kirkpatrick, C. Lesley, H. Wallace, and S. Yeager. The drain had an insufficient maintenance funds in place. The Surveyor stated either the tile was in need of a significant amount of maintenance, or cleanout of the open ditch was warranted. He stated every ten to twelve years an open ditch should be cleaned out. In response to K.D.'s inquiry, the Surveyor stated a letter would be sent to White County regarding their acceptance of the proposed assessment increase of the Andrew Brown Joint Drain. John Knochel made a motion to adopt Resolution No.2005-01-DB as presented. KD. Benson seconded the motion. The Board adopted Resolution No.2005-01-DB, a Resolution Increasing Assessments for the Periodic Maintenance of Regulated Drains.

Maintenance Bonds

Prophets Ridge Phase 1 / Prophets View Subdivision Phase 1 / Paramount Lakeshore Subdivision

The Surveyor presented the following three Maintenance Bonds for acceptance; Maintenance Bond No.4175907 in the amount of \$37,060.00 for Prophets RIDGE Subdivision Phase 1 from Fairfield Contractors, Maintenance Bond No. 69839855 in the amount of \$2000.00 for Prophets VIEW Subdivision Phase 1 (located on Pretty Prairie Road) from Norma G. & Rita A. Deboy, and Maintenance Bond No. 400TF4545 in the amount of \$23, 329.70 for Paramount Lakeshore Subdivision from Milestone Contractors. The Surveyor stated the subdivisions had been completed and approved. John Knochel made a motion to accept the three Maintenance Bonds as presented by the Surveyor. K.D. Benson seconded the motion. The Drainage Board accepted the aforementioned Maintenance Bonds.

Professional Engineering Services for Engineering Review Contract

The Surveyor presented the annual contract from Christopher B. Burke Engineering for professional engineering review service. The cost of their service was in turn billed to the developer of projects submitted for review. Dave Eichelberger from Christopher B. Burke Engineering stated the rate per hour was raised from \$70.00 per hour to \$75.00 per hour. John Knochel made a motion to approve the contract between the Tippecanoe County Drainage Board and Christopher B. Burke Engineering LTD. as presented. K.D. Benson seconded the motion. The contract between the Tippecanoe County Drainage Board and Christopher B. Burke Engineering LTD. was approved as presented to the Board.

Lewis Jakes Ditch

While researching the status and condition of Jakes Ditch, it was discovered the Drainage Board approved a rate increase from \$1.00 an acre to \$2.00 an acre in April of 1983. Research indicated the present assessment of \$1.00 per acre was never changed accordingly. After conferring with the Board’s attorney, it was agreed the rate of \$2.00 per acre set in the April 1983 meeting was valid. The Surveyor requested a formal vote in order for the increase to be activated by the Auditor’s office. John Knochel made a motion to approve the \$2.00 per acre assessment rate as set in the April 1983 Drainage Board meeting. In addition the said rate be in effect starting with the 2005 tax season. K.D. Benson seconded the motion. The Lewis Jakes Regulated Drain assessment of \$2.00 per acre was formally approved beginning with the 2005 tax season.

Public Comment

As there was no public comment, John Knochel made a motion to adjourn the meeting. KD seconded the motion. The meeting adjourned.

Ruth Shedd, Vice President

John Knochel, Vice President

Brenda Garrison, Secretary

KD Benson, Member

Tippecanoe County Drainage Board

Minutes

September 15, 2009

Regular Meeting

Those present were:

Tippecanoe County Drainage Board President Thomas Murtaugh, Vice President David Byers, member John Knochel, County Surveyor Steve Murray, Drainage Board Attorney Dave Luhman, Drainage Board Engineering Consultant Dave Eichelberger from Christopher B. Burke Engineering Limited, and Drainage Board Secretary Brenda Garrison. Project Manager Zachariah Beasley was absent.

Approval of Minutes

David Byers made a motion to approve the August 5, 2009 Regular Drainage Board minutes as written. John Knochel seconded the motion. The August 5, 2009 Drainage Board meeting minutes were approved as written.

Purdue Research Park Phase 3 Part 2

Ross Nixon represented Schneider Corp. and appeared before the Board to request final approval for Purdue Research Park Phase 3 Part 2. The site consisted of approximately 100 acres and located north of Kalberer Road and west of Yeager Road (aka County Road 100West) and within the City limits of West Lafayette. The site included a detention facility developed during Phase 2 of Part 2 located at the tract's west side. The Baker-Dempsey Regulated Drain began at the north side of Kalberer Road and followed an open ditch through the detention facility. The drain was rerouted around the cemetery and eventually outlet to Hadley Lake. The Simeon Yeager Regulated Drain began on the north side of Kalberer Road crossed through the site continued to the north as well. Portions of the regulated drains located onsite were planned to be vacated in the near future and required documentation would be presented to the Board. Roadway and utility infrastructure would be added across the site connecting Yeager Road on the east. A canal and pond system would be constructed onsite which would discharge to an existing open ditch. The existing detention facility would be expanded on the eastern side for additional storage. Mr. Nixon stated the existing outlet was functioning and would be maintained. He concurred with the September 10, 2009 Burke memo and requested final approval.

There was no public comment. The Surveyor reiterated the Board's only concern was discharge/ release rates into the Baker Dempsey Regulated Drain and based on the September 10, 2009 Burke memo they met the allowable release rate. He recommended final approval with conditions based on the September 10, 2009 Burke memo. David Byers made a motion to grant final approval for the Purdue Research Park Phase 3 Part 2 with the conditions as stated on the September 10, 2009 Burke memo. John Knochel seconded the motion. Purdue Research Park Ph. 3 Part 2 was granted final approval with conditions stated on the September 10, 2009 Burke memo.

Wyandotte Elementary School

Justin Frazier represented TBIRD Design as he appeared before the Board to request final approval for Wyandotte Elementary School. The site consisted of approximately 19 acres on the south side of Co. Rd. 50 South and east of the intersection of County Road 50 South and County Road 550 East. The site drained to the open ditch at Co. Rd. 50 South westerly to the Berlowitz Regional Detention Facility recently constructed. The entire site was located within the Berlowitz Detention Basin watershed; therefore no onsite detention was planned. An entrance drive would be constructed from County Road 50 South. Runoff from the site would be collected by vegetated swales located around the site's perimeter and storm inlets located in parking lots and driveways. Runoff would be collected into the main storm infrastructure and routed to the Berlowitz Detention Facility for storage. Stormwater Quality was provided by onsite vegetated swales and Stormwater treatment units. Justin concurred with the September 10, 2009 Burke Memo and requested final approval. Responding to Mr. Byers' inquiry, the Surveyor noted there was a sanitary lift station located near the site. Also responding to Mr. Byers' inquiry, Justin noted they were actively pursuing easement acquisitions for the Tippecanoe School Corporation across the YMCA property for a storm sewer outlet. (100 yr. emergency overflow)

There was no public comment. The Surveyor recommended final approval with conditions as stated on the September 10, 2009 Burke memo. David Byers made a motion to grant final approval with conditions stated on the September 10, 2009 Burke memo for Wyandotte Elementary School. John Knochel seconded the motion. Wyandotte Elementary School was granted final approval with conditions as stated on the September 10, 2009 Burke memo.

Other Business

Resolution 2009-01-DB/Acceptance of Warranty Deeds

The Surveyor presented Resolution 2009-01-DB "Acceptance of Warranty Deeds" from Eastland LLC. , Sheumann Properties and Saddlebrook Development. These easements were to be granted to the Drainage Board based on an agreement between Saddlebrook and various companies in that area for the Berlowitz Phase 1 project (pond and property to the west of Co. Rd. 550 to I65). These had been executed and recorded by the owner. However there are two steps when property is deeded to the County. The first one was dedication and/or conveyance and the second was the actual acceptance. In order to complete the legal transaction the acceptance was required. He recommended the Drainage Board accept the Warranty Deeds as submitted. Responding to Mr. Murtaugh's inquiry, the Attorney stated it was acceptable for Drainage Board to accept on behalf of the County.

David Byers made a motion to accept Resolution 2009-01-DB "Acceptance of Warranty Deeds". John Knochel seconded the motion. Resolution 2009-01-DB Acceptance of Warranty Deeds was accepted by the Board. (Note: The Resolution will appear in its entirety proceeding these minutes)

Resolution 2009-02-DB Accepting Grant of Easement for Drainage Improvements, Structures, and Facilities

The Surveyor presented Resolution 2009-02-DB "Accepting Grant of Easement for Drainage Improvements, Structures, and Facilities" regarding the relocation (Felbaum Branch of the Berlowitz Regulated Drain north of McCarty Lane and east of I65) which took that portion of the Felbaum Branch into the Berlowitz Regional Detention Facility. The Easement was previously prepared and recorded. He recommended acceptance by the Board as presented.

David Byers made a motion to approve Resolution 2009-02-DB "Accepting Grant of Easement for Drainage Improvements, Structures, and Facilities. John Knochel seconded the motion. Resolution 2009-02-DB Accepting Grant of Easement for Drainage Improvements, Structures, and Facilities" was accepted by the Board. (Note: The Resolution will appear in its entirety proceeding these minutes)

Steve Murray

Petition to Encroach/J.N. Kirkpatrick Regulated Drain/Lot 41 Waterstone Subdivision

The Surveyor presented a Petition to Encroach on the J.N. Kirkpatrick Regulated Drain submitted by Rich Gbur of Lot 41 Waterstone Court Lafayette Indiana. Mr. Gbur requested to build a wooden bridge crossing the J.N. Kirkpatrick Regulated Drain (Phase 1 of the reconstruction). It would be at his own risk. If maintenance was required on that stretch of the J.N. Kirkpatrick and the bridge was damaged the County would not be responsible. He recommended the Board approve the Petition to Encroach on the J.N. Kirkpatrick Regulated Drain as submitted by Mr. Gbur.

David Byers made a motion to grant approval of the Petition to Encroach on the J.N. Kirkpatrick Regulated Drain. John Knochel seconded the motion. The Petition to Encroach on the J.N. Kirkpatrick Regulated Drain submitted by Rich Gbur was approved.

Surveyor Update Report/Branch #11 S.W. Elliot Regulated Drain

The Surveyor updated the Board on the progress to date for the reconstruction Branch #11 of the S.W. Elliot Regulated Drain. Mr. Eichelberger and Mr. Koons on the Burke staff have reviewed the plan to reconstruct from Butler Fairman Seifert (BFS). He also discussed with BFS what additional survey information they may have and if they would make it available to him. He received a cost estimate and rough time frame from Christopher Burke Engr. LTD for the project. He spoke with the City of Lafayette -Jenny Miller and Bob Foley - they were both in favor of the project. He had a preliminary meeting with an appraiser who has done work for the County Highway Department and INDOT regarding benefits and damages, as he felt a professional review and submission of a written appraisal of damages was in order.

The Surveyor's staff was presently working on a composite aerial which would include property owners, acreages, easements, the existing tile and new F-Lake Regional Detention Facility locations. He planned to set up a meeting in the near future with the Board Attorney regarding the exact process. He wanted to discuss with the Attorney the possibility and

benefits of declaring it a "Drainage Impact" area. He also wanted to discuss the possibility of the County paying up front for the project from the EDIT Drainage fund. This would involve setting up a drainage cost recovery for the development's storage fees (i.e. developers pay as storage was needed). He noted as there were not that many property owners involved, he hoped to have a contract and direction to proceed by the next meeting of the Board.

US 231 INDOT Update

The Surveyor updated the Board concerning the US 231 Relocation project. He stated he met with Kenny Franklin Project Manager with INDOT along with Randy Truitt, and a representative from the Governor's office to discuss the status of the relocation of US 231. A future meeting was scheduled with County Highway, Area Plan and several local officials in the upcoming week. He provided them with Christopher Burke's review of the detention area which addressed the Sherwood Forest Subdivision drainage issue. He was verbally informed INDOT would review the discharge location at the US52 side ditch (which eventually outlet to Indiana Creek), however he had not received any information from their consultant to date. He noted he didn't feel the reply to Mr. Luhman's letter gave a definite answer regarding INDOT's future submissions of Drainage plans for this project or others or even if they would comply with the local Drainage Ordinance. He stated that issue had not been resolved to date. He hoped to receive more answers at the next meeting with the INDOT representative, local officials, APC and County Highway officials. Responding to Mr. Murtaugh's inquiry, Opal Kuhl Highway Engineer confirmed that INDOT called the upcoming meeting. He then stated he would continue to keep the Board updated on his progress. The Board thanked him for his update.

David Byers then congratulated the County Surveyor on his 29 years of service to the County.

Public Comment

Since there was no public comment, David Byers made a motion to adjourn. The meeting was adjourned.

Thomas Murtaugh, President

David Byers, Vice President

Brenda Garrison, Secretary

John Knochel, Member

Tippecanoe County Drainage Board
Minutes
November 4, 2009
Regular Meeting

Those present were:

Tippecanoe County Drainage Board President Thomas Murtaugh, Vice President David Byers, member John Knochel, County Surveyor Steve Murray, Drainage Board Attorney Dave Luhman, Drainage Board Engineering Consultant Dave Eichelberger from Christopher B. Burke Engineering Limited, and Drainage Board Secretary Brenda Garrison. Project Manager Zachariah Beasley was also in attendance.

Approval of Minutes

David Byers made a motion to approve the October 7, 2009 Regular Drainage Board minutes as written. John Knochel seconded the motion. The October 7, 2009 Drainage Board meeting minutes were approved as written.

Promenade Self Storage

Kyle Betz represented Fisher and Assoc. and appeared before the Board to request final approval for Promenade Self Storage. The site was located on Promenade Pkwy. south of County Road 350 South and located within the City of West Lafayette limits. This project was previously presented before the Board as Stones Crossing Self Storage by a different developer. That project was approved in 2008 and had a larger footprint with additional buildings at that time. The current project had an indirect and direct outlet to the JN Kirkpatrick Regulated Drain. He stated the overall project was a self storage facility with a care-taker residence on the site as well. As part of the overall Stones Crossing development, the development fell within the predetermined release rates and as such, detention storage would not be required. The internal storm sewer network created three outlet points and two of the points outlet directly into the JN Kirkpatrick Regulated Drain. He noted the approval today was for the direct release only. The remainder of the storm site improvements fell under the jurisdiction of the City of West Lafayette as the site was annexed in February of 2009. The project would be completed in phases however the phasing was not yet certain at this time. Responding to Mr. Murtaugh's inquiry, Kyle stated there was a ditch which originated at Co. Rd. 350 South and a part of the Foxfire Apartments project that served two purposes. Those were creating a defined flow path for the outlet from Co. Rd. 350 South and to control the runoff from Foxfire Apt's. This was not the primary outlet as Foxfire had its own pond and its own outlet to JN Kirkpatrick Regulated Drain located further to the west. Regarding the previous Foxfire Apt's approval, the Surveyor noted there was a tile branch of the JN Kirkpatrick Regulated drain which had been vacated in phases as the developments of Stones Crossing and Wal-Mart were developed. It was intercepted and ran through the storm sewer system in the Wal-Mart project. (It was originally meant to drain Co. Rd. 350 South and was extended as part of the Foxfire development.) The Surveyor reiterated this was in the City limits and as such the Board would be approving the release rate into the JN Kirkpatrick Regulated Drain only. There was one other item to be dealt with today. A previously approved plan submitted under Stones Crossing Self Storage included an encroachment into the JN Kirkpatrick Regulated Drain approved by the Board and recorded as required. This new development would not require an encroachment, and the developer asked that the recorded encroachment agreement be rescinded. Since the encroachment was a recorded document, a request to rescind the recorded encroachment would be required to be submitted for approval by the Board. The Surveyor recommended final approval with conditions as stated on the October 30, 2009 Burke Review memo and to include the added condition for a formal rescission request prepared and submitted by the petitioner. There was no public comment. David Byers made a motion to rescind the Encroachment Agreement and authorize the Board's President to sign the Rescission Agreement. John Knochel seconded the motion. David Byers made a motion to grant final approval with conditions as stated on the October 30, 2009 Burke memo along with the added condition for a formal rescission agreement to be submitted by the petitioner. John Knochel seconded the motion. Promenade Self Storage was granted final approval with the conditions as stated on the Oct. 30, 2009 Burke memo and the added condition of a formal rescission request prepared and submitted by the petitioner.

OTHER BUSINESS

Petition to Partially Vacate the Simeon Yeager Regulated Drain

Brandon Fulk representing Purdue Research Foundation Phase 3 Part 2 appeared before the Board to request the partial vacation of the Simeon Yeager Regulated Drain in T23N R4W and Sections 1, 6 and 36. Brandon noted there were no other landowners that would be affected by the partial vacation request. He noted the drain had been terminated at Kalberer Road previously. The vacation would be from Kalberer Road to Yeager Road. He stated Purdue's counsel had worked with the
November 4, 2009 Tippecanoe County Drainage Board

Board's Attorney regarding the appropriate documents and as a side note stated the Dempsey Baker Regulated Drain Petition to Partially Vacate would be presented at the December meeting for Board action. Responding to Mr. Byer's inquiry, Brandon stated no other landowners were affected by the request. There was no public comment. The Surveyor recommended approval of the partial vacation as presented. David Byers made a motion to grant the Partial Vacation of the Simeon Yeager Regulated Drain as presented. John Knochel seconded the motion. The Simeon Yeager Regulated Drain Partial Vacation Petition presented by Purdue Research Foundation Phase 3 Part 2 was approved as submitted.

Reschedule December Meeting

David Byers made a motion to reschedule the December 5, 2009 Drainage Board meeting to December 9, 2009 at 10:00 due to a scheduling conflict. John Knochel seconded the motion. The December Drainage Board meeting was rescheduled to Dec. 9, 2009 at 10:00. It will be held in the Grand Prairie Room.

Steve Murray

The Surveyor stated that Christopher B. Burke was proceeding with the design of the SW Elliott Branch #11 Reconstruction. He had no other updates for the Board at this time.

Public Comment

As there was no other public comment David Byers made a motion to adjourn. The meeting was adjourned.

Thomas Murtaugh, President

David Byers, Vice President

Brenda Garrison, Secretary

John Knochel, Member

Tippecanoe County Drainage Board

Minutes

December 9, 2009

Regular Meeting

Those present were:

Tippecanoe County Drainage Board President Thomas P. Murtaugh, Vice President David Byers, member John Knochel, County Surveyor Steve Murray, Drainage Board Attorney Dave Luhman, and Drainage Board Secretary Brenda Garrison. Project Manager Zachariah Beasley and Drainage Board Engineering Consultant Dave Eichelberger from Christopher B. Burke Engineering Limited were not in attendance.

Approval of Minutes

John Knochel made a motion to approve the November 4, 2009 Regular Drainage Board minutes as written. David Byers seconded the motion. The November 4, 2009 Drainage Board meeting minutes were approved as written. Thomas P. Murtaugh stated there were no projects before the Board this month.

Other Business

Petition to Partially Vacate the Baker Dempsey Regulated Drain

Ross Nixon from Schneider Corp. represented the Purdue Research Foundation and appeared before the Board regarding a Petition to Partially Vacate the Baker Dempsey Regulated Drain. Mr. Nixon stated this was a follow up to the September 10, 2009 Christopher Burke Final Approval with Conditions Review Memo regarding the Purdue Research Park Phase 3 Part 2 project. Note: (The Petition to Partially Vacate the Simeon Yeager Regulated Drain was approved in the November 2009 Drainage Board meeting) The Board's Attorney noted legal notices had been mailed and published as required. Ross noted there were no other landowners affected by the partial vacation of said drain. The Baker-Dempsey Regulated Drain portion to vacate was located on the north side of Kalberer Road and followed an open ditch to the existing detention facility previously constructed as part of the overall project. (See Petition and Exhibit A for exact location of vacation) He requested approval of the Petition at that time. There was no public comment. The Surveyor recommended approval for the Petition as submitted. David Byers made a motion to grant approval for the Petition to Partially Vacate the Baker Dempsey Regulated Drain as submitted. John Knochel seconded the motion. The Petition to Partially Vacate the Baker Dempsey Regulated Drain was approved as presented.

Emmett Rayman Regulated Joint Drain/White County Drainage Board Request for Waiver of Rights

The Tippecanoe County Drainage Board received a letter from the White County Surveyor regarding the Emmett Rayman Regulated Joint Drain. The letter requested Tippecanoe County Drainage Board waive the right to be represented on a Joint Drainage Board between the Counties for the aforementioned drain. The Surveyor noted the open ditch itself was located totally in White County and White County had the majority of acreage within the watershed. Tippecanoe County acreage within the watershed totaled approximately 745 acres and White County acreage within the watershed totaled approximately 6789 acres. Therefore White County was in charge of maintenance of said drain per Indiana Drainage Code. The Surveyor recommended the Drainage Board waive their right to a Joint Drainage Board as requested. John Knochel made a motion to grant White County's request. David Byers seconded the motion. The Secretary was directed to notify White County by mail the Drainage Board's approval as requested.

2010 Drainage Board Meeting Dates

The 2010 Drainage Board meeting dates were discussed. David Byers suggested the December 2010 meeting to be held on the second Weds. of the month due to a possible conflict in scheduling. David Byers made a motion to adopt the 2010 Drainage Board Meeting dates as presented with the exception regarding the December meeting. The December 1, 2010 meeting would be held on December 8th, 2010. All monthly meetings would be held at 10:00 am in the Tippecanoe Room located in the Tippecanoe County Building unless otherwise noted. John Knochel seconded the motion. The 2010 Drainage Board meeting dates were set and would be posted online.

Steve Murray

The Surveyor stated he had nothing to present to the Board at this time.

Public Comment

As there was no public comment, John Knochel made a motion to adjourn. The meeting was adjourned.

Tippecanoe County Drainage Board

October 3, 2012

Regular Meeting Minutes

Those present were:

Tippecanoe County Drainage Board Vice President Thomas Murtaugh, member John Knochel, County Surveyor Zachariah Beasley, Drainage Board Attorney Dave Luhman, Drainage Board Secretary Brenda Garrison and Drainage Board Engineering Consultant Dave Eichelberger from Christopher B. Burke Engineering LLC. President David Byers was absent.

John Saltzman Regulated Drain #70

Vice President Tom Murtaugh informed the Board John Voss, Supervisor and Loretta Olinger, EHS Director, both of Cargill Inc., was in attendance today. They were attending to present to the Drainage Board a \$25,150.00 contribution toward the overall cost of the recently completed John Saltzman Regulated Drain #70 -2 stage ditch project. Mr. Murtaugh stated the Board greatly appreciated their support and referred to the Surveyor for an overview of the project. The Surveyor began noting in 2011 landowner Brian Buck contacted him regarding severe erosion on the John Saltzman open ditch which was rapidly increasing. (The location was in Section 1 Township 23 North and Range 3 West.) The Surveyor noted he conferred with Kent Wamsley from the Nature Conservancy regarding the 2 stage ditch projects and benefits. He informed the Board the Surveyor's office designed the project and received contributions from The Nature Conservancy (\$25,000), Indiana Small Mouth Alliance Organization (\$1000), Soil-Water Conservation District (\$1000), Wabash River Enhancement Organization (\$2500) and landowner Brian Buck (\$8000) in addition to Cargill Inc. to cover the majority of the project's cost. He stated due to the generous contributions received, the remaining amount to be paid by landowners assessed on the ditch was \$4500.00. Mr. Voss stated this was an opportunity for Cargill to work with County Government regarding environment projects and specifically drainage improvement for the farmers and landowners who benefit from the John Saltzman drain. He stated Cargill strives to be environmentally friendly and believed this project was certainly one which would assist the farmers in an environmentally friendly way. Tom Murtaugh expressed the Board's appreciation and thanked them for their monetary contribution.

Contracts

The President referred to the Attorney regarding contract opening of the Train Coe #18 and Combs #118 Regulated Drain Projects. The Attorney stated one packet was submitted for the Train Coe Drain #18 project by Tony Garriott. The total estimate submitted was \$22,885.00 by Tony Garriott. He recommended the estimate to be taken under advisement and reviewed for compliance with bid specifications. Possibly award the project later in the meeting. John Knochel made a motion to take the submission by Tony Garriott under advisement and review for compliance. Tom Murtaugh seconded the motion. The submission by Tony Garriott was taken under advisement. The Attorney then stated one packet was submitted for the Combs Ditch #118 project by Central Indiana Drainage. Central Indiana Drainage submitted a total estimate of \$28000.00. He recommended the estimate be taken under advisement and reviewed for compliance with bid specifications. Possibly award the project later in the meeting. John Knochel made a motion to take the submission by Central Indiana Drainage under advisement and review for compliance. Tom Murtaugh seconded the motion. The submission from Central Indiana Drainage was taken under advisement. Mr. Murtaugh noted the quotes were being reviewed for compliance and possibly awarded at the end of the meeting today.

Approval of Minutes

John Knochel made a motion to approve the September 5, 2012 regular minutes as written. Tom Murtaugh seconded the motion. The September 5, 2012 regular meeting minutes were approved as written.

Purdue Research Park Phase 3 Part 2 Section 1

Keith Stuerenberg appeared before the Board to present Purdue Research Park Phase 3 Part 2 Section 1 to the Board for conditional approval. The project site consisted of approximately 5 acres located specifically on the west side of Yeager Road within the overall research development's site at the northwest corner of Kalberer Road and CR 100 West (Yeager Road) within the city limits of West Lafayette. The future Challenger Road would act as a basin divide between the north and south and drain both areas located in Section 1. Detention basins would be constructed in both the north and south drainage areas for stormwater quality and quantity control. Mr. Stuerenberg noted they received the September 28, 2012 Burke memo and agreed with the comments. The Surveyor reiterated the project site was within the West Lafayette city limits and as such the Board's review today regarded discharge to the Baker Dempsey, Yeager Drains and Hadley Lake outfall only. As the project had been in front of the Board prior to today, revisions to the plans had been made since, therefore

it was resubmitted. The Surveyor then recommended conditional approval as stated on the September 28, 2012 Burke memo. John Knochel made a motion to grant conditional approval as recommended by the Surveyor. Tom Murtaugh seconded the motion. The Purdue Research Park Phase 3 Part 2 Section 1 was granted conditional approval as requested.

Zach Beasley/Other Business

Bonds/Letter of Credit

The Surveyor presented Maintenance Bond #105827282 in the amount of \$17,498.00 dated Sept. 6, 2012 submitted by Fairfield Contractors for Winding Creek Section 6 for approval by the Board. John Knochel made a motion to grant approval for Maintenance Bond #105827282 in the amount of \$17,498.00 dated Sept. 6, 2012 submitted by Fairfield Contractors for Winding Creek Section 6. Tom Murtaugh seconded the motion. Maintenance Bond #105827282 in the amount of \$17,498.00 dated Sept. 6, 2012 submitted by Fairfield Contractors for Winding Creek Section 6 was approved by the Board.

The Surveyor presented Letter of Credit #S502386 in the amount of \$25,000.00 dated Sept. 21, 2012 submitted by American Fibretech for Industrial Pallet for approval by the Board. John Knochel made a motion to grant approval for Letter of Credit #S502386 in the amount of \$25,000.00 dated Sept. 21, 2012 submitted by American Fibretech for Industrial Pallet. Tom Murtaugh seconded the motion. Letter of Credit #S502386 in the amount of \$25,000.00 dated Sept. 21, 2012 submitted by American Fibretech for Industrial Pallet was approved by the Board.

Petitions

The Surveyor noted he had three Petitions to present to the Board. The first petition was a Petition to Encroach from Wabash Valley Association regarding placement of utility poles within the John Boes Regulated Drain Easement. He stated this was a utility pole placement project along County Farm Road just north of Kalberer Road. He recommended approval of the petition as submitted. John Knochel made a motion to approve the Petition to Encroach on the John Boes Drain as presented by the Surveyor. Tom Murtaugh seconded the motion. The Petition to Encroach on the John Boes Drain Easement submitted by Wabash Valley Association was approved by the Board. The second petition was a Petition to Encroach on the S.W. Elliott Regulated Drain #100 submitted by Ivy Tech Community College regarding a Pedestrian Bridge. He recommended approval by the Board. John Knochel made a motion to approve the Petition to Encroach on the S.W. Elliott Regulated Drain #100 for a Pedestrian Bridge as presented by the Surveyor. Tom Murtaugh seconded the motion. The Petition to Encroach on the S.W. Elliott Regulated Drain #100 submitted by Ivy Tech regarding a Pedestrian Bridge was approved as presented. The third petition was a Petition to Encroach on the S.W. Elliott #100 Regulated Drain submitted by Ivy Tech regarding a parking lot. John Knochel made a motion to approve the Petition to Encroach on the S.W. Elliott Regulated Drain #100 regarding a parking lot as presented by the Surveyor. Tom Murtaugh seconded the motion. The Petition to Encroach on the S.W. Elliott Regulated Drain #100 submitted by Ivy Tech regarding a parking lot was approved by the Board.

Contracts:

The Attorney stated both contract packets were reviewed and appeared to comply with the specifications of each drain project at hand. The first was a Bid of \$22,885.00 received from Tony Garriott for the Train Coe Regulated Drain #18 project. John Knochel made a motion to accept the bid from Tony Garriott for the Train Coe #18 Regulated Drain project. Tom Murtaugh seconded the motion. Tony Garriott was awarded the bid for the Train Coe Regulated Drain #18 2012 project. The second was a bid of \$28,800.00 received from Central Indiana Drainage for the Combs Ditch #118 project. John Knochel made a motion to accept the bid from Central Indiana Drainage in the amount of \$28,000.00 regarding the Combs Ditch #118 Regulated Drain project. Tom Murtaugh seconded the motion. Central Indiana Drainage was awarded the bid for the 2012 Combs Ditch #118 project.

Public Comment

Monica Torrez (Lot 82 the Orchards Subdivision) 1285 Priscilla Drive West Lafayette Indiana 47906 approached the Board. She provided the Board with pictures of the aforementioned lot and surrounding area for their review. Discussion was held regarding the history (see historical minutes) of the drainage issue. She stated this issue had gone on for 7 years and noted additional landscaping had been added by her neighbors (Saks) through the years which have made the situation worse. The Homeowner Covenants were reviewed by the Board. She requested approval by the Board to go forward with the drainage improvement plan prepared by Starr Associates. She noted she had been in touch with the Surveyor office throughout this time and the drainage plan was reviewed by the Surveyor office. She noted the Surveyor Mr. Beasley had been very helpful the last three years. John Knochel stated the issue would be investigated further. If Drainage Code allowed the Board -acting within the drainage easement- to access Deborah and Robert Saks lot -the Board would approve implementation of the drainage plan. He stated they would also assist with a portion of the cost. The Surveyor noted there were three options. The easiest option would be if the neighbors gave permission to enter their lots for work to be completed quickly and efficiently. The second option was Monica and her husband could file a Petition to Obstruct with his office and the Drainage Board. The third would be for her and her husband to file a civil suit against her neighbors and the Homeowners Association of their

Subdivision. There was a fourth option as well which was to file a Petition to Establish a Regulated Drain regarding the Subdivision drainage infrastructure. The Surveyor noted he had sent the Saks an email last evening proposing a solution to the issue. Mrs. Saks replied with an email in which she stated they would review the plan and get back in touch with him. He suggested waiting until Mrs. Saks replied back, and then go forward from there. The Attorney explained steps of submitting an obstruction petition to the Board and the cost thereof. Monica stated they have tried very hard to work with the neighbor for a joint resolution however it has been to no avail. She would appreciate greatly any assistance from the Board they could give her. The Surveyor stated he would be in touch with her as soon as he receives a reply from Mrs. Saks. Monica Torrez thanked the Board for their time on the matter.

As there was no other comment, John Knochel made a motion to adjourn. The meeting was adjourned.

David S. Byers, President

Thomas P. Murtaugh, Vice President

John Knochel, Member

Brenda Garrison, Secretary

Tippecanoe County Drainage Board
April 2, 2014
Regular Meeting Minutes

Those present were:

Tippecanoe County Drainage Board President David S. Byers, Vice President John Knochel, County Surveyor Zachariah Beasley, Drainage Board Attorney Doug Masson, Drainage Board Secretary Brenda Garrison and Drainage Board Engineering Consultant Dave Eichelberger from Christopher B. Burke Engineering LLC. Project Manager James Butcher and G.I.S. Technician Evan Warner were also in attendance. Member Thomas P. Murtaugh and Attorney David Luhman were absent.

Approval of Minutes

John Knochel made a motion to approve the March 5, 2014 regular minutes as written. David Byer seconded the motion. The March 5, 2014 regular meeting minutes were approved as written.

Faith Ministries Senior Housing

Jim Pence from Schneider Corp. appeared before the Board to present Faith Ministries Senior Housing. The approximate 2.0 acre project site was located on the northeast corner of State Road 26 and County Road 550 East and the north side of the existing drainage basin. This project would be the first phase of an overall design associated with the 2013 Master Drainage Plan. Mr. Pence noted the Master Drainage Plan had received conditional approval in 2013 by the Board and was followed during development of this project. Pond #5 would be constructed in compliance with the Revised Stormwater Ordinance as the existing pond would not handle the additional runoff. Pond #5 would be located east of the existing pond and would handle the water quality and quantity for the entire 43 acre campus to the west. Mr. Pence stated a total of nine buildings would be constructed - eight of which would be for Senior Housing and one for a Community Building. He stated they agreed with the comments made on the March 21, 2014 Burke memo and requested approval at that time. The Surveyor stated he recommended final approval with the conditions as stated on the March 21, 2014 Burke memo. Responding to President Byer's safety inquiry, Mr. Pence stated there was life safety stations placed around the existing pond; however it is not required by Ordinance for dry bottom ponds. He stated the Master Plan model was being revised and would be submitted to the Surveyor's office and to Christopher B. Burke Engineering for the record once completed.

President Byers asked for public comment. There was none. John Knochel made a motion to grant approval with the conditions as stated on the March 21, 2014 Burke memo. David Byers seconded the motion. Faith Ministries Senior Housing was granted approval with the conditions as stated on the March 21, 2014 Burke memo.

Zach Beasley/Other Business:

Petitions

The Surveyor presented a Petition to Encroach on Hadley lake #104 Regulated drain submitted by American Suburban Utilities for the Los Tres Grandes project. (American Suburban Utilities Sanitary Pipe Installation) He stated he recommended approval by the Board. John Knochel made a motion to approve the Petition to Encroach on the Hadley Lake Drain #104 submitted by American Suburban Utilities. David Byers seconded the motion. The Petition to Encroach on the Hadley Lake #104 Regulated Drain was granted approval by the Board. The Surveyor presented a Petition to Encroach on the Grant Cole #19 Regulated Drain and the Simeon Yeager #89 Regulated Drain submitted by American Suburban Utilities regarding the Los Tres Grandes project. (American Suburban Utilities Sanitary Pipe Installation) as well. John Knochel made a motion to grant approval for the Petition to Encroach on the Grant Cole #19 Regulated Drain and the Simeon Yeager #89 Regulated Drain submitted by American Suburban Utilities regarding the Los Tres Grandes project. David Byers seconded the motion. The Petitions to Encroach on the Hadley Lake #104 Regulated Drain, Grant Cole #19 Regulated Drain and the Simeon Yeager #89 Regulated Drain submitted by American Suburban Utilities regarding the Los Tres Grandes project (American Suburban Utilities Sanitary Pipe Installation) were granted approval by the Board. The Surveyor noted the route of this project as follows: with the removal of three lift stations, the route would be from Tippecanoe County Villas on Salisbury Road- West along Co. Rd. 500, cross Yeager Road and run along Hadley Lake #104 Open Ditch over to Morehouse Rd. underneath the pipes which drain Hadley Lake #104 Regulated Drain.

Letters of Credit

The Surveyor presented Letter of Credit #50600-22 for Winding Creek Section 5 Subdivision and written by Lafayette Community Bank in the amount of \$5000.00 submitted by Timberstone Development for approval. John Knochel made a motion to grant approval Letter of Credit #50600-22 for Winding Creek Section 5 Subdivision and written by Lafayette Community Bank in the amount of \$5000.00 submitted by Timberstone Development. David Byers seconded the motion. The Surveyor presented Letter of Credit #50600-20 for Blackthorne Phase 2 Subdivision and written by Lafayette Community Bank in the amount of \$50,000.00 submitted by Timberstone Development for approval. John Knochel made a motion to grant approval of the Letter of Credit #50600-20 for Blackthorne Phase 2 Subdivision and written by Lafayette Community Bank in the amount of \$50,000.00 submitted by Timberstone Development. David Byers seconded the motion. Letter of Credit #50600-22 for Winding Creek Section 5 Subdivision written by Lafayette Community Bank in the amount of \$5000.00 and Letter of Credit #50600-22 for Winding Creek Section 5 Subdivision written by Lafayette Community Bank in the amount of \$5000.00 and submitted by Timberstone Development were approved by the Board as requested.

Waivers

The Surveyor stated his office received a letter from the Montgomery County Drainage Board regarding a waiver of their rights to a Joint Drainage Board for the upcoming Frank Kirkpatrick #45 and Elijah Fugate #30 Regulated Drains Reconstruction Hearing. He stated they chose to waive their rights to a Joint Board and allow Tippecanoe County Drainage Board to administer the Public Hearings proceedings for the reconstruction of aforementioned drains.

Public Comment

President Byers asked for Public Comment. There was none. John Knochel made a motion to adjourn. The meeting was adjourned.
