

FIREWOOD REGULATIONS

From the Indiana Dept. of Natural Resources web site:

“There are 140 known pests and pathogens that can be moved from place to place in firewood. We all have a responsibility to conserve our park properties, so the IDNR implemented a new firewood management rule that will be in place on all of our properties this year”.

The Tippecanoe County Park & Recreation Dept. will follow the IDNR guidelines for campfires at Ross Camp Campground & all other TCPD owned and managed facilities.

You can bring firewood into a Tippecanoe County park if:

- It is kiln-dried scrap lumber
- It is from your home or other location in Indiana and has had the bark removed. (Ideally, ½ inch of sapwood beneath the bark will also be removed.)
- It is purchased from a department store, grocery store, gas station, etc. and bears a USDA compliance stamp.
- It is purchased from a local firewood vendor outside the property and has a state compliance stamp with it.
