CERTIFICATION

RE: **Z-2277-LAFAYETTE SAVINGS BANK / HARRY A. DUNWOODY (AW TO A):**
Petitioner is requesting rezoning of 2.496 acres located south of SR 38 E, just west of the South Fork of Wildcat Creek, more specifically known as 7911-7913 SR 38 E, Sheffield 9 (NE) 22-3.

Dear County Commissioners:

As Secretary to the Area Plan Commission of Tippecanoe County, I do hereby certify that at a public hearing held on January 18, 2006, the Area Plan Commission of Tippecanoe County voted 8 yes - 3 no on the motion to rezone the subject real estate from AW to A. Therefore, the Area Plan Commission of Tippecanoe County recommends to the Tippecanoe County Commissioners that the proposed rezoning ordinance be APPROVED for the property described in the attachment.

Public Notice has been given that this petition will be heard before the Tippecanoe County Commissioners at their February 6, 2006 regular meeting. Petitioners or their representatives must appear to present their case.

Mr. Dunwoody requested a zoning change from AW to A for a property the Bank acquired through foreclosure. Although there have been flood zone issues, he said the 2.496 acres was certified out of the flood zone in December 2005. He said the property either meets or exceeds all setback requirements. Since the site is occupied by a duplex built in 1999, a zoning change to A will make it a conforming use with other single family housing in the area and therefore more marketable.

Commissioner Shedd asked for verification of when the duplex was built and if the property was in the flood zone at that time. Mr. Dunwoody said the permit was issued in 1999 and construction began that year and continued into 2000. Star & Associates rendered a flood boundary survey at that time that showed the property was out of the flood zone.

2006 POLL LOCATIONS: Board of Election & Registration Co-Directors Heather Maddox and Laurie Wilson

Ms Maddox and Mrs. Wilson distributed their recommendation for 2006 Poll locations. Due to population growth, eight (8) precincts were added but the number of polling places was reduced to 68 because some locations were combined. Mrs. Wilson said changes in State law allowed them to combine some polling places due to the lack of ADA accessible locations. She noted that each reduction of a polling place saves the County approximately \$900 per year. In an effort to increase student voting at Purdue University, they are working with Purdue to consolidate four students precincts, Wabash 15, 16, 17, & 18, into one accessible and convenient location before the upcoming Primary Election. This consolidation will save hiring three (3) Clerks for each election.

- Commissioner Shedd moved to approve the 2006 Poll locations, seconded by Commissioner Benson; motion carried.

TRADE IN VOTING SYSTEM CONTRACT: Diebold Election Systems: Board of Election & Registration Co-Directors Heather Maddox and Laurie Wilson

Mrs. Wilson presented the Agreement with Diebold Election Systems to trade in our current voting machines and purchase additional new machines with Federal HAVA Funds. Because Diebold is behind in production, she said this probably won't occur until mid-summer.

Mrs. Wilson said they are negotiating to cut the shipping and handling cost approximately \$20,000 by coordinating the pickup of the new machines with the return of the current machines. They will further reduce the cost by lowering the number of ADA "VIBS" Kit machines from 80 to 75 which will give them one per precinct plus a few extra.

Attorney Luhman suggested adding to the last sentence of page 3, section 7 that "DESI will promptly deliver a remedial plan for such non-conformity 'with reasonable dispatch'". He said this language was included in the old contract.

- Commissioner Shedd moved to approve the contract for voting machines with Diebold Election Systems for the not-to-exceed the amounts of \$484,590 for the voting system and \$30,500 for warranties and licenses set forth in Exhibit A, Pricing and Payment Schedule, seconded by Commissioner Benson; motion carried.

As a follow up to Lafayette City Councilman Jack Rhoda's request for the Commissioners' approval for County-wide implementation of a notice on the main entrance to restaurants and bars to identify them as smoking and non-smoking facilities, Commissioner Shedd announced the Health Department's attorney has drafted an ordinance. She said the Commissioners have reviewed the ordinance but will ask the Health Department to hold public hearings to get public input before the Commissioners take any action.

NEW BUSINESS**Major Moves Legislation**

President Knochel said State legislation, "Major Moves", passed in the House and is being sent to the Senate. He asked the Commissioners to approve the drafting of a letter of support to the Governor's Office from Tippecanoe County as well as the drafting of a resolution of support by the County Attorney for the Commissioners' signatures. Commissioners Shedd and Benson supported his suggestion. President Knochel asked Commissioner Benson to draft a letter for their signatures. Commissioner Shedd she would like to see the wording of a resolution before approving it.

- Commissioner Shedd moved to authorize Commissioner Benson to write a letter of support for "Major Moves" legislation for the Commissioners' signatures and to ask Attorney Luhman to draft a resolution of support by the February 21st meeting, seconded by Commissioner Benson; motion carried.
