MONTHLY SUMMARY

The TCCO intends for the information in the report to be useful to community leaders and the public at large. The data presented within this report represents deaths occurring within Tippecanoe County, for which the TCCO has jurisdiction. The data does not represent ALL deaths of Tippecanoe County residents. The decedent's place of residence or location of injury may be outside of the county.

Our Values:

INTEGRITY. The TCCO shows integrity through an office culture founded on pride and peer accountability, where members will maintain the highest ethical standards.

COMPASSIONATE SERVICE. TCCO employees are committed to building an effective team to serve the local community as an advocate for the deceased and their families in times of need and sorrow. Our employees are committed to providing law enforcement professionals with the tools needed to prosecute offenders and protect the community.

EXCELLENCE. The TCCO is a proud, professional organization emphasizing continuous personal and professional education, training, improvement, and growth.

The office of the Tippecanoe County Coroner has a dual role: Public Safety and Public Health

As a Public Safety Agency, the TCCO conducts death investigations in an independent manner and without bias. TCCO investigators, forensic and medicolegal, work with the law enforcement agency to gather information useful to the circumstances of the death. The TCCO investigators also ensure legal positive identification and notification of legal next-of-kin occur as quickly as possible.

As a Public Health Agency, the TCCO provides information on the state of health of Tippecanoe County residents and alert appropriate agencies of deaths that may present an immediate threat to its population. The TCCO conducts epidemiological research and partners with multiple agencies to detect, investigate, and notify novel illnesses and predict trends to better support at-risk populations.
