CERTIFICATION**RE: USO AMENDMENT #8--MULTI-FAMILY SUBDIVISIONS:**

An amendment to the Unified Subdivision Ordinance that expands the required zoning districts for multi-family subdivisions comprised of duplex apartments to include the R2 zone

Dear Commissioners:

As Secretary to the Area Plan Commission of Tippecanoe County, I do hereby certify that at a public hearing held on January 15, 2014 the Area Plan Commission of Tippecanoe County voted 13 yes - 0 no on the motion to approve the enclosed amendment to the Unified Subdivision Ordinance. Therefore, the Area Plan Commission of Tippecanoe County recommends to the Tippecanoe County Commissioners that the proposed subdivision ordinance amendment be approved.

Sincerely,

Sallie Dell Fahey  
Executive Director

APC Director Fahey said the Amendments are companions; one for the zoning ordinance and the other for the subdivision ordinance. Together the two amendments would allow apartment complexes, if comprised solely of duplex style buildings, in R2 zoning districts versus the standard multi-family R3 zoning.

President Knochel invited public comment in favor of or opposed to either Ordinance.

Kevin Riley, with Reiling, Teder, and Schrier stated their firm represented one of the developers who had an interest in the Ordinances. His firm has been involved since the early stages and request Commissioner's approval.

**Subdivision Variance S-4438 Blackthorne Subdivision, Phase 3 (Major Preliminary Plat)**

A variance to waive the required cul-de-sac turnaround at the south end of Selwyn Drive (USO Section 5.3-1-h)

Director Fahey said the request is for Blackthorne Subdivision, Phase 3 to waive the variance to end the street in a cul-de-sac at the south end of Selwyn Drive. At one time, the street would have ended in a cul-de-sac or been a thru street but those options are no longer feasible. Director Fahey said if the Commissioners vote against the variance, the Plan Commission must turn it down. If the Commissioners vote in favor of the variance, the Plan Commission has the choice to approve or deny.

Highway Director Kuhl spoke for the Highway Department, saying they are not opposed to the variance. The plans in APC do show no vehicle access on the road. Instead of a cul-de-sac, the Highway Department would request a guard rail and reflectors be placed at the end of the street.

- Commissioner Murtaugh moved to approve the subdivision variance S-4438 as presented with the added condition that the developer install a guard rail and reflectors, second by Commissioner Byers; motion carried.
