## **COVID-19 Update – Quarantine of Close Contacts December 5, 2020**

After thorough consideration of the latest recommendations regarding quarantine from the U.S. Centers for Disease Control and Prevention (CDC) and the Indiana Department of Health, the Tippecanoe County Health Department will continue to recommend a 14-day quarantine for close contacts of individuals diagnosed with COVID-19 per CDC/IDOH guidance.

The Tippecanoe County Health Department will continue to re-evaluate this recommendation based upon updated guidance from the Indiana Department of Health and local COVID-19 data.
